

## Finding an Article Listed on a Reference Page

### Step 1: Find an article citation listed on a Reference page

Bakagiannis, S., & Tarrant, M. (2006) Can music bring people together? Effects of shared musical preference on Intergroup bias in adolescence. *Scandinavian Journal of Psychology*. 47, 129-136.

### Step 2: Go to the Hamersly library website [www.wou.edu](http://www.wou.edu)

### Step 3: Click on Journal Titles under FIND INFORMATION

### Step 4: Enter in the title of the journal you are looking for.

Example: *Scandinavian Journal of Psychology*. Note – even though you are looking for an article, you enter the journal name here—not the article title.

### Journal Title List

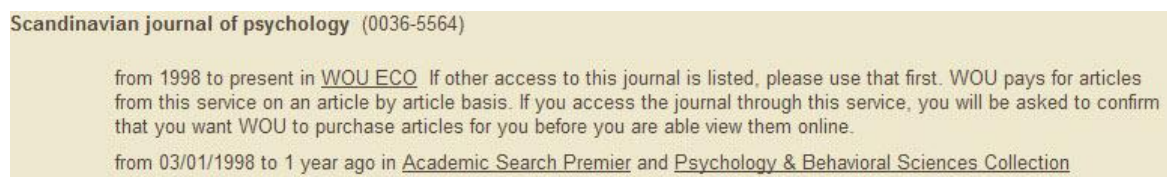

Search for journals by title or ISSN. To search for journal articles, use the [J](#) which you have a citation, use the [Article Locator](#).

Search by title or ISSN [Searching hints](#)

Title begins with

### Step 5: Look for Date/Coverage and Format the library has access too.

In this case, the library has digital access from 1998 to 1 year ago in Academic Search Premier and Psychology & Behavioral Science and from 1998 to present in WOU ECO.

## Step 6: Find the Journal in digital format, print, or microfilm/micro fische.

## Step 7: Special Instructions: Finding the Article in Digital Format

If the article is available in digital format, click on the database the journal is located in:  
Example Psychology & Behavioral Sciences Collection

Scandinavian journal of psychology (0036-5564)

from 1998 to present in [WOU ECO](#). If other access to this journal is listed, please use that first. WOU pays for articles from this service on an article by article basis. If you access the journal through this service, you will be asked to confirm that you want WOU to purchase articles for you before you are able view them online.

from 03/01/1998 to 1 year ago in [Academic Search Premier](#) and [Psychology & Behavioral Sciences Collection](#) ←

Use the article citation's year, volume/issue number, and page numbers to locate the article

Bakagiannis, S., & Tarrant, M. (2006) Can music bring people together? Effects of shared musical preference on Intergroup bias in adolescence. *Scandinavian Journal of Psychology*. 47, 129-136.

Click on the year the journal was published
