YOU HAVE APPLIED FOR HOUSING - NOW WHAT?

SPRING 2015
Spring Email

May marks the continuation of the “conversation” that we started in the fall with our in-coming students who have completed the housing application process. **This is the first of three correspondences that you will receive from University Housing, and requires the completion of the online Fall Housing Confirmation to hold your housing reservation.** Look for this important Spring Email with information to access online, to be delivered to you by late May. Students applying after May can access this same information online at [http://www.wou.edu/student/residences/spring_mailing.php](http://www.wou.edu/student/residences/spring_mailing.php)

SUMMER 2015
July Mailing

Routed in late July, this is THE information that students eagerly await. This mailing explains where students can access their information (online) regarding hall placement, who their assigned roommate(s) are & how to contact them. It also serves as a good reminder to check your student WOU email address. *(University Housing will communicate throughout the summer and into the academic year with you via your student WOU email address and the WOU Portal.)* In addition, a checklist of items to bring to campus will be posted to help as preparations begin in earnest to arrive on campus in the fall.

**FINALLY - THE CURRENT HOUSING CONTRACT to be read, signed and dated by the student and then returned by the CONTRACT DEADLINE Friday, August 7th are all included with this mailing.**

**IMPORTANT NOTES**

- **Roommate/Hall change requests MUST be received in writing (email to: housing@wou.edu) BY June 26th for consideration.**
- **Housing Contracts released in July must be signed, dated and submitted by August 7, 2015**
