

## BS DEGREE IN BUSINESS

This form lists the requirements for completing a BS degree in Business. Students will need to take general university requirements called the LACC—please see the yellow highlighted section. Students should also select a minor—please see the green highlighted section. The blue highlighted section lists the courses that are required for a business major. If you are transferring from a community college, another university, or have AP credits you may have already completed some of these requirements.

Arrow back and click on "Proposed Schedule..." for a degree timeline and course suggestions that are needed for graduation. Fall, Winter, and Spring terms are listed for each of the four years. As you complete these classes cross out the corresponding course to determine what you have left to graduate. If you complete 15 credit hours of required courses per term you could finish the 180 credit hours required to graduate in 4 years. If you complete more hours per term or attend Summer session you would graduate sooner. If you complete less than 15 credits per term the length of time it would take to graduate would be longer than 4 years.

It is important that you come to our office after completing the first two years of courses listed on the "Proposed Schedule" form—at that time we will help you with the process of completing a degree evaluation and applying for graduation.

*BUSINESS MAJOR COURSES*				*MINOR COURSES*				*LIBERAL ARTS CORE CURRICULUM*				
COURSE	<i>(Pre-requisite)</i>	Cr	Has	Needs	COURSE	Cr	Has	Needs	REQUIREMENTS	Cr	Has	Needs
