

Change of Address

United States immigration regulations require that all international students and scholars report any changes of their living address in the United States to the institution that issued their I-20 or DS-2019 immigration document. Address changes need to be reported within 10 days of moving to another address. Failure to report an address change is a violation of immigration status. YOU MUST DO ALL THREE STEPS BELOW.

1. Complete and return this Change of Address form to the Office of International Education and Development (OIED) in Maaske Hall.
2. Update your address information in Wolf Web (can be accessed from your WOU Portal account).
3. If you work on campus you must also complete a change of address form at the Payroll Office. (Administration building, 3rd floor)
