

ENVIRONMENTAL GEOLOGY SPEAKER SERIES

Spring Term 2000 - Earth and Physical Sciences Department Western Oregon University

- Thursday 04/06/00 Ann Beier, State Floodplain Program Manager, Oregon Dept. of Land Conservation and Development: "**Flood Hazards in Oregon**", 4:30 P.M. Rm 103 Natural Sciences Building.
- Thursday 04/20/00 Peter Wampler, Geologist, DOGAMI Mine Lands Reclamation Office: "**Floodplain Mining Issues in Oregon**", 4:30 P.M. Rm 103 Natural Sciences Building.
- Tuesday 04/25/00 Jack Arnt, Senior Hydrogeologist, Water Quality Program - Oregon Dept. of Environmental Quality: "**Groundwater-Surface Water Interaction in Gravel-Dominated Fluvial Systems**", 4:30 P.M. Rm 103 Natural Sciences Building.
- Thursday 05/04/00 Keith Mills, Geotechnical Engineer, Oregon Dept. of Forestry: "**Debris Flow Hazards in Western Oregon**", 4:30 P.M. Rm 103 Natural Sciences Building.
- Thursday 05/11/00 Fred Lissner, Manager, Groundwater and Hydrology, Oregon Water Resources Division: "**Groundwater Resource Issues in Oregon**", 4:30 P.M. Rm 103 Natural Sciences Building.
- Wednesday 05/17/00 Yumei Wang, Geotechnical Engineer, Oregon Dept. of Geology and Mineral Resources, "**Earthquake Hazards in Western Oregon - Is WOU Prepared?**", 12:00 P.M. Rm 103 Natural Sciences Building.
- Thursday 05/18/00 Mark Darienzo, Earthquake and Tsunami Program Coordinator, Oregon Emergency Management: "**Paleoseismology and Seismic Risk in Western Oregon**", 4:30 P.M. Rm 103 Natural Sciences Building.
- Wednesday 05/24/00 Roger Hart, Assistant Professor - Senior Research, College of Oceanic and Atmospheric Sciences, Oregon State University - Hatfield Marine Science Center: "**El Nino Climate Change - Erosion and Landslides on the Oregon Coast**", 12:00 P.M. Rm 103 Natural Sciences Building.
- Wednesday 05/31/00 Langdon Marsh, Director - Oregon Dept. of Environmental Quality: "**A Thoughtful Look at Environmental Issues in Oregon**", 12:00 P.M. Rm 103 Natural Sciences Building.
