

Western Oregon University  
Division of Extended Programs  
**LIB/ED Media Endorsement**

**CSE 611: Information Literacy 3 cr.**

The course will include technology and effective information literacy, including developing and presenting materials, assisting in planning and record-keeping, and functioning in an information-rich environment. This course explores strategies and support systems for literacy in information and digital citizenship.

**CSE 612: Media Literacy for Educators 3 cr.**

The course examines the influence of media in our culture and explores methods for teaching media literacy. 21<sup>st</sup> century media literacy skills include thinking critically about how we consume media messages (access, analysis, evaluation), and becoming skilled in the creation of messages using a variety of media, including, but not limited to, film, websites, photography, and advertising.

**LIB 670 Library Administration and Leadership 3 cr.,**

This course introduces the students to the roles and responsibilities of a library media teacher focusing on all principles of program administration. Students will examine the development of goals, national and state standards, current issues, ethics and laws, and the effective management of resources.

**LIB 671 Collection Development and Organization 3 cr.**

This course focuses on the evaluation, planning, selecting, purchasing and organizing of the library media collection; including print, non-print, electronic resources and equipment. Students will examine current collection issues, including; intellectual freedom, copyright, and the promotion of materials.

**LIB 672 Learning and Teaching in the 21<sup>st</sup> Century 3 cr.**

This course introduces the students to the roles and responsibilities of a library media teacher focusing on all principles of learning and teaching, as outlined in Information Power: Building Partnerships for Learning (1998). Students will examine the principles of teaching information literacy, collaboration with teachers and other members of the learning community, and knowledge of curriculum at the building, district and state level.

**LIB 673 Information Access and Delivery 3 cr.**

This course addresses the principles of information access and delivery. These principles include designing policies and spaces to allow for intellectual, physical and equitable access to information, ideas and resources.

**Note: Lib 609 must be taken twice: once at the elementary level, and once at the secondary level.**

**LIB 609 Library Practicum: Elementary & Secondary 3 cr each.**

Provides practical experience in the roles and responsibilities of the library media specialist at the elementary and secondary level. Students receive instruction through observation and guidance from an on-site mentor library media specialist and a WOU faculty supervisor.
