

A topographic map showing the Marsabit National Reserve and Marsabit National Park. The reserve is shaded in light blue and the park is shaded in light green. A prominent red line represents a major road or river, with several smaller red lines branching off. Two red crosses are located on the red line, and several red dots are scattered throughout the reserve and park areas. The background is a light green topographic map with contour lines and some dark green shaded areas representing water bodies or forest. The text 'Marsabit National Reserve' is centered in the upper part of the blue-shaded area, and 'Marsabit National Park' is centered in the lower part of the green-shaded area.
