Colleagues - see attached for a pre-Coast Field Trip reading assignment, to be completed prior to Tuesday 12 noon: Komar, 1992 journal article. Read pages 3-11 (inclusive), p. 12 (first two paragraphs, and the "Summary" section on p. 18-19.

Assignment: Read the above journal pages, and write a 2 page summary of what you learn, double spaced, Times New Roman, 12-point Font. So that we can maximize the field trip learning opportunity, have the assignment completed before you arrive for field trip departure, next Tuesday.

Email your 2-page summary as a MS-Word *.doc attachment, to: taylors@wou.edu.

We will discuss this assignment Monday afternoon, as we prepare for the field trip adventure. See you then, as previously stated, have a good weekend.
