### May 8, 2018 Senate Meeting

Motion to table discussion until July 2018

- Significant discussion (see minutes)

### May 22, 2018 Senate Meeting

Faculty Senate President's Report includes core section on BA/BS and ARC  
Quoting President Schepige directly:

“ A. The Academic Requirements Committee was asked to review the current BA/BS proposal and forward comments, suggestions and questions to the executive Committee. Their response is:

- “We discussed the BA/BS proposal and decided that we want to discuss it with our divisions in June. Since this is our last meeting for the year, the Faculty Senators for the division would be best for that feedback.”

- The ARC did agree that a final decision on this should be in the fall when the full faculty is back on campus.

B. Delays in approving major curriculum proposals by Faculty Senate goes beyond the catalog deadlines we usually have in mind. Other units on campus (such as Admissions, Registrar’s Office and Student Success & Advising) have deadlines to be able to make necessary changes to include the new curricula or academic requirements.”
