February 2005 campus servers were moved to a new room. There are 22 smart classrooms. Campus servers are backed up nightly on tape. Paul Lambert, Network Administrator, is responsible for administrating blogs, list servers, calendar, Email and the Web. Recently a change was made where the Windows log-in password is the same as the password for the WOU e-mail and calendar program. The WOU Website did not migrate to the new server Fall Term 2005 so it is still on the old server.

Wireless availability is in the following buildings: APSC, Smith, Library, HSS, Natural Science, Education, New PE, Stadium, WUC, and 50% at OMA. Other buildings will be added as time permits. Todd Hall is scheduled to be the next wireless building. The following buildings have external antennas: HSS, APSC, ITC, Library. Rice Auditorium and WUC are scheduled next for external antennas.
