

GEC Institutional Report for Faculty Senate

10 July 2018

- The deadlines and processes have been set by the General Education Committee, with input from other stakeholders. This information can be found here <http://www.wou.edu/gened/files/2018/06/Gen-Ed-Timeline-1.pdf>.
- Shaun Huston, Erin Baumgartner and Breeann Flesch are developing an FYS workshop and accompanying Moodle page this summer to support faculty in the development of FYS course proposals. The workshop will be offered multiple times throughout the fall, with the first offering during faculty kick-off week.
- The General Education office has been established in ITC 205C. We are available to answer questions through that office and via email throughout the summer ([gened@wou.edu](mailto:gened@wou.edu)).
