Catalog information

This catalog is for purposes of information only. Care is taken to ensure the accuracy of the information at the time copy is prepared for publication, but circumstances constantly change within an institution. New decisions may affect the accuracy of the details appearing here. The information in this catalog is subject to change without notice and does not constitute a contract between Western Oregon University and a student or applicant for admission.

Students should refer to the official Schedule of Classes, which is available before and during registration. This publication contains academic regulations and procedures, class schedules, and other information, some of which may not have been available when the catalog was published. Students also are urged to consult with faculty advisers for information and guidance. This publication can be made available in alternative formats to assist persons with disabilities. Please give reasonable notice to:

Office of the Provost
Western Oregon University
Monmouth, OR 97361

Accreditation

Western Oregon University is accredited by the Northwest Commission on Colleges and Universities (NWCCU), an institutional accrediting body recognized by the Council for Higher Education Accreditation and the Secretary of the U.S. Department of Education.

NWCCU
8060 165th Avenue NE, Suite 100
Redmond, Washington 98052-3981

Programs for the training of elementary and secondary teachers at the undergraduate and graduate levels and special education teachers at the graduate level are accredited by the National Council for Accreditation of Teacher Education (NCATE), a specialized accrediting body recognized by the Council for Higher Education and the Secretary of the U.S. Department of Education.

Undergraduate programs in teacher education and graduate programs in teacher education, special education and early intervention are also accredited by the State of Oregon's Teacher Standards and Practices Commission (TSPC).

The graduate program in Rehabilitation Counseling Education is accredited by the Council on Rehabilitation Education (CORE), an organization recognized by the Council on Higher Education Accreditation and a member of the Association of Specialized and Professional Accreditors.

The Department of Music is accredited by the National Association of Schools of Music (NASM), a specialized accrediting body recognized by the Council for Higher Education Accreditation and the Secretary of the U.S. Department of Education.

Affirmative Action

Western Oregon University is an equal opportunity, affirmative action institution. The university prohibits discrimination based on race, color, religion, national origin, age, sex, marital status, sexual orientation, veteran status, or disability in its programs and activities. This policy implements local, state and federal laws (including Title IX) and applies to employment, admission, education and facilities.

Anyone who has questions regarding the nondiscrimination policies or believes that s/he has experienced harassment or discrimination should contact the Affirmative Action Office located in the Office of Human Resources, Administration Building, Room 205; telephone 503-838-8131; e-mail PAWS@wou.edu. The university’s policies are available on the Human Resources Web site: www.wou.edu/admin/hr.

Campus Security Act notice

In accordance with the Crime Awareness and Campus Security Act of 1990, Western Oregon University issues an annual security report that is published and available online at www.wou.edu/securityreport. Hard copies of the report are available from the Office of Campus Safety and Security, 345 N. Monmouth Ave., Monmouth, OR 97361, telephone 503-838-9481. The annual report contains information about campus security and topics such as crime prevention, university law enforcement authority and crime reporting procedures.

Consensual relationships statement

Romantic or sexual relationships between a university employee and student raise serious ethical concerns and can create an unacceptable educational or working environment. The respect and trust accorded a university employee by a student, as well as the power exercised by a university employee in his/her academic or evaluative role, greatly diminish the student’s actual freedom of choice should sexual favors be requested. Therefore, university employees are warned against participating in even an apparently consenting relationship.

Additional information is available at www.wou.edu/consensualrelationships. Hard copies of the policy and questions may be directed to Judy Vanderburg at 503-838-8131 or vanderj@wou.edu.

Drug free school policy

Western Oregon University has committed itself to the education and development of healthy, productive and responsible individuals. Consistent with this commitment, WOU has established, and will enforce, institutional rules that uphold federal, state and local laws applicable to alcohol and other drug usage. The university prohibits illegal use of drugs or alcohol by students, faculty or staff.

Additional information is available at www.wou.edu/drugfreeschool. To request a complete hard copy of the drug and alcohol policy, contact Debbie Diehm at 503-838-8221 or diehmd@wou.edu.

Statement on discrimination, including sexual harassment

Western Oregon University is committed to cultivating an educational and work environment in which all individuals are treated with respect and dignity. Each individual has the right to learn and work in an atmosphere that promotes equal educational and employment opportunities and prohibits discriminatory practices, including harassment. Western Oregon University expects relationships across campus will be free from bias, prejudice and harassment.

This policy statement is intended to reaffirm Western Oregon University’s prohibition against discrimination and harassment, clarify types of prohibited conduct, and provide an effective complaint procedure to individuals who believe they have observed or have been subject to prohibited conduct.

Discrimination

Discrimination, for the purposes of this policy, is defined as any act or practice, in form or operation, whether intended or unintended, that unreasonably differentiates among persons on the basis of race, color, religion, national origin, age, sex, marital status, sexual orientation, veteran status or disability in any other status protected under the law.

Harassment

Harassment, for the purposes of this policy, is defined as conduct that creates an intimidating, hostile, or degrading environment that would interfere with the work or academic performance of a reasonable person of the complainant’s protected status.

Sexual Harassment

Sexual harassment is a form of discriminatory harassment. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical behavior of a sexual nature when directed toward an individual because of that individual’s sex when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of the individual’s employment, grade, or used as the basis for any employment or academic decision; or
- Such conduct is unwelcome and has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or creates an intimidating, hostile or offensive work or academic environment.

Additional information is available at www.wou.edu/sexualharassment. To request a complete hard copy of the discrimination and harassment policy and complaint procedure; to discuss a sexual harassment, harassment or discrimination concern; or to file a sexual harassment, harassment or discrimination complaint, contact Judy Vanderburg at 503-838-8131 or vanderj@wou.edu.
President’s message to students

Above all else, Western Oregon University is a teaching university. Our faculty is committed to advancing the intellectual life of our students. Our beautiful campus in the Willamette Valley provides a safe and nurturing environment for learning. Without question, students come first at WOU.

From the national leadership of our College of Education to our outstanding programs in the arts to our emphasis on undergraduate research in the natural and social sciences, WOU’s curriculum offers you a challenging learning experience that extends well beyond the traditional classroom.

With a solid base in the liberal arts, our students in all majors emerge with the tools to learn and relearn in a world that increasingly expects adaptability. Intellectual curiosity, critical thinking, communication skills across all media, and global awareness and respect for differences among people are the tools for continued success we provide you.

At WOU, learning is a collaboration. You are expected to bring the effort, enthusiasm and determination to get all you can from your studies. The university offers the technology, the resources, the opportunities, and the people who provide the means for you to take yourself into your future. You will be challenged and inspired, supported and encouraged in all you find here, from the classroom to campus life to lifelong friends to your own emerging self.

John P. Minahan
Interim President, Western Oregon University

Preamble

Western Oregon University, a member of the Oregon University System, is the only mid-size, public, liberal arts university in the Willamette Valley, the state’s population center. It is Oregon’s oldest public university. WOU offers exemplary programs in the liberal arts and sciences, teacher education, criminal justice, business administration, computer science and fire services administration in a caring and nurturing learning environment. WOU works to ensure the success of Oregon through partnerships with community colleges; other OUS institutions; state, local, and national governments; and communities across the state.

Mission Statement

Western Oregon University is a comprehensive university that creates personalized learning opportunities, supports the advancement of knowledge for the public good and maximizes individual and professional development. Our environment is open to the exchange of ideas, where discovery, creativity and critical thinking flourish, and students succeed.
Welcome to WOU

Western Oregon University (WOU) is committed to changing lives, strengthening communities and transforming our world. Located in the Monmouth-Independence area, the heart of Oregon’s lush Willamette Valley, WOU is about 20 minutes from Salem, the state’s capital and about 75 minutes from Portland, the state’s cultural hub.

Our student body of about 4,500 undergraduates and 400 graduates enjoys a vibrant and close-knit intellectual community comparable to the environment in a small liberal arts college. As a public-serving institution dedicated to strengthening our region and Oregon, WOU is home to the nationally renowned Teaching Research Institute, the Regional Resource Center on Deafness and the Rainbow Dance Theatre. In addition to teaching excellence, WOU’s faculty members are engaged in wide-ranging scholarship as well as community-based projects, including many faculty-student collaborations. Our picturesque, award-winning campus blends welcoming traditional features with 21st century convenience, including many multimedia classrooms, extensive wireless Web access and a state-of-the-art library.

Founded in 1856, WOU, the oldest institution in the Oregon University System, has continued to adapt and transform itself to respond to the needs of society and our changing world. From its origins as a normal school, WOU grew to become a nationally recognized leader in teacher preparation. In 1910, Oregon Normal School, ushered in the school’s long tradition of excellence in teacher education, which it continues to Western Oregon University, recognizing the institution’s broader role as a comprehensive public liberal arts institution.

In the early 1850s, hardy pioneers crossed the Oregon Trail to found a church and school in the Willamette Valley. In 1856, Monmouth University opened with a handful of students. This was the beginning of what is now Western Oregon University, which has grown from a private institution through an era as a prominent teacher preparation school to today’s diverse liberal arts university.

Our talented, dedicated and enthusiastic faculty will support, assist and encourage students as they pursue and attain these fundamental educational goals. In our culture of accountability, these institutional aspirations will also serve as common guideposts for our on-going assessment and enhancement of learning outcomes.

For more information about these educational goals, please see www.wou.edu/provost.

Western Oregon University Timeline:

Institutional aspirations for learning

Students at WOU will be challenged to achieve their highest potential through a rigorous and stimulating curriculum. Between 2004 and 2005, a set of educational goals called Institutional Aspirations for Learning were collaboratively developed by our faculty after focused discussions about the fundamental aims of liberal education in the 21st century. These aspirations constitute the core competencies, skills, experiences and values credited to, and expected of, WOU’s educational process and its graduates. We believe that these aspirations are the basic building blocks of a high-quality education as well as the foundations for productive careers, life long development and informed citizenship on a local, national and global level.

1. Students will develop more refined critical thinking skills, including advanced analytical, logical and quantitative reasoning abilities as well as excellent problem-solving skills.
2. Students will develop effective communicative abilities, including listening, observing, speaking, writing and dialoguing.
3. Students will become active readers with an enhanced ability to carefully, closely and thoughtfully read a range of texts.
4. Students will acquire field or discipline specific knowledge and they will understand disciplinary modes of intellectual inquiry.
5. Students will develop an interdisciplinary and integrative perspective as they recognize, explore, appreciate and engage the interconnections between disciplines.
6. Students will develop advanced research abilities and they will demonstrate improvements in their information and media literacy.
7. Students will learn how to use appropriate technologies.
8. Students will acquire and demonstrate competencies, skills, attributes and values necessary for successful participation in a diverse, pluralistic and increasingly interdependent world.
9. Students will be able to work effectively in teams.
10. Students will strive to be well-balanced persons capable of making thoughtful and healthy choices.
11. Students will be able to apply theory in relevant, appropriate and reflective ways.

For more information about these educational goals, please see www.wou.edu/provost.
General information
To attend classes at WOU, students must first apply for and receive formal admission. Western Oregon University’s admission process reflects the institution’s strong commitment to providing an excellent student-centered education. The admission requirements reflect the level of academic preparation needed to successfully begin your college studies at WOU. Each applicant for admission will be treated as a unique individual and future leader. Your application will be reviewed in a timely and professional manner. If there are special circumstances or questions regarding admission, contact the dean of admissions, enrollment management and retention.

Freshman admission requirements

To be eligible for admission and be admitted to freshman standing, students need to fulfill each of the following requirements:

1. Graduated from an Oregon public high school or an accredited private or out-of-state high school
2. Have at least a 2.75 cumulative grade point average

**Alternative:**

Receive a minimum combined score of 1000 on the Math and Critical Reading sections of the SAT Reasoning Exam or a composite score of 21 on the ACT. Applicants must submit scores from the SAT Reasoning or ACT which include a standardized writing examination.

3. Submit SAT Reasoning or ACT scores which include a standardized writing examination.
4. Satisfactorily complete, with a grade of C- or better, 14 subject requirements (4 in English, 3 in math culminating in algebra II or higher, 2 in science, 3 in social science and 2 in foreign language: two years of the same foreign language required)

**Alternatives:**

a. Receive a combined score of 940 (average of 470) on two subject tests. (Math Level I or IIC; and a second test of student’s choice. Students who do not take an SAT Subject test in a second language must prove language proficiency through another approved process.)

b. Make up high school course deficiencies by taking college course(s) for specific subject requirements and achieve a passing grade. A three-hour college course is equivalent to one year in high school. Course work must be completed prior to the end of the academic year.

c. Students who do not meet the foreign language requirement should refer to the foreign language requirement section.

5. All students from the Federated States of Micronesia, the Republic of the Marshall Islands and the Republic of Palau, must submit a minimum TOEFL score of 190 (paper score of 520). WOU will also accept Michigan Test scores. A minimum score of 75 is required for undergraduate admission and 80 for graduate admissions.

**Note:** If you do not meet these traditional admission requirements or alternatives, please see the special admissions section or contact the Admissions Office for a review of your eligibility.

Foreign language requirement

Students graduating from high school in 1997 or later are required to have completed two years of the same foreign language at the high school level. A student may also meet this requirement by taking two quarters or semesters of the same foreign language at the community college or university level. American Sign Language is acceptable in meeting the foreign language requirement. The language requirement may also be met by satisfactory performance on an approved assessment of foreign language knowledge and/or proficiency. For details on how to satisfy the requirement via knowledge assessment or proficiency, please contact the Admissions Office. Those who graduated prior to 1997 are exempt from the foreign language requirement.

Graduates of unaccredited high schools or home-schooled students

Students graduating from an unaccredited high school or who were home-schooled must fulfill each of the following requirements:

1. Receive a minimum combined score of 1000 on the Math and Critical Reading sections of the SAT Reasoning Exam or a composite score of 21 on the ACT. Applicants must submit scores from the SAT Reasoning or ACT which include a standardized writing examination.

2. Receive a combined score of 940 on each of the five GED tests

3. Meet the foreign language requirement, if graduating class would have been 1997 or later (see foreign language requirement section)

When to apply

High school students can apply for admission after completing their junior year. Students must complete the Undergraduate Application for Admission form available from Western Oregon University Office of Admissions or apply online at www.wou.edu/student/admissions/apply. Grade point average and subject requirements will be verified on receipt of an official high school transcript. A decision regarding admission will be determined once this information and standardized test results are received by the Office of Admissions.

Application procedures for incoming freshmen

Freshmen are encouraged to apply early to receive priority consideration for scholarships, awards and financial aid. The application procedure for entering freshmen (students with no preparation beyond high school or with 11 or fewer credit hours of post-secondary work completed after receipt of a high school diploma) consists of the following steps:

1. Complete and return an application form and the required $50 nonrefundable application fee. Students can complete and submit both of these online at www.wou.edu/student/admissions/apply.

2. Have an official high school transcript sent to the Office of Admissions documenting all course work completed to date.

3. Students entering as freshmen are required to provide SAT Reasoning Exam or ACT scores, including standardized writing examination scores, to the Office of Admissions. SAT Reasoning Exam and ACT scores are used for advisement and placement, but the scores also may be used to determine admission if the required high school grade point average has not been achieved.

4. Upon graduation, submit a final official transcript documenting all high school course work and date of graduation.

WOU is committed to serving all students. Applications for admissions will be reviewed throughout the year.
Special Admissions

A limited number of students who do not meet admission requirements, but can demonstrate a level of college preparation that will enable successful transition to college, may be admitted through action of the Special Admissions Committee. To be considered by the committee, you must submit the following:

1. A personal letter stating why you do not meet the admission requirements and what you are doing to make up deficiencies. The petition should include information on your career and academic goals and why you want to attend WOU.
2. Three letters of recommendation from school personnel who can objectively evaluate your preparation.

Review of these materials by the committee does not guarantee admission. With conditional admission, additional courses and academic support activities may be recommended or required.

Advanced Placement

Students who receive qualifying scores in College Board Advanced Placement exams may, upon admission to WOU, be granted credit and/or advanced placement in courses counting toward a bachelor's degree. The amount of credit allowed will be determined by the program entered and the score received in the exam.

Examinations are arranged through high school counseling offices. Copies of the test scores should be sent to the Office of the Registrar at WOU. Upon WOU’s receipt of the scores and enrollment of the student, the appropriate units will be credited toward the total hours required for graduation.

Advanced placement credit will be withdrawn if work later is duplicated in a college-level course. No letter grades (A, B, C, D) will be assigned to work later is duplicated in a college-level course. No letter grades (A, B, C, D) will be assigned to advanced placement scores.

WOU will allow credit and placement of exam scores of 3, 4, and 5. The amount of credit will vary from subject to subject.

WOU’s advanced placement practice for 2005-06:

- **Modern Language-language.** 12 hours credit for 203, 301,302 with a score of 5; 8 hours credit for 203, 301 with a score of 4; 8 hours of credit for 201, 202 with a score of 3.
- **Modern Language-literature.** 8 hours credit for 203, 301, and 4 credits 300T with a score of 5; 8 hours credit for 203, 301 with a score of 4; 8 hours credit for 201, 202 with a score of 3.
- **European history.** 12 hours credit for HST 101, 102, 103 with a score of 3, 4 or 5.
- **Government & politics: United States.** 3 hours credit for PS 201 with a score of 3.
- **Mathematics.** Up to 12 hours credit, depending on the student’s major field of study. Courses and placement are determined by the department faculty.
- **Psychology.** 8 hours credit for PSY 201, 202 with a score of 4 or 5.
- **Statistics.** 4 hours credit for MTH 243 with a score of 3, 4 or 5.

International Baccalaureate

International Baccalaureate students with higher level examination scores of five or better will receive college credit. Students earning an International baccalaureate diploma will be automatically considered for a WOU scholarship. Contact the Office of Admissions for further details.

Transfer admission requirements

1. Students with 24 or more transferable, college-level quarter hour credits (16 semester hours) must have a cumulative 2.00 GPA or better in all college-level work attempted and be in good standing at last institution attended.
2. Students with less than 24 quarter hours (16 semester hours) of college work must submit high school transcripts and test scores. Students with 0-11 transferable quarter hour credits must meet all freshman admission requirements. Students with 12-23 transferable quarter hour credits must meet all freshman admission requirements and have a 2.00 GPA in all college-level course work.
3. Foreign language requirement.

All transfer students who graduated from high school in 1997 or later are required to have completed either two years of the same foreign language while in high school or two quarters or semesters of the same college-level foreign language. American Sign Language is acceptable in meeting the foreign language requirement. The language requirement may also be met by satisfactory performance on an approved assessment of foreign language knowledge and/or proficiency. For details on how to satisfy the requirement via knowledge assessment or proficiency, please contact the Admissions office. Those graduating prior to 1997 are exempt from this requirement.

Transfer student application procedures

1. Complete and return an application form and the required $50 non-refundable fee. Students can complete and submit both of these online at www.wou.edu/student/admissions/apply.
2. Have an official, complete transcript sent from each college or university attended. To be considered official, transcripts must be sent directly to the Office of Admissions from the issuing institution. Unofficial or student copies are not acceptable. Omitting an institutional record from your application may result in disciplinary action.

WOU is committed to serving all students. Applications for admissions will be reviewed throughout the year.
Acceptance of credit from accredited institutions

Acceptable records from accredited post-secondary institutions are evaluated by the admissions office to determine the student’s eligibility for admission to WOU. The amount of credit granted depends on the nature and quality of the applicant’s previous work. A student’s grade point average will be computed on the transfer credits attempted and will be used as the basis for admission. WOU does not recognize other institutions’ academic forgiveness policies.

Credit from unaccredited institutions

No advanced standing is granted at entrance for work at unaccredited institutions. After completing a successful year at WOU, work earned at unaccredited institutions may be reviewed to determine what work, if any, will be allowed for credit by petition through the registrar’s office. Students with course work from unaccredited institutions must meet freshman admission requirements. Credit earned in the following circumstances may be granted to students who hold the Oregon Transfer Degree.

- Credit from two-year institutions

WOU accepts all college-level transfer work completed up to 124 hours. A maximum of 24 quarter hours of vocational-technical course work applicable in an associate degree or a certificate program at an accredited institution may be accepted as elective credit toward part of the 124 hours.

Oregon transfer agreements

Transfer students entering WOU who have earned either an Associate of Arts degree from an Oregon community college under the May 1988 transfer agreement or an Associate of Science in Business degree from an Oregon community college under the April 2003 transfer agreement will be considered as having met WOU’s Liberal Arts Core Curriculum (LACC). For purposes of registration only, students holding the Oregon Transfer Degree will be considered to have junior standing.

Students who have earned the Oregon Transfer Module (OTM) will meet the WOU first-year general education graduation requirements. For purposes of registration only, students holding the Oregon Transfer Module will be considered to have at least sophomore standing.

A notation verifying that the associate’s degree meets the Oregon Transfer degree requirements or Oregon Transfer Module requirements must be included on the student’s official transcript.

Non-admitted students

A non-admitted student (non-degree seeking student) must meet one of the following circumstances:

1. High school students participating in an official WOU high school partnership program
2. Students enrolled in courses through the Division of Extended Programs
3. Students approved to take undergraduate or graduate courses for use at another institution or life-long learning
4. Members of the WOU staff

A non-admitted student is required to abide by all the rules and regulations of the university as listed in the catalog and schedule of classes.

International Student Admissions

global@wou.edu
503-838-8425
www.wou.edu/student/admissions/international.html

Western Oregon University offers full admission and conditional admission to eligible international students. International students must complete all of the following in order to be considered for admission to Western Oregon University.

1. Complete and return the application form along with the application fee of U.S. $50. The application is available online at www.wou.edu/student/admissions/international.html. You may submit this electronic application and then mail original documents to the International Students and Scholars Affairs office to complete your application file. You are advised to send the non-refundable fee in the form of an international money order or check in U.S. dollars. Prospective applicants may request an application form at www.wou.edu/student/admissions/international.html, e-mail: global@wou.edu
2. Submit official transcripts or exit exam results of previous school work including secondary and middle schools, other colleges and universities, and professional schools. Original documents are preferred, but certified copies are acceptable. Certified copies of exact English translations of these records are required.
3. Provide proof of proficiency in the English language unless your native language is English. Prospective students must submit a minimum TOEFL score of 190 (paper-based score of 520) for undergraduate admission. Graduate admission requires a TOEFL score of 213 (paper-based score of 550). See conditional admission below.
4. Provide proof of adequate financial resources by submitting a completed Financial Certificate and Visa Information form and sending all supporting documents showing proof of funds for the first 12 months of study. This is usually a bank statement showing an adequate available balance to support studies in the United States and a letter of support or affidavit signed by the bank account holder stating that the funds in the account may be used for the student’s education.

Conditional admission for international students

Students with TOEFL scores between 150-189 (paper-based scores of 470-519) who are otherwise admissible to WOU are eligible for the Conditional Admission Program. Students must successfully complete the ESL Bridge Conditional Admission Program in their first quarter at WOU. Students must register for 10 ESL credits and one regular course of 3-4 credits. The attainment of a 3.0 GPA (on a scale of 4.0) in all Bridge courses, or a TOEFL score of 172 (paper-based score of 520) will lift the conditional status.

Health requirements for international students

International students are required to submit the WOU Health History form during their first term. Students must go to the Health Center upon arrival to review their health history and be screened for tuberculosis. Students may have to pay for a chest x-ray. Upon completion of the health review, a student will be issued a health card.

WOU requires international students and their dependents to have and maintain personal health and accident insurance every term they are in student visa status. Students will be automatically billed for the WOU insurance plan each term. Students who have already purchased alternate insurance plans that meet the minimum requirements may apply for a waiver from WOU’s group insurance plan. Waiver forms are available at the International Students and Scholars Affairs office.
Western Undergraduate Exchange Scholars Program

The Western Undergraduate Exchange (WUE) Scholars Program offers qualified students from participating Western states the opportunity to enroll at WOU at a special reduced tuition level — 150 percent of resident tuition. Students from Alaska, Arizona, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, South Dakota, Utah, Washington, and Wyoming are eligible to apply for the discounted tuition.

All undergraduate academic programs at WOU are available under the WUE Scholars Program. If you are a resident of one of the participating states and would like to apply for the WUE scholars program, you must complete the following requirements:

1. Submit an application for admission and be admitted to the university under standard admission procedures. Students admitted under the special admission category are not eligible to receive the WUE scholars rate.

2. Submit a WUE scholars application by March 1, 2006 to the dean of admissions, enrollment management, and retention office. WUE scholars applications can be obtained by contacting the Office of Admissions toll-free at 1-877-877-1593, directly at 503-838-8211 or online at: www.wou.edu/student/WUE.pdf.

3. Meet specific academic requirements for the WUE scholars program:
   a. A minimum 2.75 cumulative GPA for high school students
   b. A minimum 2.50 cumulative GPA for college transfer students

The WUE Scholars Program is renewable up to 12 terms for high school student recipients, and up to 6 terms for transfer student recipients. All students must maintain good academic standing as defined by the university (see page 15).

Student tuition and fees

Tuition and fees entitle the student to: regular instruction; use of the library, laboratory equipment, materials and gymnasium; medical attention and advice at the Student Health Center; and other services maintained by the university for the benefit of students. No reduction of fees is made to students who choose not to use these services.

A regularly enrolled, full-time undergraduate student takes a minimum 12 credit-hour course load. A regularly enrolled, full-time graduate student takes a minimum of 9 credit hours. The full time plateau for undergraduates is 12 to 15 hours and for graduates, 9 to 12 hours. All hours over 15 for undergraduates and 12 for graduates are assessed an additional per credit hour charge. Students taking course loads of less than the minimum are charged on a per credit hour basis.

The table at right lists tuition and fees for the 2005-2006 academic year. The tuition and fee schedule is established by the Oregon State Board of Higher Education.*

Estimated annual costs other than tuition and fees for a full-time, undergraduate student living away from home, on- or off-campus, for the 2005-2006 academic year are as follows:

<table>
<thead>
<tr>
<th></th>
<th>One Term</th>

Refunds

Students who withdraw from the university and have complied with the regulations governing withdrawals are entitled to certain refunds or reduction in fees, depending on the date of withdrawal. The refund schedule has been established by the Oregon University System and the Federal Department of Education and is on file in the Business Office. All refunds are subject to the following regulations:

- Any claim for refund must be made in writing before the close of the term in which the claim originated.
- Refunds, in all cases, are calculated from the date official written notification of withdrawal or cancellation is received by the registrar’s office, not the date of last class attendance. Exceptions may be made when formal withdrawal has been delayed through causes beyond the student’s control.
Financial Aid

Director Donna Fossum
finaid@wou.edu

Toll free: 877-877-1593

WOU provides a strong financial aid and scholarship program that annually administers more than $30 million to eligible students. Financial aid is based on the philosophy that the responsibility for financing a student’s education rests primarily with the student and student’s family. Students and families unable to pay the full cost of attending WOU may apply for grants, loans and/or part-time employment to supplement their resources.

Applying for aid
To be considered for federal and state financial aid at WOU, students must complete the Free Application for Federal Student Aid (FAFSA). Applications can be obtained from high school counseling and college Financial Aid Offices or can be accessed on the Internet (FAFSA on the Web at www.fafsa.ed.gov). Continuing students may file a renewal FAFSA on the Web.

In order to be considered for the maximum number of aid programs, the FAFSA should be received at the Federal Processing Center by WOU’s March 1 priority date. Students may apply for aid using estimated financial information and make corrections when taxes are actually filed. Each year’s FAFSA is valid at WOU for fall through summer terms.

Students may apply for aid after the March 1 priority date, but Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Perkins Loan, Federal Work-Study (FWS) Program and the WOU Supplemental Tuition Fee Remission may no longer be available at WOU. Students must complete and file a new FAFSA each year for aid eligibility determination.

Eligibility for federal financial aid
To qualify for federal financial aid a student must:

1. Be a U.S. citizen or an eligible non-citizen
2. Have a valid Social Security Number
3. Have a high school diploma, an Associate of Arts degree, or a General Education Development (GED) Certificate. GED tests are available at local community colleges. A student who does not have a high school diploma, GED or AA degree may be eligible for federal student aid by achieving a passing score on a federally approved test. Contact the Financial Aid Office for more information.
4. Be registered with the Selective Service, if required
5. Be formally admitted to WOU and be admitted and enrolled in a degree or certificate program, or be taking required preparatory course work for admittance into a degree or certificate program. Students working toward a teaching endorsement only are not eligible for federal aid.
6. Meet federal financial aid guidelines concerning convictions regarding the sale or possession of illegal drugs
7. Be making satisfactory academic progress
8. Not be in default on a federal student loan or owe a refund on a federal student grant
9. Demonstrate financial need (except for Federal Direct Unsubsidized Stafford Loans and Federal Direct PLUS Loans)
10. Have a valid, federally calculated expected family contribution (EFC) on file with WOU’s Financial Aid Office. The EFC is determined by a formula established by the U.S. Congress.
11. Submit all required paperwork (signed award letter, etc.) before the end of the enrollment period.

Determining “need or eligibility” for financial aid
Student’s financial aid eligibility is based on a number of factors. The following formula is used:

\[
\text{Cost of attendance} - \text{Expected family contribution} = \text{Student’s financial need or eligibility}
\]

1. Cost of attendance
First, the cost of attendance (or budget) at WOU is established. Budgets are based on tuition and fees, expenses for meals and housing, books and supplies, and miscellaneous personal expenses. Additional costs can be considered by petition only. These additional costs could consist of commuting expenses, childcare, computer costs, extra costs related to a student’s disability or study abroad costs for WOU approved study abroad programs.

2. Expected Family Contribution (EFC)
Congress developed an Expected Family Contribution (EFC) formula to determine the financial strength of a student’s family and the student’s need for federal aid. The EFC is based on the prior year’s income and assets as listed on the FAFSA. The EFC is reported on the Student Aid Report (SAR) which is a summary of the FAFSA information and is sent to the student in a hard copy or electronic format. Schools receive an electronic version of the same information. Changes in the family’s financial circumstances can be reported to the Financial Aid Office.

3. Packaging
It is the policy of the Financial Aid Office to provide students with a financial aid package to meet the calculated need or eligibility whenever possible. Providing students with financial aid to the full extent of the eligibility is contingent upon federal, state, and institutional funding and individual aid program limits.

Before the financial aid eligibility is determined, the student’s financial aid file must be complete. If selected for verification, copies of signed federal tax forms, W2s and a verification worksheet will be required. Other documentation may be requested upon review of the file.

Priority for campus-based aid is given to students whose FAFSAs are received by the federal processor by March 1, whose files are complete, who have applied for admission to WOU and who demonstrate a high need based on the EFC. The amount of need-based aid the student is eligible to receive is determined by packaging policies developed by the director of financial aid.

Financial aid programs
1. Campus scholarships
   a. WOU scholarships: WOU offers many institutional scholarships to qualified applicants. Most scholarships for new WOU students are awarded based on information from the admissions application (see exceptions below). To be most competitive for scholarships, new students should apply for admission as early as possible, and before February 15th for priority consideration. Continuing WOU students must complete a WOU General Scholarship Application to be considered for new scholarship awards.
   b. WOU General Scholarships and Awards: This application is available from the Financial Aid Office or on the WOU Web site. Most scholarships are awarded for one year; some scholarships are renewable. It is the student’s responsibility to know the deadlines, apply annually and make sure that the scholarship application is complete.
   c. Diversity Commitment Scholarship: This award application is available from the WOU Web site and is due February 15.
   d. Departmental scholarships: These scholarships have varying deadlines and requirements. Visit the WOU Financial Aid Web site at www.wou.edu/student/finaid for a list of participating departments.
   e. Oregon Opportunity Grant: Administered by the Oregon Student Assistance Commission (OSAC), this scholarship application is available from the WOU Financial Aid Office or on the OSAC Web page (www.osac.state.or.us), The Oregon Opportunity Grant is renewable for up to four years for new college students and two years for students with an associate of arts degree. The deadline for this application is March 1.
   f. Other scholarship and award opportunities will be listed on the Web at www.wou.edu/student/finaid.
2. Grants (funds that do not require repayment) are available to eligible undergraduates who have financial need.
   a. Federal Pell Grant: Grants range from $400 to $4,050 per year, are based on EFC and college costs, and are limited to eligible undergraduates. A student may not receive a Pell Grant at more than one school at a time.
   b. Oregon Opportunity Grant (not a Title IV fund): This grant is available to Oregon, undergraduate, resident students attending Oregon colleges full-time. Awards are $1,587 for the 2005-2006 academic year and are renewable for up to 12 terms contingent upon continued eligibility.
   c. Federal Supplemental Educational Opportunity Grant (FSEOG): Funds are awarded to undergraduate students with the greatest financial need and who meet WOU’s priority deadline. Students must be Pell eligible to qualify for this grant. At WOU grants are packaged from $200 to $700 per year based on EFC and academic year in school.
   d. WOU Supplemental Tuition Fee Remission (not a Title IV fund): A limited number of these tuition fee remissions is available for Oregon residents demonstrating the greatest financial need. Students whose entire tuition is paid by other tuition fee remission programs are not eligible to receive this fee remission. This award at WOU ranges from $300 to $1,100 per year.

3. Federal Work-Study (FWS) program:
   FWS is available to eligible undergraduate and graduate students. The FWS Program provides funds for employing students who qualify for part-time jobs either on-campus or off-campus in community service positions. At WOU the initial award may be up to $1,200. The amount that can be earned is limited to the amount that appears on the award letter. An hourly wage is based on the type of work that is done and the student’s skills and experience. A maximum of 20 hours a week can be worked except during vacation periods when up to 40 hours per week is allowed. Students will be paid monthly based on the number of hours worked in the pay period. It is the student’s responsibility to locate a job. Students are not guaranteed jobs or that the total work-study amount listed on the award letter will be earned. The Service Learning and Career Development office (WUC 119) posts available work-study jobs and can provide further information.

Community service work-study positions: Federal Work-Study can be used in such community service areas as health care, child care, literacy training, education, welfare, public safety, crime prevention and control, rural development, and community improvement. If the student knows of a community or social agency in which the student wishes to participate in the off-campus Federal Work-Study program, contact the Service Learning and Career Development office at 503-838-8432.

4. Loans (available to undergraduates and graduates)
   a. Federal Perkins Loan: The Federal Perkins Loan program provides long-term federal loans for eligible students. At WOU the initial loan amount may be up to $1,500. Repayment of a Perkins loan begins nine months after the student is no longer enrolled at least half-time at an eligible institution. The monthly minimum payment is $40. The maximum repayment period is 10 years, but the actual amount of the payments and the length of the repayment period depends upon the size of the debt. No interest is charged until the repayment period begins. The interest rate is 5 percent a year on the unpaid balance. Repayment of a Federal Perkins Loan that is not delinquent or in default can be deferred if the student is enrolled at least half-time in an eligible institution. Other Federal Perkins Loan deferment provisions are listed in the 2005-2006 Student Guide, available at the Financial Aid Office. Repayment of a Federal Perkins Loan may be canceled if a student has a permanent and total disability or dies. Certain circumstances, such as full-time employment in specific fields designated as teacher shortage areas, full-time teaching in a designated school serving students from low-income families or service as a full-time law enforcement or corrections officer may qualify for the cancellation of a Federal Perkins Loan. Additional information about cancellation provisions for the Federal Perkins Loan is available from WOU’s Business Office. Students awarded a Federal Perkins Loan on their financial aid award letter will be required to sign a promissory note prior to receiving their loan.
   b. Federal Direct Loan program: To be eligible for a direct loan a student must attend at least half time. The funds for this program come directly from the federal government as opposed to an outside lender. Students awarded a direct loan are required to sign and return a master promissory note to the WOU Financial Aid Office. Direct Loans are repaid to the U.S. Department of Education. The interest rate on the Federal Direct Subsidized and Unsubsidized Loans is a variable rate that is reset annually and capped at 8.25 percent. A three percent origination fee will be assessed on each disbursement. The origination fee is deducted from the loan proceeds but will not reduce the principal amount that is required to be repaid. A 1.5 percent rebate of the origination fee will be given to the student at disbursement and the student can keep the rebate if the student makes the first-year payments on time. The amount students may borrow is dependent upon student’s class standing. The federal maximum loan for dependent students (including subsidized and unsubsidized Stafford Loans) per academic year is:
      • $2,625 for freshmen or for students working on required prerequisites
      • $3,500 for sophomores
      • $5,500 for juniors, seniors and 5th year undergraduate certification/post-baccalaureate students
      • $8,500 for graduate students enrolled in master’s degree programs
       Payments are deferred until six months after students cease to be enrolled at least half time. The maximum Federal Direct Loan debt for a dependent undergraduate is $23,000. The maximum loan debt for an independent undergraduate is $46,000. The maximum for graduate study including undergraduate debt is $138,000.

1) Federal Direct Subsidized Stafford Loan. Interest is not charged on subsidized loans while the student is in school at least half time, during the grace period and during deferments (postponements of repayment). A student must show “need” to qualify for the subsidized loan.

2) Federal Direct Unsubsidized Stafford Loan. Available to students who do not qualify for need-based Federal Direct Subsidized Loans or who are not eligible for the full Federal Direct Subsidized Loan amount. The amount of the loan cannot be more than the difference between the cost of attendance and any financial assistance received from the school and any outside source (including the subsidized Federal Direct Stafford Loan). Interest accrues on the Federal Direct Unsubsidized Loan while the student is in school and during the six-month grace period before repayment begins.

3) Additional Federal Direct Unsubsidized Stafford Loan. Additional direct unsubsidized loans may be available for independent students, and for dependent students whose parents are unable to borrow under the Federal Direct Parent Loan for Undergraduate Students (Federal PLUS). The federal maximums for additional unsubsidized Stafford Loans per academic year are:
      • $4,000 for freshman/sophomores/ students working on required prerequisites
      • $5,500 for juniors/seniors/fifth year undergraduate/certification/post- baccalaureate students
      • $10,000 for graduate students enrolled in master’s programs

Not all applicants qualify for the maximums. The total Federal Direct Loan (subsidized, unsubsidized and additional unsubsidized) plus other financial assistance cannot exceed the cost of attendance.

4) Federal Direct Parent Loan for Undergraduate Students (PLUS)
   Available to parents of dependent undergraduate students. Parents must
pass a credit check. The interest rate is variable and will not exceed 9 percent. Repayment begins within 60 days after the final disbursement of that loan's academic period. The borrower is charged a four percent origination fee. A 1.5 percent rebate of the origination fee will be given to the parent at disbursement and the parent can keep the rebate if the parent makes the first year payments on time. The loan maximum cannot exceed the total cost of attendance (budget) minus any other financial aid received (including any subsidized, unsubsidized and additional unsubsidized Federal Direct Loans the student is receiving). It is recommended that the student and the student's parent(s) complete the FAFSA so that the student will be considered for other financial aid in addition to the PLUS Loan. PLUS loans will be included in the financial aid award for eligible dependent students.

Master Promissory Note (MPN)

A student borrower must sign an MPN before receiving his/her first Direct Stafford Loan. The parent borrower must complete a WOU PLUS application for each year that he/she wishes to borrow a Direct PLUS Loan. The parent borrower must also complete a Direct PLUS MPN. Direct Stafford or Direct Parent PLUS MPNs may be signed electronically or on paper. The Financial Aid Office sends loan promissory note information to borrowers.

Loan counseling

Remember, loans must be repaid.

Loan counseling sessions are required by WOU's Financial Aid office. Students receiving the Federal Direct Stafford Loan for the first time at WOU must attend an entrance loan counseling session available through the Financial Aid Office during New Student Week, by appointment or on the Web. Go to the financial aid home page at www.wou.edu and click on the loan counseling link. Refer to the 2005-2006 Student Guide for all deferment and/or cancellation options available. This U.S. Department of Education publication is available at the Financial Aid Office. When a student leaves WOU or drops below half time, he/she must attend an exit loan counseling session. Loan exit counseling sessions are provided at the end of each term, by appointment or online at the Financial Aid Office home page.

Award notification (financial aid award letter)

After the financial aid counselor reviews the student's file and the aid package has been determined, the student will receive an award letter from WOU's Financial Aid Office. If the student applied for financial aid by the priority deadline, completed the requirements for the financial aid file and applied for admission, the student will be sent an award letter in late spring or early summer. The award will state the type and amount of financial aid that the student is eligible to receive. The student needs to read the conditions of the award on the back of the award letter and the enclosure, Facts on Financial Aid, and return one signed award letter to the Financial Aid Office. There is a two-week period in which to sign and accept or decline the aid offer. Failure to return a signed award letter within the given time may result in cancellation of the aid without further notice.

Revisions

If the student wants the financial aid package revised, the student may note that on the back of the award letter or send a letter to the Financial Aid Office. A financial aid counselor will review the request and a response will be given as quickly as possible. Students may request revisions at any time during the academic year. Aid offers may be adjusted during the year by the Financial Aid Office due to non-university factors such as changes in federal regulations or insufficient federal or state funding.

If the student chooses to decline the loans, the student may do so in writing at any time up to the time of disbursement or loans may be repaid at any time. If the student has signed an original award offer, the revised offers will not need to be signed. It will be assumed that the student wishes to accept the revised offer, unless he/she notifies the Financial Aid Office otherwise.

Payment of fees and receipt of financial aid

If awarded for the academic year, the financial aid award is divided into three equal portions and released to the student at the beginning of each term during fee payment in the Instructional Technology Center (ITC) Addition. Financial aid that is not available during fee payment period will be disbursed in the Business Office later during that term. The aid must first pay for tuition and fees and other institutional charges for the current term. If there is remaining aid, a check will be prepared for the student. The remainder of the money must be budgeted so that it will last through the term until the next fee payment period. Financial aid is not applied to the student's account until the student goes through the fee payment process in person or on-line. Arrangements may be made with WOU's Business Office for an alternative disbursement method.

As of the printing date of this publication, federal regulations require a 30-day disbursement delay for first-year, first-time borrowers' initial Federal Direct Stafford Loan disbursements. First-year, first-time Federal Direct Stafford Loan borrowers' initial loan disbursements will be disbursed 30 days after the start of classes. Future disbursements are not subject to the 30-day delay.

In addition, as of the printing date of this publication, federal regulations state that single-term Federal Direct Stafford Loans must be disbursed in two payments. This regulation applies to all Federal Direct Stafford Loan borrowers.

The funds from Federal Direct Parent Loans for Undergraduate Students (PLUS) will be applied to the student's account upon coming to the cashier's window. If the amount of the PLUS exceeds the amount due, the Business Office will prepare a refund to the student or the student's parent based on an authorized release signed by the parent.

If awarded Federal Work Study (FWS), it is the student's responsibility to obtain a work-study job in order to earn the amount awarded. For assistance with the availability of job openings contact the Service Learning and Career Development Office located on the first floor of the Werner University Center (WUC 119). Paychecks are disbursed at the end of the month from the Payroll Office and are based on the number of hours worked during the pay period.

Academic progress requirements

As a financial aid recipient, a student is expected to maintain satisfactory academic progress and complete degree requirements or educational objectives in a timely manner according to institutional and office policies. Students must meet Western Oregon University's academic requirements outlined in the WOU catalog and comply with WOU's financial aid academic requirements as outlined below. The Financial Aid Office monitors financial aid recipients' academic progress at the end of every term and on an annual basis. The annual review is performed each June after the end of spring term. Summer session is monitored separately.

Letter grades of F, W, NC, I, X and AU do not apply toward the satisfactory completion of the credit hour minimums. Students may not use credits by exam (credits earned by challenging an individual course) or College Level Equivalency Test (CLEP) credits to meet the minimum credit requirements. A class taken to improve a grade may be included in minimum credit requirements if maximum credit hour limits are not exceeded.

If a student fails to maintain satisfactory academic progress, the aid may be placed on hold and the student will be required to petition for reinstatement of future financial aid.

Insufficient credit hours earned

1. Minimum credit hour requirements. All financial aid recipients are required to register for and satisfactorily complete the following number of credit hours for each term of attendance. Summer session credit hour requirements are the same as for all other terms.

<table>
<thead>
<tr>
<th>Undergraduate</th>
<th>Post Bac/2nd Undergrad</th>
<th>Graduate/Masters</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full time</td>
<td>12 cr.</td>
<td>12 cr.</td>
</tr>
<tr>

<td>9-11</td>
</tr>
<tr>
<td>½ time</td>
<td>6-8</td>
<td>6-8</td>
</tr>
<tr>
<td>&lt;½ time</td>
<td>5 or fewer</td>
<td>NA</td>
</tr>
</tbody>
</table>

- If you pass fewer than 6 credit hours during the term, your aid will be placed on hold and you will be required to petition for reinstatement of future financial aid.
- If, at the end of the academic year, you are cumulatively deficient credit hours, your future financial aid will be placed on hold and you will be required to petition for reinstatement of future financial aid.
• If you are a full-time student attending fall, winter and spring terms, a grace of 3 credits deficiency is allowed at the end of the academic year if you have met all other satisfactory progress requirements while you have been a student at WOU.

2. X grades. A repayment of financial aid may be required if you receive X grades.

• If you do not attend any classes or receive all X grades, you will be required to repay all aid disbursed during that term unless you can provide documentation of class attendance. Your documentation must be submitted within a given time limit.

• If you receive some X grade(s) in addition to your other grades, you may be required to prove class attendance if the X grade(s) cause(s) a deficiency in credit hours. If you cannot prove attendance in your X class(es), you may be required to repay a portion of your financial aid. Documentation of attendance in your class(es) must be submitted within a given time limit.

3. Zero credits. The Financial Aid Office will assume that students who complete zero credits (excluding students who receive all “I” or “X” grades) did not complete the entire term and these students will be considered as “unofficially withdrawn.” The student will be considered as unofficially withdrawn as of halfway through the term. Students who unofficially withdraw may need to repay some or all of their financial aid.

4. Documentation of class attendance must be submitted by a professor with an e-mail or a memo on letterhead directed to the Financial Aid Office.

5. Transfer students. If you are a transfer student (beginning your first term at WOU), the Financial Aid Office will consider you to be making satisfactory academic progress since you met WOU’s admission criteria. However, if you have exceeded the maximum credit hours allowed for financial aid eligibility, you may need to petition. Refer to excessive credit hours attempted, next.

Excessive credit hours attempted

Maximum credit limits. Your financial aid will be placed on hold and you will be required to petition for the reinstatement of financial aid if your cumulative number of attempted credit hours (including any transfer credits) exceed the following:

• Undergraduate degree: 220 credit hours
• Post baccalaureate/second undergraduate degree: 48 credit hours
• Graduate/master’s degree: varies by program

Academic suspension

If you are academically suspended from WOU, your aid will be placed on hold and you will be required to petition for reinstatement of financial aid. You must first petition for reinstatement to WOU. Your petition for readmission must be approved prior to petitioning for reinstatement of financial aid. Petitions for readmission are available from the Registrar’s Office.

Failure to meet previous petition/appeal requirements

Read petition results carefully. If you are directed to meet certain criteria to continue receiving financial aid, you must comply with those conditions. If you do not comply with the conditions, your financial aid will be suspended and you will be required to petition for reinstatement of aid. Previous petition requirements will be monitored each term of the requirement.

Juniors or seniors with a cumulative GPA of less than 2.0

Your financial aid may be placed on hold at the end of each term and you may be required to petition for the reinstatement of financial aid if you are a junior or senior and your cumulative GPA is less than 2.0.

Petitioning

Financial aid petition forms are available at the Financial Aid Office or on the financial aid Web page.

1. If you do not meet the academic progress criteria, you must petition and explain your special circumstances prior to receiving any additional financial aid. Special circumstances such as, but not limited to, an injury or illness to you or death of a relative will be considered in petition determination.

2. If your aid is on hold because of excessive credit hours, you must submit a petition indicating the reason(s) for accumulating excessive hours and your expected graduation date. A graduation summary sheet or degree plan may be required. Please allow the Registrar’s Office at least one term’s advance notice to prepare the graduation summary sheet.

3. If your petition or appeal is approved, you may be placed on a probationary period for financial aid purposes. During this period, you may be required to comply with certain criteria. The criteria may be more restrictive than WOU’s and/or the Financial Aid Office academic requirements. Any criteria will be given to the student with the petition or appeal results.

4. If your financial aid petition is denied, you may be required to compensate for your academic deficiencies before further aid consideration will be given.

5. Petitions for reinstatement of financial aid not received in a timely manner will result in cancellation of any pending financial aid.

Appeals

You have the right to appeal your petition determination. Appeal forms are available from and must be submitted to the Financial Aid Office.

Withdrawing from school

To withdraw from WOU, students must complete the required paperwork, available from the Registrar’s Office and obtain the required signatures. If a student is eligible to receive a refund and is a financial aid recipient, some or all of that money will be returned directly to the aid programs. By withdrawing from school, a student may be required to repay a portion of the financial aid disbursement. Students who withdraw from all classes prior to completing more than 60 percent of an enrollment term will have their eligibility for aid recalculated based on the percent of the term completed. For example, a student who withdraws completing only 30% of the term will have earned only 30 percent of any Title IV aid received (other than Federal Work-Study). The student and/or the school must return (repay) the remaining 70 percent of the funds received. Contact the Financial Aid Office for complete withdrawal details. Unearned financial aid funds will be returned in the following order depending on the type of financial aid the student received during the term of withdrawal:

- Unsubsidized Federal Direct Stafford Loan
- Subsidized Federal Direct Stafford Loan
- Federal Perkins Loan
- Federal Direct PLUS Loan
- Federal Pell Grant
- Federal SEOG
- other Title IV aid programs

If a student withdraws, the student must petition the Financial Aid Office to be considered for financial aid in subsequent terms. The student must have attended classes to be eligible to receive federal financial aid. Non-attendance means a total repayment of all federal aid received for that term. Please refer to Return of Title IV Aid policies in WOU’s schedule of classes.

Students are also required to attend loan exit counseling if they received federal loans while attending WOU. Exit interviews are available at the end of the term, by appointment or online at the Financial Aid Office home page.
Rights and responsibilities of students receiving federal financial aid

Rights
1. You have the right to expect your financial aid eligibility will be determined in an equitable manner consistent with federal regulations and institution policies.
2. If you are eligible for aid, you have the right to be considered for those programs for which you qualify, as long as money is available.
3. You have the right to receive complete information about how your financial aid eligibility was determined.
4. You have the right to obtain full information about financial aid programs and pertinent regulations, policies and procedures.
5. You have the right to receive information about your debt burden as a result of receiving loans.
6. You have the right to receive information about monthly and total repayment options available as well as debt management strategies.
7. You have the right to expect that your financial records, your parents’ financial records and your award information are kept confidential in accordance with the Federal Privacy Act of 1974.
8. You have the right to expect notification of your financial aid offer and any adjustments to it.

Responsibilities
When you sign your award letter, you agree to fulfill your obligations as a financial aid recipient. Read carefully the terms on the reverse side of your award letter and the publication, Facts on Financial Aid. It is your responsibility to be aware of your obligations and rights.
1. It is your responsibility to report additional resources (such as other financial assistance) and any changes to those resources to WOU’s Financial Aid Office. If the receipt of additional resources results in an over award (financial aid and resources exceed your need or the cost of attendance), you may be required to pay back a portion of your financial aid received and financial aid for subsequent terms may be reduced.
2. You are responsible for supplying complete and accurate information used to determine your eligibility for aid.
3. You must maintain satisfactory academic progress.
4. You must be formally admitted to WOU and be admitted and enrolled in a degree or certificate program, or be taking required preparatory coursework for admittance into a degree or certificate program.
5. You must notify the Financial Aid Office if you are enrolled in a WOU program that is not on campus.
6. You must not have borrowed in excess of any Title IV loan limit.
7. If you withdraw from school, you must notify the Financial Aid Office in writing. You may be expected to repay a portion of the financial aid disbursed to you after paying tuition and fees (refer to the withdrawal information available from the Financial Aid Office).
8. You are responsible for reporting any change in your status.
9. When you have signed a promissory note for a loan, you are responsible for informing your loan servicer of changes in your name, address, Social Security Number and graduation date. You must inform your loan servicer if you transfer to another school, withdraw from school or drop below half time in any term.
10. If you are borrowing from the Federal Direct Stafford Loan program for the first time at WOU, you must attend a loan counseling session before you can receive your funds. Group sessions are available during New Student Week, by appointment, or online at the Financial Aid Office home page.
11. If you are awarded Federal Work-Study, it is your responsibility to find and apply for a work-study job. If you accept a Federal Work-Study position, you are expected to perform the work in a satisfactory manner.
12. You must sign a Statement of Educational Purpose (included on the FAFSA) declaring that any aid funds received will be used for expenses related to attendance at Western Oregon University and that you owe no refund nor are you in default of any aid received for attendance at any institution.

For additional information, financial assistance or consumer information, please contact the Financial Aid Office at 503-838-8475 or toll-free at 877-877-1593.
University scholarships

In addition to state and federal aid, WOU administers a wide variety of private and institutional scholarships. Many recognize scholastic achievement as well as need. Some are reserved for students in specific majors or from specific geographical areas. A number of these aid sources are detailed below. It is the student’s responsibility to know scholarship deadlines. Because donations are received throughout the year, new scholarships may become available which are not listed in this catalog.

Students may apply for most of the following scholarships by completing the WOU general scholarship application which may be obtained from the Financial Aid Office, Office of Admissions, or online at www.wou.edu/student/financial/scholarships.html. E-mail: scholarships@wou.edu.

Presidential Scholarship. For new undergraduate students with high academic merit. Award amounts range from $1,000 to $3,600. Renewable for up to four years. Complete application for admission by February 15 for top priority.

Provost’s Scholarship. For community college transfer students with high academic merit. May be renewed for a second year. Complete application for admission by February 15 for top priority.

Administrative Support Council (ASC) Scholarship. Established in 2002 by the Administrative Support Council. Awarded to a current student with 90 hours or more obtained from WOU, engaged in undergraduate coursework at WOU, with preference given to full-time students.

Robert E. Albritton Scholarship. Established in 1984 by the family of Robert Albritton, former professor of elementary education. Awarded to a full-time WOU junior or senior majoring in elementary education.

Alpha Epsilon Scholarship. Established by the Alpha Epsilon Chapter of Delta Kappa Gamma in Salem. Awarded to junior or senior female students majoring in education.

R.S. Baker Memorial Scholarship. Established in 2004 in memory of R.S. Baker, emeritus associate professor of humanities. Awarded to non-traditional students at least 24 years of age who are majoring in one of the humanities, and have a 3.0 or greater grade point average.

Forrest and Karen Bell Scholarship. Established in 2001 by Forrest and Karen Bell, parents of a former student. Awarded to any student.

Elizabeth Binney Scholarship. Established in memory of Mrs. Edwin Binney, Jr., a friend of WOU. Awarded to any student with financial need.

Esther H. Bojanower Scholarship. Established in 2002 in memory of Esther Head Bojanower who received her diploma from Oregon Normal School in 1928. Even though she taught in a small rural school in Oregon for only one year before getting married, she was a teacher throughout her whole life as a librarian, mother and later a community volunteer in Downey, Calif. When her children left home, Mrs. Bojanower pursued her talents as an artist, producing over 200 paintings. This scholarship is awarded to full-time students enrolled in the WOU College of Education with junior or senior standing.

David S. Brody Memorial Scholarships. Established in 1995 by Dr. Richard W. Woodcock and Dr. Ana F. Muñoz-Sandoval in memory of Brody, a faculty colleague of Woodcock at WOU. Awarded to any under-represented, qualifying student with preference given to a first-generation college student, bilingual, with financial need and a strong academic record.

Brophy Scholarship. Established in 1996 in memory of Mrs. Marguerite Holmes Brophy, ’17, by her family. Awarded to any student majoring in elementary education with a strong academic record who is a resident of Jackson County, Oregon.

Caneen-Camber Scholarship. Originally established by the estate of Elizabeth S. Caneen in 1986 in memory of her grandfather, Albert Whitfield Lucas, one of the founders of WOU. Renamed in 1998 in memory of Bridget Camber by her family. Bridget was a great-great niece of Elizabeth Caneen. Awarded to any student.

Carroll Family Scholarship. Established in 1996 by Florence Carroll, ’38, in memory of her husband Lewis, ’35, and in honor of other family members who are WOU Alumni. Awarded to any student who has been a resident of Oregon for at least two years.

Centennial Scholarship. Established by the WOU Foundation in honor of Oregon’s Centennial Year of Oregon becoming a state. Awarded on merit to any incoming freshman.

Christy Scholarship. Established in 1979 by the family of the late Oscar Carl Christensen, a professor emeritus of science and athletics coach. Awarded to any returning student.

Class Scholarships. The following classes support scholarships named for their class years. These are awarded to any student with financial need.

- Classes of 1928 through 1938
- Class of 1940
- Classes of 1942 through 1944
- Class of 1946
- Classes of 1948 and 1949
- Classes of 1951 and 1952
- Classes of 1955 through 1987
- Classes of 1989 through 1996
- Classes of 1998 through 2002

Timothy Cowan Scholarship. Established in 2002 by Tim Cowan ’79. This scholarship is to be awarded to single parents with financial need.

Daniels Memorial Award. Established in 1972 by the family of James G. Daniels Sr. and Jr. Awarded to an incoming freshman or returning sophomore, majoring in education.

Next, scholarship amounts range from $1,000 to $3,600. Renewable up to a total of four years. Preference given to any traditional student.

Clifford E. Eberhardt Memorial Scholarship. Established in 2005 in memory of Clifford Eberhardt ’53. Awarded to a full-time student, with at least a 2.5 grade point average, whose intention is to become an elementary or middle school teacher.

James and Helen Ellingson Scholarship. Established in 2000 by Dr. James Ellingson, professor emeritus of secondary education, and his wife Helen. Awarded to an education junior or senior with financial need who has a goal of earning a bachelor’s degree in education.

Emeritus Society Scholarship. Established in 1989 by the Emeritus Society, a group dedicated to seeking and sharing intellectual pursuits. Awarded to a returning student.

Maxine S. Enney Memorial Scholarship. Established in 2002 by Harriet Gelinis in memory of her mother, Maxine S. Enney ’42. Awarded to students from the Hood River area.

Faculty Union Scholarship. Established in 2005 by the WOU Faculty Union to be awarded to students who have demonstrated financial need, matching equal amounts for male and female students.

Charles R. Gengler Memorial Scholarship for Elementary Education. Established in 1989 by Gail Gengler in memory of her husband, former professor of elementary education. Awarded to a full-time student with junior or senior status who has been admitted to the College of Education, majoring in elementary education.

Hewlett Packard Business Scholarship. Established in 2003, this scholarship is awarded to minority students from Oregon with junior or senior status who are seeking a degree in business.

Hiatt Scholarship. Established in 1996 by Dr. Margaret Hiatt, professor emeritus of education. Renewable up to a total of four years. Preference given to students intending to go into elementary education with financial need.
Hiatt-Faculty Scholarship for Elementary Education. Established in 1990 by professor emeritus of education, Dr. Margaret Hiatt, and elementary education faculty members. Awarded to a full-time student, in the College of Education, majoring in elementary education.

Albert A. and Martha G. Hoffman Scholarship. Established in 1991 by Albert, ’41, and his wife, Martha. First priority to a student who is a resident of the cities of Cornelius or Forest Grove, Oregon.

Charles and Helen Holt Education Scholarship. Established in 2005 by Helen Holt in memory of her husband, Charles Holt, ’43, ’46. Awarded to students with need who are majoring in education, with the intent to become teachers.

Melvin C. Irving Alumni Scholarship. Established in 2000 by Melvin C. Irving, ’47. Awarded to a senior in education with a strong academic record.

Mo and Patricia Jaffer. Established in 2001 by Mo Jaffer, professor emeritus of chemistry and his wife Patricia. Awarded to any student with financial need.

Kaye LeFrancq Scholarship. Established in 2001 by Kaye LeFrancq, ’57. Awarded to students majoring in elementary education with a goal of obtaining a bachelor’s degree. Recipients are required to complete business course BA 229, Personal Finance, and pledge to use budget and finance as part of their curriculum.

Roy E. Lieuallen Scholarship. Established in 1984 in honor of Dr. Roy E. Lieuallen, retired Oregon University System chancellor and former president of WOU. Awarded to any student.

Edwin H. and Bernita M. Lorence Scholarship. Established in 2004 by Suzanne Lamon in memory of mother Bernita M. Lorence and her step father Edwin H. Lorence who helped finance her college education. Awarded to full-time or part-time WOU students who demonstrate financial need and who currently, or will in the future, supplement their income by being employed during the school year.

MaPS Credit Union/Gary Sandifer Scholarship. Established in 2003 in memory of Gary Sandifer. Awarded to qualifying students residing in Marion or Polk County who have a sincere desire to build upon their education.

Minority Student Scholarship. Established in 2003 by an anonymous donor. Awarded to any minority student enrolled at WOU.

Blake Moranville Athletic Scholarship. Established in 2001 in memory of Lt. Col. H. Blake Moranville, ’66, former associate dean of students by his wife Mary and other family members. Awarded to a student athlete.

Dan Moss Memorial Elementary Teaching Scholarship. Established in 1999 in memory of Dan Moss, a Salem, Oregon teacher by his wife Joanne, ’83. Awarded to a student in elementary education.

S. Elizabeth Norberg Scholarship. Established in memory of S. Elizabeth Norberg, a friend of WOU. Awarded to any student with financial need.

Oregon Sheriffs Scholarship. Established by the Oregon Sheriffs Association for a junior student majoring in criminal justice with financial need.

OSU Federal Credit Union Scholarship. Established in 2002, this scholarship is awarded to any deserving WOU student.

Overholzer-Holaday Elementary Education Scholarship. Established in 1989 by Mary Holaday Murray, ’36, in memory of her mother, Ora Overholzer Holaday, 1902. Awarded to a full-time student in the College of Education.

Marci Pahl Memorial Scholarship. Established in 1994 in memory of Marci Pahl, a WOU student who died in a traffic accident in 1993. Awarded to students who are entering their senior year in elementary education with a bilingual focus.

The Parents Club Scholarship. Established in 1987. Awarded to WOU undergraduates based on financial need and merit who have shown leadership or participation in school activities.

Dr. Anton and Mildred Postl Scholarship in the Natural Sciences. Established in 1996 by Anton Postl, professor emeritus of chemistry and physical sciences, and his wife Mildred. Awarded to a student majoring in one of the natural sciences.

Presidential Scholarships. Established to support outstanding incoming students, providing generous support through four years of college.

Donna Buckingham. Established in 1986 by Donna Buckingham, ’70 and ’73, former president of WOU Foundation board of trustees.

Class of 1941. Established in 1981 by class of ’41 alumni.

Cornish Family. Established in 1988 by Dick and De Etta Cornish, friends of WOU.

Barbara Gates Alumni Scholarship. Established in 2000 by Barbara Gates, ’50. Preference to a student from Hillsboro, Forest Grove, Cornelius, or the Dalles, whose family have been migrant workers.

Dennis and Janice Young Scholarship. Established in 2004 by WOU Foundation Board Treasurer, Dennis Young, and his wife Janice. Awarded to full-time students whose major emphasis of study is business or a related degree in the Business/Economics Division.

University short-term funding

Provisions for installment payments and institutional loans are currently under review. Information will be available prior to the beginning of each academic year.

Loan fund sources

The Emergency Loan Program was established to help WOU students with short-term emergency financial needs. Funds for this program were donated to the institution. Borrowers are expected to repay their loans promptly so that the funds can be made available to other students.

Many individual loan programs are included in the emergency and short-term loan program:

- The Ackerman Memorial Loan Fund. Honors the late J. H. Ackerman, president of the college from 1911 to 1921.
- Alice M. Knuth Loan Fund. A student emergency loan fund established for music majors by Alice M. Knuth, professor emeritus of music.
- Alpha Delta Kappa, Epsilon Chapter Loan Fund. A memorial contribution of Inaas Edge Taylor Polite, an alumna of WOU.
- Elizabeth Binney Foundation Loan Fund. A memorial to Mrs. Edwin Binney Jr., a friend of WOU.
- Bruce Bradshaw Memorial Loan Fund. A memorial to Bruce E. Bradshaw, outstanding athlete and student.
- Donna Jean Buck Memorial Loan Fund. A memorial to Donna Jean Buck, outstanding student.
- William H. Burton Memorial Loan Fund. Established in memory of this alumnus.
- Clifford L. Corley Memorial Loan Fund. Honors the late Clifford L. Corley, former chairman of the Education and Psychology Department, and, at the time of his death, director of graduate programs.
- Jane Catherine Dale Memorial Loan Fund. Honors the late Jane Catherine Dale, former chair of the Humanities Department.
- Mike Davis Memorial Loan Fund. Memorializes Mike Davis, an outstanding student.
- Dillian Loan Fund.
- Tonie Neufeldt Endersby Memorial Loan Fund. A memorial to Tonie Neufeldt Endersby, outstanding student.
- James Fissel Memorial Loan Fund. Honors the late James Fissel, Spanish professor.
- Thomas H. Gentle Memorial Loan Fund. Honors the late Thomas H. Gentle, a leader in teacher education.
- Emma Henkle Memorial Loan Fund. Memorializes the late associate professor of education.
- J. S. Landers Loan Fund. Honors the late Joseph S. Landers, president of WOU from 1921 to 1932.
- Oma Belle McBee Memorial Loan Fund. Honors the late Oma Belle McBee, outstanding alumna.

University fee remission programs

The Oregon University System educational diversity initiative

The WOU Diversity Commitment Scholarship has been established to provide financial support to outstanding students from diverse cultural backgrounds and life experiences. Awards are renewable on a limited term basis and available to undergraduate students only. For eligibility information and application forms contact the Office of Financial Aid at 1-877-877-1593.

International Cultural Service Program (ICSP)

Provides tuition remission based on financial need to international students who will serve as global ambassadors in our local community. For information on this and other fee remission options for international students, contact Neng Yang, Director of International Students and Scholars Affairs at 503-838-8590 or email global@wou.edu.

Veterans educational aid

Information about federal and state veterans educational aid programs may be obtained from the Veterans clerk in the Registrar’s Office in the Administration Building. Federal Veterans Administration and State Department of Veterans Affairs offices also have information. Forms for application are available from the WOU Registrar's Office.

Rachel Phillips Loan Fund. A bequest of the late Mrs. Rachel Phillips of Oregon City.

Carol Pickering Memorial Loan Fund. In memory of Carol Pickering, outstanding physical education student.

Riddell Memorial Loan Fund. A memorial to Elizabeth and William Riddell.

James Samuelson Memorial Loan Fund. Memorial to James Samuelson, outstanding student.

Julia McCulloch Smith Loan Fund. A gift of John E. Smith of Ames, Iowa, in memory of his wife, Julia McCulloch Smith, a WOU graduate.

John N. Sparks Loan Fund.

Thelma T. Tethrow Memorial Loan Fund.

Beulah Stebno Thornton Memorial Loan Fund. Sponsored by Beta chapter, Delta Kappa Gamma, women’s educational society, in memory of Beulah Stebno Thornton of the faculty.

Western Alumni Association Fund.

Western Women Loan Fund. Established by faculty women, women of the staff and faculty wives.

Moms Club and Dads Club Loan Fund.

OCE-Western Oregon University Veterans Club Loan Fund.

OCE-Western Oregon University Veterans Club Loan Fund.
Registration and academic policies

Office of the Registrar
Registrar Nancy France

The academic year at WOU has three terms (fall, winter and spring) including 10 weeks of instruction and a final examination week. The summer session is not part of the regular academic year, although credits earned in summer session may count toward academic requirements. Students may enter at the beginning of any term, including summer session.

Students are responsible for ensuring that they are correctly registered. Registration for each academic term is held near the end of the previous academic term.

Students who have a registration hold on their record will be unable to register until the cause of the hold is satisfactorily resolved with the office responsible for placing the hold.

All students will be notified of their specific registration time approximately one week prior to the beginning of the registration period. Students may register at, or at any time after, the beginning of their assigned registration period.

Changes to a student's schedule may be made during the add/drop period at the beginning of each term. Courses may be added until 5:00 p.m. Pacific Time on the 10th academic day of the term. Courses may be dropped until 5:00 p.m. Pacific Time on the 30th academic day of the term. Students registered for courses for which they fail to meet the prerequisite or co-requisite course requirements may be dropped from the courses. Students registered for courses for which they fail to appear at the first two class sessions may be dropped from the class roster by the instructor. If dropped (for such reason) from the class roster by the instructor, the student must formally drop the course by submitting a drop form to the Registrar's Office on or before the official drop date or the student will otherwise be held academically responsible for the grade in the course.

Students are financially responsible for all courses for which they are registered regardless of the amount of participation in the course.

Summer registration information and a schedule of classes for summer session are contained in the official summer bulletin.

The Office of Disability Services arranges assistance during the registration process for students with disabilities. Those requiring assistance should contact the office before registration day.

Requirements for degrees

Associate in Arts degree
The Associate in Arts is a two-year program for students who have not chosen an area of specialization. The liberal arts requirements assure the student of a sound general education.
A minimum of 93 credit hours, including completion of the Liberal Arts Core Curriculum, MTH 105 (or above) and CS 101 (or above) and a minimum cumulative GPA of 2.0 (C) are required for the degree. At least 24 credit hours of the 93 must be taken on the WOU campus. At least 24 credit hours must be completed after approval of the individual program.

Bachelore's degree
Students must meet degree, program and other graduation requirements in the catalog in force at the time of their first enrollment after admission to WOU. Current bachelor’s degree requirements and programs are described in the undergraduate studies section of this catalog. Students may choose to graduate under a later catalog that is no more than five years old. Students should be aware, however, that requirements for teacher or specialist licensure may change, since such requirements are established by the Oregon Teacher Standards and Practices Commission.
Transfer students may choose to meet degree, program and other graduation requirements under the WOU catalog in force at the time of their first enrollment after admission either at WOU or at the regionally accredited institution from which they transferred to WOU. The admission date for a student who transfers from a community college that has no admission policies is the date the student first enrolled at the community college.

No catalog is valid for more than a five-year period.

Second bachelor's degree
A student who wishes to earn a second baccalaureate degree subsequent to the first degree must complete the following requirements:

- Fulfill all major requirements for the second degree which include a minimum of 36 additional undergraduate hours subsequent to the earning of the first degree, if the first degree was from WOU. If the first degree was from an accredited institution other than WOU, an additional 45 hours subsequent to the earning of the first degree must be earned.
- 75 percent of the additional hours must be earned at WOU.
- All course work earned toward the second degree must be taken with an A-F grade option.

Students earning a second bachelor's degree are not eligible to graduate with honors in that degree. A student who wishes to earn two baccalaureate degrees simultaneously must fulfill the LACC, all B.A./B.S. degree requirements and all requirements for two majors and one minor.

Master's degree
Requirements and programs are described in the graduate studies section of this catalog.

Filing of degree plan
Each student must develop a degree plan in consultation with a designated faculty adviser in his or her major and minor discipline, and file the plan with the Registrar's Office. Degree plans must be filed three terms prior to graduation; however, in most programs it is recommended that students carry out this process in their sophomore year.

Changes in degree plans, once they have been filed, must be approved by the student's faculty adviser.

Application for degree
Undergraduate students who wish to participate in the ceremony will result in a change to honors status. Commencement exercises at WOU take place once a year, in June. Students requiring verification of degree should request an official transcript from the Registrar's Office. Undergraduate candidates who meet the criteria and wish to participate in the June commencement must notify the Registrar's Office prior to deadlines before the commencement date. Undergraduate students who are within six credits of completing degree requirements at Western Oregon University, to be completed summer term only, may participate in the commencement ceremony. Students enrolling in these courses and who are interested in participating in the ceremony should contact the Registrar’s Office immediately.

Graduation/commencement
A student graduates from WOU when the Registrar's Office determines that all university academic requirements have been met. Graduation occurs at the close of any academic term. Upon graduation, a student's academic record is closed.

All incompletes in courses required for graduation must be completed and the grades filed with the Registrar’s Office before the end of the term in which graduation is planned, or graduation will be delayed. Incompletes received in the final term must be made up and the grades recorded in the Registrar’s Office within three weeks after the end of the final term.

The faculty at WOU recognizes scholarship by conferring honors distinction on undergraduate students who have earned a cumulative grade point average of 3.5 or better. These students must have been in regular attendance at the university, completing at least 45 credit hours on campus graded on an A-F basis. Distinctions of Cum, Magna and Summa Cum Laude are conferred on undergraduate students who have achieved a cumulative grade point average of 3.50-3.64, 3.65-3.79, and 3.80-4.0, respectively. Commencement honors determinations are finalized at the close of winter term. Neither subsequent grade changes nor the subsequent completion of incomplete academic work will result in a change to honors status.

Commencement exercises at WOU take place once a year, in June. Students requiring verification of degree should request an official transcript from the Registrar’s Office.

Graduate students who are within six credits of completing degree requirements at Western Oregon University, to be completed summer term only, may participate in the commencement ceremony. Students meeting these criteria and who are interested in participating in the ceremony should contact the Registrar’s Office immediately.
Class standing
- Freshman: 44 or fewer credit hours.
- Sophomore: 45-89 credit hours.
- Junior: 90-134 credit hours.
- Senior: 135 or more credit hours.
- Post-baccalaureate: holds a baccalaureate degree from an accredited institution and is working toward initial licensure or an additional baccalaureate degree.
- Graduate: holds a baccalaureate degree from an accredited institution and is working toward a master's degree or standard/continuing licensure.

Course numbering system
- 100-299: lower-division (freshman and sophomore) level
- 300-499: upper-division (junior and senior) level
- 500-599: graduate courses with undergraduate equivalents
- 500M-599M: courses available only to graduate students
- 700: in-service courses
- Enrollment: Ordinarily, a student may enroll in a course numbered one year beyond the class standing provided the prerequisite is met. For example, a sophomore (second year) may enroll in a 300 course under such conditions. Enrollment in a course numbered two years beyond a student's class standing is permissible only if prerequisites are met and the course instructor approves.

Courses numbered 400/500: Some courses are labeled 400/500 and may be taken for either undergraduate or graduate credit. Students may not take both courses of a 400/500 dual listing unless the subject matter is substantially different in the two courses. Students desiring to take both courses of a 400/500 dual listing should contact their academic adviser. Seniors who are within 12 credits of completing bachelor's degree requirements may petition for permission to enroll for up to a maximum of 12 graduate credits in courses numbered 500 for later use in a graduate program. Petitions are available in the Registrar's Office.

Courses Numbered 500M: Enrollment in courses numbered 500M is not open to undergraduates.

Grades
The grade-point average (GPA) is the quotient of total points divided by the total credit hours in which grades A through F are received. A minimum cumulative grade-point average of 2.00 (or C) is required for graduation.

Repeated course work. Students may repeat a course. Only the most recent grade will be computed in the GPA regardless of earlier grades. The student must request adjustment of grade-point averages on a form available in the Registrar's Office. Courses taken on an audit or pass-no credit basis may not be repeated.

Pass-no credit grading option. An undergraduate student may choose to take elective courses on a pass-no credit basis. Electives are courses other than those used to fulfill the Liberal Arts Core Curriculum requirements, bachelor's degree requirements and the declared major or minor requirements.

The instructor is responsible for describing the level of competency necessary for passing the course. When the option is used in a course also offered for letter grades (A, B, C, D, F), the passing level is equivalent to a grade of D or better unless otherwise designated.

Students taking a course on a pass-no credit basis must declare their intent during the registration process. The student then must continue and complete the course under the grading option chosen.

Hours earned toward graduation. Hours earned are those for which a student receives grades of A through D- or P. To graduate, a student must earn a minimum of 180 hours of credit.

Honor roll. An undergraduate student is eligible for the honor roll in any term, excluding summer session, in which at least 12 graded hours (A – D-) taken on campus are completed with a grade-point average of at least 3.50. A grade of F or NC precludes honor roll eligibility during the term in which it is received. Credits earned elsewhere in the same term and credits graded P are not accepted in computing the term GPA for honor roll purposes.

President's list. An undergraduate student is eligible for the president's list in any term, excluding summer session, in which at least 12 graded hours (A – D-) taken on campus are completed with a grade-point average of 4.0. Credits earned elsewhere in the same term and credits graded P are not accepted in computing the term GPA.

Undergraduate grading standards
The following descriptions convey the intent of letter grades used for the evaluation of undergraduate student performance at WOU.

Performance is understood to incorporate both extent of personal involvement and achievement of competence in theoretical, technical and/or aesthetic dimensions of course work, depending on the nature of course goals and expectations. Grades are meant to reflect how student work stands with respect to the level of performance of college students in such a course, as distinct from members of society at large.

- A: Excellent
- B: Above average
- C: Average
- D: Below average
- F: Unacceptable

Incomplete. A grade of 'I' may be assigned when the quality of work is satisfactory but an essential requirement of the course has not been completed for reasons acceptable to the instructor. To change an incomplete to a letter grade the student must complete the work within 12 months following the award of the 'I'. Special extension may be granted by petition, if approved by the instructor and the Registrar's Office, but for a period no longer than an additional 12 months. Beyond the maximum 24-month period the incomplete becomes permanent. At the discretion of the instructor the "I" may be retained or it may be changed to a grade.

X: No basis for grade. A grade of "X" may be assigned if there is no basis for grading the student, or the student has failed to appear for the course.

Maintaining a satisfactory grade point average
A student is doing satisfactory work when a GPA of 2.0 or better is maintained and substantial progress is made toward completion of graduation requirements.

Warning. A student failing to do satisfactory work in any term of the academic year receives an academic warning. If the GPA the following term (excluding summer term) and the cumulative GPA (for all college work) are 2.0 or better, the student is removed from warning. A student who receives an academic warning is required to meet with the director of the Academic Advising & Learning Center to discuss strategies for success.

Probation. A student on academic warning failing to do satisfactory work in any term of the academic year is placed on academic probation. If the GPA the following term (excluding summer term) and the cumulative GPA (for all college work) are 2.0 or better, the student is removed from probation. Students placed on academic probation are required to meet with the director of the Academic Advising & Learning Center to develop a plan for academic success.

Suspension. A probationary student whose GPA for any term of the academic year is below 2.0 will be suspended and will not be permitted to register again without the consent of the registrar. The procedure for applying for readmission begins in the Registrar's Office. To be readmitted, suspended students are required to enroll in and successfully complete the university's learning seminar.
Withdrawal

Two types of withdrawal exist. Students may withdraw from a course or from the university.

Withdrawal from a course
1. By completing the proper add-drop form, signed by the instructor, and by filing this form with the Registrar’s Office before the end of the sixth week of the term, the student may withdraw from any course without responsibility for a grade and no entry will be made on the student’s permanent scholastic record.
2. After the sixth week of the term, students can no longer withdraw from a class. A medical emergency or other catastrophic event are the only exceptions permitting withdrawal after the sixth week.

Withdrawal from the university
1. The student must complete an application for withdrawal from school, obtain the necessary signatures and return the form to the registrar’s office. The deadlines indicated above will apply.
2. In situations of emergency (accident, prolonged illness, etc.), a student may be permitted by the registrar to withdraw without academic penalty from the university at any time. Written verification may be required.

Challenging a course

When a student who is enrolled at least half-time presents evidence that his or her background provides proficiency in an academic course offered by WOU, the course may be challenged one time only by an appropriate examination. The student must interview with the appropriate division chair, or his/her designated representative, and provide convincing evidence of proficiency. If the interview proves favorable, the student should complete the appropriate form requesting the examination and have it signed by the division chair. An appropriate examination as determined by the department must be successfully completed (B or better if prescribed by the department). Undergraduates are limited to a maximum of 48 hours of challenged courses toward degree requirements, or a maximum of 15 credit hours toward initial licensure programs. Credit by examination is not applicable to a master’s degree or standard/continuing licensure programs. Credit hours earned through the challenge process may not be included as a part of the residence requirement. All such credit is ungraded (pass/no credit). A fee of $25 per credit (subject to change without notice) is charged. The Registrar’s Office has forms and further information.

Student records policy

Access to student records

WOU will endeavor to maintain only those records necessary to its educational purpose. With certain exceptions, a student has access to his or her own records for the purpose of review or, at the expense of the student, copying. Additionally, the student may challenge the content of any record pertaining to him or her and is entitled to a hearing, if desired, to assess the validity of the challenge.

Public notice designating directory information

WOU hereby designates the following student information items as public or “directory information.” Such information may be disclosed by the institution for any purpose, at its discretion.

- Directory information includes: student’s full name; dates of enrollment; local, permanent and electronic address(es) and telephone number(s); date and place of birth; parent(s)/guardian(s) name, address(es) and telephone number(s); participation in officially recognized activities and sports; weight and height of members of athletic teams; class level; program of study; numbers of credit hours earned (not grades); degrees and awards received; the most recent educational institution attended; job title(s) and dates of employment for student employees who have been or are paid from university administered funds.

Currently enrolled students may withhold disclosure of any item of information under the Family Educational Rights and Privacy Act of 1975. To withhold disclosure, written notification must be received in the Registrar’s Office prior to the end of the second week of classes, during the term of the academic year in which the student first enrolls. This restriction will be in force permanently, until rescinded by the student, in person with photo ID, or in writing with the student’s signature. Forms requesting the withholding of directory information are available in the Registrar’s Office.

WOU assumes that failure on the part of any student to specifically request the withholding of items of directory information indicates individual approval of disclosure.

Oregon University System Social Security Number disclosure and consent statement

As an eligible educational institution WOU must get your correct Social Security Number to file certain returns with the IRS and to furnish a statement to you. The returns WOU must file contain information about qualified tuition and related expenses. Privacy Act Notice — Section 6109 of the Internal Revenue Code requires you to give your correct Social Security Number to persons who must file information returns with the IRS to report certain information. The Internal Revenue Service uses the numbers for identification purposes and to help verify the accuracy of your tax return. For more information please refer to IRS code 6050S.

You are requested to voluntarily provide your Social Security Number to assist OUS (and organizations conducting studies for or on behalf of OUS) in developing, validating, or administering predictive tests and assessments; administering student aid programs; improving instruction; internal identification of students; collection of student debts; or comparing student educational experiences with subsequent work force experiences. OUS will disclose your Social Security Number only in a manner that does not permit personal identification of you by individuals other than representatives of OUS (or the organization conducting the study for OUS) and only if the information is destroyed when no longer needed for the purposes for which the study was conducted. By providing your social security number, you are consenting to the uses identified above. This request is made pursuant to ORS 351.070 and 351.085.

Provision of your Social Security Number and consent to its use is not required and if you choose not to do so you will not be denied any right, benefit, or privilege provided by law. You may revoke your consent for the use of your Social Security Number at any time by writing to the registrar.

Awards

As an incentive to exceptional achievement in scholarship and activities, several honors and awards have been made available to students.

Julia McCulloch Smith Award is given at commencement to the outstanding graduating senior woman.

Delmer Dewey Award is given at commencement to the outstanding graduating senior man.

Phi Delta Kappa, national men’s honorary education fraternity, presents an award each year to the outstanding senior man in education.

Leadership Recognition Night is held each spring to honor students’ outstanding leadership endeavors and contributions.

Veterans Administration standards

To remain in good standing for Veterans Administration educational benefits at WOU, veterans must make satisfactory progress toward their educational objective (normally a bachelor’s or master’s degree). Satisfactory progress means that each term the veteran must complete the minimum credit hours required with passing grades for the pay rate at which the veteran is certified, as shown on this table (for summer term information contact the Veterans’ Office): Veterans who drop below their minimum required hours after the fourth week will have their change in status reported to the VA within 30 days. Veterans not meeting the satisfactory progress requirements of the VA will be notified that they will be placed on probationary status, not to exceed one term, relating to the receipt of VA educational benefits. No Veteran student will have made satisfactory progress after withdrawal from all courses undertaken (unless there are extenuating circumstances) when enrolled in two or more courses or six credits.

Summary: Persons collecting VA benefits are responsible for ensuring that the courses they take will be applicable toward graduation in their specific program. Non-applicable courses can result in a demand by the Veterans Administration for repayment of benefits.
Student life
Student activities

Campus Recreation program

Director Rick Sedgwick

The campus recreation program offers a variety of recreational pursuits to the university community. Campus facilities (swimming pool, gym and racquetball courts, weight room, and indoor tennis courts) are available for use many hours during the week. During finals week, some of the facilities are open until 2:00 a.m. to provide students with a study break. Many outdoor facilities also are available, including a nine-hole Frisbee disc golf course located near the Grove. The campus recreation program employs a number of students as building supervisors or sports officials.

Intramural participation at WOU is very popular and offers a wide variety of opportunities. More than 70 different sports activities are offered for men/women or co-ed teams. Sports range from major team sports (flag football, basketball, indoor soccer, volleyball, softball) to individual and dual activities such as golf, chess, Frisbee golf, tennis, and racquetball. In some activities, winners may advance to regional competitions.

WOU has a number of sport clubs that provide competition, instruction, and opportunities to participate. Men’s soccer, water polo, lacrosse, men and women’s rugby, swimming, and crew are current examples. Involvement in campus recreation programs is encouraged at WOU with many students taking advantage of the variety of programs. It is an opportunity to play without the pressures of being involved in a competitive sport.

Entertainment and the arts

Throughout the year, WOU offers a wide variety of on-campus entertainment and arts events presented by student and professional groups.

The Art Department’s Campbell Hall Gallery provides art exhibits by professional artists of the Northwest, in addition to student exhibits. Student exhibits also appear in three other campus galleries.

Music organizations are active in performance and concert throughout the year. They include orchestra, jazz ensemble, concert choir, chamber singers, jazz choir, opera scenes and pep band.

The Western Theatre stages plays from Shakespeare to Samuel Beckett, including a musical every other winter term and every summer in conjunction with the Music Department. Student-directed and children’s plays also are presented.

The WOU Dance Theatre performs on the main stage each spring. Members are also involved in theatrical productions.

While campus groups give students a chance to perform and provide a regular source of entertainment, the Edgar H. Smith Fine Arts Series brings top names from the professional arts and entertainment world to campus.

Honor societies

Phi Alpha Theta. The International History Honor Society, Phi alpha Theta, was founded in 1921 with the purpose of distinguishing outstanding history students. It has more than 700 chapters and over 200,000 members. It publishes a national journal, The Historian.

The WOU chapter, Alpha Iota Xi, annually initiates new members and sponsors forums on historical and contemporary topics. Students also present papers at the Northwest regional and national conventions.

Phi Kappa Phi. The Honor Society of Phi Kappa Phi is a national society devoted to the promotion, recognition and support of outstanding scholarship and learning. Undergraduate and graduate students who have demonstrated superior scholarly and artistic accomplishment are invited to membership. Each year about 10 percent of the senior class, five percent of the junior class and selected faculty are eligible and invited.

The WOU chapter was founded in 1981. Since 1987 the chapter has annually sponsored Student Academic Excellence Week, which recognizes students and their scholarly and artistic accomplishments, and has helped to underwrite the Faculty Honors Award, which recognizes outstanding faculty research or artistic work.

Phi Sigma Iota. This academic honorary is open to students studying modern languages at WOU.

Psi Chi. The national honor society in psychology was founded in 1929 for the purpose of encouraging, stimulating and maintaining excellence in scholarship and advancing the science of psychology. Membership is open to undergraduate and graduate students who are making the study of psychology one of their major interests and who meet the minimum qualifications. Minimum qualifications include completion of 12 quarter hours of psychology, rank in the top 35 percent of their class in general scholarship, demonstration of superior scholarship in psychology by earning an average grade of B or better in psychology courses, and high standards of personal behavior. Each year, students meeting minimum qualifications are invited to membership.

The WOU chapter was founded in 1980. The chapter sponsors an annual research conference that includes poster and paper presentations to highlight student accomplishments.

Sigma Tau Delta. The Iota Sigma chapter of the International English Honorary Society, Sigma Tau Delta, was chartered at WOU in 1983 and is open by invitation to outstanding English students.

Lambda Pi Eta. The Nu Phi chapter, an accredited international honor society of the National Communication Association, was chartered at WOU in 2001 and is open to all speech communication majors and minors who meet the requirements for the honorary distinction.

Intercollegiate athletics

Athletic Director Jon R. Carey

Western Oregon University offers a broad-based athletic program that has developed a strong tradition of excellence. WOU offers 13 sports and is a member of the NCAA Division II. We offer men’s sports of cross country, football, basketball, baseball, indoor and outdoor track and field. Women may participate in cross country, soccer, volleyball, basketball, softball, indoor and outdoor track and field.

The intercollegiate athletic program is dedicated to providing a high-quality competitive experience at the most appropriate level of competition, for the greatest number of WOU students that our resources allow. Central to this mission is the belief that athletics are an integral part of the total education of the students involved in our programs. Our coaches provide outstanding coaching and instruction in an environment that fosters high-level athletic performance, dedication to academic achievement, exemplary sportsmanship, a commitment to personal and team excellence, and a healthy competitive desire.

WOU and the NCAA

Western Oregon University is the only NCAA Division II institution in Oregon. Membership in the NCAA Division II provides the opportunity for student athletes to compete at a level of competition not available anywhere else in the state. Western Oregon University is a member of the Great Northwest Athletic Conference which is made up of the NCAA members from Oregon, Washington, California and Alaska. For more information about particular sports, please contact the Department of Intercollegiate Athletics at 503-838-8252.
**Academic eligibility requirements**

The NCAA has established academic requirements for participation in intercollegiate athletics. Freshman student athletes must be certified by the NCAA Initial Eligibility Clearinghouse. Information regarding the clearinghouse and first-year eligibility is available from high school counselors or online at www.ncaaclearinghouse.net. Transfer student athletes are urged to contact the coach of their sport or the director of athletics. The NCAA has also established academic standards related to satisfactory academic progress for continuing student athletes. In general, completion of an average of 12 credit hours per term of courses applicable toward your degree will meet this requirement. Contact your coach or the Director of Athletics for specific details regarding this requirement.

**Facilities**

Students have access to a variety of impressive athletic facilities. Two physical education buildings, the football stadium, weight room, indoor and outdoor tennis courts, handball and racquetball courts, dance studio, swimming pool, and fields for baseball, softball, and soccer offer abundant opportunities for students.

In 2005 the track oval was reconstructed and now provides a high-quality practice surface and competitive venue for our track and field team. Recent improvements to our baseball stadium, soccer field and gymnasium also reflect an upgrade in competition.

Athletics at WOU are progressively moving forward into the future. The opportunity for high-level competition, combined with quality coaching in an outstanding academic environment, has attracted the outstanding student athletes that represent Western Oregon University on the athletic fields.

**Student government**

The Associated Students of Western Oregon University (ASWOU) is the official governing body of the students. All WOU students are members of ASWOU by virtue of having paid tuition and fees. Students can have a major role in decision-making at the university through student government. ASWOU has three branches including a policy-making legislative branch, a policy-implementing executive branch and a policy-interpreting judicial branch that also administers elections. According to its mission statement, student government serves as a voice for students. ASWOU is committed to: providing opportunities, activities and services to students; representing students’ interests; and advocating for students’ rights. For more information on how to get involved in student government, contact the ASWOU office at 503-838-8303.

**Student leadership and activities**

**Director Denise Galey**

The Student Life Office functions to enhance and complement WOU’s academic mission. The staff assists students in assessing their developmental progress through their university careers. Programs offered by student life expose students to opportunities for more experiences and participation that aids each student’s continuing personal growth.

WOU’s student leadership and activities program provides services to students in the following major areas: leadership development, non-traditional student services, registration of events process, special awards programs and major campus programs such as Family Weekend and Focus on Leadership. The activities provided to students at WOU enhance social, recreational, and cultural development by fostering participation in the social, intellectual and aesthetic life of the campus.

**Leadership development**

Leadership development at WOU provides both formal and informal opportunities for students to develop and refine leadership skills. Students have the chance to attend programs and workshops, as well as get involved in more extensive and directed participation in leadership development experiences. In the past, students have enjoyed individual, small and large group exposure to skill development opportunities. Leadership experiences gained from participation in self-governing organizations and programs also encourage the development of civic responsibility.

**Student media**

The "Western Oregon Journal" is the official student newspaper and is distributed every Wednesday. “Northwest Passage” is the campus literary art magazine published once a term. WSTV, the student-run television station, provides the campus with a variety of student-produced information and entertainment television programming. Students are encouraged to participate in student media, regardless of previous experience.
Student services

Vice President Gary Dukes

The Office of the Vice President for Student Affairs provides general liaison assistance to students. The vice president is responsible for all student-related services which include Campus Recreation, Service Learning and Career Development, Campus Judicial Affairs, Disability Services, Multicultural Student Services, Student Enrichment Program, Student Health and Counseling Services, University Residences, Campus Dining, Student Life and Upward Bound.

The Division of Student Affairs fosters students’ academic, personal and professional growth; educates students to respect and appreciate diversity; and prepares students to be responsible and engaged citizens in a global community.

The Office of Student Affairs is located in the Werner University Center. The phone number is 503-838-8221; e-mail studentaffairs@wou.edu.

Manager Kristi Dopp

The WOU Bookstore is located on the upper level of the Werner University Center and is open Monday through Friday from 7:30 a.m. to 5 p.m. and Saturday from 10 a.m. to 2 p.m. (and longer for campus events). Students can find textbooks and supplies for classes as well as general interest books and valuable study aids. The bookstore also stocks gift items, greeting cards, personal care items, magazines, snacks, university clothing and merchandise, art and office supplies and much more. Special orders are available at no additional charge. Purchases also can be made online at bookstore.wou.edu.

Food Service Director Karen Nelles, R. D.

Valsetz Dining Hall, centrally located near the residence halls, is the main location for the resident meal plan. Meals are available from early morning until late at night, enabling residents to develop varied academic and social schedules. The design of the food court, located in Valsetz, offers varied menu choices including: Valsetz Baking Company (fresh baked pastries, desserts and pizza), Centre Stage (display and grill cooking prepared fresh in view of customers), Wok n’ Waffle (self-cook, stir-fry and Belgium waffles), Homestyle (traditional and ethnic menu items), Deli Soup & Salad Bar and Carbo Centre (grab & go packaged items and beverages). Valsetz Food Court is open from 7 a.m. to 11 p.m., Monday through Friday; and 8 a.m. to 11 p.m., Saturday and Sunday.

Werner University Center has several dining locations. Wolf Express is a small convenience store that sells hot and cold beverages and snacks. Its grab n’ go atmosphere is great for the student on the run and Monday through Friday from 7:30 a.m. to 6:30 p.m. and on Saturday, noon to 4:30 p.m. Caffè Allegro, open Monday through Friday from 7:30 a.m. to 5 p.m., offers espresso drinks, baked goods and sandwiches. The Wolf Grill and Western Deli serve hamburgers, fries, grilled and deli sandwiches, salads, vegetarian entrees, soups, stir-fry, and much more. It is open for lunch Monday through Friday. The Den, an after-hours place to relax, is open Sunday through Thursday 6:30 p.m. through midnight, Friday and Saturday 6:30 p.m. through 2 a.m. All the restaurants accept the Resident Meal Plan, the Wolf Bonus Account and cash for purchases. The Wolf Bonus Account is a meal plan available to off-campus students, staff and faculty.

Multicultural Student Services and Programs

Director Anna Hernandez-Hunter

The Office of Multicultural Student Services and Programs, in collaboration with the campus community, strives to create an environment that is supportive, educational, and which celebrates individuals’ backgrounds and experiences. Events, programs and services assure students will not only find support to achieve their educational goals but will also receive encouragement to share and learn about their own cultural heritage and of those around them. Specific services include:

- Assist prospective students and their families with the admissions and the university processes
- Organize and present workshops focused on preparing students to enter higher education
- Provide personal support and guidance to currently enrolled students
- Assist with general academic and career advisement
- Make students aware of scholarship and financial aid opportunities
- Connect students to educational resources on-campus and off-campus
- Advise the Multicultural Student Union (MSU)
- Assist MSU with the organization and implementation of campus-wide cultural events. These include: Dia de los Muertos, MSU Pow-Wow, African American Celebration, Women of Color Celebration, and Nuestra Fiesta Latina
- Advise Movimiento Estudiantil Chicano de Aztlán (MEChA)
- Assist MEChA with campus-wide events including: Chicanito Tour, Holiday Food Baskets and Chicano Week - Volés de la Raza
- Network and establish ongoing communication between community based organizations/programs and the WOU campus.
- Coordinate the Diversity Achievement Scholars Program

Please contact the Office of Multicultural Student Services and Programs at 503-838-8195.

Non-traditional student services

WOU defines a non-traditional student as a student who is 25 years of age or older, has children, or is returning after a break from school. The non-traditional student program at WOU is designed to serve these students. The program recognizes that non-traditional students may have different needs and priorities than traditional students. The Student Life office provides these services and programs. The program features a lounge for non-traditional students, where students can study, exchange information and socialize. An emergency locator service allows staff to quickly locate students on campus in case of an emergency. This is especially useful for student parents. Assistance is provided to non-traditional students with locating child care and study groups, as well as recreational activities. A newsletter is mailed out each term to inform non-traditional students about services and events.

Staff members are available to address concerns of non-traditional students in order to assist them in making their university experience rewarding and successful. A non-traditional peer advisor is also available for counseling. Students have enjoyed individual, small and large group exposure to non-traditional student issues and concerns. This exposure has helped many of WOU’s non-traditional students successfully make the transition to the university.

Office of Disability Services

Director Phillip A. Pownall

The Office of Disability Services facilitates appropriate accommodations on campus for students and visitors with disabilities. Services provided by the office help ensure that students with disabilities are able to participate fully in all of WOU’s programs and activities. The needs of each student who has a disability are assessed on an individual basis so that each receives the most appropriate accommodations and/or support.

The following list of services provided by the Office of Disability Services are the most commonly requested.

- **Accessibility assistance**: wheelchair accessibility to buildings and campus grounds, communication equipment (FM systems, audio-looped rooms, TTYs, closed caption decoders, amplified phones), CC-TV, Braille, scanner, voice output computer access and other technical equipment
- **Accessibility aides**: notetakers, readers, transcribers, classroom assistants, exam proctors
- **Advisement**: academic, career, personal/social
- **Advocacy**: for appropriate accommodations, alternative testing, preferred accessibility aid
- **Communication aides**: Sign language
interpreters who use student’s preferred signed communication mode (from ASL to MCE), and oral interpreters are provided upon request for classes, school sponsored activities, and meetings with faculty and staff.

- **Empowerment**: Through networking groups, workshops and interaction with the office staff, students learn of their rights and how to obtain services they need.
- **Leisure and social activities**: Accessibility assistance and aids are provided to encourage and support the students’ full participation in all parts of campus life.
- **On-campus housing**: accessible to deaf, hard of hearing, blind students and students using wheelchairs or other assistive mobility aids
- **Orientation**: to the campus and services provided by the Office of Disability Services as well as general university services available
- **Referral**: to other programs on- and off-campus.

Please contact the Office of Disability Services for more information at 503-838-8250 V/TTY or e-mail ods@wou.edu.

**Service Learning and Career Development**

**Director Michael Hampton**

The Office of Service Learning and Career Development connects students with career and graduate school related experiences in the community, the workforce and the world. Services include:

- **Current on-campus, off campus, full-time, part-time, work-study and non work-study job postings**
- **Internship opportunities and information**
- **Alternative break trips**
- **Short-term and long-term volunteer opportunities**
- **Mock interview sessions**
- **Job search coaching**
- **Career and internship fairs**
- **Choosing a major or career-field consultations and assessments**
- **Job shadow and informational interviewing resources**
- **Resume critiques**
- **Graduate school admissions preparation programs**
- **Connections to recruiters**
- **Many more experiential learning opportunities**

Students are encouraged to take advantage of the following services:

**Career advising**: qualified personnel to help in decision-making and planning; aids for self-assessment of skills, interests and values

**Career programming**: scheduled events throughout the year designed to raise the awareness and knowledge of career-related issues and occupational opportunities

**Job search skills development**: seminars on job search topics, mock interview opportunities and a convenient resume critique service

**Career exploration opportunities**: centralized location for job shadow, internship and summer jobs resources and opportunities

**Career resource library**: books, periodicals, directories and other references on career development topics; occupations; job search topics; employer information; and full-time, summer job and internship clearinghouse

**Annual job and career fairs**: opportunity to learn of full-time, summer and internship career opportunities and interview with employers at the annual OLAPC Jobs Fair (Oregon Liberal Arts Placement Consortium, of which Western Oregon University is a member) and at the Oregon Professional Educator’s Fair, both held each April in Portland, as well as on-campus job fairs

**Employer recruiting**: centralized location for career-related full-time, part-time, summer and internship openings; interview opportunities with campus recruiters; electronic job listing access through monstertrak.com

Service Learning and Career Development is located in the Werner University Center, lower level, room 119. All students are encouraged to come by Monday through Friday, from 8 a.m. to 5 p.m. Appointments can be made by calling 503-838-8432 or visit the Web page at: www.wou.edu/student/career for online resources day and night.

**Alternative spring break**

This program places small groups of Western Oregon University students in communities to engage in community service and experiential learning during school breaks. Students from a diversity of years and majors, led by two site leaders, work in conjunction with volunteer and community agencies to focus on a wide variety of social issues. The inaugural trip went to Montrose, Colorado to build homes as part of Habitat of Humanity’s Collegiate Challenge.

**Student employment**

All WOU students interested in employment (on-campus, off-campus, part-time and work study positions) can find openings on the Student Employment Web site at www.wou.edu/student/career/studentemployment.html. Hard copies of job openings are located in the Service Learning and Career Development office in WUC 119. Jobs are updated frequently as new postings arrive daily.

**Student Enrichment Program**

**Director Don Boderman**

The Student Enrichment Program (SEP) is a U.S. Department of Education grant-funded program. It is located in the Academic Programs and Support Center, room 201, and is designed to assist students in finding success in their college experience. SEP students benefit from academic, career and personal advising; availability of equipment (laptop/desktop computers, calculators, recorders, etc.) for checkout; progress monitoring; success seminars and tickets to campus cultural events. The program also offers free credit courses: ICS 103 becoming a master student; ICS 105 becoming a critical thinker; ICS 106 becoming a career planner; and ICS 109 summer bridge.

The program is designed to help students to develop the writing, math, learning, critical thinking and career planning skills necessary to succeed at WOU; and to maintain a GPA necessary to achieve individual goals while developing the interpersonal communications skills necessary to excel in college. Students will make a commitment to WOU as they integrate into the campus community and discover ways to achieve autonomy while maintaining a sense of confidence. For more information, visit us online at www.wou.edu/provost/se.

**Student Health and Counseling Services**

**Interim Director Vickie Simpson**

**Health Services**

Medical services for students at Western Oregon University are available at Student Health and Counseling Services located on Church Street across from the southwest entrance to the Werner University Center. Students who are registered for nine credit hours or more may pay a student health fee each term that entitles them to the use of services offered at Health Services. Additional charges are assessed for medication, laboratory testing, medical supplies, a physical, a women’s health care annual exam or a special procedure. Students registered for fewer than nine credits may elect to pay the student health fee, which makes them eligible to receive services for that term.

Eligible students may call between the hours of 8 a.m. and 5 p.m. Monday through Friday to make an appointment with one of the health care professionals. Health Services is staffed by a physician, licensed mid-level practitioners and medical support staff.

A full list of the services and explanation of the Health Service Fee are available online at www.wou.edu/student/health.

Please note: A WOU health history form must be completed by each student, showing current immunization dates. In fall of 1992, the Oregon State Legislature passed a regulation requiring students at four-year institutions to have had a total of two measles immunizations after the age of 12 months. Registration will be withheld for the second term of classes until the requirement is met. The regulation does not apply to those born prior to January 1, 1957.

**Counseling Services**

Professional, confidential counseling for WOU students is available from Counseling Services. Counseling is designed to assist students in changing behaviors and addressing their individual concerns so that they can focus their energy on a successful and rewarding academic experience. Individual counseling, vocational exploration, support groups and workshops are offered as well as referral resources and consultations with medical,
The residential communities are grouped on the north end of campus with the farthest point of the campus a walk of no more than 10 minutes. There are three styles of residential communities on campus including: apartment style (four students in a four bedroom/two bathroom apartment with a full kitchen), suite style (where rooms are accessed from outside and include a private bathroom), and traditional floor arrangements of smaller rooms with a shared bathroom down the hall. Two halls have areas accessible to students who use wheelchairs.

A limited number of two-bedroom apartments and townhouses is available for married students or students with dependents.

**Housing Policies**

- Because of the educational function of residence hall living, all students without dependents who enroll at WOU within one year of high school graduation must live in university-operated housing. Exceptions must be approved through the Office of University Residences. Many upperclass students also choose to live in the residence halls because of the convenience and available services.

- Room and board charges are contracted for the full academic year. Upperclass students have a term contract option; they may apply for housing on a term-by-term basis. An additional fee of $150 is assessed at the time of application for this option. If the student withdraws from the university, the contract is terminated as of the date the student officially checks out of campus housing.

- Applications for fall term housing should be made before May. An application form may be obtained from WOU’s Office of University Residences. A $35 non-refundable application fee is required at the time of reservation. Students who are found to be ineligible for admission to the university will receive a refund of the application fee.

- Room and board fees are payable each term at registration. Payments can be made for the entire year or by the full term. Refunds are made on a pro-rated basis from the day on which the student checks out of campus housing.

- Rates for a standard room are $6,190 with meal plan #3. This also includes social activity fees, telephone/voice mail/caller ID fees, computer network access fees and cable television. Other meal plans and room designations are offered.

- Costs may vary. On opening day of fall term, students may check into campus housing from 9 a.m. to 5 p.m. During winter and spring terms, check-in is from noon to 5 p.m. on the Sunday before the first day of classes.

- The university reserves the right to enter residence hall rooms for inspection, repair or other official business.

- Correspondence and housing application requests should be directed to:

  **Office of University Residences**

  **Western Oregon University**

  345 N. Monmouth Ave

  Monmouth, OR 97361

  503-838-8311 (TTY)

  www.wou.edu/student/residences

  E-mail: housing@wou.edu

The residential community is designed to maximize the personal growth and development of students within a collegiate living environment, foster academic success and co-curricular activity, and engage students in meaningful opportunities for self-exploration. The residence hall peer group provides a rich and diverse framework within which students may affirm values, learn from different perspectives, assume responsibility for actions and participate in building a community of learners.

To this end, University Residences provides experiences where students may practice good decision-making, assume leadership roles, and set and achieve reasonable goals. Support and assistance in identifying resources for residents is available and the staff purposefully involves students in planning and implementing programs and in managing the physical environment to the benefit of all residents.

Residence hall students are expected to assume personal responsibility for understanding university policies and for contributing to the community in a positive manner. Residential staff members facilitate this responsibility and intervene when policies or standards are not upheld.

Opportunities for involvement include working with the Residence Hall Association or Judicial Board, planning programs for residents, working with faculty members, serving on institutional committees and boards, participating on hall intramural teams and, in general, taking part in activities to create a dynamic living environment.

**Off-Campus Housing**

The Office of University Residences maintains a list of available off-campus housing. Brochures are available at the office or may be found access the list online at www.wou.edu/student/residences.

There are no fraternity or sorority houses.

**Werner University Center**

**Director Denise Galey**

The Werner University Center serves as the gathering place for the campus and provides a variety of services and programs to meet the needs of the campus community. Facilities include an art gallery, various food outlets, meeting rooms, administrative offices, the WOU Bookstore; and The Den, WOU’s late night student social center. Student government offices also are located in the building, as well as Campus Recreation, student activities and programming, a student computer lab, a non-traditional student lounge, and student services offices. The "Western Oregon Journal," the official student newspaper of WOU, and other student media are located on the first floor of the facility. The Werner University Center serves as an information center, providing the campus with details about current student activities and special events.
Academic Advising and Learning Center
Director Karen Sullivan-Vance

Academic Advising Center
Academic advising at WOU is a developmental process designed to help students define their life and career values and goals in relation to their academic plan. Both the student and adviser have a shared responsibility in the ongoing dialogue that helps students maximize their educational experience at WOU. All undergraduate students are required to meet with their academic adviser at least once each term, prior to registration, and are encouraged to meet with their adviser when they have questions about their educational goals.

Students have access to faculty advisers in their major and minor areas of study. In addition, the Academic Advising and Learning Center’s (AALC) professional advisers can advise students about requirements, along with pre-education and undecided students.

The Academic Advising and Learning Center works with:

- Students to identify their life and career goals in relation to possible academic programs
- Undecided students who are exploring different majors
- Students transferring into WOU from another institution
- Students on academic warning, probation or suspension
- Academic requirements for graduation, including the Liberal Arts Core Curriculum (LACC)

For more information, call 503-838-8428 V/TTY, e-mail advising@wou.edu or go to the Web page www.wou.edu/advising.

Learning Center
Academic skills, including study skills and time management, are essential for college success. The Learning Center helps students assess their current academic skills and develop new skills to help them become successful. Services are provided to WOU students at no charge.

Services at the Learning Center include:

- Peer tutoring in most academic subjects by appointment
- Drop-in math tutoring hours
- Tutor-assisted study groups
- Individual study skills assessment and assistance (time management, test taking, note taking, listening, textbook reading, etc.)
- Study skills resource library (videos, books, software and handouts)
- Resource study material for tests (CBEST, Praxis, GRE)
- Student computer lab

Tutoring assistance is offered in most academic subjects by peer tutors who have been recommended by faculty. The tutor’s goal is to help students improve their knowledge, and develop better study habits. Students must be currently enrolled in the requested class at WOU for tutoring. For more information, call 503-838-8501, 503-838-8428 TTY, e-mail turnerj@wou.edu, or go to the Web page www.wou.edu/learning.

Library and Media Services
Director Gary D. Jensen

WOU’s Library and Media Services strives to meet your academic and personal information and media needs. Faculty and staff members help you learn to select and use appropriate technologies and sources of information.

Library and Media Services has two locations: the Hamersly Library and areas within the Instructional Technology Center. Hamersly Library has varied print and electronic collections, scholarly books, K-12 curricular materials and state-adopted textbooks, journals, newspapers, government documents, audiovisual materials, online resources and other materials. A valid WOU identification card is needed to check out materials. The library is a member of the Orbis Cascade Alliance, which allows WOU students to order books from other Oregon and Washington colleges and university libraries through the Summit online catalog. Alternatively, you can visit Summit libraries and borrow their books directly by presenting your WOU ID card to the circulation desk.

Services and resources in the Hamersly Library include:

- Reference assistance and instruction
- Orientations and class presentations
- Course reserves
- Electronic indexes, full-text resources and Internet access
- WOLF, the online catalog and its extension Summit, which lists the holdings of 30 college and university libraries in Oregon and Washington
- Oregon State Adopted Textbooks and other curricular materials for K-12 teaching and learning
- Periodical collections in print, microform and online holdings
- Audio and visual materials such as DVDs, CDs, slides and tapes of public television programs
- Interlibrary loans, including 48-hour delivery of Summit materials and Web-delivery of articles
- Archival material documenting the history of WOU
- Classrooms, conference rooms, group study rooms and a student lounge
- Media equipment, including TV monitors, VCRs, DVD, CD, and cassette players
- Services and equipment for students with special needs
- Photocopying, scanners and microfilm scanners and printers
- Computer lab, laptops to checkout, and wired and wireless network connections for personal laptops

International Students and Scholars Affairs
Director Neng Yang

The Office of International Students and Scholars Affairs promotes intercultural learning and international understanding by facilitating the recruitment, admissions, transition and support of international students and visiting scholars. The presence of international students on our campus provides opportunities for everyone to learn more about other peoples, cultures and perspectives in our world.

The International Students and Scholars Affairs office provides services to WOU’s international students and faculty. Advisors are available to assist international students and their dependents with immigration, housing, employment and personal and academic issues. This office is responsible for maintaining the F-1 Student Program and the J-1 Exchange Visitor’s program designated by the U.S. Citizenship and Immigration Service and the U.S. Department of State.

International students have many opportunities to share their culture and knowledge with the campus and community through the International Cultural Service Program, International Club, internationalized curriculum and a wide variety of campus student activities. For more information, visit www.wou.edu/internationalstudents.
• Exhibits, artistic and artifactual, of university and regional interest

The Web site for Library and Media Services, www.wou.edu/library, provides access to electronic indexes and databases, as well as other information and services. These resources may also be accessed from off campus.

Copy Services
Self-serve photocopying options are available in the following areas:

• Werner University Center, WUC Lobby
• Hamersly Library, HL 105 and HL 215
• Technology Resource Center, ITC 205
• WOU Print Shop, ITC 112

Print Shop
The Print Shop offers digital high-speed duplication and off-set printing options for simple or complex projects. The staff is available for pre-print consultations for complex jobs, custom orders and quotes on request. Services and options are listed online at www.wou.edu/printshop.

Print Shop is open 8 a.m. to 5 p.m. Monday through Friday. The phone number is 503-838-8431.

Video Production Services (VPS)
VPS offers many services to the campus. Video conferences between remote sites and the campus are available in a studio facility that accommodates 28 people. Satellite downlinking capabilities include program taping as well as transmission to the Hamersly Library and other campus locations. VPS staff provide audiotape, videotape and disc duplication services through the Print Shop. A multimedia production team covers university events and classroom-related activities. Studio and field productions include sport events, lectures and many other campus events. Videographers offer consultation to clients who are planning projects. VPS operates and provides technical support for WIMPEG, the community access cable channel in the Monmouth-Independence area. WIMPEG is a partnership between the university and the cities of Monmouth and Independence. Campus-produced shows are featured on the channel. A community billboard features campus and community events. Visit www.wimpeg.org for an online billboard submission form and more information about the channel, including the weekly schedule.

Video Production Services is open 8 a.m. to 5 p.m. Monday through Friday. The phone number 503-838-8976.

Study Abroad and International Exchanges

Director Michele V. Price
studyabroad@wou.edu

The Office of Study Abroad and International Exchanges promotes intercultural learning and international understanding by facilitating the movement of students and scholars across international borders for educational purposes. Student who study abroad or participate in international internships increase their global awareness, develop their critical thinking and problem solving skills, develop greater self-confidence and gain experience that helps them achieve their personal and career goals.

WOU prepares students to operate in a global society through study abroad options, attending classes and interacting with individuals from various backgrounds, and enrolling in international internships to gain work experience in their chosen fields.

A variety of study abroad programs and international internships is available through this office. With locations in Europe, Asia, Central and South America, Africa, Australia and New Zealand, these programs provide students intense cultural, educational and professional experience. Study abroad and international internships are not just for those students who are studying foreign languages. WOU offers programs at sites that do not have a language requirement, and some programs are offered in English speaking countries. Qualified students may study or work abroad for a summer, a quarter, a semester, or a year and continue to earn credit toward their degrees. In addition, they may use financial aid toward program expenses.

The Study Abroad and International Exchanges office reviews study abroad and international internship/fellowship applications; reviews and resolves difficulties related to overseas study; manages pre-departure orientation; evaluates and assesses programs; and maintains an overseas study database and related informational resources. For more information, visit www.wou.edu/studyabroad.

The Teaching Research Institute

Director Meredith Brodsky

The mission of the Teaching Research Institute is to inform and facilitate change in educational and human service systems that improves the quality of life for individuals. To attain this vision, the Teaching Research Institute conducts a comprehensive, multi-disciplinary program of research, evaluation, program/model development, serving both typical and special populations of all ages at the local, state, regional and national levels. The Teaching Research Institute is guided by partnerships with consumers, families and practitioners and measures the effectiveness of its work by its impact on their lives.

Projects at the Teaching Research Institute are funded through a variety of sources: U.S. Department of Education, Office of Special Services, Maternal Child Health Bureau, National Institutes of Health, State of Oregon agencies, and private funding. For further information, please see www.tr.wou.edu.

University Computing Services

Director Bill Kernan

Computer labs and classrooms: Academic computer labs and classrooms are located throughout the WOU campus; our focal point lab is located in Academic Programs and Support Center (APSC) 101. This lab contains approximately 75 computers, while other main labs can be found in the Werner University Center, library, and the ITC complex. Various computer classrooms contain approximately 20 computers and an instructor’s station and are located in the ITC complex and available for lab use during non-instructional times. Smart classrooms are located throughout campus with more being developed each term. These smart classrooms use the latest technologies to aid in the instructional process. A showcase classroom is in ITC 211.

Data network: Faculty, staff and student computers are connected to a 10/100/1000 megabit ethernet wired/wireless network. Storage space for class projects, Web, wikis, etc. are available for all faculty, staff and students.

Desktop support: Campus computers are supported under a maintenance agreement with University Computing Services. Basic hardware and software are maintained to provide a standard level of support to campus-owned computer equipment. This includes hardware troubleshooting, software installation, new equipment distribution, and preventative maintenance against malware and virus threats.

Service request desk: Provides a point of contact where IT hardware and network related issues are evaluated and prioritized. Issues requiring assistance are responded to by the next available technician. This service is available 24/7 by calling ext 8-8925.

Writing Center

Director Katherine Schmidt

The Writing Center is designed specifically for WOU students and their writing. The center offers friendly and knowledgeable one-on-one assistance with writing projects from any class and any level of instruction. Students who visit the Center to brainstorm, write, refine and revise their writing often discover that one 30-minute session makes an incredible difference in the way they understand the particular assignment; and students who routinely visit the center often experience profound changes in the way they understand themselves as writers, as thinkers and as students.

Peer writing consultants are trained to talk with student writers about their ideas, rhetorical choices and basic assignment-meeting abilities. Consultants assist student writers by simulating, through dialogue, something similar to the internal conversation of an experienced writer during the writing process. While the center’s consultants avoid “fixing” writing, they do help students become conscious of, and proactive about, error patterns that emerge in their writing.

The Writing Center is located in the Academic Programs and Support Center, Room 301, and is open Monday through Thursday, 9 a.m. to 5 p.m., and on Friday from 9 a.m. to 3 p.m.
The College of Education

Dean Hilda Rosselli

The College of Education’s mission is to prepare professionals who are academically strong, affirming of diversity, competent in all aspects of their desired careers and prepared to contribute as leaders in their fields.

The College of Education offers programs that prepare teachers at all levels, rehabilitation counselors, sign language interpreters, and professionals in health education and exercise science.

The College of Education is accredited by Oregon Teacher Standards and Practices Commission, Northwest Association of Schools and Colleges, and National Council for Accreditation of Teacher Education. Admission to teacher education is competitive. Requirements include a minimum 2.75 GPA, passing national teacher examinations, documented experience working with children/youth, and an interview with faculty. The College of Education Web site is an excellent resource for current information: www.wou.edu/education.

The College of Education has three divisions: Teacher Education, Health/Physical Education and Special Education.

Health/Physical Education Division
Division Chair Linda Stonecipher
Responsible for teaching endorsements in health education and physical education. The division also offers programs in physical education and health. More detailed program information can be obtained by contacting the division at 503-838-8252, by e-mail: halls@wou.edu, or on the Web at www.wou.edu/education/healthpe.html.

Regional Resource Center on Deafness (RRCD)
Director Cheryl Davis
RRCD boasts a 30-year history of preparing professionals to work with individuals who are deaf or hard of hearing. RRCD currently receives $1.3 million in federal grant funding from the U.S. Department of Education supporting three degree programs and three continuing education programs. Students in the three degree programs, focusing on counseling/rehabilitation counseling, interpreting, and teacher education, receive stipends and/or tuition waivers from these grants.

For application materials and information on training opportunities, contact the RRCD main office in ED 220 or online at www.wou.edu/education/rrcd. Detailed information on teacher licensure, definitions and Oregon State testing requirements can be found online at www.wou.edu/education.

Special Education Division
Division Chair Cheryl Davis
Houses one undergraduate major, American Sign Language/English interpreting, one undergraduate minor, special education/rehabilitation counseling, and four graduate programs. Course work is offered at the undergraduate level that can be used to reduce graduate requirements. Programs prepare students to work in the education and rehabilitation of individuals with disabilities. Information may be obtained from the Special Education Division office at 503-838-8322, by e-mail: specialed@wou.edu, or on the Web at: www.wou.edu/education/spedindex.html.

Teacher Education Division
Division Chair Gwenda Rice
Responsible for the teaching authorizations in early childhood, elementary, middle level and high school. Program information can be obtained by contacting the College of Education at 503-838-8471, by e-mail: education@wou.edu, or on the Web at www.wou.edu/education/teachedindex.html.
Interim Dean Robert Turner

The College of Liberal Arts and Sciences is composed of the divisions of Business/Economics, Computer Science, Creative Arts, Humanities, Natural Sciences and Mathematics, Psychology and Social Science. These divisions offer various degree programs in the arts and sciences and provide academic course work needed for professional degrees in education. Additionally, several interdisciplinary minors are offered. The office of the dean coordinates the degrees in interdisciplinary studies, international studies and associate in arts, as well as the Liberal Arts Core Curriculum. For more information, see the Web site at: www.wou.edu/las.

Business/Economics Division
Division Chair Hamid Bahari-Kashani

The Business/Economics Division is responsible for majors and minors in business and economics and the minor in entrepreneurship. More detailed program information, including program admission requirements can be obtained by contacting the division at: 503-838-8421, or on the Web at www.wou.edu/las/business.

Natural Sciences and Mathematics Division
Division Chair Lonnie Guralnick

The Natural Sciences and Mathematics Division is responsible for majors and minors in biology, chemistry, earth science, integrated science, mathematics, and natural science. More detailed program information, including program admission requirements can be obtained by contacting the division at: 503-838-8206, or on the Web at www.wou.edu/las/natsci_math/nsmdiv.html.

Computer Science Division
Division Chair John Marsaglia

The Computer Science Division is responsible for majors and minors in computer science and majors in information systems. More detailed program information, including program admission requirements can be obtained by contacting the division at: 503-838-8480, or on the Web at www.wou.edu/las/cs.

Creative Arts Division
Division Chair Diane Tarter

The Creative Arts Division is responsible for majors and minors in art, the arts, dance, music and theater. More detailed information, including program admission requirements can be obtained by contacting the division at: 503-838-8461, or on the Web at www.wou.edu/las/creativearts.

Psychology Division
Division Chair Joel Alexander

The Psychology Division is responsible for majors and minors in psychology. More detailed program information, including program admission requirements can be obtained by contacting the division office at 503-838-8344, or on the Web at www.wou.edu/las/psychology.

Social Science Division
Division Chair Max Geier

The Social Science Division is responsible for majors and minors in anthropology, corrections, community crime prevention, geography, history, law enforcement, political science, public policy and administration, social science, and sociology. More detailed program information, including program admission requirements can be obtained by contacting the division at 503-838-8288, or on the Web at www.wou.edu/las/socsci.
Executive Director Don Olcott, Jr.

WOU’s Division of Extended Programs, in collaboration with the academic colleges and support services, provides lifelong learning opportunities through responsive, flexible and creative programs and services. The division offers continuing professional development to educators with a variety of flexible formats, in a wide range of disciplines including distance learning opportunities, courses, workshops, seminars, and conferences. It also manages the University Park Conference Center.

Continuing Professional Education

The division is dedicated to the continuing professional development of educators. It extends the work of the WOU College of Education into the professional community with a focus on implementation of the Oregon Educational Act for the 21st Century. It delivers graduate programs – both on site and online – in partnership with school districts and linked with district school improvement plans.

The division also manages the Continuing Professional Development Program, in which faculty deliver a wide variety of learning opportunities to K-12 educators throughout the state. For more information visit www.wou.edu/cpd.

Extended Studies

Many opportunities for degree completion, professional development, and personal enrichment are available, including the B.S. or B.A. in Fire Services Administration, a degree that can be earned in a flexible format.

Other offerings include teaching endorsements for reading specialists and English as a second language, professional institutes and conferences, staff development and youth programs.

For further information contact:
Division of Extended Programs
Western Oregon University
Monmouth, OR 97361
503-838-8483 or

E-mail: extend@wou.edu
www.wou.edu/extendedprograms

WOU is authorized by the Washington Higher Education Coordinating Board and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree Authorization Act. This authorization is valid until July 31, 2007 and authorizes WOU to offer courses toward the following degrees: B.A./B.S. in Fire Services Administration and M.S. in Rehabilitation Counseling.

For information about requirements of the Act or how it applies at WOU, contact:
Washington Higher Education Coordinating Board
P.O. Box 43430
Olympia, WA 98504-3430

Fire Services Administration program

The Fire Services Administration program consists of junior and senior level classes built upon the associate degree in fire science or fire protection. Acceptance into the program is limited to persons who are Oregon Fire Fighter II or equivalent, and who have completed the required 24 hours of lower-division fire science coursework prior to transferring into the program. Students are not eligible for the WUE scholars program until official admittance into the Fire Services Administration program is confirmed.

Institutional Testing

The Division of Extended Programs administers special qualifying tests including:
Miller Analogies Test (MAT)
College Level Examination Program (CLEP)

For information about these and other tests, and to receive testing preregistration forms and information on testing dates and fees, contact the Division of Extended Programs at 503-838-8483.

Summer Session

WOU holds a six-week summer session that begins one week following the end of spring term. Short workshops and courses on campus, in field locations and online are also scheduled through the summer.

Online registration begins in February when the class schedule is published. For more information visit www.wou.edu/summersession.

### Associate in Arts

The Associate in Arts is a two-year program for students who have not chosen an area of specialization. The liberal arts requirements assure the student of a sound general education.

*Other* indicates specialty areas and programs.

*A minor is not required for these majors.*
Undergraduate studies

All undergraduate programs at WOU are designed to provide students an opportunity to develop the following: skills in essential areas of scholarship such as writing, speech, mathematics and computer science; familiarity with basic concepts and works in the humanities, social sciences, arts and the sciences; and concentrated study in a field of academic specialization of the student’s choice. The university curriculum is designed to foster those areas of knowledge, abilities, and attitudes that characterize the liberally educated person as well as provide a foundation for a lifetime of learning.

A paramount goal of all programs is to provide each student with the tools and self-discipline to learn independently and contribute productively in career endeavors and public service.

Degree requirements

The Liberal Arts Core Curriculum (LACC) is the foundation for all undergraduate bachelor degree programs. In addition, most programs require completion of a major specialization and a minor concentration that complements the major. Students complete the 180 credit hours, including 62 upper-division credit hours, required for graduation by selecting electives that explore unique interests or permit greater study in a major or minor. Graduation requirements in mathematics, computer science, cultural diversity and writing intensiveness are also required and may be met within the LACC, major, minor, or elective areas.

Courses completed as part of the Liberal Arts Core Curriculum and/or B.A./B.S./B.F.A./B.Mus. requirements may also be used to fulfill requirements within a student’s major or minor program (i.e., be double counted).

The typical degree program components are:
Liberal Arts Core Curriculum (55 credits)
B.A./B.S./B.F.A./B.Mus. degree requirements (18-24 credits)
Academic major* (45-120 credits)
Academic minor* (15-33 credits)
Electives (variable)

* If a student chooses to complete two academic majors, no minor is required.

The typical education degree program components are:
Liberal Arts Core Curriculum (55 credits)
B.A./B.S. degree requirements (18-24 credits)
Teaching Authorization/Teaching major (52-85 credits)
Professional education core (48-50 credits)
Electives (variable)

The Bachelor of Music degree components are:
General education requirements (42 credits)
Academic major (120 credits)
Electives (18 credits)

The minimum number of credit hours required for a B.A./B.S./B.F.A./B.Mus. degree is 180.

Honors Program
Pre-Professional Studies
**Bachelor of Arts**

Students who complete the university requirements listed below are granted this degree.

- Proficiency through the third term (second semester) of the second year (usually 24 credit hours) of college work, or the equivalent, in a second language. Two years of a second language at any United States accredited institution will satisfy this requirement for transfer students. Transfer students from unaccredited institutions must pass a proficiency examination administered by the WOU modern language department. Native speakers who have attended high school in their own language may not use that language to fulfill this requirement.

- Minimum of 180 credit hours including 62 upper-division

- Minimum of 2.00 (C) grade point average (GPA) in all college work completed at WOU

- Residence: minimum of 45 of the last 60 credit hours completed on campus

- Credit limitation of a total of 12 hours for each open-ended course set: (199,399) (403) (406, 407, 408) (409)

- Liberal Arts Core Curriculum: completion of 55 credit hours as outlined in the section on undergraduate programs

- Academic major: minimum of 36 upper-division credit hours unless otherwise stated

- Academic minor: minimum of 12 upper-division credit hours unless otherwise stated

- Mathematics, computer science, cultural diversity and writing intensive requirement as outlined beginning on page 43 (additional graduation requirements)

**Bachelor of Fine Arts**

Students who complete the university requirements listed below are granted this degree.

- Minimum of 180 credit hours including 62 upper-division

- Minimum of 2.00 (C) grade point average (GPA) in all college work completed at WOU

- Residence: minimum of 45 of the last 60 credit hours completed on campus

- Credit limitation of a total of 12 hours for each open-ended course set: (199,399) (403) (406, 407, 408) (409)

- Liberal Arts Core Curriculum: completion of 55 credit hours as outlined in the section on undergraduate programs

- Academic major: minimum of 36 upper-division credit hours unless otherwise stated

- Academic minor: minimum of 12 upper-division credit hours unless otherwise stated

- Mathematics, computer science, cultural diversity and writing intensive requirement as outlined beginning on page 43 (additional graduation requirements)

**Bachelor of Science**

Students who complete the university requirements listed below are granted this degree.

- Minimum of 180 credit hours including 62 upper-division

- Minimum of 2.00 (C) grade point average (GPA) in all college work completed at WOU

- Residence: minimum of 45 of the last 60 credit hours completed on campus

- Credit limitation of a total of 12 hours for each open-ended course set: (199, 399) (403) (406, 407, 408) (409)

- Liberal Arts Core Curriculum: completion of 55 credit hours as outlined in the section on undergraduate programs

- Academic major: minimum of 36 upper-division credit hours unless otherwise stated

- Academic minor: minimum of 12 upper-division credit hours unless otherwise stated

- Mathematics, computer science, cultural diversity and writing intensive requirements as outlined beginning on page 40 (additional graduation requirements)

**Bachelor of Music**

Students who complete the university requirements listed below are granted this degree.

- Minimum of 180 credit hours including 62 upper-division

- Minimum of 2.00 (C) grade point average (GPA) in all college work completed at WOU

- Residence: minimum of 45 of the last 60 credit hours completed on campus

- Credit limitation of a total of 12 hours for each open-ended course set: (199, 399) (403) (406, 407, 408) (409)

- Bachelor of Music general education requirements: completion of 42 credit hours as outlined in the section on undergraduate programs

- Academic major

- Cultural diversity and writing intensive requirements as outlined beginning on page 40 (additional graduation requirements)
The Liberal Arts Core Curriculum (LACC) is a required part of all B.A., B.S. and B.F.A. programs and comprises 55 of the 180 credit hours necessary for graduation. The LACC has been designed by faculty to prepare students for advanced study in their academic majors and to help students develop a foundation of basic knowledge necessary for a more successful personal and professional life.

The LACC is designed to help students:

- Learn independently
- Make mature judgments
- Solve problems in a systematic and logical manner
- Use language effectively
- Understand global problems and issues
- Appreciate past and present contributions to thought and culture
- Work effectively with others
- Cope with political, social, economic, technological and environmental changes and problems
- Sustain an active, balanced life through the development of a sound mind and body
- Be creatively expressive and aesthetically sensitive

It is critical that students consult with the Academic Advising and Learning Center or their academic adviser as they select LACC courses to avoid mistakes that may prolong their time in college. Many majors and minors have prerequisites or suggestions for course work within the LACC.

Courses completed as part of the Liberal Arts Core Curriculum and/or B.A./B.S./B.F.A. requirements may also be used to fulfill requirements within a student’s major or minor program (i.e. be double counted).

### Standard LACC course selections

#### Creative Arts (9)

Choose at least one course in three of the four academic disciplines listed below:

**Art**

- A 100 Introduction to the Visual Arts
- A 115 Beginning Design (2D)
- A 116 Beginning Design (3D)
- A 117 Beginning Design (Color)
- A 130 Beginning Drawing
- A 131 Beginning Drawing Systems
- A 204 Art History: Prehistoric-Gothic
- A 205 Art History: Renaissance-Baroque
- A 206 Art History: 18th Century-Realism

**Theatre**

- TA 110 Introduction to Theatre
- TA 112 Introduction to Film
- TA 210 Oral Expression Through Theatre
- TA 244 Technical Theatre: Scenecraft
- TA 245 Technical Theatre: Lighting
- TA 246 Technical Theatre: Costuming

- TA 247 Technical Theatre: Sound
- TA 250 Basic Movement and Vocal Development
- TA 251 Elements of Acting
- TA 252 Technical Theatre: Makeup
- TA 253 Production Workshop

**Music**

- MUS 100 Pep Band
- MUS 101 Concert Choir
- MUS 102 Chamber Singers
- MUS 103 Vocal Jazz Ensemble
- MUS 104 Musical Theatre Ensemble
- MUS 105 Symphony Orchestra
- MUS 106 Instrumental Chamber Ensembles
- MUS 107 Percussion Ensemble
- MUS 108 Jazz Ensemble
- MUS 109 Wind Ensemble
- MUS 111 Beginning Musicianship
- MUS 181 Voice Class
- MUS 182 Voice Class
- MUS 201 Introduction to Music and Its Literature
- MUS 202 The Music of Broadway
- MUS 203 Jazz History
- MUS 204 Music of the World
- MUS 205 Music of Black Heritage
- MUS 206 Introduction to Music and MIDI
- MUS 207 Song Writing
- MUS 208 Popular Music
- MUS 209 Rock Music: A Social History

**Dance**

- D 170, 171, 172 World Dance
- D 177, 178, 179 Beginning Hip Hop
- D 180, 181, 182 Beginning Modern I, II, III
- D 185, 186, 187 Beginning Ballet I, II, III
- D 188, 189, 190 Beginning Jazz, I, II, III
- D 196, 197, 198 Beginning Tap, I, II, III
- D 251 Introduction to Dance
- D 253 Labanotation
- D 280, 281, 282 Intermediate Modern I, II, III
- D 285, 286, 287 Intermediate Ballet I, II, III
- D 288, 289, 290 Intermediate Jazz, I, II, III

**Health and Physical Education (4)**

**PE 131 Individual Health and Fitness**

(Required of all students)

Choose two courses from different areas:

**Rhythmic Activities**

- PE 121 Folk and Square Dance
- PE 122 Social Dance

**Team Activities**

- PE 150 Basketball
- PE 151 Field Sports
- PE 154 Soccer
- PE 155 Softball
- PE 156 Volleyball
- PE 157 Intermediate Volleyball
- PE 170 Teaching Games & Physical Activities to Children

**Aquatic Activities**

- PE 160 Aquatics I
Academics

**Liberal Arts Core Curriculum**

**Laboratory Science (12)**

Students must take three laboratory science courses with at least two courses from the same sequence. Early childhood, early childhood/elementary and elementary/middle level education majors should take BI 101, ES 104 and ES 106 as their science sequence. Students should check this catalog for any prerequisites for the following science courses. Students must register for both a lecture and a lab section for the following courses, i.e., BI 101 and BI 101L.

**Earth Science**

ES 201 Principles of Geology
ES 202 Principles of Geology
ES 203 Principles of Geology

**Biology**

BI 101 General Biology
BI 102 General Biology
BI 103 General Biology

**Earth System Science**

ES 104 Earth System Science I
ES 105 Earth System Science II
ES 106 Earth System Science III

**Chemistry**

CH 104 Introduction to Chemistry
CH 105 Introduction to Chemistry
CH 106 Introduction to Chemistry

**Physics**

PH 201 General Physics
PH 202 General Physics
PH 203 General Physics

**Intermediate Biology**

BI 211 Principles of Biology
BI 212 Principles of Biology
BI 213 Principles of Biology

**Intermediate Chemistry**

CH 221 General Chemistry
CH 222 General Chemistry
CH 223 General Chemistry

**Physics with Calculus**

PH 211 General Physics With Calculus
PH 212 General Physics With Calculus
PH 213 General Physics With Calculus

**Literature/Foreign Language (8)**

Choose two literature courses from the following list. Choose one course from ENG 104-109, FR 110 or GL 110. The second course choice can be made from ENG 104-109, FR 110, GL 110, or by a 4 credit hour course in a foreign language. English majors and language arts secondary teaching majors should take ENG 107 and ENG 108; ENG 109 is also recommended.

**Types of World Literature**

ENG 104 World Literature: Fiction
ENG 105 World Literature: Drama
ENG 106 World Literature: Poetry

**Literature of the Western World**

ENG 107 Literature of the Western World
ENG 108 Literature of the Western World
ENG 109 Literature of the Western World

**Literature in Translation**

FR 110 Introduction to French Literature in Translation
GL 110 Introduction to German Literature in Translation

**Foreign Language**

One 4 credit hour course in a foreign language

**Philosophy or Religion (3)**

Select one course from either area listed below.

**Philosophy**

PHL 101 Introduction to Philosophy: Knowledge and Reality
PHL 102 Introduction to Philosophy: Personal Morality and Social Justice
PHL 103 Introduction to Logic
PHL 251 Ethics
PHL 252 Issues in Applied Ethics
PHL 253 Social and Political Philosophy
PHL 261 Metaphysics: Theory of Being
PHL 262 Epistemology: Theory of Knowledge
PHL 263 Philosophy of Mind
PHL 282 Philosophy of Art
PHL 283 Philosophy of Religion

**Religion**

R 201 Introduction to the World’s Religions: Eastern
R 204 Introduction to the World’s Religions: Western

**Social Science (12)**

Choose one 8 or 9 hour sequence from the following list and any additional 3 or 4 credit hour social science course for a total of 12.

**Anthropology**

ANTH 213 Language and Culture
ANTH 214 Physical Anthropology
ANTH 215 Archaeology
ANTH 216 Cultural Anthropology

**Economics**

EC 201 Introduction to Microeconomics
EC 202 Introduction to Macroeconomics

**Geography**

Choose two of the following as a sequence or all three for 12 hour total requirement:

GEOG 105 Introductory Physical Geography
GEOG 106 Introductory Economic Geography
GEOG 107 Introductory Cultural Geography

**Western Civilization**

Choose two of the following as a sequence or all three for 12 hour total requirement:

HST 101 History of Western Civilization
HST 102 History of Western Civilization
HST 103 History of Western Civilization

**World History**

Choose two of the following as a sequence or all three for 12 hour total requirement:

HST 104 World History
HST 105 World History
HST 106 World History

**US History**

Choose two of the following as a sequence or all three for 12 hour total requirement:

HST 201 History of the United States
HST 202 History of the United States
HST 203 History of the United States

Or choose the following for 8 credit hours:

HST 211 American History Survey
HST 212 American History Survey

**Political Science**

PS 201 American National Government
PS 202 State and Local Government
PS 203 International Relations

**Sociology**

SOC 223 Theoretical Foundations of Sociology
SOC 224 Empirical Foundations of Sociology
SOC 225 Social Problems

**Speech (3)**

SP 111 Fundamentals of Speech

**Writing (4)**

WR 135 College Writing II*

*Note: This course, or its transfer equivalent, must be passed with a grade of C- or better to meet the LACC requirement. Transfer 3-hour writing classes meet this requirement.
Honors Program LACC components

An alternative LACC is offered by WOU’s Honors Program to students who have demonstrated outstanding ability, motivation, and academic achievement. Through this interdisciplinary curriculum and the sustained contact it provides between students and teachers, the Honors Program forging a learning community committed to scholarly inquiry and the life of the mind. Upon completion of the Honors Program LACC, honors students are ideally prepared to excel in their academic major and minor courses. Each honors student integrates his or her learning into an honors thesis that is publicly presented in the spring term of senior year.

Honors Program LACC courses are open only to Honors Program students; other students may be admitted with the approval of the instructor and the Honors Program director.

Students interested in exploring the challenge of the Honors Program should contact the director as soon as they begin to consider this opportunity. Although acceptance usually occurs before the student starts attending WOU, a limited number of students can be accepted before the start of their second quarter. There is also a two-year program for students who have completed their LACC courses either at WOU or through transfer from another institution.

First and second year Honors LACC courses

* These credits may not be used to satisfy any major requirement.

% Modern language courses can substitute for hours in one of these areas.

^ As approved for LACC

Additional graduation requirements

Math and computer science requirements

The mathematics requirement for education majors with early childhood, early childhood/elementary, or elementary/middle level authorizations are: MTH 211, 212, 213 (12)

Regardless of the academic degree program being pursued, the entire sequence of MTH 211, 212, 213 must be completed in order to meet graduation requirements. A partial sequence will not meet in any way the mathematics/computer science graduation requirements for any of the baccalaureate degrees offered.

Students seeking a bachelor of arts degree will complete:
Mathematics (MTH 105 or above)* (4)
Computer Science (CS 101 or above)* (2)

Note: The course content must be equivalent to or greater than the content of MTH 105 and CS 101 offered at WOU.

Students seeking a bachelor of science degree will complete: mathematics, computer science, and/or statistics (12)

Note: A combined total of 12 credit hours in mathematics, computer science or designated statistics courses is required for this degree. A minimum of one course in mathematics and one course in computer science is required; any remaining required credit hours may be from either discipline or statistics. MTH 105 and CS 101 may not be used to meet any portion of this 12 credit requirement.

Cultural Diversity requirement

Students seeking a B.S., B.Mus. or B.F.A. (without a foreign language) degree will satisfy this requirement by successfully completing 6 hours of course work which emphasizes a topic or subject dealing with cultural diversity from within any portion of the student’s degree plan. Cultural diversity courses used to complete this requirement carry a special `D’ designation in the Schedule of Classes. If the course also meets the writing intensive requirements it will carry a special ‘C’ designation in the Schedule of Classes.

Students meeting the second language requirement for a B.A. degree will have satisfied this requirement.

Honors Program participants should consult the Honors Program description and the director of the Honors Program regarding course work to meet this requirement.

Approved Diversity courses

See Schedule of Classes for specific sections offered as `D’.

Writing Intensive requirement

Students will satisfy this requirement by completing six (6) hours of “writing intensive” course work taken from within any portion of the student’s degree program. Writing intensive courses carry a ‘W’ designation in the Schedule of Classes. If the course also meets the cultural diversity requirements it will carry a ‘C’ designation in the Schedule of Classes.

Three (3) hours of this requirement may be met by any upper-division non-creative writing course (WR prefix) even if the class does not carry the ‘W’ designation in the Schedule of Classes.

Honors Program participants should consult the Honors Program description and the Director of the Honors Program regarding course work to meet the writing requirements.

Approved Writing Intensive courses

See Schedule of Classes for specific sections offered as ‘W’.

- SOC 493W Senior Seminar II
Transfer policies regarding the LACC

1. WOU will accept, as satisfying any one of its LACC requirements, course work satisfactorily completed at any accredited institution if such course(s) bears the same prefix and number as the required course(s) in WOU’s LACC statement.

2. WOU will accept, as satisfying any of its sequence requirements, sequenced course work which is satisfactorily completed at an accredited institution if it is commonly associated with the nature of the WOU sequence. As an example, a 12-hour transfer sequence in astronomy will meet the LACC laboratory science sequence requirement, even though WOU does not offer a sequence in this subject.

3. Only courses with a letter prefix and a number of 100 or higher may be used to meet LACC, major or minor requirements. Grading must be on an A-F basis as opposed to a pass/no credit basis (with the exception of P.E. activity courses).

4. Students who have earned an Associate of Arts or an Associate of Science in Business Oregon Transfer degree from an Oregon community college will be considered to have met WOU’s LACC requirements. The basic graduation, cultural diversity and writing intensive requirements are separate. The requirements of the Oregon Transfer degrees are spelled out in the May 10, 1988 and April 18, 2003 transfer agreements. All students satisfying these requirements will have “Oregon Transfer” marked on their transcript by the community college awarding the degree.

5. The lower-division general education requirements included within the Associate of Arts Oregon Transfer degree are 55-63 quarter credit hours. The lower-division general education requirements included within the Associate of Science in Business Oregon Transfer degree are 62-65 quarter credit hours. These credit hours will be directly applied toward satisfying the LACC requirements. The remaining credit hours included within the degrees will be applied toward the satisfaction of basic graduation requirements, lower-division major, minor, or elective requirements as noted within this catalog, or in consultation with the appropriate division chair.

6. These policies do not preclude case-by-case negotiation with appropriate division chairs. For example, a journalism course at a particular institution might not match the prefix of a required writing course at WOU, but the humanities division might grant a waiver on grounds of sufficient overlap in course content and resultant skill level.

Note: WOU, as a public institution legally committed to church-state separation, cannot accept as fulfilling the humanities requirement those doctrinally-oriented courses in religion, scripture study and theology which are taught at Bible schools, seminaries and theological institutes or which are directed primarily toward training clergy and lay missionaries in a specific faith or set of religious beliefs.

Education transfer students

Prior to the first term at WOU, education majors transferring from other institutions should declare their levels of authorization and intended specialty/major areas through the Academic Advising and Learning Center and each academic department involved. Appropriate advisers in both the academic area and education will be assigned.
Aerospace studies
Air Force ROTC
Aerospace studies minor (29 credits)
At least 18 of the 29 hours required in the minor must include the following aerospace studies courses.
Choose 18 hours
AS 311, 312, 313 Air Force Leadership and Management (9)
AS 411, 412, 413 National Security Forces in Contemporary American Society (9)
Choose one course from each category: (11)
History (4)
HST 463 America and the World Wars
HST 464 Cold War America
Political Science (3)
PS 423 Issues in National Policy
PS 497 American Foreign Policy
Writing (4)
Any Writing course offered at WOU higher than WR 135
For information on Air Force ROTC, contact Oregon State University, Air Force ROTC, 308 McAlexander Field House, Corvallis, OR 97331, 503-754-3291.

American Sign Language/English Interpreting
Assistant professor: Elisa Maroney

Acceptance into the Interpreting Program is required for all INT 300- and INT 400-level courses except INT 301, INT 302, and INT 420. Applications for admission are typically due in March for admission the following fall. Second year ASL language courses and 200-level INT courses are considered prerequisites to admission. All 300-level courses should be successfully completed prior to enrolling in INT 441.
Note: Interpreting majors must have a grade of C or better in courses that are used to satisfy the major requirement.

ASL/English Interpreting major (67 credits)
INT 253 Comparative Linguistics: ASL/English* (3)

- A 315 Intermediate Design: 2-D (3)
- A 316 Intermediate Design: 3-D (3)
- A 398 Production: Gallery Exhibition (1)
Contracted art courses (15) See adviser
- Minimum of four 200 level studio courses, plus one of the following:
  - A 260 Basic Photography I (3)
  - A 330 Intermediate Drawing (3)
  - A 335 Intermediate Life Drawing (3)
  - 3 three-course studio sequences (27) 300 or 400 level
Art minor - Studio Art (30 credits)
- A 115 Beginning Design: 2-D (3)
- A 116 Beginning Design: 3-D (3)
- A 117 Beginning Design: Color (3)
- A 130 Beginning Drawing (3)
- A 135 Beginning Life Drawing (3)
Upper-division courses (15) All prerequisites required

Art minor - Art History (28 credits)
Two 200 level art history courses (8)
- A 204 Art History: Prehistoric through Romanesque (4)
- A 205 Art History: Gothic through Rococo (4)
- A 206 Art History: Neoclassicism through Contemporary (4)
Three 300 level art history courses (12)
- A 304 Art History: Modernism (3)
- A 305 Art History: Modernism (3)
- A 306 Art History: Modernism (3)
Two 400 level art history courses (8)
- A 404 Non-Western Art (3)
- A 405 Women in Art (3)
- A 406 Special Topics* (1-3)

* May be repeated up to three times with different course topics

400 level art history courses are offered on a rotating basis

Art minor - Combination Studio/Art History (21 credits)
- A 115 Beginning Design: 2-D (3)
- A 116 Beginning Design: 3-D (3)
- A 117 Beginning Design: Color (3)
- A 130 Beginning Drawing (3)
- A 135 Beginning Life Drawing (3)

Art History minor (24-28) for Studio Art majors
- A 304 Modernism (4)
- A 305 Modernism (4)
- A 306 Modernism (4)
- A 404 Non-Western Art (4)
- A 405 Women in Art (4)
- A 406 Special Topics* (4-8)

Art History minor (24-28) for Art History majors
- A 115 Beginning Design: 2-D (3)
- A 116 Beginning Design: 3-D (3)
- A 117 Beginning Design: Color (3)
- A 130 Beginning Drawing (3)
- A 135 Beginning Life Drawing (3)

B.F.A. in Art (133 credits)
- A 115 Beginning Design: 2-D (3)
- A 116 Beginning Design: 3-D (3)
- A 117 Beginning Design: Color (3)
- A 130 Beginning Drawing (3)
- A 135 Beginning Life Drawing (3)
- A 200, 201 Introductory courses in 1st concentration* (6)
- A 200, 201 Introductory courses in 2nd concentration* (6)
- A 204 Art History: Prehistoric through Romanesque (4)
- A 205 Art History: Gothic through Rococo (4)
- A 260 Basic Photography I (3)
- A 300, 301, 302 Intermediate sequence in 1st concentration* (9)
- A 300, 301, 302 Intermediate sequence in 2nd concentration* (9)
- A 304, 305, 306 Art History Modernism (12)
- A 315, 316 Intermediate Design: 2-D and 3-D (6)
- A 330, 335 Intermediate Drawing, Intermediate Drawing: Life (6)
- A 398 Production: Gallery Exhibition (1)
- A 400, 401, 402 Advanced sequence in 1st concentration (9)
- A 400, 401, 402 Advanced sequence in 2nd concentration (9)
- A 485, 486 Service Learning** (taken sequentially)

** May be repeated with different course topics. These course requirements are in addition to the 12 credits of Art History required for an Art Studio major.

The Arts
Art, Dance, Music, Theatre
The Arts major (72 credits)
Choose areas of emphasis from art, dance, music, and theatre.
First emphasis area (39) At least 21 upper-division Second emphasis area (15) 6 or more upper-division Third emphasis area (12) 3 or more upper-division

The degree plan must include a capstone project, to be documented by the following coursework, depending on the student’s first emphasis area:
- Art: A 498 (3)
- Dance: D 405 (3)
- Music: MUS 405 and MUS 406 (6)
- Theatre: TA 453 (3)

The Arts minor (27 credits)
All minors must be planned with and approved by a Creative Arts Division adviser.
Note: Students seeking a B.S. in The Arts must complete the following: CS 121; MTH 111 and CS 161 or CS 406 with advance consent of the instructor.

Bilingual/English for Speakers of Other Languages (ESOL)
(endorsement only)
Assistant professor: Maria Dantas-Whitney
Endorsement in Bilingual/ESOL or ESOL (21 credits)
ED 482/582 Bilingual/ESOL Education: Principles and Practices (3)
ED 483/583 Cultural and Community Needs of LEP Students in the Instructional Process (3)
Note: Successful completion of ED 482/582 and ED 483/583 strongly recommended for all other courses.
ED 484/584 First and Second Language Acquisition in the Bilingual/ESOL Program (3)
ED 491/591 Curriculum Models and Instructional Strategies of Bilingual Classrooms (3)
ED 492/592 Classroom Strategies in First and Second Language Reading and Language Arts (3)
Technology Elective (3) Approved by adviser
Note: All classes must be successfully completed before practicum. Students must apply to the director of Field Services one term preceding practicum.
ED 409/509 Practicum (3) Or verified equivalent teaching experience
Note: For ESOL, no second language is required. For Bilingual/ESOL, Praxis exam, verification of language proficiency is required in addition to the Praxis ESOL exam.
Biology

Professor: Lonnie Guralnick
Associate professors: Sarah Boomer, Bryan Dutton, Inga Galvan, Karen Haberman, Robert Turner
Assistant professor: Michael LeMaster

Biology major (71-74 credits)
BI 211, 212, 213 Principles of Biology (12)
BI 331 General Microbiology (4)
BI 341 Genetics (4)
BI 357 General Ecology OR
BI 454 Plant Ecology (4)
BI 388 Cell Biology (4)
BI 446 Evolution (3)
CH 221, 222, 223 General Chemistry (12)
Choose an option: (8-10)
A. Computer Science course approved by adviser
B. MTH 251 Calculus I
MTH 252 Calculus II

General Biology option (20-23 credits)
BI 321 Systematic Field Botany (4)

Field Biology of Animals (4-5) Choose one:
BI 317 Vertebrate Natural History
BI 361 Marine Biology
BI 451 Invertebrate Zoology
BI 474 Entomology

Anatomy (4-5) Choose one:
BI 324 Comparative Vertebrate Anatomy
BI 371 Structure of Seed Plants

Physiology (4-5) Choose one:
BI 330 Plant Physiology
BI 434 Animal Physiology

Cell/Development/Immunology (4) Choose one:
BI 326 Vertebrate Embryology
BI 336 Human Histology
BI 432 Immunology

Preprofessional programs, persons planning to attend graduate school option (24 credits)
CH 334, 335, 336 Organic Chemistry (12)
Upper-division biology courses (12) Select with approval of biology adviser

Note: if a biology major selects chemistry as a minor, the general chemistry and organic chemistry sequences are to be replaced by either PH 201, 202, 203 or PH 211, 212, 213 plus 12 hours of additional upper-division biology courses.

Note: Biology majors are required to maintain a cumulative GPA of 2.0 based on courses that are used to satisfy biology program requirements.

Molecular Biology/Biochemistry Option

- Natural Sciences major (75 credits)
BI 211, 212, 213 Principles of Biology (12)
BI 341 Genetics (4)
BI 388 Cell Biology (4)
BI 446 Evolution (3)
MTH 251, 252 Calculus I and II (10)
PH 211, 212, 213 Physics (12)

The above courses, and general and organic chemistry, will be completed during the first two years. The following courses will be completed during the last two years.

Biology Teacher Education major (84-87 credits)
BI 211, 212, 213 Principles of Biology (12)*
CH 221, 222, 223 General Chemistry (12)*
PH 201, 202, 203 General Physics (12)*
BI 331 General Microbiology (4)
BI 341 Genetics (4)
BI 357 General Ecology (4)
BI 388 Cell Biology (4)
BI 446 Evolution (3)
BI 321 Systematic Field Botany (4)
MTH 112 Elementary Functions (4)
GS 314 Classroom & Laboratory Resources in Science (2)
ES 351 Geology for Educators (3)
Choose one: (4-5)
BI 317 Vertebrate Natural History
BI 361 Marine Biology
BI 451 Invertebrate Zoology
BI 474 Entomology

Choose one: (4-5)
BI 324 Comparative Vertebrate Anatomy
BI 371 Structure of Seed Plants

MTH 253 Introduction to Probability and Statistics (4)

* BI 211, 212, 213; CH 221, 222, 223 or PH 201, 202, 203 are to be counted as the LACC requirement in laboratory science.

Business

Professors: Hamid Bahari-Kashani, Kristina Frankenberger, John Leadley, Mark Seabright
Associate professor: Martha Sargent

Admission to the business major is required for students seeking a business degree. Typically, application for admission will be made at the end of a student’s sophomore year by completing a degree plan with the Division of Business and Economics office. Prior to admission, the student should have completed the designated set of courses below.

Business major prerequisites:
WR 135 College Writing II (4)
SP 111 Fundamentals of Speech (3)
MTH 111 College Algebra (4)
BA 240 Quantitative Business Methods (or MTH 241) (4)
MTH 243 Introduction to Probability and Statistics (4)
CS 121 Computer Applications (2)
BA 211 Financial Accounting (4)
BA 213 Managerial Accounting (4)
EC 201 Introduction to Microeconomics (4)
EC 202 Introduction to Macroeconomics (4)

Additional information regarding these requirements should be obtained from the division. Limited courses taken at other institutions may be transferred to the program based on the course and grade obtained.

Business major (73 credits)
MTH 243 Introduction to Probability and Statistics (4)
BA 211 Financial Accounting (4)
BA 213 Managerial Accounting (4)
BA 230 Introduction to Business Law (3)
BA 310 Principles of Marketing (3)
BA 315 Financial Management (3)
BA 325 Portfolio Management (3)
EC 318 Money and Banking (4)
BA 361 Organizational Behavior (3)
BA 367 Regression Analysis (3)
BA 368 Introduction to Operations Research (3)
BA 390 Management (3)
BA 411 Marketing Strategy (3)
BA 490 Operations Management (3)
BA 491 Strategic Management (3)
Upper-division focus (24)

Business minor (22 credits)
BA 211 Financial Accounting (4)
BA 310 Principles of Marketing (3)
BA 315 Financial Management (3)
BA 361 Organizational Behavior (3)
BA 370 Business and Society (3)
BA 390 Management (3)
ENT 330 Planning and Creating New Ventures (3)
Chemistry

Professors: Arlene Courtney, Pete Poston
Associate professor: Rahim Kazerouni

Formal admission is required for all students seeking a chemistry or chemistry-forensic chemistry option degree. Typically, application for admission will be made at the end of a student’s sophomore year by completing a degree plan with the adviser.

Prior to admission, the student should have completed the set of courses below.

Chemistry major prerequisites:
PH 211, 212, 213 (traditional chemistry major)
PH 201, 202, 203 —OR—
PH 211, 212, 213 (forensic chemistry major)
MTH 251, 252

Additional information regarding these requirements should be obtained from the division. Limited courses taken at other institutions may be transferred to the program based on the course and grade obtained.

Chemistry major (73 credits)
CH 221, 222, 223 General Chemistry (12)
CH 334, 335, 336 Organic Chemistry (12)
CH 312 Quantitative Analysis (4)
CH 313 Instrumental Analysis (4)
CH 334, 335, 336 Organic Chemistry (12)
CH 340 Elementary Physical Chemistry (4)
CH 350 Chemical Literature (1)
CH 407 Seminar (1)
CH 409 Practicum (1)
CH 450, 451 Biochemistry (6)
CH 461, 462 Experimental Chemistry (4)
CH 354 Computational Chemistry
CH 471 Chemical Instrumentation

Electives in Science, Mathematics or Computer Science (3)

Note: Preparation for a prospective chemistry major includes high school chemistry, physics and a minimum of 3 years of mathematics including a minimum of MTH 111 equivalency. The B.A. requires MTH 252, CS 161 and completion of the third term of the second year of a modern language course. The B.S. requires a combined total of 12 credit hours of course work in mathematics and Computer Science including MTH 252 and CS 162.
The B.S. and B.A. require completion of the Cultural diversity and writing intensive requirements. For this major the six hours of Writing Intensive course work should come from CH 350W, CH 407W, CH 461W and CH 462W. The sequence PH 201, 202, 203 or PH 211, 212, 213 is to be completed as the LACC science requirement.

Note: The B.A. requires MTH 252, CS 121 or 161 and completion of the third term of the second year of a modern language course. The B.S. requires a combined 12 credit hours of course work in mathematics and computer science including MTH 252 and CS 121 or 161.
For this major the six hours of writing intensive course work should come from CH 350W, CH 407W, CH 461W, and CH 462W. The sequence PH 201, 202, 203 or PH 211, 212, 213 is to be completed as the LACC science requirement.

Forensic Science minor: Chemistry majors (27 credits)
This minor may be taken by majors in other scientific disciplines providing they complete CH 221-223, CH 334-336, and CH 313.
CH 320 Introduction to Forensic Science (3)
CH 420 Forensic Chemistry (4)
CH 430, 431, 432 Applications of Forensic Science (6)
GS 161 Technical Photography (2)
CJ 213 Introduction to Criminal Justice (4)
CJ 321 Principles of Forensic Investigation (4)
CJ 452 Criminal Procedure (4)

Forensic Science minor: Non-Chemistry majors (29 credits)
It is suggested that students pursuing this minor take BI 101 as part of their LACC science requirement. Alternatively CH 104, 105, 106 may be applied to the LACC. In this case, an additional 12 hours of science elective approved by the minor adviser may be substituted. GS 161 is highly recommended as a general education elective.
CH 104, 105, 106 Introductory Chemistry (12)
CH 320 Introduction to Forensic Science (3)
CH 430, 431, 432 Applications of Forensic Science (6)
CJ 321 Principles of Forensic Investigation (4)
CJ 452 Criminal Procedure (4)

Chemistry/Physics option: Natural Science major (72 credits)
CH 221, 222, 223 General Chemistry (12)
CH 312 Quantitative Analysis (4)
CH 313 Instrumental Analysis (4)
CH 334, 335, 336 Organic Chemistry (12)
CH 340 Elementary Physical Chemistry (4)
PH 211, 212, 213 General Physics with Calculus (12)
PH 311, 312 Introduction to Modern Physics (8)
MTH 251, 252 Calculus I and II (10)
Approved electives in the Natural Sciences or Math (6)

Note: The B.A. requires MTH 252, CS 121 or 161 and completion of the third term of the second year of a modern language course. The B.S. requires a combined total of 12 credit hours of course work in mathematics and computer science including MTH 252 and CS 161. The B.S. and B.A. require completion of the cultural diversity and Writing Intensive requirements. For this major, writing intensive should include CH 350W.
Chicano/a Studies
Chicano/a Studies minor (24-26 credits)
Core (12-14)
Select four courses, at least one in Social Science and one in Humanities:
ED 301 Introduction to Chicano/a Studies
HST 466 Mexican Foundations of Chicano/a/Latino/a History
HST 467 Chicano/a History
SOC 435 Chicano/a/Latino/a Studies: Social Issues, Social Movements
SPAN/HUM 328 Introduction to Chicano/a Literature
SPAN/HUM 342 Introduction to Chicano/a Life and Culture

In consultation with an adviser, select four additional courses from courses above not already used and/or the following, with no more than two courses from any one department:
ANTH 330 Contemporary Chicano/a Culture
ED 302 Multicultural Education and the American Experience
ENG 489 Studies in Minority Literature (when related to Chicano/a/Latino/a Studies)
GEOG 370 Human Migration
GEOG 463 Mexico and Central America
HST 351 Mexico and the Caribbean Since Independence
HST 476 US West to 1900
HST 477 US West in the 20th Century
SOC 406 Special Individual Studies (when related to Chicano/a/Latino/a Studies)
SOC 407 Seminar (when related to Chicano/a/Latino/a Studies)
SPAN 409 Practicum: Latino/a Ed Mentor
SPAN 317 Spanish for Bilingual/Heritage Speakers
SPAN 318 Spanish for Bilingual/Heritage Speakers
SPAN 319 Spanish for Bilingual/Heritage Speakers
SPAN/HUM 340 Civilization and Culture of Mexico
SPAN 407 Seminar (when related to Chicano/a/Latino/a Studies)

Community Crime Prevention

Note: Formal admission is required for all students seeking the B.A./B.S. in community crime prevention. Normally, students will apply for admission to the community crime prevention major at the end of the freshman year or in the case of transfer students, upon admission to the university. Prior to application for admission to the community crime prevention major, applicants must complete CJ 213 and achieve a sophomore standing (45 or more credit hours). Students will be required to complete WR 115 and WR 135. Students must earn a grade of B or above in both WR 115 and WR 135 to be admitted to the program. All transfer English classes must be 3.0 or higher. Students must also have an overall GPA of 2.67 in order to be admitted into the community crime prevention major. Students planning to participate in the practicum must have an overall GPA of 2.67.

* Core courses are required for all students majoring in law enforcement, corrections, or community crime prevention.

Computer Science

Professors: Jie Liu, John Marsaglia, David Olson

Students must earn a grade of B or above in both WR 115 and WR 135 prior to admission to the program. Students must also have an overall GPA of 2.67 in order to be admitted into the corrections major.

Computer Science minor (27 credits)
A 27-hour minor program may be planned with the help of an adviser.

Corrections
Professor: Stephen Gibbons
Associate professor: William Brown
Assistant professors: Vivian Amantana, Terry Gingerich

Corrections major (72 credits)
Core Criminal Justice Courses* (32)
CJ 213 Introduction to Criminal Justice (4)
CJ 319 Ethics & Leadership in Criminal Justice (4)
CJ 327 Research Methods in Criminal Justice (4)
CJ 450/550 Criminology (4)
CJ 407 Seminar: Community Crime Prevention (4)
CJ 409 Practicum: Community Crime Prevention (12)

Corrections major (20 credits)
CJ 451 Youth, Crime, and Society (4)
CJ 452 Criminal Procedure (4)
CJ 453 Penology (4)
CJ 454 Parole and Probation (4)
CJ 455 Correctional Casework & Counseling (4)
Electives from Criminal Justice and/or Social Science (20)

Criminal Justice Electives
CJ 321 Principles of Forensic Investigations (4)
CJ 403 Field Study (4)
CJ 406 Independent Study (1-4)
CJ 423 Management of Law Enforcement Organizations (4)
CJ 424 Law Enforcement Planning (4)
CJ 435 Gender, Crime, and Justice (4)
CJ 436 Minorities, Crime, Social Policy and Social Control (4)
CJ 456 Contemporary Issues in Criminal Justice (4)
CJ 463 Juvenile Issues (4)
CJ 499 Studies in Community Crime Prevention (4)

Note: Formal admission is required for all students seeking the B.A./B.S. in corrections. Normally, students will apply for admission to the corrections major at the end of the freshman year, or in the case of transfer students, upon admission to the university. Prior to application for admission to the corrections major, applicants must complete CJ 213 and achieve a sophomore standing (45 or more credit hours). Students will be required to complete WR 115 and WR 135. Students must earn a grade of B or above in both WR 115 and WR 135 prior to admission to the program.

All transfer English classes must be 3.0 or higher to substitute for WR 115 or WR 135. Students must also have an overall GPA of 2.67 in order to be admitted into the corrections major.

* Core courses are required for all students majoring in law enforcement, corrections, or community crime prevention.

Dance
Professors: Deborah Jones, Sharon Oberst, Darryl Thomas

Dance major (72 credits)
Modern Dance Technique chosen from (12)
D 180, 181, 182 Beginning Modern Dance
D 280, 281, 282 Intermediate Modern Dance
D 360, 361, 362 Intermediate Modern Dance
D 370, 371, 372 Intermediate Modern Dance
D 380, 381, 382 Advanced Modern Dance
Ballet Technique chosen from (6)
D 185, 186, 187 Beginning Ballet
D 285, 286, 287 Intermediate Ballet
D 363, 364, 365 Intermediate Ballet
D 373, 374, 375 Intermediate Ballet
Elective technique courses from Modern, Ballet, Jazz, Tap or World Dance (6)
D 260 Improvisation (1)
D 305 Rhythmic Awareness (2)
D 351 Dance Composition I (3)
D 352 Dance Composition I (3)
D 399 Dance Theatre (2)
D 405 Senior Project (2)
D 450 Dance Repertory (3)
D 455 Group Choreography (3)

Choose two: (6)
D 310 Women in Music & Dance
D 357 Dance in Musical Theatre
D 454 Evolution of Modern Dance
D 455 Ballet History

Choose from: (17)
D 253 Labanotation
D 390 Kinesiology for Dancers
D 406 Independent Studies
D 407 Seminar
D 451 Dance Production

Choose six hours from any of the other creative arts areas (Music, Art, Theatre).

Note: All dance majors are required to take D 251 intro to dance to meet the LACC requirement in creative arts which is not counted in the 72 hours of the major.

Dance minor (33 credits)
D 180, 181, 182 Beginning Modern Dance (3)
D 280, 281, 282 Intermediate Modern Dance (6)
D 260 Improvisation (1)
D 351 Dance Composition I (3)
D 352 Dance Composition II (3)
D 455 Group Choreography (3)

Choose one: (3)
D 453 Ballet History
D 454 Evolution of Modern Dance

Choose elective technique courses: (6)
Beginning Modern, Ballet, Jazz or Tap or World Dance
Intermediate Modern, Ballet, Jazz or Advanced Modern

Electives in Dance (5) 3 hours must be upper-division

Earth Science
Associate professors: Jeffrey Myers, Stephen Taylor, Jeffrey Templeton

Earth Science major (74-75 credits)
ES 201, 202, 203 Principles of Geology (12)
Choose one of the following sequences (12)
BI 101, 102, 103 General Biology
BI 211, 212, 213 Principles of Biology
PH 201, 202, 203 General Physics
PH 211, 212, 213 General Physics with Calculus

Choose an option: (10)
A. CS 162 Computer Science I
B. CS 260 Computer Science II

Choose six hours from any of the other creative arts areas (Music, Art, Theatre).
B. MTH 251 Calculus I  
MTH 252 Calculus II  
ES 301, 302, 303 GeoTechniques (3)  
ES 321 Structural Geology (4)  
ES 322 Geomorphology and Aerial Photo Interpretation (4)  
ES 392 Sedimentary Geology (4)  
ES 407 Senior Seminar (1)  
ES 450 Introduction to Petrology (4)  
ES 459 Geology of the Pacific Northwest (4)  
ES 473 Environmental Geology (4)  
Choose one course in Earth System Science: (3)  
ES 331 Introduction to Oceanography  
ES 390 Basic Meteorology  
GS 351 Elements of Astronomy  
Choose one course in Sedimentology/Paleobiology:  
(3-4)  
ES 431 Paleobiology  
ES 491 Stratigraphy and Depositional Systems  
Choose one course in Volcanology/Petrology: (3)  
ES 454 Volcanology  
ES 460 Energy and Mineral Resources  
Choose one course in Environmental Geology/ Surface Processes: (3)  
ES 476 Hydrology  
ES 492 GIS Applications in Earth Science  

**History of the Earth and Biosphere minor**  
(25-26 credits)  
BI 211 Principles of Biology (4)  
BI 341 Introduction to Genetics (4)  
BI 446 Evolution (3)  
Choose one: (3-4) Or other approved introductory geology course  
ES 201 or ES 202 Principles of Geology  
ES 351 Geology for Educators  
ES 203 Principles of Geology (4)  
ES 431 Paleobiology (4)  
ES 491 Stratigraphy and Depositional Systems (3)  
Note: This minor is an interdisciplinary series of courses designed to introduce science, liberal arts, and content-specific educators to the history of the earth and its life. Biology majors may substitute approved upper division biology or earth science electives for BI 211, BI 341, and BI 446.  

**Economics**  
Professor: John Leadley  
Associate professor: Zenon Zygmont  

**Economics major** (60 credits)  
EC 201 Introduction to Microeconomics (4)  
EC 202 Introduction to Macroeconomics (4)  
MTH 111 College Algebra (4)  
EC 311 Intermediate Microeconomics (4)  
EC 313 Intermediate Macroeconomics (4)  
EC 315 Economic Analysis and Report Writing (4)  
Upper division Economics courses (24)  
Electives* (12)  
* Electives may be lower division courses and courses from other departments and divisions, but they must be approved by an Economics Department adviser.  

**Economics minor** (28 credits)  
EC 201 Introduction to Microeconomics (4)  
EC 202 Introduction to Macroeconomics (4)  
MTH 111 College Algebra (4)  
EC 311 Intermediate Microeconomics (4)  
EC 313 Intermediate Macroeconomics (4)  
Upper-division electives in Economics (8)  

**Early Childhood Authorization**  
Age three through grade four in an elementary school only  
Professional Education Core (48-50 credits)  
Early Childhood Teaching Authorization (60-64 credits)  
Note: Test requirements: passing score on CBEST and M.S.A.T. Required courses to partially fulfill the B.A./B.S. and basic graduation requirements are: MTH 211, 212, 213. Recommended sequence and elective to fulfill LACC requirements in laboratory science and social science are: laboratory science: BI 101, ES 104 and ES 106. Social science: two courses from one of the following sequences: (HST 101, 102, 103) or (HST 104, 105, 106) or (HST 201, 202, 203) or (GEOG 105, 106, 107) and for the elective: PSY 218 or PSY 201.  

**Creative Arts** (9)  
MUE 318 Music for the Classroom Teacher  
ARE 433 Art Education  
Prerequisite: A 115 or A 130  
Choose one:  
D 491 Creative Dance for Children  
TA 240 Creative Dramatics for Teachers  

**Health** (9)  
HE 325 Nutrition  
HE 415 Child and Adolescent Health  
Choose one:  
HE 367 Human Sexuality  
HE 462 Contemporary Health Issues  
HE 466 Drugs and Alcohol
Early Childhood/Elementary Authorizations

Age three through grade eight in an elementary school only

Professional Education Core (48 credits)

Early Childhood/Elementary Authorizations (67-71 credits)

Note: Test requirements: Passing score on CBEST and M.S.A.T. Required courses to partially fulfill the B.A./B.S. and basic graduation requirements are: MTH 211, 212,

213. Recommended sequence and elective to fulfill
LACC requirements in laboratory science and social science are:
laboratory science: BI 101, ES 104 and ES 106; social science: two courses from one of the following sequences: (HST 101, 102, 103) or (HST 104, 105, 106) or (HST 201, 202, 203) or (GEOG 105, 106, 107) and for the elective: PSY 218 or PSY 201.

Humanities/Language Arts (11)

LING 215 Structure of English I
WR 440 Teaching of Writing

Choose one:

PSY 481 Middle and Late Childhood
PSY 463 The Maladjusted Child
PSY 349 Introduction to Behavior Modification

Choose two:

PE 415 Lifespan Motor Development
EC 201, 202

Health/Physcial Education and Creative Arts (15)

Choose option A or B below:
A. HE 351 Elementary School Health
PE 433 Physical Education in Elementary School

Choose one:

MUE 318 Music for the Classroom Teacher
MUE 320 Introduction to Orff-Schulwerk
D 491 Creative Dance for Children

B. HE 351 Elementary School Health
PE 433 Physical Education in Elementary School

Choose three:

ARE 433 Art Education

Music (9)

Choose nine credit hours, at least three credit hours with MUE prefix:

MUE 318 Music for the Classroom Teacher
MUE 320 Introduction to Orff-Schulwerk
MUE 425 Orff-Schulwerk Level I

Modern Language (9)

French, Spanish, or German beyond second year or 202 equivalent

Language Arts (7-8)

LING 210 Introduction to Linguistics

Choose one:

ENG 254 Survey of American Literature
ENG 255 Survey of American Literature

Art (9)

Choose one of the following:

Dance (9)

Choose one:

D 357 Dance in Musical Theater
D 451 Dance Production

Music (9)

Select nine credit hours, at least three credit hours with MUE prefix:

MUE 318 Music for the Classroom Teacher
MUE 320 Introduction to Orff-Schulwerk
MUE 425 Orff-Schulwerk Level I

Dance (9)

Choose one:

D 357 Dance in Musical Theater
D 451 Dance Production

Choose two areas below (15-20)

Creative Arts (9)

Choose one of the following:

Art (9)

Choose one of the following:

Dance (9)

Choose one:

D 357 Dance in Musical Theater
D 451 Dance Production

Music (9)

Select nine credit hours, at least three credit hours with MUE prefix:

MUE 318 Music for the Classroom Teacher
MUE 320 Introduction to Orff-Schulwerk
MUE 425 Orff-Schulwerk Level I

Early Childhood/Elementary Authorizations

Age three through grade eight in an elementary school only

Professional Education Core (48 credits)

Early Childhood/Elementary Authorizations (67-71 credits)

Note: Test requirements: Passing score on CBEST and M.S.A.T. Required courses to partially fulfill the B.A./B.S. and basic graduation requirements are: MTH 211, 212,
Mathematics (9)
Choose three:
- MTH 111 College Algebra –OR–
- MTH 392 College Algebra for Elementary Teachers Prerequisite: MTH 213
- MTH 391 Manipulatives in Mathematics Prerequisite: MTH 213
- MTH 393 Probability & Statistics for Elementary Teachers Prerequisite: MTH 213
- MTH 394 Introduction to Geometry Prerequisite: MTH 213
- MTH 395 Elementary Integrated Mathematics Prerequisite: MTH 396

Science (9-10)
Choose one of the following:
Earth Science (9-10)
Choose three:
- GS 351 Elements of Astronomy
- ES 390 Basic Meteorology
- ES 473 Environmental Geology (4)

Life Science (8)
Choose two:
- BI 357 General Ecology –OR–
- BI 370 Environmental Science
- BI 312 Animal Behavior
- BI 317 Vertebrate Natural History
- BI 321 Systematic Field Botany
- BI 361 Marine Biology
- BI 451 Invertebrate Zoology
- BI 458 Field Biology
- BI 474 Entomology

Environmental Science (11-12)
Choose one:
- CH 371 Environmental Chemistry
- ES 473 Environmental Geology

Social Science (8-9)
Choose one of the following:
Anthropology (8)
Choose two (at least one upper-division):
- ANTH 213 Language and Culture
- ANTH 214 Physical Anthropology

Economics (8)
Choose two:
- EC 318 Money and Banking
- EC 319 Public Finance
- EC 440 International Trade

Geography (8)
Choose two:
- GEOG 105 Introductory Physical Geography
- GEOG 106 Introductory Economic Geography
- GEOG 107 Introductory Cultural Geography
- OR–
If above already taken for LACC - one course from two of the following three areas:

Cultural (4)
- GEOG 411 Cultural Geography
- GEOG 413 Urban Geography
- GEOG 433 Political Geography

Regional (4)
- GEOG 310 World Regional Geography
- GEOG 313 The Pacific Northwest
- GEOG 314 The Pacific Rim
- GEOG 420 The West and the American Imagination
- GEOG 421 The Changing American West
- GEOG 432 Geography of Africa
- GEOG 451 South Asia
- GEOG 463 Geography of Mexico and Central America

Environmental (4)
- GEOG 380 Environmental Conservation
- GEOG 410 Global Issues
- GEOG 425 Urban Planning and Policy

History (8)
Choose one of the following:
- United States History (8)
- European History (8)
- Latin American History (8)
- Asian History (8)

Political Science (9)
Basic Political Science (9)
- PS 201 American National Government
- PS 202 State and Local Government
- OR–
- PS 203 International Relations

American Government (9)
Choose three:
- PS 201 American National Government
- PS 414 Political Parties, Pressure Groups and Elections –OR–
- PS 419 American Presidential Elections
- PS 426 Federalism and Intergovernmental Relations
- PS 469 Congress and the Presidency

State and Local Government (9)
- PS 201 American National Government
- PS 202 State and Local Government

International Relations (9)
Choose two:
- PS 303 Politics and Governments of Europe
- PS 460 Governments and Politics of Asia
- PS 463 Governments and Politics of Developing Nations
- PS 493 International Organizations
- PS 497 American Foreign Relations
ACADEMICS

Psychology (8)
PSY 311 Developmental Psychology
Choose one:
PSY 334 Social Psychology
PSY 349 Introduction to Behavior Modification
PSY 443 Group Processes
PSY 463 The Maladjusted Child
PSY 480 Infancy and Childhood
PSY 481 Middle and Late Childhood
PSY 482 Adolescence

Sociology (9)
Choose three:
SOC 338 Sociology of the Family
SOC 360 Sociology of Gender
SOC 390 Sociology of Education
SOC 437 Sociology of Race/Ethnic Relations

Environmental Studies (8-10)
GEOG 380 Environmental Conservation
HST 470 Environmental History
Choose one or two additional courses:
EC 436 Environmental Economics and Public Policy
GEOG 425 Urban Planning and Policy
HST 478 Pacific Northwest History
PS 446 Land Resource Politics and Policy
PS 447 Environmental Politics and Policy
PS 449 Environmental Values and Political Action
SP 439 Contemporary American Public Address Communication

Gender Studies (9-12)
Choose three:
SSC 201 Introduction to Gender Studies
ANTH 370 Women in Cross-Cultural Perspective
A 405 Art History: Women in Art
D 310 Women in Dance and Music: 1800-Present
HST 410 Gender Issues in History
HST 411 Gender Issues in History
PS 435 Women and Politics
PSY 492 Psychology of Women
SOC 360 Sociology of Gender

Legal Studies (9)
PS 201 American National Government
PS 202 State and Local Government
PS 479 Constitutional Law

Health/Physical Education (9)
PE 246 Teaching Movement Concepts and Skills to Children
PE 434 Elementary Physical Education Teaching Practicum Prerequisite: PE 245, PE 433
HE 325 Nutrition
Choose one:
HE 415 Child and Adolescent Health
PE 310 Motor Learning
PE 415 Lifespan Motor Development
Choose one:
PE 170 Teaching Games and Physical Activities to Children
PE 171 Teaching Educational Gymnastics (K-12)
PE 172 Teaching Dance and Rhythmic Activities to Children

Physical Education (9)
PE 246 Teaching Movement Concepts and Skills to Children
PE 301 Basic Exercise Science
PE 343 Elementary Physical Education Teaching Practicum Prerequisites: PE 245, PE 433
Choose one:
PE 310 Motor Learning
PE 415 Lifespan Motor Development
Upper-division physical education elective
Choose one:
PE 170 Teaching Games and Physical Activities to Children
PE 171 Teaching Educational Gymnastics (K-12)
PE 172 Teaching Dance and Rhythmic Activities to Children

Health (9)
HE 325 Nutrition
HE 415 Child and Adolescent Health
Choose one:
HE 462 Contemporary Health Issues
HE 466 Drugs and Alcohol
HE 367 Human Sexuality
HE 491 Stress Management

Elementary/Middle Level Authorizations
Grade three through grade 10 in an elementary or middle level school only

Professional Education Core (48-50 credits)
Elementary/Middle Level Authorizations (62-68 credits)
Note: Test requirements: Passing score on CBEST and M.S.A.T. Required courses to partially fulfill the B.A.B.S. and basic graduation requirements are: MTH 211, 212, 213. Recommended sequence and elective to fulfill LACC requirements in laboratory science and social science are: laboratory science BI 101, ES 104 and ES 106; social science: two courses from one of the following sequences: (HST 101, 102, 103) or (HST 104, 105, 106) or (HST 201, 202, 203) or (GEOG 105, 106, 107); and for the elective: PSY 218 or PSY 201.

HE 415 Child and Adolescent Health

Humanities/Language Arts (11)
LING 215 Structure of English I
WR 440 Teaching of Writing
Choose one:
PHL 433 Philosophy for Children
SP 112 Interpersonal Communication
SP 321 Influencing through Argument
SP 322 Persuasion

Mathematics (12-13)
MTH 396 Elementary Problem Solving
Prerequisite: MTH 213
Choose one:
MTH 111 College Algebra
MTH 392 College Algebra for Elementary Teachers Prerequisite: MTH 213
Choose one:
MTH 391 Manipulatives in Mathematics Prerequisite: MTH 213
MTH 393 Probability & Statistics for Elementary Teachers Prerequisite: MTH 212
MTH 395 Elementary Integrated Mathematics Prerequisite: MTH 396
MTH 492 Introduction to Abstract Algebra for Middle School Teachers Prerequisite: MTH 396

MTH 494 Geometry for Middle School Teachers Prerequisite: MTH 213
MTH 495 Calculus for Middle School Teachers Prerequisite: MTH 111 or MTH 392

Science (13)
BI 102 General Biology
ES 105 Earth System Science II
Choose one:
GS 311 Biological Science for Elementary Schools
GS 312 Physical Science for Elementary Schools
GS 313 Earth Science for Elementary Schools

Social Science (12)
Choose courses in two different areas:
ANTH 310, 311, 313, 322, 360, 380, 494
CRJ 214, 241, 451, 463
EC 201, 202
SSC 201, SOC 360, HST 410, 411, ANTH 370
GEOG 105, 106, 107
HST 201, 202, 203, 478
PS 201, 202, 203
SOC 223, 225, 338, 360, 437

Choose one of the following options: (11-16)

French (12)
FR 331 French Pronunciation and Phonetics
Choose one:
FR 431 French Culture and Civilization
FR 432 French Culture and Civilization
FR 433 French Culture and Civilization
Two electives beyond FR 303

German (12)
GL 331 German Pronunciation and Phonetics
Choose one:
GL 340 German Culture and Civilization I
GL 341 German Culture and Civilization II
GL 342 Deutsche Landeskunde
Two electives beyond GL 303
Spanish (12)
SPAN 350 Spanish Pronunciation and Phonetics
Choose one:
SPAN 338 Hispanic Culture and Civilization: Spain
SPAN 339 Hispanic Culture and Civilization: Latin America
SPAN 340 Hispanic Culture and Civilization: Mexico
Two electives beyond SPAN 303

Art (12)
A 115 (if taken for LACC then take any 100 or 200 level art class)
A 130 Beginning Drawing
Any 100 or 200 Level Art Class
ARE 433 Art Education

Music (12)
Select twelve credit hours, at least 3 credit hours, with MUE prefix:
MUE 318 Music for the Classroom Teacher
MUE 320* Introduction to Orff-Schulwerk
MUE 425** Orff-Schulwerk Level I
MUE 430† Technology in Music Education
MUS 101-108 Choral or Instrumental Ensemble
MUS 111 Beginning Musicianship
MUS 181 Class Voice
MUS 211/211L Musicianship I
MUS 234, 235 Guitar Class
* offered as a one-week summer intensive only
** offered as a two-week summer intensive only
† offered Summer Session only

Theatre (12)
TA 240 Creative Drama for Teachers
TA 414 Children’s Theatre
TA 364 Play Direction
Choose one:
TA 244 Technical Theatre: Scenecraft
TA 245 Technical Theatre: Lighting
TA 246 Technical Theatre: Costuming
TA 252 Technical Theatre: Makeup

Dance (12-15)
D 180, 181, 182 Beginning Modern Dance I-III
Elective technique sequence from ballet, jazz, tap, or world dance
D 491 Creative Dance for Children
Choose one:
D 357 Dance in Musical Theatre
D 451 Dance Production

Language Arts (11-12)
ENG 223 Introduction to Literary Study
LING 210 Introduction to Linguistics
Choose one:
ENG 204, 205, 206 Survey of British Literature
ENG 253, 254 Survey of American Literature
ENG 385 Folklore
ENG 387 Mythology
ENG 389 Minority Literature
LING 370 Discourse and Text
PHL 433 Philosophy for Children
SP 250 Effective Listening
SP 321 Influencing Through Argument
SP 322 Persuasion

Science (12)
ES 351 Geology for Educators
GS 351 Elements of Astronomy
ES 390 Basic Meteorology
ES 331 Oceanography

Mathematics (12)
MTH 494 Geometry for Middle School Teachers
Prerequisite: MTH 213
MTH 495 Calculus for Middle School Teachers
Prerequisite: MTH 111 or MTH 392
Choose two: (cannot be same courses used to meet other requirements)
MTH 391 Manipulatives in Mathematics
Prerequisite: MTH 213
MTH 393 Probability & Statistics for Elementary Teachers
Prerequisite: MTH 213
MTH 395 Elementary Integrated Mathematics
Prerequisite: MTH 396
MTH 492 Introduction to Abstract Algebra for Middle School Teachers
Prerequisite: MTH 396

Anthropology (12)
Choose three (at least one upper-division):
ANTH 213 Language and Culture
ANTH 214 Physical Anthropology
ANTH 215 Archaeology
ANTH 216 Cultural Anthropology
ANTH 310 World Prehistory
ANTH 311 Human Evolution
ANTH 332 Latin America
ANTH 380 Africa
ANTH 494 Northwest Indian Cultures
Community Crime Prevention (12)
CJ 213 Introduction to Criminal Justice
CJ 241 Introduction to Community Crime Prevention
CJ 440 Community Crime Prevention Studies

Juvenile Justice System (12)
CJ 213 Introduction to Criminal Justice
CJ 451 Youth, Crime and Society
CJ 463 Juvenile Issues

Economics (12)
EC 318 Money and Banking
EC 319 Public Finance
EC 436 Environmental Economics and Public Policy
EC 440 International Trade

Cultural Geography (12)
GEOG 411 Cultural Geography
GEOG 413 Urban Geography
GEOG 433 Political Geography

Regional Geography (12)
Choose any three:
GEOG 310 World Regional Geography
GEOG 313 The Pacific Northwest
GEOG 314 The Pacific Rim
GEOG 420 The West and the American Imagination
GEOG 421 The Changing American West
GEOG 432 Geography of Africa
GEOG 451 South Asia
GEOG 463 Geography of Mexico and Central America

Environmental Geography (12)
GEOG 380 Environmental Conservation
GEOG 410 Global Issues
GEOG 425 Urban Planning and Policy

General Geography (12)
Three upper-division courses pre-approved by a geography adviser

United States History (12)
Three upper-division United States History courses

European History (12)
Three upper-division European History courses

Latin American History (12)
Three upper-division Latin American History courses

Asian History (12)
Three upper-division Asian History courses

Basic Political Science (12)
PS 201 American National Government
Choose one:
PS 202 State and Local Government
PS 203 International Relations
Two upper-division Political Science courses

American Government (12)
PS 201 American National Government
PS 426 Federalism and Intergovernmental Relations
PS 469 Congress and the Presidency
Choose one:
PS 414 Political Parties, Pressure Groups, and Elections
PS 419 American Presidential Elections

State and Local Government (12)
PS 201 American National Government
PS 202 State and Local Government
Choose two:
PS 409 Practicum: Administrative Internship
PS 410 Political Science Internship
PS 424 Policy making in the States
PS 426 Federalism and Intergovernmental Relations
PS 490 Community Politics

International Relations (12)
PS 203 International Relations
Choose three:
PS 303 Politics and Governments of Europe
PS 460 Governments and Politics of Asia
PS 463 Governments and Politics of Developing Nations
PS 493 International Organizations
PS 497 American Foreign Relations

Psychology (12)
PSY 311 Developmental Psychology
Choose two:
PSY 334 Social Psychology
PSY 349 Introduction to Behavior Modification
PSY 443 Group Processes
PSY 463 The Maladjusted Child
PSY 480 Infancy and Childhood
PSY 481 Middle and Late Childhood
PSY 482 Adolescence

Sociology (12)
Choose one of the following options:

Multi-Cultures (12)
SOC 308 International Development
SOC 427 Revolutionary Social Movements
SOC 437 Sociology of Race/Ethnic Relations
SOC 450 Latin American Society

Gender and Family (12)
SOC 338 Sociology of the Family
SOC 360 Sociology of Gender
SOC 440 Women and Development
SOC 460 Feminist Theory

History and Development (12)
SOC 320 Industrial Sociology
SOC 400 International Development
SOC 410 Historical Sociology: Origins of Capitalism
Choose one:
SOC 427 Revolutionary Social Movements
SOC 350 Food and Hunger

Environmental Studies (14-16)
GEOG 380 Environmental Conservation
HST 470 Environmental History

Choose one:
EC 436 Environmental Economics and Public Policy
GEOG 425 Urban Planning and Policy
HST 478 Pacific Northwest History
PS 446 Land Resource Politics and Policy
PS 447 Environmental Politics and Policy
PS 449 Environmental Values and Political Action
SP 439 Contemporary American Public Addresses and Communication

Gender Studies (12-14)
SSC 370 Introduction to Gender Studies
A 405 Art History: Women in Art
D 310 Women in Dance and Music
HST 410 Gender Issues in History
HST 411 Gender Issues in Society
PS 435 Women and Politics
PSY 492 Psychology of Women
SOC 360 Sociology of Gender

Legal Studies (12)
PS 201 American National Government
PS 202 State and Local Government
PS 479 American Constitutional Law
PS 480 Administrative Law

Physical Education (12)
PE 246 Teaching Movement Concepts and Skills to Children
PE 433 Physical Education in the Elementary School
PE 434 Elementary Physical Education Teaching Practicum Prerequisite: PE 246, PE 433

Choose one:
PE 170 Teaching Games and Physical Activities to Children
PE 171 Teaching Educational Gymnastics (K-12)
PE 172 Teaching Dance and Rhythmic Activities to Children

Choose one:
PE 310 Motor Learning
PE 415 Lifespan Motor Development

Health (12)
HE 250 Personal Health
HE 325 Nutrition
HE 466 Drugs and Alcohol

Choose one:
HE 367 Human Sexuality
HE 462 Contemporary Health Issues
HE 491 Stress Management

Health and Physical Education Combination (12)
HE 250 Personal Health
HE 325 Nutrition
PE 246 Teaching Movement Concepts and Skills to Children
PE 433 Physical Education in the Elementary School
PE 434 Elementary Physical Education Teaching Practicum Prerequisites: PE 246, PE 433

Middle Level/High School Authorizations
Grade five through grade 12 in a middle level or high school only

Professional Education Core (48-50)
Middle Level/High School Teaching Authorizations (52-85 credits)

Note: Test requirements: CBEST, M.S.A.T. For programs in academic specialty areas, see listings under the academic area, e.g., biology, language arts, social science, etc.

English (B.A. Only)
Professors: Cornelia Paraskevas, Thomas Rand, Curtis Yehnert
Associate professors: Kit Andrews, Ann Bliss, Carol Harding, David Hargreaves, Gavin Keulks, Marjory Lange, Uma Shrestha
Assistant professors: Margaret Artman, Henry Hughes, Katherine Schmidt

Note: For LACC literature requirements, English majors and language arts secondary teaching majors should take ENG 107 and ENG 108; ENG 109 is also recommended.

English/Language Arts Common Core (37 credits)

B.A. in English/Literature (68-69 credits)
Common Core (37)
Four 300-level literature courses (6)
ENG 415 Topics in Theory and Criticism (4)
Two 400-level literature courses (8)
One upper-division elective in Humanities (3-4)

B.A. in English/Linguistics (67-69 credits)
Common Core (37)
LING 312 Language and Society (4)
LING 370 Discourse and Text (4)
Three 400-level linguistics courses (12)
One upper-division writing course (4)
Two upper-division Humanities electives (6-8)

B.A. in English/ Writing (67-69 credits)
Common Core (37)
Two 300-level writing classes* (7-8)
Three different 400-level writing classes for a minimum of (12)
Three upper-division Humanities electives (11-12)
*may include TA 330 Script Writing

Literature minor (20 credits)
ENG 223 Introduction to Literary Study (4)
Approved upper-division literature courses (16)

Linguistics minor (20 credits)
LING 210 Introduction to Linguistics (4)
LING 215 Structure of English I (4)
Approved upper-division linguistics courses (12)
Writing minor (19-20)
ENG 223 or WR 222 (4)
Approved upper-division writing courses* (15-16)
*may include TA 330 Script Writing

Students planning a minor in English, Linguistics, or Writing need to be aware of prerequisites for upper-division courses. Students with a major in one of these areas and a minor in another need to plan with an adviser additional classes in the minor to replace courses taken in the core. Planning with an adviser is essential.

Entrepreneurship
Associate professor: Martha Sargent

Entrepreneurship minor (18 credits)
BA 310 Principles of Marketing (3)
ENT 320 Accounting & Finance for Entrepreneurs (3)
ENT 330 Planning and Creating New Ventures (3)
ENT 350 Small Business Management (3)
ENT 460 Entrepreneurship in Action (3)

Choose three: (3)
ENT 380 Entrepreneurs Today (1)
ENT 381 Creativity and Entrepreneurs (1)
ENT 382 Innovation and Strategy (1)
ENT 383 Entrepreneurs and Society (1)

Environmental Studies
Professor: Mark Henkels
Associate professors: Stephen Taylor, Jeffrey Templeton, Mark Van Steeter
Assistant professor: Emily Plec

Environmental Studies minor (28-31 credits)
Core Courses (8)
HST 470 Environmental History (4)
BI 357 General Ecology – OR–
BI 370 Environmental Science (4)

Foundation Courses (14-15)
Social Sciences: select one course from any two disciplines
GEOG 380 Environmental Conservation (4)
GEOG 392 Physical Geography (4)
GEOG 425 Urban Planning and Policy (4)
GEOG 480 Nature and the American West (4)
PS 447 Environmental Politics and Policy (3)
PS 449 Environmental Values and Political Action (3)
SP 280 Environmental Communication (3)
CH 371 Environmental Chemistry (3)
ES 473 Environmental Geology (4)

Electives: Select two courses approved by minor adviser (6-8)
ANTH 311 Human Evolution (4)
BI 317 Vertebrate Natural History (4)
BI 321 Systematic Field Botany (4)
Choose one of the following clusters:

**Film in Europe (9-12)**
Context courses (6-8)

Choose two:
- FR 432 French Culture and Civilization: The Making of Modern France (3)
- FR 433 French Culture and Civilization: Contemporary France (3)
- GL 341 German Culture and Civilization (3)
- GL 342 German Studies (3)
- GL 412German Literature (3)
- GL 423 Studies in German Language and Literature (3)
- GL 441 20th Century German Drama (3)
- HST 437, 438 or 439 History of Modern Germany (4)
- HST 442 Modern France: 20th Century (4)
- HST 443 19th Century Europe (4)
- HST 444 20th Century Europe: The Two World Wars (4)
- HST 445 20th Century Europe: Postwar Period (4)
- Film courses (3)

Choose one:
- FR 340 Topics in French Fine Arts: Cinema for French Conversation (3)
- GL 310 German Film and Conversation (3)

**Film in the Americas (9-12)**
Context courses (6-8)

Choose two:
- GEOG 435 U.S. and Canadian Geopolitics (4)
- HST 351 Mexico and the Caribbean Since Independence (4)
- HST 350 South America Since Independence (4)
- HST 460 or 461 Multicultural America in Historical Perspective (4)
- HST 462 American Voices (4)
- HST 463 America and the World Wars (4)
- HST 464 Cold War America (4)
- HST 467 Chicano/a History (4)
- HST 469 Canada Since Confederation (4)
- HST 476 US West to 1900 (4)
- HST 477 US West in the 20th Century (4)
- HST 490 20th Century Latin America (4)
- SPAN 339 Civilization and Culture of Latin America (3)
- SPAN 370 or 371 Introduction to Latin American Literature (3)
- SPAN 441, 442, or 443 Latin American Literature of the 20th Century (3)

**Film Courses (3-4)**

Choose one:
- GEOG 307 Canadian Identity Through Film (4)
- GEOG 420 The West and the American Imagination (4)
- GEOG 421 The Changing American West (4)
- SOC 407 Latin American Social Issues Through Film (3)

**Critical Studies (9-12)**

Additional course in theory, tools, and methods (3-4)
Approved film studies courses (6-8)

Note: "Approved film studies courses" are those listed here. Additional courses may be submitted for transfer. Students must submit a program of courses and approval by the minor adviser.

**Film Studies Minor (25-30 credits)**

Core Courses (11)
- ANTH 369 Visual Anthropology (4)
- ENGL 386 Form and Meaning in Film (4)
- SP 426 Language of the Mass Media (3)

Theory, tools, and methods (6-8)

Choose two:
- A305 Art History: Modernism (4)
- A306 Art History: Modernism (4)
- ENGL 223 Introduction to Literary Study (4)
- GEOG 207 Geography and Film (4)
- SOC 407 Feminist Theory (3)
- MUS 423 Scoring for Film and Television (3)
- MUS 460 Special Topics in Music History (3)
- PHL 282 Philosophy of Art (3)
- PS 478 Political Fiction and Film (3)
- TA 251 Elements of Acting (3)
- TA 308 History of Fashion (3)
- TA 330 Script Writing (3)
- TA 338 History of Architecture and Decor (3)

Focused Study (9-12)

**French Teacher Education major (52 credits)**

(52 hours beyond first year language)
- FR 201, 202, 203 Second Year French (12)
- FR 301, 302, 303 Introduction to French Composition and Conversation (12)
- FR 331 French Pronunciation and Phonetics (3)
- FR 416 Language Teaching Practicum (2)

Choose two:
- FR 431 French Culture and Civilization
- FR 432 French Culture and Civilization
- FR 433 French Culture and Civilization

Choose two:
- FR 311, 312, 313 Intro to French Literature
- FR 411, 412, 413 French Literature
- FR 423, 424 Studies in French Literature

Electives (11) Upper-division

**French minor (15 credits)**

Approved upper-division hours in French
Gender Studies
Professors: Maureen Dolan, Kimberly Jensen, Robin Smith

Gender Studies minor (26-28 credits)
HST 410 Gender Issues Part I (4)
HST 411 Gender Issues Part II (4)
SOC 360 Sociology of Gender (3)
Elective Courses (15-18)
Choose from at least two divisions from the following:
A 405 Art History: Women in Art
ANTH 340 Mothers and Daughters
ANTH 370 Women in Cross-Cultural Perspective
ANTH 375 Women Anthropologists
D 310 Women in Dance
ENG 445/545 Women Writers
HE 467 Human Sexuality
HST 318 Women in the Greco Roman World
HST 333 Women and the Family in the Middle Ages
HST 462 American Voices
HST 465 Health, Medicine and Gender in Historical Perspective
HST 496 Women in Indian Society
HST 497 Women in Japanese Society
HST 498 Women in Chinese Society
PS 435 Women and Politics
PS 436/536 Gender in Politics
PSY 492/592 Psychology of Women
SOC 338 Sociology of the Family
SOC 437 Sociology of Race/Ethnic Relations
SOC 440 Women and Development
SOC 460 Feminist Theories
SP 435 Rhetoric of the Women’s Movement
SPAN 445 Hispanic Women Writers
SSC 201 Introduction to Gender Studies
SSC 403 Research/Internship

Note: SSC 201, SSC 403, and SOC 460 are strongly recommended. Also, minor may include any seminar that focuses on adding content only to women by women to the curriculum, or that substantially and explicitly addresses gender issues and feminist theory in the treatment of its subject area, or a course in which the student has the option of selecting and exploring gender-related topics in the process of developing a special skill, e.g. an advanced writing course.

Geography
Professor: Michael McGlade
Associate professors: Shaun Huston, Sriram Khe, Mark Van Steeter

Geography major (72 credits)
GEOG 105, 106, 107 Introductory Geography (12)
GEOG 240 Map and Air Photo Interpretation (4)
GEOG 440 Geographic Information Systems (GIS) (4)
GEOG 495 History and Philosophy of Geography (4)
Choose one course from each of the following three groups: (12)

Physical Geography
GEOG 391 Biogeography
GEOG 392 Physical Geography
GEOG 393 Soils Geography
GEOG 490 Climatology

Human Geography
GEOG 287 Geography and Film
GEOG 411 Cultural Geography
GEOG 413 Urban Geography
GEOG 425 Urban Planning and Policy
GEOG 433 Political Geography

Regional Geography
GEOG 310 World Regional
GEOG 314 The Pacific Rim
GEOG 370 Human Migration
GEOG 420 The West and the American Imagination
GEOG 421 The Changing American West
GEOG 432 Geography of Africa
GEOG 451 South Asia
GEOG 463 Geography of Mexico and Central America

For the B.S. in Geography:
GEOG 321 Field Geography (4)
GEOG 385 Quantitative Methods in Geography (4)
Electives in Geography (planned with adviser) (12)
Approved electives (planned with adviser) (16)
For any B.S. degree, students must complete 12 hours in math, computer science, and/or statistics.
For a B.S. degree in geography, students must take the following courses: MTH 111 (or other math course above 111 with consent of instructor), GEOG 385, CS 121 and CS 122.

For the B.A. in Geography:
Electives in Geography (20) Planned with adviser
Approved electives (16) Planned with adviser
For any B.A. degree, students must complete MTH 105 or above and CS 101 or above, and the third term of the second year of a modern language course.

Geography minor (28 credits)
GEOG 105, 106, 107 Introductory Geography (12)
Choose one (4)
GEOG 321 Field Geography
GEOG 440 Geographic Information Systems (GIS)
GEOG 495 History and Philosophy of Geography
Any three upper-division Geography courses (12)

Planning minor (28)
GEOG 105, 106 Introductory Geography (8)
GEOG 413 Urban Geography (4)
GEOG 425 Urban Planning and Policy (4)
Choose one: (4)
GEOG 240 Map and Air Photo Interpretation
GEOG 440 Geographic Information Systems (GIS)
Choose one: (4)
GEOG 370 Human Migration
GEOG 380 Environmental Conservation
GEOG 411 Cultural Geography
Upper-division elective in Geography (4)

German Studies
Associate professor: Gudrun Hoolider

German major (55-58 credits)
HST 201, 202, 203 Second Year German (12)
HST 301, 302, 303 Composition & Conversation (12)
GL 110 Introduction to German Literature in Translation (4)
Choose five (5-16) At least two at 300 level and at least two at 400 level
GL 310 German Film and Conversation (3)
GL 320 Business German (3)
GL 331 German Pronunciation & Phonetics (3)
GL 340 Culture and Civilization I - from Romans to Enlightened Lit (3)
GL 341 Culture and Civilization II - from Classicism to Reunification (3)
GL 350 Methods in Translation (3)
GL 399 Special Studies (3)
GL 411 German Literature I: Medieval to Classical (3)
GL 412 German Literature II: Naturalism to Present (3)
GL 423 Studies in German Language and Literature (3)
GL 424, 425, 426 Advanced German Composition and Conversation (3)
GL 442 German Drama-Performance (4)
GL 481 History and Stucture of German Language (3)

Choose two: (instruction in English, readings and compositions in German) (6)
HUM 325/GL 342 Studies in German Culture and Literature to 1900
HUM 343/GL 343 Studies in German Culture and Literature to 1945
HUM 344/GL 344 Studies in German Culture and Literature to 1990s

Choose two 300 or 400 level courses with German focus: (6-8)
May include, but not limited to:
A 304, 305, 306 Art History
ENG 340, 341 Period Studies in World Literature
ENG 441 Studies in World Literature
GEOG 306 Global Economic Geography
GEOG 410 Global Issues
GEOG 418 International Trade & Transportation
GEOG 426 Geography of Europe
GEOG 433 Political Geography
HST 437, 438, 439 History of Modern Germany
HST 443 19th Century Europe
HST 444 20th Century Europe
HST 492 World Problems
MUS 361 17th & 18th Century Music
MUS 362 19th & 20th Century Music
PHL 314 Modern European Philosophy
PHL 316 Contemporary Philosophy
PS 462 Politics and Governments of Europe

Study abroad, internship or capstone project:
The German studies major requires study abroad in a German-speaking country or an internship experience prior to graduation. If the student is unable to study or intern abroad, the adviser will help design a capstone project that meets the objectives of study abroad.
German minor (15-16 credits)
GL 301, 302, 303 German Composition and Conversation (12)
One other 300 or 400 level German course (3-4)

German Teacher Education major (53 credits)
53 hours beyond first year language
GL 201, 202, 203 Second Year German (12)
GL 301, 302, 303 Composition & Conversation (12)
GL 331 Pronunciation and Phonetics (3)
GL 340, 341 Culture and Civilization (6)
GL 416 Language Teaching Practicum (2)
Two 400-level GL courses (6)
Four other upper-division German courses (12)

Health
Professors: Jerry Braza, Linda Stonecipher
Assistant professors: Jessica Wolf Henderson, Peggy Pedersen

Health major (61-64 credits)
Common Health Core (23)
HE 325 Nutrition (3)
HE 350 Introduction to Health Careers (3)
HE 409 Health Practicum (2)
HE 415 Child and Adolescent Health (3)
HE 434 Diseases (3)
HE 462 Contemporary Health Issues (3)
HE 475 Epidemiology (3)

Select one of the following three tracks:
Mind/Body Track (41-42 credits)
HE 211 Techniques of Relaxation (3)
HE 409 Health Practicum (2)
HE 420 Healthy Relationships (3)
HE 480 Eastern Minds/Western Ways (3)
HE 481 Mind/Body Health (3)
HE 484 Art of Mindful Living (3)
HE 485 Bioethics and Public Health (3)
HE 491 Stress Management (3)
PSY 301 Introduction to Research Methods (4)
PSY 483 Adulthood and Aging (4)
PHL 261 Metaphysics: Theory of Being (3)
PHL 263 Philosophy of the Mind (3)

Choose one of the following: (3-4)
PE 310 Motor Learning
PE 371 Kinesiology
PE 415 Motor Development
PE 473 Physiology of Exercise

Choose one of the following: (1)
PE 143 Yoga
PE 144 Energy Yoga
PE 145 Tai Chi
PE 147 Karate

Interdisciplinary Health Track (41 credits)
HE 367 Human Sexuality (3)
HE 409 Health Practicum (2)
HE 465 International Health (3)
HE 491 Stress Management (3)

Choose five of the following: (15-17)
HE 429 Health and Social Services (3)
HE 420 Healthy Relationships (3)
PS 350 Introduction to Public Policy (3)
PSY 328 Mental Health (4)
PSY 334 Social Psychology (4)
PSY 349 Introduction to Behavior Modification (4)
SOC 338 Sociology of the Family (3)
SP 211 Introduction to Mass Communication (3)

Electives: health or other courses with approval of adviser (12)

Health Professional Track (39 credits)
HE 327 Community and Public Health (3)
HE 409 Health Practicum (4)
HE 429 Health and Social Services (3)
HE 420 Healthy Relationships (3)
HE 465 International Health (3)
HE 485 Bioethics and Public Health (3)
BI 318 Elements of Microbiology (4)
SP 312 Public Relations and Communication (3)
PS 350 Introduction to Public Policy (3)
PSY 301 Introduction to Research Methods (4)

Electives: health or other courses with approval of adviser (6)
Prerequisites: BI 102, BI 103, BI 334, BI 335, PSY 201, PSY 202.

Note: BI 102, BI 103, BI 334 can be used for the LACC science requirement; PSY 201 can be used for the LACC social science elective.

B.S. graduation requirements for health majors: MTH 111 (or higher), CS 121, CS 122 and HE 475W.

Health Teaching major (62 credits)
HE 252 First Aid, CPR and Safety (3)
HE 325 Nutrition (3)
HE 367 Human Sexuality (3)
HE 415 Child and Adolescent Health (3)
HE 429 Health and Social Services (3)
HE 420 Healthy Relationships (3)
HE 421 AIDS and STDs (3)
HE 433 School Health Program (3)
HE 434 Diseases (3)
HE 462 Contemporary Health Issues (3)
HE 466 Drugs and Alcohol (3)
HE 475 Epidemiology (3)
HE 481 Mind/Body Health (3)
HE 491 Stress Management (3)
PSY 311 Developmental Psychology (4)
PSY 328 Mental Health (4)
PSY 349 Introduction to Behavior Modification (4)

Approved Electives (8)

Prerequisites: BI 102, BI 103, BI 334, BI 335, PSY 201, PSY 202.

Note: BI 102, BI 103, BI 334 can be used for the LACC science requirement; PSY 201 can be used for the LACC social science elective.

B.S. graduation requirements for health majors: MTH 111 (or higher), CS 121, CS 122 and HE 475W.

Health minor (27 credits)
The health minor should be planned with a health adviser. The health minor consists of 27 hours of courses with a HE prefix, of which at least 15 credits must be upper-division.

History
Professors: Max Geier, Kimberly Jensen, Narasingha Sil, John Rector
Associate professors: Bau Hwa Hsieh, Ben Lowe
Assistant professors: David Doellinger

History major (72 credits)
HST 101, 102, 103 History of Western Civilization
–OR–
HST 104, 105, 106 World History
HST 201, 202, 203 History of the United States
(choose two of the three courses)
–OR–
HST 211 and HST 212 American History Survey
HST 420 Philosophies of History (4)
HST 499 Senior Seminar (4)

Select at least two courses each from four of the five areas below (44)
Consult a history department adviser in developing your plan. This may include History 407 seminars on topical/regional areas offered on a periodic basis. With prior approval from their History Department adviser, students may plan a program that includes up to 9 hours of social science electives relevant to their concentration areas in history to complete the 44-hour sequence.

Europe/Russia
HST 304, 305, 306 English History
HST 315 Ancient Near East and Egypt
HST 316 Ancient Greece
HST 317 Ancient Rome
HST 318 Women in the Greco-Roman World
HST 319 Aristophanes’ Athens
HST 320 Cicero & the Politics of the Late Republic
HST 321 Biography and Empire
HST 322 Cities of Vesuvius: Pompeii, Herculanum & Stabiae
HST 325 Archaeology of the Biblical World
HST 330 Early Middle Ages
HST 331 High Middle Ages
HST 332 Late Middle Ages
HST 333 Women and Family in the Middle Ages
HST 334 The Byzantine Empire
HST 335 The Crusades
HST 423 The Renaissance
HST 424 The Reformation
HST 425 Early Modern Europe
HST 431 England Under the Tudors and Stuarts
HST 437, 438, 439 History of Modern Germany
HST 440 Modern France: Revolution and Napoleon
HST 441 Modern France: The 19th Century
HST 442 Modern France: The 20th Century
HST 443 Nineteenth Century Europe
HST 444 Twentieth Century Europe: The Two World Wars
HST 445 Twentieth Century Europe: Postwar Period
HST 447, 448, 449 History of Russia/Eastern Europe
HST 452, 453 History of Spain & Portugal
HST 454 History of Modern Italy
HST 485 British Constitutional History

North American Studies
HST 351 Mexico and the Caribbean
HST 436 Mexico Since Independence
HST 455 Colonial America
HST 457 Jacksonian America
HST 458 Civil War & Reconstruction
HST 459 Business America and Progressivism
HST 460, 461 Multicultural America in Historical Perspective
HST 462 American Voices: Autobiography, Biography and Memoir in American History
HST 463 America and the World Wars
HST 464 Cold War America
HST 465 Health, Medicine and Gender in Historical Perspective
HST 468 Canada: to Confederation (1867)
HST 469 Canada: Since Confederation
HST 470 Environmental History
HST 476 U.S. West to 1900
HST 477 U.S. West in the Twentieth Century
HST 478 Pacific Northwest History
HST 486 North American Constitutional History

Comparative/Methods
HST 318 Women in the Greco-Roman World
HST 319 Aristophanes’ Athens
HST 320 Cicero & the Politics of the Late Republic
HST 321 Biography and Empire

HST 418 Historical Editing
HST 419 Introduction to Public History
HST 460/461 Multicultural America in Historical Perspective
HST 462 American Voices: Autobiography, Biography and Memoir in American History
HST 465 Health, Medicine and Gender in Historical Perspective
HST 470 Environmental History
HST 478 Pacific Northwest History
HST 485 British Constitutional History
HST 486 North American Constitutional History
HST 491 History of Inter-American Relations
HST 492 World Problems

Humanities
HST 395 South East Asia: Second World War to Cold War
HST 396 South East Asia: Cold War to Present
HST 446 Arab World in Transition

History minor (28 credits)
Choose an elective in United States History (4)
Choose an elective in Western European History (4)
Choose an elective in World History (4)
Choose a method or topics elective (4)
Three additional electives in any two areas above (12)
Note: 16 hours of the minor must be upper-division.
World history includes any course on Asia, Latin America, Canada, Africa, or Eastern Europe. Methods and topics courses include HST 318, 321, 333, 335, 407, 410, 411, 417, 419, 420, 451, 452, 462, 465, 470, 491, 492, 496, 497, 498 and other courses approved by History Department adviser.

Humanities major (64 credits)
Courses in two or more of the following fields: English, French, German, linguistics, Spanish, philosophy and religious studies, speech communication, or writing. The emphasis in the major is determined with the help of an adviser. Possible emphases include communications, modern languages, and philosophy/religion/mythology.
Required: HUM 450 Senior Portfolio (1)

Humanities minor (15 credits)
Approved upper-division hours in humanities

Information Systems
Information Systems major (66-69 credits)
BA 211 Financial Accounting (4)
BA 310 Principles of Marketing (3)
BA 361 Organizational Behavior (3)
CS 162 Computer Science I (5)
CS 260 Computer Science II (5)
CS 340 Ethics and Information Management (3)
CS 350 Network Administration (3)
CS 420 Database Management (3)
CS 425 System Analysis and Design (3)
CS 453 Data Mining and Data Warehousing (3)
IS 270 Applied Operating Systems (3)
IS 320 Data Structures (3)
IS 409 Internship (3-6)
IS 421 Database Administration (3)
IS 431 Web Based Application Development (3)
IS 452 Internet (3)
IS 483 Systems Administration (3)
MTH 231 Elements of Discrete Mathematics (3)
MTH 243 Introduction to Probability & Statistics (4)
Note: Information systems majors must have a grade of C or better in courses that are used to satisfy the major requirements.

Integrated Science
Integrated Science Teacher Education major (61-63 credits)
CH 221, 222, 223 General Chemistry (12)
Choose one sequence: (12)
PH 201, 202, 203 General Physics
PH 211, 212, 213 General Physics with Calculus
ES 331 Introduction to Oceanography (3)
ES 351 Geology for Educators (3)
ES 390 Basic Meteorology (3)
MTH 112 Elementary Functions (4)
GS 314 Classroom & Laboratory Resources in Science (2)
GS 351 Elements of Astronomy (3)
Choose one (4)
ES 431 Paleobiology
ES 450 Introduction to Petrology
ES 453 Geology of the Pacific Northwest

Interdisciplinary Studies
Interdisciplinary major (54-120 credits)
The major must include study from two or more academic areas with a minimum of 27 hours in each and a minimum of 48 upper-division hours in the major. A minor is not required.
Note: Students interested in such individualized programs should contact the Dean of the College of Liberal Arts and Sciences, Western Oregon University, Monmouth, OR, 97361, 503-838-8226.

International Studies
International Studies major (67-68 credits)
International Studies Core (18) 6 courses
ANTH 314 Evolution of Human Societies (4)
HST 492 World Problems (4)
Choose one or more:
GEOG 310 World Regional Geography (4)
GEOG 410 Global Issues (4)
GEOG 433 Political Geography (4)
Choose one or more:
PS 203 Introduction to International Relations (3)
PS 492 Ideologies of the Twentieth Century (3)
PS 493 International Organizations (3)
Choose one or more:
SOC 400 Globalization & Development (3)
SOC 427 Revolutionary Social Movements (3)

Modern Language Specialization (30 credits)
In the same language
Latin American Studies

Language Arts (B.A. Only)

Note: For LACC literature requirements, English majors and language arts secondary teaching majors should take ENG 107 and ENG 108; ENG 109 is also recommended.

Language Arts Teacher Education major (73 credits)

Common Core (36 credits)

ENG 204 Survey of British Literature (4)
ENG 253 Survey of American Literature (8)
ENG 301 Shakespeare (4)
LING 210 Introduction to Linguistics (4)
LING 215 Structure of English I (4)

Literature (16)

Two 300-level literature courses (8)
Two 400-level literature courses (8)

Writing (4)

WR 440 Teaching of Writing (4)
One upper-division elective in linguistics or writing (4)

Communication (9)

SP 112 Interpersonal Speech Communication (3)
SP 211 Introduction to Mass Communication (3)
SP 239 Oral Interpretation (3)
SP 250 Effective Listening (3)
SP 321 Influencing Through Argument (3)
SP 322 Persuasion (3)
SP 323 Groups Discussion and Leadership (3)

Latin American Studies (19-20 credits)

Choose one area of study:

A. World Language/Culture Emphasis

Choose any 12 hours from International Studies Core (12)
SP 325 Intercultural Communication (3)

Three upper-division courses in a world language (9)

B. Social Science Emphasis

Choose any 12 hours from International Studies Core (12)
SP 325 Intercultural Communication (3)

Social Science courses with aid of International Studies adviser (12)

Latin American Studies
Professors: Maureen Dolan, John Rector

Latin American Studies minor (19-20 credits)

HST 350 Pre-Columbian and Colonial Latin America (4)
SOC 450 Latin American Societies (3)

HST 351 Mexico and the Caribbean Since Independence

Latin American Studies minor (27 credits)

HST 350 Pre-Columbian and Colonial Latin America (4)
SOC 450 Latin American Societies (3)

HST 351 Mexico and the Caribbean Since Independence

Latin American Studies

Professors: Maureen Dolan, John Rector
Law Enforcement

Professor: Stephen Gibbons
Associate professor: William Brown
Assistant professors: Vivian Amantana, Terry Gingerich

Law Enforcement major (72 credits)

Core Criminal Justice Courses* (32 credits)
CJ 213 Introduction to Criminal Justice (4)
CJ 319 Ethics and Leadership in Criminal Justice (4)
CJ 327 Research Methods in Criminal Justice (4)
CJ 450 Criminology (4)
CJ 407 Seminar: Community Crime Prevention (4)
CJ 409 Practicum: Community Crime Prevention (12)

Law Enforcement major (20 credits)
CJ 313 History of American Law Enforcement (4)
CJ 331 Police and the Community (4)
CJ 351 Police Organization and Administration (4)
CJ 451 Youth Crime and Society (4)
CJ 452 Criminal Procedure (4)

Electives from Criminal Justice and/or Social Science (20)

Criminal Justice Electives:
CJ 241 Introduction to Community Crime Prevention (4)
CJ 440 Community Crime Prevention (4)
CJ 406 Independent Study (1-4)
CJ 423 Management of Law Enforcement Organizations (4)
CJ 424 Law Enforcement Planning (4)
CJ 435 Gender, Crime, and Justice (4)
CJ 436 Minorities, Crime, Social Policy and Social Control (4)
CJ 456 Contemporary Issues in Criminal Justice (4)
CJ 463 Juvenile Issues (4)
CJ 499 Studies in Community Crime Prevention (4)

Note: Formal admission is required for all students seeking the B.A./B.S. in law enforcement. Normally, students will apply for admission to the law enforcement major at the end of the freshman year, or in the case of transfer students, upon admission to the university. It is important to note that admission to this major is competitive, and students must maintain a high level of academic performance. The minimum GPA required for admission is 2.67. Students will be required to complete WR 115 and WR 135. Students must earn a grade of B or above in both WR 115 and WR 135 prior to admission to the program. All transfer English classes must be 3.0 or higher to be accepted. Students must also complete CJ 213 and achieve a minimum GPA of 2.67 in order to be admitted into the law enforcement major.

Criminal Justice Electives:
CJ 241 Introduction to Community Crime Prevention (4)
CJ 440 Community Crime Prevention (4)
CJ 406 Independent Study (1-4)
CJ 423 Management of Law Enforcement Organizations (4)
CJ 424 Law Enforcement Planning (4)
CJ 435 Gender, Crime, and Justice (4)
CJ 436 Minorities, Crime, Social Policy and Social Control (4)
CJ 456 Contemporary Issues in Criminal Justice (4)
CJ 463 Juvenile Issues (4)
CJ 499 Studies in Community Crime Prevention (4)

Note: Formal admission is required for all students seeking the B.A./B.S. in law enforcement. Normally, students will apply for admission to the law enforcement major at the end of the freshman year, or in the case of transfer students, upon admission to the university. It is important to note that admission to this major is competitive, and students must maintain a high level of academic performance. The minimum GPA required for admission is 2.67. Students will be required to complete WR 115 and WR 135. Students must earn a grade of B or above in both WR 115 and WR 135 prior to admission to the program. All transfer English classes must be 3.0 or higher to be accepted. Students must also complete CJ 213 and achieve a minimum GPA of 2.67 in order to be admitted into the law enforcement major.

* Core courses are required for all students majoring in law enforcement, corrections or community crime prevention.

Legal Studies

Professor: Mark Henkels

Legal Studies minor (27-29 credits)
BA 230 Intro to Business Law (3)
PS 201 American Government (3)
PS 202 State and Local Government (3)
PS 479 Constitutional Law (3)
PS 480 Administrative Law (3)
PS 484 American Jurisprudence (3)
PS 485 Legal Reasoning and Writing (3)

Choose two: (6-8)
ANTH 475 Anthropological Approaches to Law
BA 211 Financial Accounting
CJ 213 Introduction to Criminal Justice
CJ 452 Criminal Procedure
HST 304 English History
HST 305 English History
HST 485 British Constitutional History
PHL 103 Introduction to Logic
PHL 253 Social and Political Philosophy
PHL 380 Philosophy of Law
PS 409 Administrative Internship
PS 410 Legislative/Political Internship
PS 481 International Law
SP 321 Influencing through Argument
SP 326 Communication and Controversy: Freedom of Speech in the US
SP 327 Communication in the Legal Field

Mathematics

Professor: Michael Ward
Associate professors: Hamid Behmard, Laurie Burton, Maria Fung
Assistant professor: Cheryl Beaver, Scott Beaver, Klay Kruczek

Mathematics major (72 credits)

MTH 251 Calculus I (5)
MTH 252 Calculus II (5)
MTH 253 Calculus III Sequences and Series (3)
MTH 254 Multivariate Calculus (5)
MTH 280 Introduction to Proof (3) MTH 280 may be waived for qualified transfer student
MTH 311 Advanced Calculus I (4)
MTH 312 Advanced Calculus II (4)
MTH 341 Linear Algebra I (4)
MTH 345 Ring Theory (3)
MTH 355 Discrete Mathematics (3)
MTH 365 Mathematical Probability (3)
MTH 366 Mathematical Statistics (3)

Choose four electives: (12-13)
MTH 311 Advanced Calculus I
MTH 314 Differential Equations I
MTH 346 Number Theory
MTH 351 Introduction to Numerical Analysis
MTH 414 Differential Equations II
MTH 420 Advanced Topics: Applied Mathematics
MTH 441 Linear Algebra II
MTH 451 Numerical Analysis
MTH 460 Advanced Topics: Probability & Statistics
CS 161 Survey of Computer Science (4)
CS 162 Computer Science I (5)
CS 260 Computer Science II (5)
CS 262 Programming Languages (2)
CS 271 Computer Organization (4)
CS 311 Data Structures I (3)
CS 313 Data Structures II (3)
CS 315 Theory of Programming Languages (3)
CS 345 Theory of Computation I (3)
CS 372 Operating Systems (3)
CS 420 Data Management Systems (3)
CS 425 Systems Analysis & Design (3)
CS 430 Software Implementation & Testing (3)
CS 406 Senior Seminar (1)

Choose nine hours from one of the following elective sequences (9)

A. Computational Theory
   MTH 440 Analysis of Algorithms (3)
   MTH 445 Theory of Computation (3)
   MTH 447 Compiler Design (3)
   MTH 449 Topics in Computational Theory (3)

B. Software Engineering
   CS 410 Operating Systems- Advanced Topics (3)
   CS 411 Metrics and Testing (3)
   CS 473 Human Machine Interfaces (3)
   CS 474 Current Systems (3)
   CS 475 Applied Computational Intelligence (3)
   CS 479 Topics in Software Engineering (3)

C. Systems Management
   CS 450 Network Fundamentals (3)
   CS 451 Management of Information Systems (3)
   CS 452 Internet Communications (3)
   CS 453 Data Mining and Data Warehousing (3)
   CS 459 Topics in Systems Management (3)

Note: Mathematics majors must have a grade of C- or better in courses that are used to satisfy the major requirements. A minor is not required.
Mathematics Teacher Education major (65 credits)
MTH 251 Calculus I (5)
MTH 252 Calculus II (5)
MTH 253 Calculus III or MTH 254 Multivariate Calculus (5)
MTH 280 Introduction to Proof (3)
(MTH 280 may be waived for qualified transfer students)
MTH 311 Advanced Calculus I (4)
MTH 341 Linear Algebra I (4)
MTH 344 Group Theory (3)
MTH 345 Ring Theory (3)
MTH 365 Mathematical Probability (3)
MTH 366 Mathematical Statistics (3)
MTH 337 Geometry (3)
MTH 346 Number Theory (3)
MTH 355 Discrete Mathematics (3)
Upper-division Electives in Mathematics (10)
(300/400 level mathematics classes selected with your math adviser)
CS 162 Computer Science I (5)

Note: Mathematics majors must have a grade of C- or better in courses that are used to satisfy the major requirements.

Mathematics minor (25-27 credits)
MTH 251 Calculus I (5)
MTH 252 Calculus II (5)
MTH 253 Calculus III or MTH 254 Multivariate Calculus (3-5)
Approved upper-division electives in mathematics
(12) Determined with adviser and in relation to the major
Note: Mathematics minors must have a grade of C- or better in courses that are used to satisfy the minor requirements.

Mathematics Education minor (27 credits)
MTH 211, 212, 213 Foundations of Elementary Mathematics (12)
MTH 396 Elementary Problem Solving (3)
MTH 395 Elementary Integrated Mathematics
OR
MTH 397 Problem solving for Secondary Teachers (3)
Choose three: (9)
MTH 392 College Algebra for Elementary Teachers
MTH 393 Probability and Statistics for Elementary Teachers
MTH 492 Abstract Algebra for Teachers
MTH 494 Geometry for Middle School Teachers
MTH 495 Calculus for Middle School Teachers
Note: Mathematics minors must have a grade of C- or better in courses that are used to satisfy the minor requirements.

Military Science (Army ROTC)
Military Science minor (29 credits)
(At least 18 of the 29 hours required in the minor must be military science courses.)
Choose 18 hours
M.S. 111, 112, 113 Adventure Training (3)
M.S. 211, 212, 213 Military Science II (6)
M.S. 311, 312, 313 Military Science III (9)
M.S. 314 Advanced Summer Camp (6)
M.S. 411, 412, 413 Military Science IV (9)
Choose one course from each category: (11)
History (4)
HST 463 America and the World Wars
HST 464 Cold War America
Political Science (3)
PS 423 Issues in National Policy
PS 497 American Foreign Policy
Writing (4)
Any Writing course offered at WOU higher
than WR 135

Note: Students interested in obtaining an officer's commission may contact the Army ROTC department.
Classes may be taught at WOU or Oregon State University in Corvallis. Further information about Army ROTC scholarships and other aspects of the program may be obtained from Western Oregon University in Corvallis. Further information about the program may be obtained from Oregon State University, Military Science Department, Corvallis, OR 97331. 541-737-3511.

Electives (31)
MUS 310 Women in Music (3)
MUS 330 Rhythmic Awareness (2)
MUS 332, 333 Improvisation (4)
MUS 341 Piano Pedagogy (3)
MUS 342 Vocal Pedagogy (3)
MUS 351 Accompanying (2)
MUS 353 Musical Theatre Production: Vocal (maximum of 4)
MUS 354 Musical Theatre Production: Instrumental (maximum of 2)
MUS 365 Jazz Style & Analysis (3)
MUS 399 Special Studies (maximum of 6)
MUS 414, 415, 416 Jazz Theory/Arranging (6)
MUS 417 Counterpoint (3)
MUS 418 Contemporary Composition (3)
MUS 421 Electronic Music I (3)
MUS 422 Electronic Music II (3)
MUS 423 Scoring for Film & TV (3)
MUS 424 Vocal Literature (3)
MUS 425 Keyboard Literature (2)
MUS 426 Vocal Literature: Popular Styles (3)
MUS 427 Choral Literature (2)
MUS 428 Vocal Literature: Popular Styles (3)
MUS 427 Choral Literature (3)
MUS 428 Literature for Instrumental Ensembles (3)
MUS 456 Special Topics in Music History (maximum of 12)
MUS 465 Special Topics in Music Theory (maximum of 12)
MUP 400 Advanced Private Study (maximum of 12)
MUE 318 Music for the Classroom Teacher (3)
MUE 320 Introduction to Orff-Schulwerk (3)
MUE 451 Woodwind Pedagogy (3)
MUE 425 Orff-Schulwerk Level I (6)

*Prerequisites: BI 334 & 335.

Physical Education
Professor: Marita Cardinal
Associate professors: Jon Carey, Brian Caster
Assistant professors: Robert Hautala, Gay Timken

Physical Education major (69 credits)
Physical Education major core (40)
HE 252 First Aid, CPR and Safety (3)
HE 325 Nutrition (3)
PE 230 Foundations of Exercise Science (3)
PE 310 Motor Learning (3)
PE 359 Care & Prevention of Athletic Injuries* (4)
PE 371 Kinesiology* (4)
PE 440 Legal Issues in Physical Education and Sport (3)
PE 444 Adaptive Physical Activity (3)
PE 446 Measurement and Evaluation (3)
PE 470 Social & Psychological Aspects of Physical Activity & Sport (3)
PE 473 Physiology of Exercise* (4)
PE 483 Biomechanical Analysis* (4)

*Prerequisites: BI 334 & 335.
Professional Tracks (Select One)

Track #1 - Pre-Education Non-Licensure (29 credits)
- PE 171 Teaching Educational Gymnastics (K-12) (1)
- PE 217 Teaching Weight Training & Conditioning (2)
- PE 218 Teaching Aerobic Fitness (2)
- PE 240 Teaching Dance in Secondary Schools (3)
- PE 241 Teaching Court Sports in Secondary Schools (3)
- PE 242 Teaching Field Sports in Secondary Schools (3)
- PE 243 Teaching Lifetime Activities in Secondary Schools (3)
- PE 343 Organization & Administration of Physical Education
- PE 375 Athletics: Coaching & Administration (3)
- PE 433 Physical Education in the Elementary School
- PE 445 Physical Education Curriculum (3)
- PE 496 Secondary Teaching Methods (3)

Choose one Aquatics course (1) Minimum Aquatics II
Choose one Outdoor Recreation Course (1)
Choose one Eastern Arts course (1)

Track #2 - Sport and Recreation Leadership (29 credits)
- PE 320 Fitness & Recreation Programs for General Population (3)
- PE 343 Organization & Administration of Physical Education (3)
- PE 361 Coaching Youth Sports (2)
- PE 373 Recreational Sports Management (3)
- PE 375 Athletics: Coaching & Administration (3)
- PE 409 Practicum in Sport or Recreation (2)
- EC 333 Economics of Professional Sports* –or– EC 334 Economics of Collegiate Sports* –or–
- PSY 415 Psychology of Sport** (4)

Select a combination of the following: (10) With adviser approval
- Coaching Theory Courses
- Professional Activity (Teaching) Courses
- Physical Activities

One additional Practicum (2 credits maximum)

* Prerequisite: EC 201 & 202
** Prerequisite: PSY 201 & 202

Track #3 - Fitness Leadership/Management (29 credits)
- PE 161 Aquatics II* –OR–
- PE 162 Fitness Swim* (1)
- PE 217 Teaching Weight Training & Conditioning (2)
- PE 218 Teaching Aerobic Fitness (2)
- PE 320 Fitness and Recreation Programs for General Population (3)
- PE 343 Organization & Administration of Physical Education –or–
- PE 373 Recreational Sports Management (3)
- PE 409 Practicum in Fitness Industry (2)

Select a combination of the following ** (4-7) With adviser approval

Coaching Theory Courses
- Professional Activity (Teaching) Courses
- Physical Activities

One additional Practicum (2 credits maximum)

Select one of the following groups:

A. BA 101 Introduction to Business (3)
   Choose one: (4)
   BA 217 Accounting for Non-Accountants
   BA 211 Financial Accounting
   BA 310 Principles of Marketing
   BA 390 Management

B. PSY 349 Introduction to Behavior Modification (4)
   PSY 423 Interviewing and Appraisal (4)
   PSY 445 Group Processes
   PSY 445 Organizational Psychology

* Prerequisite: Aquatics I

** Students choosing business sequence, take 7 activity credits; students choosing psychology sequence, take 4 activity credits.

Note: It is recommended that students take BI 102, 103 and BI 334, 335 to fulfill the natural science requirement in the LACC. BI 334 and 335 are prerequisites for several major core classes and divisional electives. See course descriptions for specific prerequisite requirements. Students electing to complete the B.S. degree in physical education will meet the math, computer science and statistics requirements by completing the following courses: MTH 111 (or higher), CS 121 and 122 (or higher), PE 446.

Physical Education Teaching major (66 credits)

Middle/Secondary Emphasis**

Science Core (28)
- HE 252 First Aid, CPR and Safety –OR–
- HE 352 First Aid and CPR Instructor (3)
- HE 325 Nutrition (3)
- PE 310 Motor Learning (3)
- PE 359 Care & Prevention of Athletic Injuries* (4)
- PE 371 Kinesiology* (4)
- PE 470 Social & Psychological Aspects of Physical Activity & Sport (3)
- PE 473 Physiology of Exercise* (4)
- PE 483 Biomechanical Analysis* (4)

* Prerequisites: BI 334, 335

Professional Education Core (18)
- PE 343 Organization & Administration of Physical Education –OR–
- PE 375 Athletics: Coaching & Administration (3)
- PE 440 Legal Issues in Physical Education and Sport (3)
- PE 444 Adaptive Physical Activity (3)
- PE 445 Physical Education Curriculum (3)
- PE 446 Measurement and Evaluation (3)
- PE 496 Secondary Teaching Methods (3)

Professional Activity Core (20)
- PE 171 Teaching Educational Gymnastics (K-12) (1)
- PE 217 Teaching Weight Training & Conditioning (2)
- PE 218 Teaching Aerobic Fitness (2)
- PE 240 Teaching Dance in Secondary Schools (3)
- PE 241 Teaching Court Sports in Secondary Schools (3)
- PE 242 Teaching Field Sports in Secondary Schools (3)

PE 243 Teaching Lifetime Activities in Secondary Schools (3)

PE 310 Basic Exercise Science (3)
- PE 375 Athletics: Coaching & Administration (3)
- PE 391 First Aid, CPR and Safety (3)
- PE 409 Student Teaching Practicum/Work Sample (3)

NOTE: It is recommended that students take BI 102, 103 and BI 334, 335, to fulfill the natural science requirement in the LACC. BI 334 and 335 are prerequisites for several major core classes and divisional electives. See course descriptions for specific prerequisite requirements.

Students electing to complete the B.S. degree in physical education will meet the math, computer science and statistics requirements by completing the following courses: MTH 111 (or higher), CS 121 and 122 (or higher), PE 446.

Physical Education minor (27 credits)
- PE 230 Foundations of Exercise Science (3)
- PE 361 Coaching Youth Sports (2)
- PE 375 Athletics: Coaching & Administration (3)

Students electing to complete the B.S. degree in physical education will meet the math, computer science and statistics requirements by completing the following courses: MTH 111 (or higher), CS 121 and 122 (or higher), PE 446.

Physical Education minor (27 credits)

Sports Leadership minor (27 credits)
- HE 252 First Aid, CPR and Safety (3)
- PE 361 Coaching Youth Sports (2)
- PE 375 Athletics: Coaching & Administration (3)
- PE 391 First Aid, CPR and Safety (3)
- PE 301 Basic Exercise Science (3)
- PE 415 Lifespan Motor Development (3)
- PE 433 Physical Education in the Elementary School (3)
- PE 434 Elementary Physical Education Teaching Practicum (1)
- PSY 218 Psychological Foundations of Education (3)
- PE 409 Student Teaching Practicum/Work Sample (3)

Sports Leadership minor (27 credits)

Choose one: (6)
- Three coaching classes –OR–
- Two coaching classes and a 2-hour practicum
Politics

Professors: Edwin Dover, Mark Henkels
Assistant professor: Mary Petteniger

Political Science major (72 credits)

PS 201 American National Government (3)
PS 202 State and Local Government (3)
PS 203 International Relations (3)
PS 350 Introduction to Public Policy (3)
PS 351 Introduction to Public Administration (3)
PS 352 Introduction to Comparative Politics (3)

Choose two in International Relations and Comparative Politics: (6)

PS 480 Administrative Law
PS 481 Environmental Values and Political Action
PS 482 Comparative Politics
PS 485 Legal Reasoning and Writing

Electives in Political Science (12)
Electives in Social Science/Political Science (24)

Note: For the B.S. degree in Political Science, students may take any combination of Math/Computer Science/Statistics courses as long as it includes at least one Math course beyond MTH 105 and one Computer Science course beyond CS 101.

Political Science minor (27 credits)

PS 201 American National Government (3)
PS 202 State and Local Government (3)
PS 203 International Relations (3)
PS 350 Introduction to Public Policy (3)
PS 351 Introduction to Public Administration (3)

Choose two in Political Science (6)

PS 480 Administrative Law
PS 481 Environmental Values and Political Action
PS 482 Comparative Politics
PS 485 Legal Reasoning and Writing

Electives in Political Science (12)
Electives in Social Science/Political Science (24)

Note: For the B.S. degree in Political Science, students may take any combination of Math/Computer Science/Statistics courses as long as it includes at least one Math course beyond MTH 105 and one Computer Science course beyond CS 101.

Pre-Professional Studies

Students interested in any of the pre-professional programs in the health sciences should not use just the listed courses in the catalog to construct their class schedules. A faculty adviser with expertise in each of these programs is available and must be consulted before building a class schedule. Please contact the Natural Sciences and Mathematics Division office at 503-838-8206 for the name and phone number of the faculty adviser for the pre-professional program of interest to you.

Dental Hygiene (101-104 credits)

Recommended course work is listed below; students should consult with adviser for program-specific options.

First Year
ANTH 216 Cultural Anthropology (4)

Choose one of the following sequences: (12-15)
BI 101, 102, 103 General Biology
BI 211, 212, 213 Principles of Biology

CH 104, 105, 106 Introductory Chemistry (12 )
PSY 201 General Psychology (4)
SP 111 Fundamentals of Speech (3)
WR 135 English Composition (4)

Physical Education activity courses (3)
Electives (8)

Second Year
BI 318 Microbiology for the Health Sciences (4)

HE 325 Nutrition (3)
SOC 225 Social Problems (3)

Writing Elective (6)
Humanities courses (6)
Electives (26)

Note: Many programs require math proficiency exams at the time of entry.

Pre-Dentistry and Pre-Medicine

The following curriculum is based on the entrance requirements of the professional schools. Admission to all of these schools is highly competitive. Students should contact the schools of their choice as early as possible. Moreover, WOU students should take advantage of the help the pre-professional adviser can provide in preparation for,
undergraduate GPA of at least 3.00 and perform well on the Law School Admission Test (LSAT), although strength in one of these areas may compensate for weakness in the other. The LSAT should be taken early in the senior year. More information about preparatory materials is available from the pre-law adviser.

**Pre-Medical Technology-Clinical Lab Science**
WOU offers the courses required for application for admission into the Oregon Health Science University’s Clinical Lab Science/Medical Technology Program. The OHSU program requires successful completion of at least 113 quarter hours (about three years) before entrance into the 15-month, 40-hour per week, Clinical Lab Science/Medical Technology Program at the OHSU campus in Portland.

A student interested in this program must submit a completed application to OHSU by December 1 of his/her third year at WOU.

Medical technology schools strongly urge the undergraduate student to complete 1 to 3 credits of BI 409 Practicum. Each credit of practicum requires 33 hours of observation of an appropriate professional and prior approval of the appropriate WOU adviser.

Interested students should contact WOU’s pre-medical technology adviser for information on recommended elective courses.

**First Year**
BI 211, 212, 213 Principles of Biology (12)
CH 221, 222, 223 General Chemistry (12)
WR 135 English Composition (4)
Writing Elective (4)

Humanities and/or Social Science electives (7)

**Second Year**
BI 341 Genetics (4)
BI 388 Cell Biology (4)
CH 334, 335, 336 Organic Chemistry (12)
MTH 111 College Algebra (4)
MTH 112 Elementary Functions (4)
MTH 251 Calculus I (5)

Humanities and/or Social Science electives (6)

**Third Year**
BI 331 General Microbiology (4)
BI 432 Immunology (4)
CH 334, 335, 336 Anatomy and Physiology (12)

**PSY 201, 202 General Psychology (8)**

**PSY 450 Abnormal Psychology (4)**

Choose one: (4)

**PSY 467 Quantitative Methods**
**MTH 243 Introduction to Probability and Statistics**

*No longer required by most physical therapy programs.

**Pre-Physician Assistant**

WOU offers the courses required to apply for admission to physician assistant (PA) programs at Pacific University or Oregon Health Science University. The OHSU PA program requires a bachelor of science degree, at least one year health care experience involving direct patient contact prior to admission and CPR certification. The OHSU PA program is a rigorous and comprehensive 26-month course of full-time study leading to a master’s of physician assistant studies. Admission is extremely competitive. Therefore, students should arrange their courses so that they may receive a bachelor’s degree of their choice from WOU. Interested students should contact WOU’s pre-PA adviser for further information.

Following is WOU’s recommended schedule of pre-PA classes based on OHSU’s prerequisites:

**First Year (52 credits)**

English composition (4)

Humanities electives (9)

Social Science electives (9)

MTH 111 College Algebra (4)

BI 211, 212, 213 General Biology (12)

CH 221, 222, 223 General Chemistry (12)

Electives depending on major (4)

**Second Year (52 credits)**

MTH 243 Statistics (4)

English Composition (4)

BI 334, 335 Human Anatomy and Physiology (8)

BI 336 Human Histology and Physiology (4)

BI 331 General Microbiology (4)

General or Developmental Psychology (4)

Electives depending on major (24)

**Third and Fourth Years**

300 or 400 level courses in Organic Chemistry, Biochemistry and Genetics are recommended by OHSU and required by Pacific University.

Complete requirements for a B.S. at WOU
Pre-Dentistry (155 credits)
First Year
WR 135 English Composition (4)

Upper-division biology courses that include laboratory (6)

Students seeking to enter the College of Veterinary Medicine at Oregon State University should plan to complete their bachelor’s degree at WOU. The science courses required for admission, which are incorporated into the above listing, fit readily into the biology major.

Psychology
Professors: Joel Alexander, Eric Cooley, Kathryn Thompson, Tamina Toray
Associate professors: David Foster, Chehalis Strapp, Robert Winningham
Assistant professor: Lauren Roscoe

Psychology major (52 credits)
(36 of these 52 hours must be upper division courses with PSY prefix)
PSY 201, 202 General Psychology (8)
PSY 301 Introduction to Research Methods (4)
PSY 311 Developmental Psychology (4)
PSY 334 Social Psychology (4)
PSY 360 Cognitive Psychology (4)
PSY 467 Quantitative Methods (4)
PSY 468 Research Methods in Human Behavior (4)
Electives Chosen with an advisor’s assistance (20)

Note: Formal admission is required for all students seeking the B.A./B.S. degree in psychology. Prior to application for admission to the psychology major, applicants must complete the PSY 201, 202, 301 sequence or its equivalent and achieve sophomore standing (45 or more credit hours). Students will be admitted to the psychology major who meet the following criteria: 1) a GPA of 2.67 in all psychology courses completed and 2) a cumulative GPA of 2.5 for all college work. Students earning a B.S. degree in psychology are also required to take at least 12 hours of math/computer science/statistics courses according to the following specifications: PSY 467, PSY 468, any math course above MTH 105* with the exception of MTH 243, and any CS course above CS 101* or PSY 481.

Psychology minor
The psychology minor should be planned with a psychology adviser. The psychology minor consists of 27 hours of courses with a PSY prefix, of which at least 15 hours must be upper-division. PSY 201 and PSY 202 are required for the psychology minor.

Public Policy and Administration
Professors: Ed Dover, Mark Henkels

Public Policy and Administration major (74-76 credits)
PS 201 American National Government (3)
PS 202 State and Local Government (3)
PS 230 Introduction to Public Policy (3)
PS 231 Introduction to Public Administration (3)
PS 245 Public Personnel Administration (3)
PS 266 Governmental Budgeting (3)
PS 280 Administrative Law (3)
EC 201 Introduction to Microeconomics (4)
EC 202 Introduction to Macroeconomics (4)
CS 121 Computer Applications (2)
Choose one: (3)
BA 361 Organizational Behavior
BA 390 Management
WR 321 Business and Technical Writing (4)
SP 324 Business and Professional Speaking (3)
SOC 334 Self and Society (3)
SOC 327 Introduction to Social Research (3)

Choose a minimum of 27 hours from one of the following areas of concentration:

Corrections/Law Enforcement Concentration
CJ 213 Introduction to Criminal Justice (4)
CJ 241 Introduction to Community Crime Prevention (4)
CJ 451 Youth, Crime and Society (4)
CJ 453 Penology (4)
CJ 454 Parole and Probation (4)
PS 242 Policy Making in the States (3)
PS 426 Federalism and Intergovernmental Relations (3)
PS 479 Constitutional Law (3)
PS 490 Community Politics (3)
SOC 454 Deviant Behavior (3)
PS 409/410 Practicum or Internship (3-6)

Management Concentration
BA 315 Financial Management (3)
BA 316 Advanced Financial Management (3)
BA 370 Business and Society (3)
BA 392 Management and Diversity (3)

PS 430 Aging Society: Policy Dimensions (3)  
PS 445 Introduction to Policy Analysis (3)  
PS 446 Land Resource Politics and Policies (3)  
PS 447 Environmental Politics and Policy (3)  
PS 469 Congress and the Presidency (3)  
PS 479 Constitutional Law (3)  
PS 490 Community Politics (3)  
PS 495 Public Sector Labor Relations (3)  
PS 409/410 Practicum or Internship (3-6)  
SOC 420 Political Sociology (3)  
SOC 430 Political Economy as Social Theory (3)  

City and County Government Concentration  
Chemeketa Community College students who have completed the associate of applied science in building inspection technology and who meet all admission requirements will be accepted by Western Oregon University as transfer students for a bachelor’s degree in public policy and administration with a concentration in city and county government and a minor in social science.  
BA 450 State and Local Government Finance (3)  
BLD 155* Building Department Administration (3)  
(Course offered at Community College)  
CI 331 Police and Community (3)  
Choose one or two: (4-8)  
GEOG 105 Introductory Physical Geography  
GEOG 106 Introductory Economic Geography  
GEOG 107 Introductory Cultural Geography  
GEOG 321 Field Geography  
GEOG 240 Map and Air Photo Interpretation (4)  
GEOG 340 Cartography (4)  
GEOG 413 Urban Geography (4)  
GEOG 425 Urban Planning and Policy (4)  
GEOG 440 Geographic Information Systems (4)  
PS 424 Policy Making in the States (3)  
PS 426 Federalism and Intergovernmental Relations (3)  
PS 430 The Aging Society: Policy Dimensions (3)  
PS 445 Introduction to Policy Analysis (3)  
PS 490 Community Politics (3)  
PS 495 Public Sector Labor Relations (3)  
SSC 407 Seminar (could be an institute-type course)  
SOC 330 Urban Sociology (3)  
SOC 415 Community Organizing (3)  
SOC 416 Community Action (3)  
PS/GEOG/SSC 409/410 Practicum or Internship 3-6  

Note: For the B.S. degree in public policy and administration, students may take any combination of the following areas: anthropology, community crime prevention, corrections, geography, history, law enforcement, political science, psychology and sociology. At least 36 credit hours must be upper-division.  

Social Science major (72 credits)  
Courses should be chosen from at least two of the following areas: anthropology, community crime prevention, corrections, geography, history, law enforcement, political science, psychology and sociology. At least 36 credit hours must be upper-division.  

Social Science minor (27 credits)  
A minor in social science may be designed with the help of a division adviser. At least 15 credit hours must be upper-division.  

Social Science Teacher Education major (60-61 credits)  
Requires a minimum of 30 upper-division credit hours.  
United States History (8)  
Any non-Anglo America regional geography course –OR–  
GEOG 313 The Pacific Northwest (4)  
Choose one: (4)  
GEOG 380 Environmental Conservation  
GEOG 410 Global Issues  
GEOG 411 Cultural Geography  
GEOG 413 Urban Geography  
GEOG 433 Political Geography  
Choose any two economics courses (6)  
PS 201 American National Government (3)  
Choose one: (3)  
PS 202 State and Local Government  
PS 203 International Relations  
Choose six hours in two of the following areas:  
(12-14)  
Anthropology  
Criminal Justice  
Psychology  
Sociology  
Area of Concentration (20-21)  
The student may choose to concentrate in any one of the following disciplines: history, geography, economics, political science, anthropology, criminal justice, psychology or sociology.  
Note: It is recommended that education majors complete the following as part of their LACC requirement: PSY 218 (or PSY 201 if already taken), HST 101, 102, and 103 or HST 104, 105, 106 or GEOG 105, 106, 107. A GPA of 2.75 is required in the above course work in order to be recommended for student teaching. Students must complete a minimum of 12 to 15 credit hours of social science on the WOU campus.  

Public Policy and Administration minor (27 credits)  
PS 201 American National Government (3)  
PS 202 State and Local Government (3)  
PS 350 Introduction to Public Policy (3)  
PS 351 Introduction to Public Administration (3)  
PS 454 Public Personnel Administration (3)  
PS 466 Governmental Budgeting (3)  
PS 480 Administrative Law (3)  
Choose one: (3)  
BA 361 Organizational Behavior  
BA 390 Management  
Electives in public policy and administration (3)  

Building Codes minor (27 credits)  
BLD 153 Building Codes III (3)  
BLD 154 Dwelling Construction Under the UBC (3)  
BLD 280 Cooperative Work Experience (3)  
FRP 172 Fire Codes and Ordinances (3)  
Upper-division social science courses (15)
Sociology
Professor: Peter Callero, Maureen Dolan
Associate professor: Dean Braa

Sociology major (72 credits)
SOC 223 Theoretical Foundations of Sociology (3)
SOC 224 Empirical Foundations of Sociology (3)
SOC 225 Social Problems (3)
SOC 300 Proseminar (3)
SOC 327 Introduction to Social Research (3)
SOC 328 Introduction to Social Data Analysis (3)
SOC 471 Classical Sociological Theory (3)
SOC 472 Contemporary Sociological Theory (3)
SOC 492 Senior Seminar I (3)
SOC 493 Senior Seminar II (3)
SOC 494 Senior Seminar III (3)
Electives in sociology (39)

Choose seven Spanish electives: (21) *Four must be 400 level
SPAN 320 Business Spanish
SPAN 328 Introduction to Chicano/a Literature
SPAN 350 Spanish Pronunciation and Phonetics
SPAN 361 Hispanic Poetry
SPAN 362 Hispanic Drama
SPAN 363 Hispanic Novel
SPAN 370 Introduction to Latin American Literature
SPAN 371 Introduction to Latin American Literature
SPAN 380 Applied Linguistics
SPAN 401, 402, 403 Advanced Spanish Composition and Conversation
SPAN 411 Spanish Literature I: Medieval
SPAN 412 Spanish Literature II: Golden Age
SPAN 413 Spanish Literature III: 18th and 19th Century
SPAN 414 Spanish Literature IV: Generation of 1898
SPAN 415 Spanish Literature V: 20th Century
SPAN 441, 442, 443 20th Century Latin American Literature
SPAN 445 Hispanic Women Writers
SPAN 480 History of the Spanish Language
SPAN 490 Studies in Spanish Literature
SPAN 491 Studies in Latin American Literature

Spanish minor (15 credits)
Choose elective courses in Spanish
Spanish Teacher Education major (53 credits)
SPAN 201, 202, 203 Second Year Spanish (12)
SPAN 301, 302, 303 Intermediate Spanish Composition and Conversation (12)

Bilingual/Heritage speakers of Spanish may replace Intermediate Spanish Composition and Conversation with SPAN 317, 318 and 319, Spanish for Bilingual Heritage Speakers.

SPECIAL EDUCATION/REHABILITATION COUNSELING

SPED 200 Intro to Careers in Special Education and Rehabilitation* (3)
SPED 418 Survey of Special Education* (3)
RC 461 Disability and its Effects on the Individual (3)
INT 420 Deaf History: Social and Cultural Issues (3)
Choose electives from the following: (15)
SPED 409 Practicum
SPED 420 Introduction to Curriculum and Instructional Planning
SPED 447 Partnerships in Special Education
RC 440 Medical Aspects of Disability and Rehabilitation
ED 448 Developmentally Appropriate Practices
ED 467 Language Development and Reading
ED 485 Early Childhood Educator
Choose up to two American Sign Language Classes: (optional)
SPED 101 ASL I
SPED 102 ASL II
SPED 103 ASL III
SPED 201 ASL IV
SPED 202 ASL V
SPED 204 ASL VI

Spanish (B.A. only)
Professors: Eduardo Gonzalez-Viara, Cheryl Strand
Associate professor: Gianna Martella
Assistant professors: Claudia Da Soller

Spanish major (54 credits)
(54 hours beyond first year language)
SPAN 201, 202, 203 Second Year Spanish (12)
SPAN 301, 302, 303 Intermediate Spanish Composition and Conversation (12)

Bilingual/Heritage speakers of Spanish may replace Intermediate Spanish Composition and Conversation with SPAN 317, 318 and 319, Spanish for Bilingual Heritage Speakers.

SPAN 338 Hispanic Civilization & Culture: Spain (3)
SPAN 339 Hispanic Civilization and Culture: Latin America (3)
Choose one: (3)
SPAN 340 Civilization and Culture of Mexico
SPAN 342 Introduction to Chicano/a Life and Culture

Choose seven Spanish electives: (21) *Four must be 400 level
SPAN 320 Business Spanish
SPAN 328 Introduction to Chicano/a Literature
SPAN 361 Hispanic Poetry
SPAN 362 Hispanic Drama
SPAN 363 Hispanic Novel

Spanish minor (27 credits)
SOC 225 Social Problems (3)
SOC 310 Service Learning & Community Praxis (3)
Choose two: (6)
SOC 315 Social Inequality
SOC 338 Sociology of the Family
SOC 454 Sociology of Deviant Behavior

May choose one in Race and Ethnic Studies:
SOC 434 African American Studies: Social Issues, Social Movements
SOC 435 Chicano/a/Latin/o Studies: Social Issues, Social Movements
SOC 436 Native American/Asian Studies: Social Issues, Social Movements
SOC 437 Sociology of Race/Ethnic Relations
Electives in sociology (18) *Must be selected in consultation with a sociology adviser. At least 15 hours must be upper-division.

Community Services (Sociology) minor
(27 credits)
SOC 225 Social Problems (3)
SOC 310 Service Learning & Community Praxis (3)
Choose two: (6)
SOC 315 Social Inequality
SOC 338 Sociology of the Family
SOC 454 Sociology of Deviant Behavior

May choose one in Race and Ethnic Studies:
SOC 434 African American Studies: Social Issues, Social Movements
SOC 435 Chicano/a/Latin/o Studies: Social Issues, Social Movements
SOC 436 Native American/Asian Studies: Social Issues, Social Movements
SOC 437 Sociology of Race/Ethnic Relations
Electives in sociology (18) *Must be selected in consultation with a sociology adviser. At least 15 hours must be upper-division.

Special Education/Rehabilitation Counseling
Professors: Hank Bersani, Mickey Pardew, Hilda Rosselli, Joseph Sendelbaugh
Associate professors: Robert Brownbridge, Beverly Cannon, Cheryl Davis, Linda Keller, Mary Scarlato, Julia Smith
Assistant professor: Elisa Maroney

Special Education/Rehabilitation Counseling minor (27 credits)
SPED 200 Intro to Careers in Special Education and Rehabilitation* (3)
SPED 418 Survey of Special Education* (3)
RC 461 Disability and its Effects on the Individual (3)
INT 420 Deaf History: Social and Cultural Issues (3)
Choose electives from the following: (15)
SPED 409 Practicum
SPED 420 Introduction to Curriculum and Instructional Planning
SPED 447 Partnerships in Special Education
RC 440 Medical Aspects of Disability and Rehabilitation
ED 448 Developmentally Appropriate Practices
ED 467 Language Development and Reading
ED 485 Early Childhood Educator
Choose up to two American Sign Language Classes: (optional)
SPED 101 ASL I
SPED 102 ASL II
SPED 103 ASL III
SPED 201 ASL IV
SPED 202 ASL V
SPED 204 ASL VI

Other courses as approved by an adviser
*SPED 200 and 418 should be the first courses taken in this minor.
Speech Communication
Professor: Molly Mayhead
Associate Professors: Claire Ferraris, Frank Nevius
Assistant Professors: Nick Backus, Emily Plec

Speech Communication major (57)
Choose three: (9)
SP 112 Interpersonal Communication
SP 120 Communication Voice and Articulation
SP 250 Effective Listening
SP 325 Intercultural Communication
SP 335 Communication and Gender
SP 431 Nonverbal Communication

Choose four: (12)
SP 239 Oral Interpretation
SP 312 Public Relations Communication
SP 320 Communication in Organizations
SP 321 Influencing Through Argument
SP 322 Persuasion
SP 323 Group Discussion and Leadership
SP 324 Business and Professional Speaking

Choose three: (9)
SP 326 Communication and Controversy: Freedom of Speech
SP 412 The Criticism of Public Discourse
SP 427 Communication in the Legal Field
SP 432 Rhetoric of Western Thought
SP 435 Rhetoric of the Women’s Movement
SP 439 Contemporary American Public Address

Choose four: (12)
SP 211 Introduction to Mass Media
SP 236 Contemporary Issues in American Broadcasting
SP 342 Media Literacy
SP 343 Communication and Information Technology
SP 426 Language of the Mass Media

Electives (15)
Electives in Speech, Writing, and those courses with HUM prefixes (HUM 409 Internship, not to exceed 6 hours). Students are encouraged to take WR 321, Business and Professional Writing, as a writing elective.

Speech Communication minor (27 credits)
27 approved hours, including 15 upper-division hours.

Sport Management
Associate professor: Zenon Zygmont

Sport Management minor (28 credits)
BA 361 Organizational Behavior (3)
EC 201 Introduction to Microeconomics (4)
EC 202 Introduction to Macroeconomics (4)
EC 315 Economic Analysis and Report Writing (4)
EC 333 Economics of Professional Sports

OR
EC 334 Economics of Collegiate Sports (4)

PE 407 Introduction to Sport Management I (3)

Choose two: (6)
PE 320 Fitness and Recreation Programs for the General Population
PE 373 Recreational Sports Management
PE 375 Athletics: Coaching and Administration
PE 407 Introduction to Sport Management II
PE 407 Introduction to Sport Management III
PE 409 Internship/Practicum
PE 410 Sport Ethics
PE 440 Legal Issues in PE and Sport
PE 470 Social & Psychological Aspects of Physical Activity and Sport

Other courses may be considered for inclusion with prior approval from adviser. Substitution form required.

Technological Applications (Science)
This minor is offered for students in business, law enforcement or related areas.

Technological Applications minor (27 credits)

Choose one sequence: (12)
CH 104, 105, 106 Introductory Chemistry
PH 201, 202, 203 General Physics
GS 361 Energy and Resources in Perspective (3)
G 460 Geology of Mineral Resources (3)
G 476 Water Resources (3)

Choose four: (12)
TA 251 Elements of Acting (3)
TA 253 Production Workshop (3)

TA 244 Technical Theatre: Scenecraft
TA 245 Technical Theatre: Lighting
TA 246 Technical Theatre: Costuming
TA 247 Technical Theatre: Sound
TA 252 Technical Theatre: Makeup

Choose two: (6)
TA 381 Greek, Roman and Medieval Theatre
TA 382 Renaissance Theatre
TA 383 European Theatre 1660-1875
TA 384 European Theatre 1875-Present
TA 385 American Theatre
TA 386 International Theatre
TA 353 Advanced Production Workshop (3)

Upper-division electives in theatre (9)
ACADEMICS

Theatre (B.F.A.)
Associate professors: Scott Grim, David Janoviak
Assistant professors: Sandra Hedgepeth, Don Naggiar, Michael Phillips

BFA Core Curriculum (45 credits)
TA 165 Production Dynamics (3)
TA 166 Text Analysis and Scene Study (3)
TA 167 Play Reading (3)
Choose two: (6)
- TA 244 Technical Theatre: Scenecraft
- TA 245 Technical Theatre: Lighting
- TA 246 Technical Theatre: Costuming
TA 260 Acting I – OR –
TA 251 Elements of Acting (3)
Choose five: (15)
- TA 381 Greek, Roman and Medieval Theatre
- TA 382 Renaissance Theatre
- TA 383 European Theatre 1660-1875
- TA 384 European Theatre 1875-Present
- TA 385 American Theatre
- TA 386 International Theatre

- Early Childhood Education
- Reading

Program objectives
Graduate students are screened and admitted into the various programs, each of which has admissions standards and designated graduate faculty. Campus-wide standards for admissions, selection of faculty, curricular revisions, operating policies and final examinations are established in accordance with recommendations of the Graduate Studies Committee.

The graduate faculty consists of the President and Provost of WOU, the academic deans, the director of graduate programs, the Colleges’ graduate coordinators and members of the faculty who have been named by their divisions and approved by the director of graduate studies.

Each graduate student at WOU is expected to meet these objectives pertinent to her/his specific graduate program:

- Demonstrate the advanced competence and skill in the mastery of concepts, principles, systems and practices which are in the context of the student’s specialty.
- Demonstrate advanced competence and skill in reading, interpreting and applying the research and literature of the professional studies component of the student’s graduate program.

Admission procedures
All persons wishing to enroll at WOU at the graduate level must be admitted to the university by the Admissions Office. Admission to the university as a graduate student does not constitute acceptance as a candidate for a master’s degree.

To apply for admission to WOU’s graduate study, students must complete the following steps:

- Submit a completed Application for Graduate Admission form and the nonrefundable and nontransferable $50 application fee.
- Supply to the Admissions Office sealed official transcripts from all non-WOU institutions attended.
- Present one unofficial copy of the current teaching license held, if the application is for a professional education program.
- Performance on the Miller Analogies Test or the general Graduate Record Examination (verbal/quantitative/analytical scores) may be required.
- A health history report is required of all new full time students.
- International students must provide proof of proficiency in the English language. Interested students must contact the International Students and Scholars Affairs program at 503-838-8425 or www.wou.edu/internationalstudent.

Note: A student seeking either a master's degree or a graduate license program must apply both to the University and to the program in which they are interested. An application to a specific program is available from that program. The Graduate Web page at: www.wou.edu/graduate and the catalog have current admission information. Each graduate program has unique program admission standards and processes. Acceptance by the University does not guarantee or imply acceptance by an individual program; conversely acceptance by a graduate program does not assure admission by the University.

The health report form is mailed to students who are accepted for admission and must be completed and returned to WOU’s Health Center.

Application forms and health report forms may be obtained from the Admissions Office.

All documents become the property of the university and are nonreturnable. The university reserves the right to deny credit for course work completed before a student is officially admitted for graduate study.

Off-campus, evening and summer session students
Students who are working toward a planned program of graduate study on or off campus must file for admission as outlined above if they expect to complete licensure requirements or become candidates for a degree.

Classification
The Admissions Office admits and classifies eligible students on the basis of their undergraduate grade point average and declaration of intent in the application for admission.

Qualified students seeking a degree are classified either as regular or probationary graduate students. All students must be classified as regular before being admitted to degree candidacy.

A student will be admitted as a regular graduate student if he/she intends to complete a planned program leading to a master’s degree or a graduate licensure program and meets all of the following requirements:

- holds a bachelor’s degree from a four-year accredited institution as defined by the American Association of Collegiate Registrars and Admissions Officers; AND
- has a grade-point average of not less than 3.00 for the last 60 semester hours or 90 quarter hours of undergraduate work attempted in the bachelor’s degree program; OR
- has submitted a passing score of at least 395 on the Miller Analogies Test (MAT) or an average score of 450 on the Verbal and Quantitative Sections and minimum 3.5 on the Analytical Writing Section of the General Text of the Graduate Record Examination (GRE).

Students entering a graduate teacher license program must also submit unofficial copies of all previously granted teacher licenses.

A student with an undergraduate GPA of 2.50 - 2.99 during their last 90 quarter or 60 semester hours, who has not achieved the required score on either the MAT or GRE for regular admission, may petition to be admitted as a probationary student. If a student is granted probationary status, the following requirements must be met upon completion of nine graduate credit hours at WOU:

- a draft plan of study must be filed with the Graduate Office, AND
- a grade of "B" must be received in each course listed on the approved preliminary plan of study, AND
- three positive letters of recommendation must be submitted from appropriate faculty.
Filing a plan of study

All graduate students must file a plan of study. This plan will list all courses needed for a particular degree. The plan must be signed by the graduate student and adviser(s). A plan of study is required for financial aid. The plan should be submitted to the Graduate Office as early as possible, and in most cases no later than the student's second term of study.

Candidacy

Candidacy is required at approximately the time a graduate student reaches the midpoint of his/her program of study. It must be done after the first 12 credit hours have been completed and before beginning the last 15 credit hours of study. Candidacy is the final acceptance by the university of a graduate student into his/her degree program. A graduate student cannot complete his/her final exit evaluation without first being accepted as a candidate. Additional candidacy information and forms are available at www.wou.edu/graduate.

Final exit evaluation

All graduate students must complete one or more final exit evaluations. The type of exit evaluation is determined when the graduate degree is approved. Common exit evaluations consist of written comprehensive examination, thesis, portfolio, field studies, and professional projects or combinations of two exit evaluations. The Graduate Office will determine the type of exit evaluation(s) based on the graduate student's plan of study.

Candidates who elect to write a thesis in lieu of the final written comprehensive examination must follow the procedures outlined in the guidelines for the development of a master's degree thesis, professional project, or field study which can be found on the Web at: www.wou.edu/graduate. Copies are also available in the Graduate Office. A final oral examination will be required of all candidates who elect alternative research in lieu of the final written comprehensive examinations. The oral examination accompanying alternative research is not limited to the thesis, field study, portfolio or professional project, but may cover any aspect of the candidate's program.

A special fee is required when engaged in any phase of research such as developing or collecting data, or any aspects of a thesis, field study or professional project development in which university facilities or library resources are used and the student is not registered for graduate courses. The non-registered continuing student fee is assessed through the Business Office.

Some divisions at WOU require comprehensive written examinations based on course work in the student's content area in addition to the completion of thesis, field study, professional project or portfolio.

Final written comprehensive examination will be based upon areas of study in the approved program. Subject area questions will be based upon the statement of components, objectives and requirements outlined in the statement of program objectives. Candidates who fail one or more areas of the written comprehensive examination may be given a program of self-study by their adviser(s) and may retake the area(s) failed at another regularly scheduled comprehensive examination. Students who fail one area and score unsatisfactory in another area will retake all failed and/or unsatisfactory areas. Students may retake the written comprehensive examinations only once. Candidates who score unsatisfactory on any component of the comprehensive examination will be required to take a final oral examination on the unsatisfactory section. Final oral examinations will not be required of students who score a pass or above on all areas of the written comprehensive examination.

A candidate is eligible to complete final evaluations only after being admitted to candidacy for the master's degree, and all course work has been completed or the candidate is in the final term of enrollment. All incomplete grades must be changed to a letter grade before a student will be allowed to take his/her comprehensive examination. Examinations are offered each winter, spring and summer term.

Graduate course numbering system

500-599: courses that are usually assigned dual numbers at both the 400 and 500 level and have both graduate and undergraduates in attendance

500M-599M: courses are open to master’s degree students or non-admitted students who have completed a bachelor’s degree from a recognized university or college

All master's degree programs must have at least half of all course work numbered with the 500M-599M designation.

Special notice: Beginning with fall term 2006, all courses with 500M-599M numbers will be changed to 600 level numbers. For example, courses such as Ed 512M will be changed to ED 612.

Graduate grading system

The following grading scale is employed at the graduate level:

Excellent:

A = 4.0
A- = 3.7

Normal graduate performance:

B+ = 3.3
B = 3.0
B- = 2.7

Below graduate standards:

C+ = 2.3
C = 2.0
C- = 1.7

Unsatisfactory performance:

D+ = 1.3
D = 1.0
D- = 0.7
F = 0.0

The following marks are also used. These grades are disregarded in the computation of grade point averages.
Graduate Studies

Residency credit requirement

All graduate programs will include at least 30 graduate credits from Western Oregon University.

Continuing registration

WOU does not require a graduate student to be continually registered during each term as he/she progresses through a master’s degree. A special fee is required when engaged in any phase of research such as developing or collecting data, preparing for final examinations, or any aspects of a thesis, field study or professional project development in which university facilities or library resources are used and the student is not registered for graduate courses. The non-registered continuing student fee is assessed through the Business Office.

Special limitations on special arrangement ("0") courses

A maximum of 15 credit hours of workshops, special arrangement and practicum courses may be applied to a master’s degree program. These courses must be pre-approved by the appropriate adviser. Fifteen credit hours of 506, 506M, 507, 507M, 508, 508M, 509, and 509M courses may be included in a program. Additionally, there is a limit of nine credit hours of any one number.

Transfer credits

Any transfer credit used in a master’s degree program must be documented with an official sealed transcript from an accredited university. All transfer course work must be approved by the student’s adviser and should be submitted and approved early in the student’s program. Only graduate-level course work acceptable to the granting institution for master’s degree programs and graded A or B can be transferred. The maximum transfer credit accepted toward a master’s degree program is 15.

Credits from non-accredited colleges and universities cannot be used in a master’s program.

Special case situation for undergraduate students

Undergraduate students within 12 quarter hours of completing all requirements for the bachelor’s degree, but not including student teaching, may petition to enroll in up to 12 credit hours of graduate courses numbered 500-599. These courses can be reserved for later use in a graduate degree program. Undergraduate students cannot register for any 500M-599M courses. Petition forms to reserve graduate courses are available from the Registrar’s Office.

Special regulations concerning incomplete grades

1. The instructor of a course has the final decision regarding the appropriateness and willingness to award a grade of incomplete.
2. A graduate student with more than nine (9) hours of uncleared incomplete course work (except for student teaching, internship, thesis, field study and/or professional project) will have a hold placed on registration until a petition has been submitted to the director of graduate studies and a remediation plan approved.
3. A student requesting a grade of incomplete and the course instructor issuing a grade of incomplete must both sign a contract that specifies:
   a. the course assignments remaining to be submitted to remove the grade of incomplete
   b. a timeline for completion of course requirements
4. A student who has a grade of incomplete in a course that is a prerequisite for a subsequent course may not enroll in the subsequent course until the grade of incomplete is removed or must receive the permission of the instructor to be allowed to enroll into the subsequent course.
5. Any graduate program can decide to not allow a student to register for their final professional field experience (student teaching, internship, etc) on the basis that incomplete grades have not been cleared before the beginning of the final professional field experience.
6. The Graduate Studies Office will not allow students to sit for their final comprehensive examination until past incomplete grades have been cleared.

Regulations concerning withdrawals

Withdrawals from a course must be initiated by the graduate student. It is the student’s responsibility to withdraw properly by the deadlines as established by the Registrar’s Office.

Two types of withdrawal exist.

Withdrawal from a course:

1. The student must complete an add-drop form, obtain the necessary signatures, and return the form to the Registrar’s Office before the end of the sixth week of the term. The student may withdraw from any course without responsibility for a grade and no entry will be made on the student’s permanent scholastic record.
2. After the sixth week of the term, students can no longer withdraw from a class. A medical emergency or other catastrophic event are the only exceptions permitting withdrawal after the sixth week.

Withdrawal from the university:

1. The student must complete an application for withdrawal from the University, obtain the necessary signatures, and return the form to the Registrar’s Office before the end of the sixth week of the term.
2. In situations of emergency (accident, prolonged illness, etc.), a student may be permitted by the Registrar to withdraw without penalty from the university at any time. Written verification may be required.

Regulations concerning “X” grades

A student who does not attend class or turn in course assignments will receive a grade of “X”, which indicates that there is no basis for assigning a grade. Students who receive an “X” in any course will have to register for the course again to receive credit.

A student who has participated in a course but has failed to complete essential work or attend examinations, and who has not communicated with the instructor, will be assigned a “D” or “F” or whatever grade the work has earned.

Academic load

The full time course load for graduate students is nine graduate credits, including course work portfolio, professional project, field study, or thesis. The maximum course load for graduate students is 16 credits with any combination of courses (graduate or undergraduate) during fall, winter or spring term. Nine credit hours is the maximum load for graduate students during the six-week summer term.

Academics
Challenging a course

Graduate courses cannot be challenged. If a graduate student has extensive background in an academic area, the graduate student’s adviser can determine other graduate courses that can be substituted for the course in question on the plan of study. A substitution form must be submitted to the Graduate Office.

Time limit to complete master’s degrees

Course work and requirements for a master’s degree program must be completed within a period of five years. This includes all residence credit, all applicable transfer credit and required final evaluation. If a thesis, field study, professional project, or portfolio is involved, it is to be completed within the five-year limit. A petition requesting use of credits earned between five and seven years prior to completion of the degree program may be approved by the Graduate Studies Committee.

Application to graduate

Each candidate must file an application for completion of the master’s degree with the Graduate Office. This application also serves as the application to complete the final evaluation procedures. This form must be submitted at least 10 weeks before the date the student wishes to complete his/her degree. Additional general information is available on the Web at: www.wou.edu/graduate.

Conferring of degrees

All courses with marks of “I” (incomplete) from previous terms must be finished and the grades filed with the Registrar’s Office before the end of the term in which program requirements are expected to be completed, or graduation will be delayed until a later term. Incompletes received in the final term must be finished and the grades recorded in the Registrar’s Office within three weeks after the end of the final term, or the diploma will be invalidated. The diploma for the master’s degree will be conferred at the June commencement subsequent to the completion of all degree requirements.

M.A./M.S. in Criminal Justice

The Master of Arts and Master of Science in Criminal Justice degree programs have a strong emphasis in preparing students for a wide range of advanced professional positions in criminal justice agencies. This program also provides academic credentials necessary to teach at the community college level, and provides the necessary preparation for those students who desire to further their education at the doctoral level.

All students interested in this program should contact the program coordinator for the latest information.

Professional Core (24 credits)

Choose three courses from the following: (12)

- CJ 516M Community-based Corrections (4)
- CJ 518M Theory of Criminal Law (4)
- CJ 520M Offender Treatment (4)
- CJ 521M Human Resource Management in Criminal Justice (4)
- CJ 522M Strategic Planning in Criminal Justice (4)
- CJ 556M Contemporary Issues in Criminal Justice (4)
- CJ 560M Theory and Research in Crime and Delinquency (4)

Requirements for the two program options include study in professional, social or behavioral sciences. Professional areas of study available at the graduate level at WOU are in education. Graduate social and behavioral sciences available at WOU include psychology, geography, history, and criminal justice. The program option decision, as well as the course of study within those options, should be made in consultation with a graduate faculty adviser.

Academic studies program (45 credits)

Professional Core (24)

- CJ 512M Research in Criminal Justice (4)
- CJ 517M Criminal Justice Administration & Organizational Behavior (4)
- CJ 519M Ethics and Leadership in Criminal Justice Organizations (4)

Supporting area in professional, behavioral or social science (12)

Supporting area in second professional, behavioral or social science (9)

Professional studies program (45 credits)

Professional Core (24)

Thesis/Field Study or On-Site Management Experience (9)

Supporting area in professional, behavioral or social science (12)

Note: Formal admission is required for all students seeking the M.A./M.S. in criminal justice. Students must meet all application requirements for graduate admission plus submit a letter to the criminal justice faculty explaining why they are seeking a graduate degree and how it meets their professional goals. In addition, three letters of reference are required, at least two from professors familiar with the candidate’s academic abilities.

Master of Arts in Teaching: Standard Licensure or No Licensee

The objective of the Master of Arts in Teaching (M.A.T.) degree at WOU is the development of in-depth academic preparation in these subjects:

- Health
- Humanities (Language Arts)
- Mathematics
- Science
- Social Science

The M.A.T. is minimally a 45-credit-hour program. At least one-half of the courses must be at the 500M level.

Master of Arts in Teaching (M.A.T.) (45 credits)

Professional Education Courses (15)

Academic Area (30)

This portion of the total program is to be approved by a designated adviser in terms of the student’s needs and requirements in the academic areas listed below.

Health (30)

At least one-half of the courses must be at the 500M level

- Required core (15)
  - HE 515 Child and Adolescent Health
  - HE 520 Healthy Relationships
  - HE 525 Current Issues in Nutrition
  - HE 575 Epidemiology
  - HE 507 Seminar

Electives in health or related areas (15)

Humanities (Language Arts) (30) At least one-half of the courses must be at the 500M level

- Course in criticism (3)
- Course in language (4)
- Course in writing (4)
- Course in literature (3)
- Electives in Language Arts (18)

Mathematics (30)

- Required core (9)
  - MTH 538M Transformational Geometry
  - MTH 547M or 548M Abstract Algebra
  - MTH 581M Foundations of Math

Choose two: (6)

- MTH 537 Topology
- MTH 541 Linear Algebra II
- MTH 552M Numerical Analysis

Master's degrees

Master of Arts in Teaching: Initial Licensure

The Master of Arts in Teaching: Initial Licensure degree at WOU is designed for individuals who hold a bachelor’s degree in a subject area and wish to pursue licensure in teaching. The program culminates in a master’s degree and initial licensure at the high school level only. The objective of the program is to provide in-depth preparation in the theory and pedagogy of teaching. WOU’s College of Education accepts applicants on a competitive basis for each cohort. Visit the M.A.T. Program Web site at www.wou.edu/mat for application materials.

The M.A.T.: Initial Licensure is a 57 credit hour program of prescribed courses.

Students obtaining the Master of Arts: Initial Licensure degree must, within six years, meet the requirements for and obtain a Continuing License.

ED 597M Student Teaching (10)

Master of Science in Education: Continuing, Standard Licensure or No License

All authorization levels

The Master of Science in Education: Continuing or Standard Licensure degree is designed for individuals who hold Initial or Basic Licensure in Oregon and who plan to meet the requirements for continuing or standard licensure in order to be employed as licensed teachers. A non-licensure program is also available. This degree consists of 45 credit hours of approved graduate-level courses in a combination of education and advanced content/specialty courses. The credits are distributed as follows:

- A minimum of 18 credit hours in the Professional Education Core
- 21 hours of coursework in advanced content/specialty from the following programs: (Not all content areas available for every authorization level)
  - Bilingual/English as a Second Language
  - Creative Arts for Teachers
  - Drama/Theatre
  - Educational Media
  - Early Childhood Education
  - Early Childhood/Elementary Interdisciplinary Studies
  - Elementary Interdisciplinary Studies
    - (Standard License only)
  - Elementary/Middle Interdisciplinary Studies
  - English
  - Health
  - Integrated Science
  - Mathematics
  - Middle Level Education
  - Modern Languages: French, German, Spanish
  - Physical Education
  - Reading
  - Social Science
  - Special Education
  - Talented and Gifted Emphasis
- Six hours Advanced Proficiency Documentation or electives

M.S. in Education: Continuing or Standard Licensure (45 credits)

Professional Education Core (18)

ED 509M M.A.T.: Field Based Practicum (3)
ED 521M Teacher as Researcher: Action Research (3)
ED 524M Internet for Educators*
ED 525M Creating an Internet Website*
ED 560M Contemporary Foundation of Education
ED 546M Philosophy of Education Research (6)
ED 512M Qualitative Research in Education Technology: (3)

Choose one:
- CSE 520M Computer as a Management Tool*
- CSE 524M Internet for Educators*
- CSE 525M Creating an Internet Website*
- CSE 526M Emerging Information Technology

*Note: If the course selected in this section is not designated as an “M” course, the candidate must take another 3 credit course, probably in the content/specialty courses, that does have the “M” designation.

Classroom Climate (3)

Choose one:
- ED 529M The Classroom Teacher/Counselor
- ED 554M Personalizing Classroom Climate
- ED 555M Learning and Human Development (3)
- PSY 520M Learning and Memory for Instruction
- PSY 521M Developmental Psychology: Concepts and Applications

Advanced content/specialty (21)

This portion of the degree is often planned by faculty in liberal arts and sciences and the faculty in education. Students may continue graduate-level work in their academic areas or OR additional endorsement courses may be added. Students seeking to complete a new authorization level or endorsement within the 21 credit hours portion of the program are required to complete a 90 clock hour practicum in the appropriate authorization level or endorsement.

Advanced proficiency documentation (6)

Advanced proficiency is required only for students seeking a continuing license. Students not seeking a continuing license may take six credit hours of electives as approved by the adviser.

This course is designed as a minimum year-long, on-the-job demonstration of competency. The student-candidate must be employed as a teacher in an early childhood, elementary, middle level, high school or special education setting. This documentation, prepared by the student with the guidance of faculty members and peer teachers, is designed to demonstrate the student’s ability to teach and work with others at an advanced level of performance. Activities and requirements specifically address Teacher Standards and Practices Commission requirements for continuing license as well as National Council for Accreditation of Teacher Education, National Board for Professional Teaching Standards, and Northwest Commission on Colleges and Universities.

Note: Interested candidates should contact the College of Education, Field Placement Office for current updates.

Note: Some divisions may require a comprehensive examination in addition to the College of Education requirements for the degree.
Information Technology

The program leads to a Master of Science in Education degree with a specialization in Information Technology. The program prepares students who wish to specialize in computer applications in education and training. Graduates usually aspire to positions in government, industry or public agencies.

Enrollment in this program is limited. Any student interested in this program must meet with Dr. Dana Ulveland before any coursework is taken.

Special Education

The Master of Science in Education: Special Education requires a minimum of 45 graduate credits of which the majority are in special education. Students entering this program may include content from teaching endorsement programs such as the special educator endorsement programs, or the early intervention special education endorsement programs. They may have, but are not required to have, prior teaching licensure.

In addition to admission to graduate study at WOU, the student must be admitted to a specific special education program of study. This includes completion of the CBEST or the PPST, a program application and interview, and documentation of experience with children or youth. To contact the department, 503-838-8322 V/TTY or specialed@www.wou.edu.

M.S. in Education: Special Education
(45 credits) Minimum university requirement Courses may be part of the special educator endorsement, the early intervention/early childhood special education endorsement, or the standard handicapped learner endorsement programs.

Teacher Preparation: Deaf Education

Teacher Preparation: Deaf Education (TPD) leads to a Master’s of Science in Education. The program supports the Bilingual (ASL and English)/Bicultural (Deaf and hearing) model for the education of deaf and hard of hearing children, and it prepares teachers for a wide range of school settings. Students admitted to the program must meet the entrance standards established by both the university and the College of Education, as well as demonstrate proficiency in both American Sign Language (ASL) and English.

The TPD program requires both depth and breadth. Oregon licensure and authorizes teachers to work with deaf and hard of hearing children ages 3-21. Therefore, course offerings include all four specialization levels: early childhood, elementary, middle school and high school. Students do first-year practicums at several of these levels. Students must also choose a level of specialization, however, and do course assignments plus their 15-week student teaching at their specialization level.

Option I is designed for teachers who hold, or are eligible to hold, a valid teaching license before entering the program. Option I students begin fall term, in late September. Option II is designed for students who do not hold a prior teaching license. Option II students must take prerequisite classes in summer session, beginning in June.

TPD 593M Audiological Measurements & Technology (3)
TPD 594M Seminar: Working with Hard of Hearing Pupal and Cochlear Implant Users (2)

Master of Science in Rehabilitation Counseling

The Rehabilitation Counselor Education program at WOU was established on the belief that individuals who are Deaf and/or have disabilities have a right to lead fulfilling, independent and productive lives. Trained professionals are an important component to the realization of this right. To that end, the faculty is dedicated to preparing rehabilitation professionals who are skilled in advocating for and with persons who are Deaf and/or have disabilities and who are competent counselors knowledgeable about the development and dissemination of innovative and culturally sensitive rehabilitation practices and policies.

Rehabilitation Counseling is offered at the graduate level only. Preparation consists of a two-year sequential program that integrates academic knowledge and theory with closely supervised counseling practice. The program is designed to prepare counselors to work with persons who are Deaf and/or who have some type of physical or mental disability.

Graduates are prepared for positions in a variety of agencies where the counselor is part of a team of specialists providing comprehensive services to persons of disability. Employment opportunities that are within the scope of training include: vocational rehabilitation counselor, case manager with a vendor who serves vocational rehabilitation clients, youth transition specialist, community services coordinator for adults with disabilities, disabled student services, client advocate, and group or supported living coordinator.

The program emphasizes five major academic components:

- Individual and group counseling theory and technique;
- The influence of career selection and personal independence on the daily lives of persons with disabilities;
- The social and psychological impact of disability, social/cultural differences, and/or deafness on an individual and family;
- The federal, state, and private service delivery systems for persons with disabilities; and,
- Self-awareness on the part of the counselors-in-training.

The program offers two tracks: 1) the general Rehabilitation Counseling (RC) track offers a wide range of experiences with persons who have a variety of disabilities; 2) the Rehabilitation Counseling with the Deaf (RCD) emphasis maintains a national reputation and is one of only four national programs in rehabilitation deafness. The two tracks share several core classes, but those students specializing in deafness are assigned to a specifically focused practicum and internship experiences coupled with additional required courses.

The program is accredited by the Council on Rehabilitation Education (CORE). All students must complete 72 graduate credits (RC option) or 80 graduate credits (RCD option) as part of the program requirements. Training begins with the fall term each year and requires a minimum of seven sequential terms and includes one summer term. Most full-time students complete the program by June of their second year.
M.S. in Rehabilitation Counseling (RC: 76 credits; RCD: 79 credits)
RC 509M Practicum in Rehabilitation Counseling (12)
RC 510M Rehabilitation Counseling Internship (18)
RC 511M Introduction to the Helping Profession (3)
RC 512M Counseling Theory and Techniques (3)
RC 513M Lifestyle and Career Development (3)
RC 520M Professional Orientation to Rehabilitation Services & Resources (3)
RC 521M Job Development, Placement & Retention (3)
RC 522 Medical & Functional Aspects in Rehabilitation (3)
RC 530M Group Work (3)
RC 531 Family, Disability & Life Span Development (3)
RC 532 Psychosocial & Environmental Aspects of Disability (3)
RC 553 Social & Cultural Diversity Issues in Rehab Counseling (3)
RC 560M Case Management (3)
RC 562M Measurement & Assessment Procedures in Deafness & Rehabilitation (3)
ED 512M Quantitative Research in Education (3)
SPED 572M Transition Planning & Programming (3)
Electives (6)

Note: All RC 509M/510M sections will be P/NC grading only.
A "P" grade represents work of at least "B" level.

Required Support Rehabilitation Counseling Deafness (RCD) Emphasis
Students in the deafness rehabilitation emphasis in addition to internship experiences with clients who are deaf may also take:
RC 575 Hearing Loss & Assistive Technology (1)
RC 590 Professional Issues/Deafness (3)

Students in the deafness rehabilitation emphasis in addition to internship experiences with clients who are deaf may also take:
RC 507M Seminars: Special Topics in Deafness Rehabilitation (1-3)
All RCD students must demonstrate American Sign Language competency.

Non-Degree Licensure programs

The program requirements listed in this catalog fulfill the requirements for the Oregon Teacher License that were in effect at the time this catalog was printed. Legal responsibility and authority for the licensing of teachers in the State of Oregon are vested in the Oregon Teacher Standards and Practices Commission. Candidates seeking an Oregon Teacher License must satisfy the rules and regulations in effect at the time of application for licensure.

General regulations

Scope of Program. The planned program must total a minimum of 45 credit hours and may include both upper-division and graduate-level courses. At least 12 hours of 500M level graduate courses must be utilized in the program.
Transfer Credit. Not more than 24 hours of approved credit may be transferred from other accredited institutions. Credits earned through correspondence study will not apply to the program.

Time Limit. Only those courses completed within a period of five years before the actual completion of the program will apply. This includes all residence and transfer credit. However, credit earned between five and seven years prior to completion of the program may be approved by petition.

Residence Requirement. At least 21 credit hours must be completed on the WOU campus.

Maximum Load. A maximum load in a regular term is 16 credit hours unless a petition to carry an overload has been approved by the Registrar prior to or during the week of registration.

Procedures

Teachers planning to accomplish licensure through a non-degree program should:
- Complete procedures to be admitted to the university as a graduate student.
- Initiate procedures through the Graduate Office to plan a program with an adviser.
- File an approved program contract with the Graduate Office. At least 24 credit hours of the official program must be completed after approval of the program.
- Upon completion of program requirements, initiate change-of-license procedures with the College of Education.

Early Intervention/Special Education I & II

The Early Intervention/Special Education Program focuses on the special educational needs of children from birth to age 8, and strategies for meeting those needs.

The Initial License and Endorsement Program in Early Intervention and Special Education I and II can lead to either an endorsement added to an elementary or special education license; or a license in special education. A program adviser can discuss in more detail information regarding licensing requirements.

Students completing any of these endorsements, with adviser approval, may also complete an M.S. in Education program with a specialization in either Early Childhood Education or Special Education.

EI/SE Endorsement - I (21 credits)

Early Intervention Core (12)
SPED 571M Introduction to Early Intervention (3)
SPED 577M Assessment, Curriculum and Intervention Strategies in Early Intervention/Early Childhood Education (3)
SPED 509M Practicum: Early Intervention/Early Childhood Special Education (3)
SPED 510M Internship EI/ECSE (6)

Students having an Elementary Education Endorsement or Special Education license will complete nine credits from:
Special Education Core (9)
Courses selected with consent of adviser.

Early Childhood Core (9)
Courses selected with consent of adviser.

EI/SE Endorsement - II (46 credits)

Early Intervention Core (16)
SPED 571M Introduction to Early Intervention/Early Childhood Special Ed (3)

SPED 539M Final Supervised Field Experience –OR–
SPED 510 M Internship EI/ECSE

Standard Endorsement in Early Intervention and Special Education I & II (15 credits)
SPED 582M Contemporary Issues: Special Education (3)
Electives (12) Selected with program adviser

Special Educator

The Special Educator initial endorsement program prepares teachers to work with students with mild disabilities and students with severe disabilities. The Oregon Teachers Standards and Practices Commission (TSPC) requires each student to be authorized to teach at one of two age-level authorizations: (1) early childhood/elementary or (2) middle school/high school. All endorsement course work taken at the 500 level can be included in the M.S. in Education: Special Education degree.

The Special Educator Program is designed for teachers who hold or are eligible to hold a valid initial teaching license. Six quarters of full-time training are required to complete the program.

The Special Educator II program is designed for students who do not hold a teaching license. Six quarters of full-time training are required to complete this program.

Common Core (Special Educator I and II) (33 credits)
SPED 418/518 Survey of Special Education (3)
SPED 420/520 Introduction to Curriculum and Instructional Planning (3)
SPED 522M Academic Remediation I (3)
SPED 523M Behavior Support (3)
SPED 525M Assessment for Instruction (3)
SPED 528M Academic Remediation II (3)
SPED 532M Medical Aspects of Low Incidence Disabilities (3)
SPED 533M Low Incidence Disabilities Methods (3)
SPED 536M Managing Communication Systems (3)
SPED 542M Standardized Assessment (3)
SPED 546M Law and Special Education (3)

In addition to the common 33 hour core, each student must take Special Educator I or Special Educator II courses as specified below:
Endorsements

Bilingual/ESOL Education

As the demographics of the state change and the language minority population increases, teachers need to be prepared to educate culturally and linguistically diverse (CLD) students. Teachers with bilingual/ESOL education credentials are in high demand and are usually first to be hired by school districts with high CLD populations.

Endorsement in Bilingual/ESOL or ESOL (21 credits)

ED 482/582 Bilingual/ESOL Education: Principles and Practices (3)
ED 483/583 Cultural and Community Needs of LEP Students in the Instructional Process (3)

Note: Successful completion of 4/582 and 4/583 strongly recommended for all other courses.

ED 484/584 First and Second Language Acquisition in the Bilingual/ESOL Program (3)
ED 491/591 Curriculum Models and Instructional Strategies of Bilingual Classrooms (3)
ED 492/592 Classroom Strategies in First and Second Language Reading and Language Arts (3)
Technology Elective (approved by adviser) (3)

Note: All classes must be successfully completed before practicum. Students must apply to the Director of Field Services one term preceding practicum.

ED 409/509 Practicum (or verified equivalent teaching experience) (3)

Note: The Bilingual/ESOL Praxis is required for this endorsement; for ESOL endorsement only, no second language is required, for the Bilingual/ESOL endorsement, verification of language proficiency is required.

Bilingual/ESOL Education Advanced studies

This program is designed for students who have already taken basic courses in the field, and, preferably, have some experience teaching language minority students. Students taking these courses are preparing themselves to become consultants/specialists, program designers/coordinators, and/or special resources for their schools and districts. (No second language necessary, though preferred.)

Advanced Studies (12 credits)

ED 506M Special Individual Studies (3)
ED 530M Culturally and Linguistically Different Students in the Schools (3)
ED 531M Methodology; Language/Second Language Learning and Content for the Language Minority Student (3)
ED 594M Assessment of Limited English Proficient Students (3)

Early Childhood Education

WOU provides coursework designed to help people pass the TSPC required Praxis examination and practicum leading to an endorsement in early childhood education. This optional endorsement is an addition to a Basic or Standard teaching certificate with an elementary endorsement. The early childhood endorsement covers teaching children age 3 through grade 3.

Course of study

ED 448/548 Developmentally Appropriate Practices (3)
ED 485/585 The Early Childhood Educator (3)
ED 509M Practicum: Early Childhood Education (3)
ED 549M Observation and Assessment of Young Children (3)
ED 550M Curriculum in Early Childhood Education (3)

Reading

Students seeking an endorsement in reading must complete or have completed requirements for a teaching license. Reading is regarded as a support area to the teacher’s area of original licensure. Courses in this program will enhance and broaden both reading specific knowledge and other responsibilities encountered by the classroom teacher, resource teacher, and reading specialist. All candidates for this endorsement must pass the Praxis exam for Reading Specialist.

Endorsement (21)

Note: All programs must be approved by the Coordinator of Reading. Courses are listed sequentially and all classes must be successfully completed before practicum.

Approved Electives (6)
Course descriptions
American Sign Language

ASL 310 American Sign Language
Cherology/Phonology (3)
Study of the cherological/phonological system in
ASL, including methods of classifying and describing
cheremes/phonemes in ASL and the relevance of
this base to cherological/phonological analysis. The
production, perception and transcription of ASL
cheremes/phonemes and methods for determining
the cherological/phonological patterns of ASL will be
examined. Cherological/phonological processes will
be analyzed. Prerequisite: SPED 204, INT 253

ASL 315 American Deaf Culture (3)
Course introduces major aspects of Deaf culture: 1)
the history of Deaf people; 2) the community and
culture of Deaf people; and 3) the literature and
folklore of Deaf people. Prerequisite: ASL 310

ASL 320 American Sign Language
Morphology (3)
Focuses on the study of morphological analysis.
Data from many languages will be analyzed, but the
primary focus will be on ASL morphology. Methods
determining of the morphological patterns of
language will be examined. Prerequisite: ASL 310

ASL 325 American Sign Language Literature
(4)
Introduces aspects of ASL literature, including poetry,
narrative, theatre and drama. Original works will be
studied, analyzed and compared. Prerequisites:
SPED 204, INT 253

ASL 330 Special Topics in American Sign
Language (4)
Introduction to specific topics and content areas in
ASL discourse. Topics include mathematics, history,
science, art, sports, psychology, health, biology,
computer and mental health/medical. Receptive
and expressive skills in ASL will be enhanced. Skills
related to research in sign language discourse will
be introduced. Prerequisite: SPED 204, INT 253

ASL 415 American Sign Language Syntax
and Semantics (3)
Focuses on the study of syntactic structure and
its interaction with meaning. Word order, lexical
categories, sentence types, clause structure,
topicalization and sentence with transitional,
intransitive and agreement verbs will be studied.
Types of meaning, the meaning of individual signs
and the meaning of sentences will be analyzed.
Prerequisite: ASL 320

ASL 420 Sociolinguistics of Deaf
Communities (3)
Focuses on the sociolinguistic factors that
affect language variation and language change.
Sociolinguistic factors that influence communication
and strategies for analyzing discourse will be
described and analyzed. Language contact,
language change, and language policy and planning
in Deaf communities will be examined. Prerequisite:
ASL 415

ASL 425 Introduction to American Sign
Language Teaching (3)
Introduces the major theories of second language
acquisition and teaching and applies these
approaches to ASL instruction. The course will
explore similarities and differences between L1 and
L2 acquisition. Factors which influence language
acquisition will also be examined. ASL instructional
practices and current assumptions about ASL
acquisition and learning will be examined.
Prerequisite: ASL 420

ASL 430 Methodology and Curriculum:
American Sign Language Teaching (3)
Focuses on theories of second language acquisition
and approaches to developing and implementing
classroom methods and strategies for second
language teaching, primarily teaching ASL. Factors
influencing student-teacher interaction will be
examined. The relationship of language to culture,
strategies for second language instruction and
current approaches to American Sign Language
(ASL) teaching will be examined. Prerequisite:
ASL 420

ASL 435 Mentoring for ASL Specialists and
Teachers (3)
This course prepares experienced ASL specialists
and teachers with skills and knowledge to become
mentors and resource specialists for less experienced
or entry-level ASL specialists and teachers. Special
focus will be on various assessment and evaluation
strategies that can be applied to mentoring.
Prerequisite: ASL 420

American Sign Language/English Interpreting

INT 253 Comparative Linguistics: ASL/
English (3)
Designed to compare the grammatical structures of
American Sign Language and English. Students will
use a comparative/contrastive approach to the study
of ASL and English and will focus on grammatically-
acceptable ASL productions. Students are introduced
to the linguistic and culturally-based communication
issues that impact the interpreting process.

INT 254 Introduction to the Profession of
Interpreting (3)
An introductory overview to the profession of
interpreting. Course content includes the history of
interpreting, terminology, the responsibilities, skills,
apitudes of interpreters, the process of becoming an
interpreter, employment environment and options,
and current issues.

INT 301 American Sign Language VII (3)
Course provides students with opportunities to
expand expressive and receptive use of American
Sign Language (ASL), including a variety of special
topics at an advanced level. Special emphasis will
be placed on increasing spatial use, ASL fluency, and
nonmanual behaviors.

INT 302 American Sign Language VIII (3)
Course is the second in an advanced series of the
study of the use of American Sign Language (ASL).
Students will be given opportunities to increase
expressive and receptive skills through activities
and class discussions, including a variety of special
topics at an advanced level. Special emphasis
will be placed on understanding the importance
of spatialization, nonmanual grammar and
morphology, and discourse features of ASL, such as
register and academic language use. Prerequisites:
SPED 101, 102, 103, SPED 201, 202 and 204 and/or
permission of instructor

INT 330 Theory and Process of Interpreting I
(3)
Introduces the sociolinguistic factors that influence
communication, strategies for analyzing discourse
and the theory and process of bilingual/bicultural
interpreting. Course content includes the ways
in which speakers construct messages, current
theories in the process of interpreting, language
acquisition/language learning theories, and their
impact on the interpreting process. Content also
includes interpreting task analysis, pre-interpreting
skills and process management skills that promote
the effective analysis of interpreted messages.
Prerequisite: admission to Interpreting program

INT 330L Theory and Process of
Interpreting Lab I (1)
This interpreting lab, to be taken concurrently with
INT 330, offers students an opportunity to apply the
theories and to practice the techniques introduced
in INT 330. In this lab, students will practice
interpreting task analysis, pre-interpreting skills, and
process management skills.

INT 340 Ethics and Decision Making for
Interpreters (3)
Includes a study of the Registry of Interpreters for
the Deaf Code of Ethics, ethics-related terminology,
values systems and change, the ways in which
situational, institutional and legal constraints
affect professional decision making, and becoming
an ethical professional. Course content includes
information on group theory and skills, decision
making, problem solving, conflict resolution, stress
management, and communication skills.

INT 341 Theory and Process of
Interpreting II (3)
Introduces students to the analysis and production
aspects of ASL-to-English and English-to-ASL
interpretation. Students analyze texts using a
Goal-to-Detail information management system
and practice a variety of visualization techniques.
Students participate in group translations of ASL
and English texts and consecutively interpret analyzed
monologues and dialogues.

INT 341L Theory and Process of
Interpreting II Lab (1)
This interpreting lab, to be taken concurrently with
INT 341, offers students an opportunity to apply the
theories and to practice the techniques introduced in
the Interpreting II class. In this lab, students analyze
texts, develop individual and group translations and
practice consecutive interpretation.

INT 342 Theory and Process of
Interpreting III (3)
Concentrates on the production aspects of ASL-to-
English and English-to-ASL interpretation. Students
linguistically analyze texts using a Goal-to-Detail
information management system and accomplish
functional analysis of texts focusing on register,
style and affect of speakers. Students consecutively
interpret from both pre-analyzed and unfamiliar
monologues and dialogues whose content is taken from community interpreting settings. Students work with taped messages and with guest speakers.

**INT 342L Theory and Process of Interpreting III Lab (1)**
This interpreting lab, to be taken concurrently with INT 342, offers students an opportunity to apply the theories and to practice the techniques introduced in the Interpreting III class. In this lab, students analyze tests for register, style and affect; practice consecutive interpretations of pre-analyzed monologues and dialogues, and practice consecutive interpretations of unfamiliar material.

**INT 365 Interpreting in Community Settings (3)**
Introduces students to a variety of settings in which interpreters work and the vocabulary and discourse patterns used by consumers in these settings. Through contact with interpreters and consumers, students become familiar with the specific vocabulary, professional issues, ethical considerations, knowledge bases, and skills related to each community setting. Students will be introduced to several interpreting settings, including social service, government, legal, medical, mental health, business, religious, performing arts, and sports activities.

**INT 406 Individual Studies in Interpreting (1-3)**
Terms and hours to be arranged. Designed for individual or special studies in a limited area of interest under the guidance of a designated faculty member. Prerequisite: consent of instructor

**INT 407 Seminar: Interpreting (1-12)**
Terms and hours to be arranged. Prerequisite: consent of instructor

**INT 408 Workshop (1-12)**
Terms and hours to be arranged. Prerequisite: consent of instructor

**INT 409 Practicum: Interpreting (1-12)**
Terms and hours to be arranged. Prerequisite: consent of instructor

**INT 410 Internship (3-12)**
Offers students the opportunity to work with a professional interpreter who serves as a mentor. Students observe professional interpreters, provide interpreting services while under supervision, and perform independent interpreting assignments. Students apply the theory, knowledge and skills obtained in the classroom to the delivery of interpreting services, acquire new professional knowledge and skills, and develop effective professional work habits and positive working relationships with co-workers and consumers.

**INT 420/520 Deaf History: Social and Cultural Issues (3)**
Introduces students to a history of the social, cultural, political, educational, and social service aspects of the Deaf community. Students examine the norms and values of Deaf culture, the linguistic, educational, social, and professional influences on the Deaf community, and the ways in which deaf and hearing people interact in American society.

**INT 441 Theory and Process of Interpreting IV (3)**
Concentrates on the production aspects of spontaneous ASL-to-English and English-to-ASL interpreting. Students incorporate linguistic and functional text analyses into their consecutive interpreting performances. Students work with recorded messages and with guest speakers in interpreting situations that include monologues, dialogues, interviews, and group discussions. Emphasis is on accurate and fluent interpretations, and students are introduced to team interpreting techniques.

**INT 441L Theory and Process of Interpreting IV Lab (1)**
This interpreting lab, to be taken concurrently with INT 441, offers students an opportunity to apply the theories and to practice the techniques introduced in the Interpreting IV class. In this lab, students practice consecutive interpretations of spontaneous monologues, dialogues, interviews, and group discussions. Students also practice team interpreting techniques.

**INT 442 Theory and Process of Interpreting V (3)**
This course concentrates on the successful interpretation of texts within a simultaneous interpreting framework. Students incorporate linguistic and functional text analyses into simultaneous interpretations, work with both recorded material and guest speakers and are introduced to the techniques of relay (Deaf interpreter). Students are expected to produce accurate and fluent simultaneous interpretations of increasingly difficult monologues, dialogues, interviews, and group discussions. Students are introduced to transliteration, producing accurate and fluent transliterations over a variety of topics.

**INT 442L Theory and Process of Interpreting V Lab (1)**
This interpreting lab, to be taken concurrently with INT 442, offers students an opportunity to apply the theories and to practice the techniques introduced in the Interpreting V class. In this lab, students practice simultaneous interpretations of increasingly difficult monologues, dialogues, interviews, and group discussions. Students also practice transliterating and relay interpreting techniques.

**INT 445 Current Issues for Interpreters (3)**
Investigates current issues facing the professional interpreter. For example, students discuss issues of bilingualism/biculturalism, legal statutes and liability, certification and quality assurance, confidentiality, accountability, minority status of American Sign Language and Deaf Culture, oppression and empowerment of the Deaf Community, the interpreter as a cross-cultural mediator, and other contemporary issues.

**INT 446 Interpreting in Educational Settings (3)**
Designed to apply advanced interpreting, transliterating, and classroom support skills to educational settings. Strategies for interpreting frozen texts, negotiating situational-based signs and interpreting for speakers from various content areas who have a variety of instructional styles. Students are introduced to the effect of hearing loss on language and educational development and to the laws that affect the education of deaf/hard of hearing students. Students practice tutoring, note taking and inservice techniques, and discuss the ways that interpreters collaborate with other professionals to work with deaf and hard of hearing students.

**INT 465 Specialized Interpreting Techniques (2)**
Introduces students to specialized communication and interpreting techniques that are used with a variety of consumers and in specific situations. Students are introduced to oral, deaf-blind and manually-coded English interpreting techniques. This course includes work with television/video tape cameras, telephones, microphones, and assistive listening devices.

**Anthropology**

**ANTH 199 Special Studies (4)**

**ANTH 213 Language and Culture (4)**
Introduces students to the anthropological study of language and communicative behavior. Examines the basic concepts underlying linguistic analysis and reviews anthropological studies of conversational practice and social variation in language and speech. Its central concern is to elucidate the complex interplay between language, culture and social relations. Part of introductory sequence (ANTH 213, 214, 215 and 216) which may be taken in any order.

**ANTH 214 Physical Anthropology (4)**
Biological aspects of the human experience, especially interactions between biology and culture. A review of the modern synthetic theory of evolution; fossil evidence of early primate and hominid populations; the mechanisms of heredity, human variation and adaptation; and the development of culture in human evolution. Attention throughout the course to the nature of science as a cultural construct. Part of introductory sequence (ANTH 213, 214, 215 and 216) which may be taken in any order.

**ANTH 215 Archaeology (4)**
Understanding the human past through the study of material remains. A review of the methods used to collect and analyze data and the theories used to construct chronologies, reconstitute ancient life styles and explain the processes of cultural evolution. Examines some of the major contributions of archaeology and discusses the relevance of archaeology to everyday life. Part of introductory sequence (ANTH 213, 214, 215 and 216) which may be taken in any order.

**ANTH 216 Cultural Anthropology (4)**
Examines the concepts and methodology of cultural anthropology through ethnographic case studies of people around the world. Focuses on culture, or the learned beliefs, behaviors and symbols unique to each society. Part of introductory sequence (ANTH 213, 214, 215 and 216) which may be taken in any order.
ANTH 310 World Prehistory (4)
A survey of human cultural evolution worldwide over the last four million years up to the beginnings of written records. Examines archaeological evidence for the invention of language and art, the evolution of technology, the peopling of the New World, the invention of agriculture and the origins of cities.

ANTH 311 Human Evolution (4)
The genetic basis of human evolution, human variation and modern human adaptive differences; the biological basis of human culture and the impact of culture on human biology. Prerequisite: ANTH 214

ANTH 313 North American Prehistory (4)
A survey of the prehistory of the North American continent from the first peopling of the Western Hemisphere through the beginnings of regionalization, the origins of agriculture and village life and the development of complex societies. Attention to debates over the causes of these changes and to ethical issues confronting North American archeologists.

ANTH 314 The Evolution of Human Societies (4)
Overview of the evolution of human societies from family-based foragers to chiefdoms, states and the emerging global order; examines the main theoretical lines of argument and the debates among them.

ANTH 315 South American Prehistory (4)
A survey of the prehistory of the South American continent from the early occupations to the early domestication of plants and animals, the beginning of village life, the development of complex cultures, and the coming of Europeans. Attention is given to issues concerning peopling of the Western Hemisphere, the development of state level societies, pre-Colombian contacts and the historic period impact of Europeans on indigenous cultures.

ANTH 316 Circumpolar Peoples (4)
A survey of peoples living in Arctic regions of the world: similarities and differences in environment and technology, social and belief systems; issues of acculturation, native identity and the struggle for cultural survival.

ANTH 324 Anthropological Theory (3)
Examines several core questions that have guided anthropologists in their study of diverse peoples. Beginning with the birth of the discipline at the turn of the 20th century, it outlines key theoretical approaches that characterize anthropology as a distinct social science, exploring how such approaches have undergone revision and reformulation. Prerequisite: ANTH 216

ANTH 325 Ethnographic Methods (4)
Prepares students to conduct ethnographic research in both American and non-Western settings. Teaches students an array of anthropological research methods including participant observation, structured and unstructured interviews and background research of anthropological literature. Will also familiarize students with issues of cultural difference by offering insightful readings by anthropologists who reflect upon their personal research experiences.

ANTH 326 Ethnographic Writing (4)
Examines how anthropologists organize their field data into ethnographic texts. Students read and critique a variety of anthropological works and genres. Reviews key issues that arise in the construction of ethnographies, including issues of truth, representation, reflexivity and political agenda. Prerequisite: ANTH 216

ANTH 330 Contemporary Chicano/a/Latino/a Culture (4)
Provides an overview of the culture and explores issues facing the community. Examines the relationship between Chicano/a/Latino/a culture and contemporary society in the U.S. Topics include history, immigration, language, gender, education and contemporary cultural heroes.

ANTH 332 Latin America (4)
Provides an introduction to major aspects of Latin American cultures. Concentrates on issues of cultural contact, conflict, and accommodation by examining racial, ethnic, national, and gender identities, religion, the environment, human rights and globalization. Explores indigenous, European, and African contributions to the sociocultural fabric of the region; geographic emphasis will fall on Mexico, Peru, Ecuador and Brazil.

ANTH 340 Mothers and Daughters (4)
A cross-cultural examination of women’s primary kinship ties with emphasis on how relationships change throughout the human life-cycle. Topics will include control of reproduction, son preference, mother’s power, nurturance vs. autonomy, role models, ambivalence and conflict, mature partnerships and role reversals in old age.

ANTH 350 Research Methods in Archaeology (4)
A survey of techniques and methods used in archaeology, including research design, survey, sampling strategies, excavation methods, laboratory analysis and interpretation. Practical aspects of data recording and reporting, including computer applications.

ANTH 352 Laboratory Methods in Archaeology (4)
Techniques and their applications in the analysis of materials recovered from archaeological sites. Emphasis will vary according to ongoing research. Prerequisite: ANTH 215 and permission of instructor

ANTH 358 Tribal Art of the U.S. and Canada (4)
A survey of indigenous art in the Americas north of Mexico. Themes common to both terms include art in anthropological perspective, regional, group, and individual variations in style, and processes of acculturation and diffusion.

ANTH 360 Museum Studies (4)
Covers principles and practices of museum work. Topics include the role of museums in the community, collections management, conservation of objects and artifacts, program development, exhibit development, marketing and fund raising. Laboratory experience will be offered through the Jensen Arctic Museum on campus.

ANTH 365 The Museum and "The Other": How Western Museums Construct Non-Western Peoples, Gender and Class (4)
Course examines museum representations of Native Americans, African-Americans and other minorities, women and the poor and working classes, as exemplified in more than 100 years of public exhibition.

ANTH 369 Visual Anthropology (4)
Course examines the place of the visual in anthropological analysis. Introduces some of the techniques and theories used to analyze visual images. Students investigate aspects of visual anthropology through readings, discussions, independent research and projects.

ANTH 370 Women in Cross-Cultural Perspective (4)
Similarities and differences in women’s lives in a variety of cultures around the world. Evolutionary and historical precedents for contemporary patterns of gender role construction; economic, social and ideological challenges to women seeking change in existing gender hierarchies. Prerequisite: ANTH 216

ANTH 375 Women Anthropologists (4)
Examines women as practitioners of anthropology; surveys changing views of women in 19th/20th century Western society; obstacles in women’s professional careers; women pioneers in anthropology; contributions to and feminist critiques of the discipline. Prerequisite: ANTH 216

ANTH 380 Africa (4)
Survey of African societies that compares classic and contemporary anthropological texts covering similar structures and processes in very different, colonial and postcolonial contexts. The goal is to come to an anthropological understanding of how political, economic, historical and cultural factors shape contemporary African societies.

ANTH 384 Modernization (4)
Examines anthropological case studies of social change in diverse contemporary settings. It asks how individuals and groups confront modernity while maintaining elements of their traditional cultures. Course readings cover a range of globalization issues: How do local groups engage with international development projects? How do workers in the developing world function in an industrialized work setting? How do formerly colonized peoples confront Western liberal policies advocating environmentalism, human rights and democracy? We examine insider accounts of global economic and policy changes.

ANTH 386 Anthropology of Islam (4)
A general introduction to the anthropology of Islam through a series of ethnographic readings. It outlines orthodox, scriptural understandings of Muslim practice, while exploring how local people reinterpret and reshape the “world religion” of Islam into diverse local forms. Key themes include Sufi Islam and religious ritual, Muslim families and gender and Islamic fundamentalism and modernity.
ANTH 388  Transnational Migration (4)  
Examines the social and cultural aspects of transnational migration through ethnographic readings of migration in various parts of the world. Covers key theoretical issues pertaining to identity, locality and the economics of migration. Case studies describe how migrants symbolically imbue their lives and livelihoods with cultural meaning, while offering first-hand accounts of the migration experience.

ANTH 399 Special Studies (1-4)  
Terms and hours to be arranged.

ANTH 406  Special Individual Studies (4)  
Designed for individual or specialized research and study in a defined area of interest under the guidance of a designated faculty mentor. 
Prerequisite: permission from instructor

ANTH 407  Seminar (1-4)  
Terms and hours to be arranged.

ANTH 408  Workshop (1-16)  
Terms and hours to be arranged.

ANTH 409 Practicum (4-12)  
ANTH 410  Research Design (4)  
Students identify and design an internship or field experience that will be written up as the Senior Project. In consultation with an advisor, students independently read background materials while they write a theoretically-grounded research proposal.  
Prerequisites: Anthropology major, junior standing

ANTH 411  Field Experience (4-12)  
Individual research, volunteer work, internship, employment or other practical experience designed to use and challenge the student’s anthropological knowledge. Consultation with anthropology faculty in advance and during the field experience is required. Planning takes place in ANTH 410 Research Design and a formal paper that analyzes the experience and summarizes outcomes is produced in ANTH 412 Senior Project.

ANTH 412  Senior Project (4)  
Provides guidance in producing a written account of the Anthropology major’s field experience in ANTH 411.

ANTH 450  Field Methods in Anthropology (12)  
Basic archaeological survey and excavation skills will be developed through participation in field research at an archaeological site. Observation, description, data recording, mapping and photographic techniques will be practiced or demonstrated. 
Prerequisite: ANTH 215 or consent of instructor

ANTH 461  Urban Anthropology (4)  
Understanding the origin and evolution of cities. The application of cross-cultural perspectives to the social organization of urban life. An examination of factors in the evolution of urban forms and institutions. Prerequisite: ANTH 216 or consent of instructor

ANTH 475  Anthropological Approaches to Law (4)  
A comparative survey of the ethnography of law focusing on the problems of order and conflict resolution in selected non-Western preindustrial societies. Parallels and contrasts are drawn with legal principles of modern Western systems.

ANTH 476  Religion and Ritual (4)  
Examines the religious rituals of diverse peoples living in various parts of the world. Outlines anthropological approaches to religion, while focusing on particular topics: How do non-Western religions incorporate spirit possession, animism, and ancestor worship into their belief systems? How do local peoples merge world religions such as Islam and Christianity with local traditions? How do religious rituals enable oppressed groups to resist powerful forces, such as colonists or corrupt states? Also examines links between religion, magic, witchcraft and sorcery.

ANTH 478  Political Anthropology (4)  
Examines issues of comparative political systems, local political cultures and connections between local and wider political spheres. Focuses on problems of authority, organization and power and how anthropology contributes to an understanding of the institutions, practices, logics and representations that underpin social orders. A wide range of theoretical approaches and ethnographic material is explored.

ANTH 480  History and Theory of Archaeology (4)  
The development of modern archaeological science from beginnings in the 18th century through the emergence of contemporary theories of cultural evolution; current issues including ethics, feminist critiques and post-processual paradigms.

ANTH 482  Historical Archaeology (4)  
Survey of the global and interdisciplinary field within archaeology that specializes in the interpretation of the recent past. Methods of archival research and material culture interpretation are reviewed. Demonstrates the use of both documents and excavated artifacts to explore issues such as representation of ethnicity, development of class differences and changing gender roles.

ANTH 494  Northwest Indian Cultures (4)  
A survey of indigenous peoples of Northwestern North America, including the Northwest Coast, the Columbia-Fraser Plateau and the Great Basin. Emphasis on adaptation to particular environments and interactions with other cultures in both pre- and post-contact periods.

ANTH 496  Indian America (4)  
An anthropological perspective on the historical and social processes of contact and acculturation between indigenous peoples of North America and Old World immigrants in the historic period. Topics include colonial and U.S. Government policies, demographic trends, popular images and stereotyping, nativistic movements, education, tribal identity and sovereignty.
A 220 Introduction to Typography (3)  Studio introduction to typographical forms as design elements. Familiarity with type vocabulary and measurements. Introductory technical processes. Prerequisites: A 115, A 130

A 221 Typographical Layout (3)  Exploration of typographical layout as a visual language to convey meaning. May include page layout software instruction. Prerequisites: A 119, A 220

A 255 Introduction to Ceramics (3)  Examines sculptural form and critical, creative thinking processes through the introduction of hand building methods, surface treatments and low-range firing techniques. Prerequisites: A 115, A 130

A 256 Introduction to Ceramics (3)  Introduction to wheel throwing skills, high-range firing techniques and simple glaze formulation in the continuation of concept and form study. Prerequisites: A 115, A 130

A 260 Basic Photography I (3)  Introduction to black and white photography. The course covers the aesthetics of composition and visual communications as well as techniques for shooting photos, developing film and making photographic prints. Prerequisite: A 115

A 261 Basic Photography II (3)  Continue work started in Introduction to Photography I. Students refine their ability to see and make images. At instructor’s discretion, special techniques may be included. Prerequisites: A 115, A 260

A 270 Introduction to Printmaking (3)  Part one of an introductory printmaking course designed to acquaint students with relief, monotypes and collagraphy as visually expressive forms. Prerequisites: A 115, A 130

A 271 Introduction to Printmaking (3)  Part two of the introductory printmaking course designed to prepare students for intermediate level studio work in intaglio, screen printing and lithography. Prerequisites: A 115, A 130

A 280 Introduction to Painting (3)  An introduction to the basic formal and technical aspects of painting. Color mixing, paint application, composition and studio practices will be emphasized. A survey of selected painting traditions will build visual vocabulary. Prerequisites: A 115, A 130

A 281 Introduction to Painting (3)  Part two of the introductory course in painting. A studio course continuing work with color mixing, paint application, composition and studio practices to prepare students for intermediate level work in painting. Prerequisites: A 115, A 130

A 290 Introduction to Sculpture (3)  Introductory studio course practicing traditional and modern sculptural techniques in the creation of three-dimensional art forms. Medium emphasis wood. Prerequisites: A 115, A 130

A 291 Introduction to Sculpture (3)  Introductory studio course practicing traditional and modern sculptural techniques in the creation of three-dimensional art forms. Medium emphasis stone. Prerequisites: A 115, A 130

A 304 Art History: Modernism (4)  Modern art from the French Revolution to the end of the 19th century within the context of the political, social and aesthetic upheavals of that period.

A 305 Art History: Modernism (4)  Movements in art from the late 19th century to surrealism in historical and critical context. Issues to be examined include art, mysticism, art and science, art as anti-art.

A 306 Art History: Modernism (4)  Art and criticism since surrealism. Areas of inquiry include the expanded roles of art market and critic, the dematerialization of the art object, art and technology and postmodernism.

A 316 Intermediate Design: Three-Dimensional (3)  Advanced study of design theory with studio practice. Emphasis on three-dimensional exploration. Prerequisites: A 115, A 116, A 130

A 320 Graphic Design (3)  Exploration of visual communication method and approaches. Apply concepts to identity systems and other visual/verbal communications. Prerequisites: A 115, A 116, A 117, A 131, A 135, A 221

A 321 Graphic Design (3)  Photography and symbols in visual communications. Continue work with continuous tone images and graphic design in digital formats. Prerequisites: A 260, A 320

A 322 Graphic Design (3)  Exploration of issues related to typography, image and audience. Continue work with print production processes and electronic media for communication. Prerequisite: A 321

A 330 Intermediate Drawing (3)  Continued study of technique and composition in graphic expression. Prerequisite: A 130

A 335 Intermediate Drawing: Life (3)  Continued study of anatomical structure and form. Life drawing as a means of graphic communication. Prerequisite: A 135

A 355 Intermediate Ceramics (3)  Intermediate course in which mold-making skills are developed to explore the inherent potential of the multiple in ceramic sculpture. Prerequisites: A 116, A 117, A 131, A 135, A 255, A 256

A 356 Intermediate Ceramics (3)  Intermediate course expanding intellectual objectives and technical applications. Variable processes include photographic transfer, silk-screen, decal and china paint. Prerequisite: A 355

A 357 Intermediate Ceramics (3)  Intermediate course exploring alternative material usage and practices including mixed media, installation and time-based concepts. Prerequisite: A 356

A 360 Intermediate Photography I (3)  An intermediate studio course dealing with exploring exposure controls, printing techniques and craftsmanship. Students will be looking at the work of others and exploring alternate ways of ‘seeing’. Prerequisites: A 115, A 117, A 130, A131, A 135, A 261

A 361 Intermediate Photography II (3)  An intermediate studio course dealing with expanding printing techniques, looking at other ways of seeing and exploring physical alternatives to the 35mm format. This may include digital, pinhole, photograms, medium and large format photography and others. Prerequisite: A 360

A 362 Intermediate Photography III (3)  An intermediate studio course further refining the student’s personal vision of photography, image taking and image making. Prerequisite: A 261
A 370 Intermediate Printmaking (3)  
An intermediate, upper-division concerted study of one of the following areas: Relief; serigraphy; intaglio; or lithography. Prerequisites: A 116, A 131, A 135, A 270, A 271

A 371 Intermediate Printmaking (3)  
An intermediate, concerted study of one of the following: relief; serigraphy; intaglio; or lithography. Prerequisite: A 370

A 372 Intermediate Printmaking (3)  
An intermediate, concerted study of one of the following: relief; serigraphy; intaglio; or lithography. Prerequisite: A 371

A 373 Intermediate Printmaking (3)  
An intermediate, concerted study of one of the following: relief; serigraphy; intaglio; or lithography. Prerequisite: A 370

A 380 Intermediate Painting (3)  
A studio course to strengthen skills in painting techniques. Painting with selected palette limitations to develop formal and expressive visual elements. Traditional painting methods and compositional theory will be covered. Prerequisites: A 116, A 117, A 131, A 135, A 280, A 281

A 381 Intermediate Painting (3)  
A studio course to strengthen skills in painting techniques. Introduction to mediums and supports for variety in painting surfaces. Exploration of contemporary issues in painting. Framing and presentation will be covered. Prerequisite: A 380

A 382 Intermediate Painting (3)  
A studio course to strengthen skills in painting techniques. Extensive enquiry into the relationship between formal application and expression in painting. Exploration of contemporary issues in painting. Framing and presentation will be covered. Prerequisite: A 381

A 390 Intermediate Sculpture (3)  
Intermediate studio course using traditional and modern techniques in the creation of sculptural art forms. Medium emphasis varies. Prerequisites: A 116, A 117, A 131, A 135, A 290, A 291

A 391 Intermediate Sculpture (3)  
Intermediate studio course using traditional and modern techniques in the creation of sculptural art forms. Medium emphasis varies. Prerequisite: A 390

A 392 Intermediate Sculpture (3)  
Intermediate studio course using tradition and modern techniques in the creation of sculptural art forms. Medium emphasis varies. Prerequisite: A 391

A 393 Intermediate Sculpture (3)  
Intermediate studio course using tradition and modern techniques in the creation of sculptural art forms. Prerequisite: A 392

A 398 Production: Gallery Exhibition (1-3)  
Introduction to matting, framing and hanging artwork. Practical work hours contracted for each student in campus exhibit spaces; number of gallery work hours required dependent upon the amount of credit hours taken in a single term. The purpose of the course is to give students practical experience necessary for success in A498, the capstone art course. May be repeated for elective credit. Minimum one credit required for art majors. Limit of one credit may be applied to the art major or a studio art minor. Prerequisites: A 115 and upper division standing

A 399 Special Studies (1-5)  
May be repeated once for credit.

A 404 Art History: Non-Western Art (4)  
An introductory study of visual expression in cultural contexts that are representative of non-Western traditions. Writing intensive and diversity course.

A 405 Art History: Women in Art (4)  
A study of women as artists and subjects in the history of Western art from the Renaissance to the present. Aesthetic, social and feminist discourse as it relates to changing perspectives on the role of women in the arts will be examined. Writing intensive and diversity course.

A 406 Art History: Special Topics (4)  
A course in art history offering the student the possibility to develop an in-depth study in a specialized area of art history. Writing intensive.

A 410 Seminar (1-3)  

A 411 Workshop (1-3)  

A 412 Practicum (1-3)  
On-the-job experience for art and graphic design students. Formal requests must be submitted to the Art Department faculty no later than four weeks preceding the term of enrollment. Prerequisites: upper-division standing; graphic design students: A 322

A 420 Applied Design (3)  
Self-promotion campaign. Emphasis on presentation issues and professional concerns. Digital communication and conventional print production processes. Prerequisite: A 322

A 421 Applied Design (3)  
Exploration of issues related to typography, image and audience. Emphasis on a text-heavy environment. Prerequisite: A 420

A 422 Applied Design (3)  
Design team approach to creative problem-solving. Portfolio preparation and presentation in current formats. May be repeated twice for credit. Prerequisite: A 421

A 430 Advanced Drawing (3)  
Advanced study of media and methods of drawing. Individual projects explore formal and conceptual aspects of drawing. Prerequisites: A 131, A 330

A 435 Advanced Life Drawing (3)  
Advanced study of media and methods of figure drawing. Individual projects explore formal and conceptual aspects of drawing. Prerequisites: A 130, A 135, A 335

A 455 Advanced Ceramics (3)  
Focus is on advanced clay formulation, glaze calculation, kiln-building, firing techniques and professional documentation. Prerequisite: A 357

A 456 Advanced Ceramics (3)  
Advanced course for self-directed investigations using a combination of acquired process skills and thinking systems. Regular critiques and visual evidence of operations from beginning to completion are required. Prerequisite: A 455

A 457 Advanced Ceramics (3)  
Advanced course focusing on the production of a culminating, self-directed body of work. Documentation and a slide presentation of the work and sources are required. May be repeated twice for credit. Prerequisite: A 456

A 460 Advanced Photography I (3)  
An advanced studio course dealing with continuing to explore exposure controls, printing techniques and craftsmanship. Students will be looking at the work of others and exploring alternate ways of “seeing.” Prerequisite: A 362

A 461 Advanced Photography II (3)  
An advanced studio course dealing with expanding printing techniques, looking at other ways of seeing and exploring physical alternatives to the 35mm format. This may include digital, pinhole and large format photography. Prerequisite: A 460

A 462 Intermediate Photography III (3)  
An advanced studio course further refining the student’s personal vision of photography, image taking and image making. Prerequisite: A 461

A 470 Advanced Printmaking I (3)  
Individualized advanced study and studio practice of one of the following areas: intaglio and monotypes; serigraphy; relief; lithography. Prerequisite: A 372

A 471 Advanced Printmaking II (3)  
Individualized advanced study and studio practice of one of the following areas: intaglio and monotypes; serigraphy; relief; lithography. May be repeated twice for credit. Prerequisite: A 470

A 472 Advanced Printmaking III (3)  
Individualized advanced study and studio practice of one of the following areas: intaglio and monotypes; serigraphy; relief; lithography. Prerequisite: A 471, may be repeated twice for credit.

A 480 Advanced Painting (3)  
An advanced course with extensive practice in a chosen painting medium. Through critiques and advisement, students will select specific forms of expression which will conclude in a series of related paintings. Readings, critical writing and gallery visits required. Prerequisite: A 480

A 481 Advanced Painting (3)  
An advanced course with extensive practice in a chosen painting medium. Through critiques and advisement, students will select specific forms of expression which will conclude in a series of related paintings. Readings, critical writing and gallery visits required. Prerequisite: A 480
A 482 Advanced Painting (3)
An advanced course with extensive practice in a chosen painting medium. Through critiques and advisement, students will select specific forms of expression which will conclude in a series of related paintings. Readings, critical writing and gallery visits required. Prerequisite: A 481, may be repeated twice for credit.

A 485 Art Service Learning (1-3)
A practicum comprised of 30 to 90 hours in an arts or cultural organization. The service learning should take place off-campus. Examples include (but are not limited to) the Oregon Arts Commission, Oregon Cultural Trust and the Salem Art Association. The student shall participate in the mentor or supervisor’s duties, or complete an assigned task or project. Prerequisite: BFA acceptance. Not to be taken concurrently with A 486.

A 486 Art Service Learning (1-3)
A practicum comprised of 30 to 90 hours in an arts or cultural organization. The service learning should take place off-campus. Examples include (but are not limited to) the Oregon Arts Commission, Oregon Cultural Trust and the Salem Art Association. The student shall participate in the mentor or supervisor’s duties, or complete an assigned task or project. Prerequisite: A 485.

A 487 International Studio Art Study (1-3)
Studio art course work related to BFA thesis project discipline area, taken at an accredited institute of higher education outside the United States.

A 488 International Studio Art Study (1-3)
Studio art course work related to BFA thesis project discipline area, taken at an accredited institute of higher education outside the United States.

A 490 Advanced Sculpture (3)
Advanced study of sculptural forms, concepts and mediums. Medium emphasis varies. Prerequisites: Three 300 level sculpture courses in sequence.

A 491 Advanced Sculpture (3)
Advanced study of sculptural forms, concepts and mediums. Medium emphasis varies. Prerequisite: A 490.

A 492 Advanced Sculpture (3)
Advanced study of sculptural forms, concepts and mediums. Medium emphasis varies. May be repeated twice for credit. Prerequisite: A 491.

A 495 BFA Thesis Project (6)
First term of advanced research, concept development and art production in the student’s concentration area: painting, sculpture, ceramics, printmaking or graphic design. Course requirements are contracted with the BFA thesis advisor. Cannot be taken concurrently with A496, A497. Prerequisites: completion of 400-level sequence in chosen concentration area, A 315, A 316, A 498 and acceptance to the BFA program.

A 496 BFA Thesis Project (6)
Second term of advanced research, concept development and art production in the student’s concentration area: painting, sculpture, ceramics, printmaking or graphic design. Course requirements are contracted with the BFA thesis adviser. Cannot be taken concurrently with A497. Prerequisite: A495.

A 497 BFA Thesis Project (6)
Third term of advanced research, concept development and art production in the student’s concentration area: painting, sculpture, ceramics, printmaking or graphic design. Course requirements are contracted with the BFA thesis advisor. Third-term requirements will include a portfolio of work and an exhibition of the thesis project work in a format appropriate to the subject area. Prerequisite: A 496.

A 498 Professional Concerns (2)
A survey of professional practice in the visual arts. Problems, study and preparation for “going public.” Professional ethics; contracts; public obligations; art and the law; galleries, museums and exhibitions; grants, fellowships and awards. Capstone art experience includes an exhibit of each student’s work. Prerequisites: A 119, A 398, upper-division standing.

A 499 Special Individual Studies (1-5)
May be repeated once for credit.

A 503M Thesis or Field Study (6)
A culminating experience for the degree candidate consisting of a practical application of his/her graduate studies to his/her professional needs. This culmination might result in a field study project related to improving the quality of art education in his school, an experimental study, an historical study or other type of in-depth study which meets the candidate’s specific objectives.

A 504M Graduate Art History (3)
Graduate level investigation in selected areas of art history. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 510M Graduate Seminar (3)
Research exploration of specialized topics. Terms and hours to be arranged. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 511M Graduate Workshop (3)
Studio exploration of specialized or interdisciplinary media topics in a group setting. Terms and hours to be arranged. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 515M Graduate Design: Two-Dimensional (3)
Advanced study of design theory with studio practice in the two-dimensional art form. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 516M Graduate Design: Three-Dimensional (3)
Advanced study of design theory with studio practice in the three-dimensional art form. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 520M Graduate Graphic Design (3)
Graduate level study and studio work in typography and visual communications. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 530M Graduate Drawing (3)
Advanced study and studio production of drawing as a visually expressive form. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 535M Graduate Life Drawing (3)
Advanced study and studio production of figurative drawing as a visually expressive form. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 555M Graduate Ceramics (3)
Graduate study in ceramic art. Individual projects in selected ceramic areas. Graduate research and paper related to projects. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 570M Graduate Printmaking (3)
Advanced study and studio production of prints as a personally expressive visual form. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 576M Aesthetic Foundations of Visual Arts (3)
A study and analysis of philosophic aspects of the visual arts.

A 577M Contemporary Problems in Visual Art (3)
A course designed to offer critical examination of art in society, creativity, brain research, the computer and other selected areas.

A 580M Graduate Painting (3)
Advanced study and studio production of painting as a personally expressive visual form. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 590M Graduate Sculpture (3)
Advanced study of sculpture with studio work in three-dimensional art forms. May be repeated for credit. Prerequisites: admitted post-baccalaureate standing and consent of the instructor.

A 599M Special Individual Studies: Graduate (3)
Terms and hours to be arranged. May be repeated for credit. Prerequisite: admitted post-baccalaureate standing.
**Art Education**

ARE 433  Art Education (3)
A survey of art education for prospective teachers. Studio experience in the fine and applied arts, folk arts and crafts are integrated with art history, aesthetics and criticism. Prerequisites: A 115 or A 130 and junior standing

ARE 434/534  Historical and Cultural Perspectives in the Visual Arts (3)
Developing advanced level lessons in art built upon the lives and works of fine, applied and folk artists, with a multicultural perspective and interdisciplinary approach. Prerequisite: upper-division or graduate standing

ARE 490/590  Art in the Elementary School (3)
Designed to provide additional art experiences in the philosophy, materials and techniques of the visual arts for teachers and administrators. Prerequisite: upper-division or graduate standing

**Biology**

BI 101, 102, 103  General Biology (5 each)
The major principles and methods of biology; BI 101 includes ecology, the diversity of life and an introduction to evolution. BI 102 considers cellular structure and function, energy transformations, genetics, evolution, reproduction and development. BI 103 emphasizes the anatomy and physiology of plants and animals along with a brief treatment of animal behavior. This sequence is designed for students not intending to pursue further study in the biological sciences. Three lectures and one two-hour laboratory period. BI 101 is not a prerequisite for BI 102. BI 102 is a prerequisite for BI 103

BI 211, 212, 213  Principles of Biology (4 each)
An introduction to the science of biology, including morphological, physiological and developmental aspects of living organisms; the phylogeny, evolution and ecology of both plants and animals. Designed for the biology major. Three lectures and one three-hour laboratory period. Prerequisite: Passing grade in BI 211 required for admission to BI 212. Passing grade required in BI 212 for admission to BI 213

BI 301  Introduction to Computational Biology (4)
Introduction of computer applications to solve problems in selected areas of biology. Intended for students without computer programming experience (students with a desire to learn programming should take the more advanced courses in the Computer Science Division). Topics covered include, but are not limited to, computational molecular biology, ecological modeling and simulation, phylogenetic reconstruction, geographic information systems (GIS), bioinformatics, biostatistics and biological imaging. Two one-hour lectures and two two-hour laboratory periods. Prerequisite: BI 213, or consent of instructor; offered winter term of even numbered years

BI 312  Animal Behavior (4)
A consideration of the basic problems in animal behavior, including ecological adaptations of behavioral patterns, mechanisms underlying behavior, social behavior, and the nature and organization of animal societies. Three lectures and one three-hour laboratory. Prerequisites: BI 101, 102, 103 or equivalent; offered winter term of odd numbered years

BI 317  Vertebrate Natural History (5)
The classification, behavior, life history, and ecology of vertebrate animals, including fresh water fish, amphibians, reptiles, birds and mammals. Laboratory will emphasize identification and field studies of vertebrates that occur in Oregon. Three one-hour lectures, one two-hour laboratory and required field trips (two on Saturdays, one over a weekend). Prerequisites: Introductory biology sequence; offered spring term of odd-numbered years

BI 318  Microbiology for the Health Sciences (4)
An introduction to the biology of microorganisms with an emphasis on infectious human disease agents, immunology, and the control of disease through antimicrobial strategies and vaccination. Designed for students interested in pre-nursing, pre-dental hygiene and entry level positions in public health laboratories. Laboratory component emphasizes skills with microscopes, identification testing and includes practical exams. Not open for credit to biology majors. Three lectures and one two-hour lab per week. Prerequisites: BI 102 and BI 103

BI 321  Systematic Field Botany (4)
Designed to give practical experience in the identification of common plant families and species of the Willamette Valley. Includes the learning of major characteristics of plant families from a phylogenetic perspective and the use of tools for plant identification. Field collections that emphasize careful observation and records of ecological relations as plants are collected and field trips to selected sites are required. Three lectures plus one three-hour laboratory period. BI 101 or BI 213 recommended.

BI 324  Comparative Vertebrate Anatomy (5)
A comparative analysis of vertebrate morphology, emphasizing the study of organs and organ systems, and an introduction to the taxonomy, evolution and functional morphology of the vertebrates. Three one-hour lectures and two two-hour laboratories. Prerequisite: BI 212 or consent of instructor; offered fall term of even-numbered years

BI 326  Vertebrate Embryology (4)
Development of the vertebrate body from fertilization through organogenesis; includes analyses of selected problems in morphogenesis, differentiation and growth. Two lectures and two three-hour laboratory periods. Prerequisites: BI 388 and one year of chemistry, or consent of instructor. Offered spring term of even-numbered years

BI 330  Plant Physiology (4)
An examination of the physiological processes and mechanisms involved in plant nutrition, photosynthesis, assimilation of organic and inorganic materials, energy balance, water requirements, growth factors and organismic control. Two lectures and two three-hour laboratory periods. Prerequisites: BI 213 and CH 223 or consent of instructor. Offered winter term of even-numbered years.

BI 331  General Microbiology (4)
Selected topics in the science of microbiology with an emphasis on microbial structures and physiology as they impact diversity and ecology, biotechnology, and diseases (bacterial, viral, and protozoal). Involved lab component represents nearly half course grade. Prerequisites: BI 211, 212, 213, CH 221, 222, 223. BI 341 and BI 388 strongly recommended. Offered fall and spring terms

BI 333  Human Gross Anatomy and Physiology (4)
A study of gross anatomy and physiology of the human body. Uses lecture and human cadaver laboratories and covers the following topics: metabolism, membrane transport, cellular communication, nervous system, sensory systems, endocrine control, and muscle physiology. Three lectures and one two-hour laboratory. Prerequisites: BI 102 and BI 103 or BI 212

BI 335  Human Gross Anatomy and Physiology (4)
A study of gross anatomy and physiology of the human body. Uses lecture and human cadaver laboratories and covers the following topics: blood and circulatory system, excretory system, digestive system, male and female reproductive systems and human development, lymphoid system and immune defense mechanisms. Three lectures and one two-hour laboratory. Prerequisites: BI 102 and BI 103 or BI 212

BI 336  Human Histology and Physiology (4)
The study of microscopic anatomy of the human body integrated with the function of cells, tissues and organs. Two lectures and two three-hour laboratories. Prerequisites: BI 102, 103 or BI 211, BI 212 or consent of the instructor

BI 341  Introductory Genetics (4)
Principles and mechanisms of inheritance, including consideration of patterns of inheritance, the nature of the gene, chromosome structure, gene action, population genetics and mechanisms of mutation. Three hours lecture plus one hour discussion section. Prerequisite: BI 211 or consent of instructor

BI 357  General Ecology (4)
The biology of ecosystems including abiotic factors, energy transformations, population dynamics and interspecific interactions. Course emphasizes basic ecological principles not current problems. Laboratories will focus on a survey of major ecosystems and will include field trips to selected sites. Three lectures and one three-hour laboratory.

BI 361  Marine Biology (4)
A survey of the plants and animals of the marine environment. Some attention devoted to the anatomies, life histories, adaptations and classification of representative species. Also included are interactions among these species and physical factors that effect these interactions. Man’s impact on the marine environment and its resources is considered. Laboratory time is divided between field trips, identification of specimens and a study of their behavior and ecological interrelationships. Two lectures and two three-hour laboratory periods with two day-long Saturday trips substituting for some of the regularly scheduled laboratory periods. Prerequisites: introductory biology sequence
BI 370  Environmental Science (4)
The study of how humans interact with their environment and the effects of the environment on human society. Topics include basic ecological principals, human population growth, environmental health, air and water pollution, ecosystem change and global impacts. Does not substitute for BI 357 (Ecology) in the biology major program. Three hours lecture and one three-hour laboratory including field work. Prerequisite: BI 101 or equivalent

BI 371  Structure of Seed Plants (4)
The morphology, anatomy and reproduction of seed plants from an evolutionary perspective. Two lectures and two three-hour laboratory periods. Prerequisite: BI 213 or consent of instructor. Offered fall term of odd numbered years

BI 388  Cell Biology (4)
An introduction to cell structure and function required for the biology major. Examines the architecture and basic organelle activity in the intact cell and the major techniques currently employed to study cells. Three lectures and one three-hour lab each week. Prerequisites: BI 213 and CH 223

BI 406  Individual Study (1-15)
Terms and hours to be arranged.

BI 407/507  Seminar (1-15)
Terms and hours to be arranged.

BI 408  Workshop (1-9)

BI 409  Practicum (1-9)

BI 424  Human Dissection (3)
A study of gross anatomy of the human body through the dissection of a cadaver. Prerequisites: Upper-division standing and permission of instructor

BI 432  Immunology (4)
A course on immune mechanisms, including the nature of antigens, antibodies and their interactions, the anatomy, cell biology, genetics, regulation, diseases of mammalian immune system and the use of antibodies as tools in the clinical and research laboratory. Two lectures and two three-hour laboratories. Prerequisites: BI 388 and one year of chemistry, or consent of instructor; offered winter term of odd numbered years

BI 434  Comparative Animal Physiology (4)
An introductory course designed to acquaint student with principles of body function in selected animals. Systems covered include respiratory, nervous, excretory, endocrine, digestive and reproductive with emphasis on homeostatic mechanisms. Three lectures and one three-hour laboratory. Prerequisite: BI 212 or consent of instructor; offered winter term of odd numbered years

BI 437  Endocrinology (4)
An examination of the molecular and physiological mechanisms by which hormones influence the animal body, with emphasis on mammals. This included the role of hormones in regulating growth, reproduction, and maintenance of homeostasis as well as the neurological pathways coordinating the timing of hormone release. Special consideration will be given to the relationship between hormones and behavior. Three one-hour lectures and a one-hour discussion section. Prerequisites: BI 212 or consent of instructor

BI 441/541  Human Heredity (3-4)
Basic principles of inheritance, including Mendelian patterns of inheritance, molecular genetics, chromosomal aberrations, sex determination, gene mapping, genetic engineering and population genetics as it relates to humans. The lab illustrates topics included in the lecture.

BI 446  Evolution (3)
Historical development of evolutionary theory; genetic variability of populations; mechanisms of evolution; perspectives and generalizations developed from studies of fossils; evolution of human lineage. Prerequisite: BI 341 or consent of instructor

BI 451  Invertebrate Zoology (4)
A systematic study of invertebrates, with a comparative approach to functional morphology, physiology, behavior, life history and evolution. Observation of living marine invertebrates is emphasized in the lab. Course includes field trips to the coast. Two one-hour lectures and 2 three-hour laboratory periods. Prerequisite: BI 213 or consent of instructor; offered spring term of odd numbered years

BI 454/554  Plant Ecology (4)
Fundamentals of plant ecology, population dynamics, seed and pollination ecology, mutualism, competition, predation, colonization and extinction, breeding systems, ecological genetics and physiological ecology. Lab teaches techniques to study plants and illustrate lecture materials. Prerequisite: botany, an ecology course or consent of instructor; offered spring term of even numbered years

BI 458/558  Field Biology (3-4)
Systematics, life histories and field methods in selected areas of biology. Lecture, laboratory and field trips to be scheduled. Prerequisite: Introductory sequence in biology or consent of instructor

BI 474  Entomology (4)
Survey of the insect orders including a study of selected aspects of their morphology, life history, physiology and ecology. Some consideration of related arthropods. Two lectures and two three-hour laboratory periods. Prerequisites: BI 213 or consent of instructor; offered spring term of even numbered years

BI 475  Molecular Biology (4)
Structure and function of the gene. Study of genome structure and selected cases of the regulation of transcription and translation in prokaryotes and eukaryotes. Includes the complexity, stability and alterations of the genome in order to understand molecular evolution and the action of viruses. Two lectures and one four-hour lab. Prerequisite: BI 341, BI 388 and one year of chemistry or consent of instructor; offered spring term of odd numbered years

BI 506M  Special Individual Studies (1-15)
Terms and hours to be arranged.

BI 508M  Workshop (1-15)
Terms and hours to be arranged.

BI 509M  Practicum (1-9)
Terms and hours to be arranged.

BI 524M  Human Dissection. (2-5)
Advanced study of the gross anatomy of the human body through the dissection of a cadaver. The exact number of credits will be determined by the background of the student and goals agreed upon by the student and instructor. Prerequisite: graduate standing and permission of instructor

Business

BA 101  Introduction to Business (3)
Business organization, operation and management; intended to orient the student in the field.

BA 199  Special Studies (1-6)
Terms and hours to be arranged.

BA 211  Financial Accounting (4)
Students will gain a basic understanding of how accounting is used by investors, managers, government agencies and others. Includes the study of transaction analysis with emphasis on accrual versus cash accounting, and the preparation, interpretation and use of financial statements.

BA 213  Managerial Accounting (4)
The study of accounting continues from the perspective of management users, with emphasis on planning, performance evaluation and information needed for effective decision making. Prerequisite: BA 211

BA 217  Accounting for Nonaccountants (3)
Provides a comprehensive nontechnical accounting course for the business minor and others interested in a survey of financial and managerial accounting techniques. Assumes no prior knowledge of accounting. Not available for credit in the Business major.

BA 220  Introduction to Financial Management (3)
Basic processes, principles, tools and concepts of finance. Topics include financial analysis, financial forecasting, profit planning, budgeting, working capital management and capital budgeting. Not available for credit in the Business major.

BA 229  Personal Finance (3)
Study of the role of the consumer in American society, consumer decision-making, consumer credit and borrowing, home ownership, life insurance, annuities, estate planning, wills, trusts, expenditures and taxes for government.

BA 230  Introduction to Business Law (3)
Nature and role of the law in conducting business; tort, formation, performance and discharge of contracts; commercial transactions and law of business organization, sales, bankruptcies; and the general nature of government regulation.
BA 240 Quantitative Business Methods (4)
The use of functional forms to describe variables commonly encountered in business, such as sales revenue and financial asset value. Development and application of constrained and unconstrained optimization, including differential and integral calculus. Prerequisite: MTH 111

BA 284 Introduction to International Business (3)
This course will address the organization, marketing and finance of international business. Each section will address the role of culture and the restrictions placed on international business. A minimum of junior standing is required as a prerequisite for all 300 and 400 level Business courses.

BA 305 Business Analysis & Report Writing (3)
Instruction will concentrate on various forms of written communication, with special emphasis on small business analysis.

BA 310 Principles of Marketing (3)
Introduces the theories, concepts and terms that marketers use in their daily planning activities. Begins with an overview of strategic marketing planning. Strategic elements of the marketing plan (target definition, product strategy, distribution strategy, promotion strategy and price strategy) are examined in greater detail.

BA 311 Personal Selling (3)
Application of personal selling theories with a focus on basic steps in the selling process: prospecting, qualifying, presentation, objections, closing and follow-up. Prerequisite: BA 310

BA 315 Financial Management (3)
Basic processes, principles, tools, and concepts of finance. Topics include financial analysis, financial forecasting, profit planning, budgeting, working capital management, and capital budgeting. Course also covers the basics of financial markets, institutions and sources of supply of different types of funds available to a firm.

BA 316 Advanced Financial Management (3)
Extensive use of Excel and Monte Carlo Simulation in the structuring and analysis of financial problems. Major topics include liquidity, pro forma financials, forecasting and capital budgeting. Prerequisite: BA 315

BA 317 Intermediate Accounting I (4)
Study of major accounting principles; summary of accounting process; revenue and expense recognition; balance sheet and income statement; concepts in the valuation of all current assets. Prerequisite: BA 213 or consent of instructor

BA 318 Intermediate Accounting II (4)
Concepts in the valuation of both short-term and long-term liabilities; contingencies; recording and adjusting plant assets; long-term assets and intangible assets; stockholders equity transactions. Prerequisite: BA 317 or consent of instructor

BA 319 Intermediate Accounting III (4)
Study of revenue recognition, accounting changes, error analysis, taxes, pensions, leases, statement of cash flows and full disclosure. Prerequisite: BA 318 or consent of instructor

BA 325 Portfolio Management (3)
Develops an understanding of key ingredients in portfolio selection. Examines alternative investments and how to combine them into an efficient portfolio. Prerequisite: BA 315

BA 340 Business Forecasting (4)
A survey of forecasting methods, including trend regression, seasonal effects, smoothing and autoregressive moving-average models. Emphasis is on understanding the underlying process and interpreting the results of computer programs.

BA 345 Internet and Electronic Commerce (4)
The internet as a resource for researchers, investors, employers, and employees. Focus will be on information access and distribution. Topics will include internet basics, search techniques and resource evaluation, marketing, electronic commerce, government regulation, job searching and Web page design.

BA 361 Organizational Behavior (3)
A survey of current theories about the behavior of individuals and groups within organizations, as well as the operation of the organization as a whole. Topics include individual differences, job attitudes, decision making, motivation, job design, group structure and process, communication, leadership, power and politics, organizational structure and design and organizational change.

BA 367 Regression Analysis (3)
A second course in statistics. Course work includes hypothesis testing, simple regression, multiple regression and the study of the validity of the assumptions used in regression models. Prerequisite: MTH 243

BA 368 Introduction to Operations Research (3)
Study of quantitative techniques for decision support. Topics include linear programming, integer programming, project management and dynamic programming. Prerequisite: BA 240 or MTH 241

BA 370 Business and Society (3)
Explores the complex interrelationships among business, government, and society, with an emphasis on the social responsibilities of business. Topics include diversity in the workplace, consumerism, environmental policy and risks, ethical decision making and business involvement in the public process.

BA 390 Management (3)
An introduction to basic management processes with an emphasis on problem-solving skills. The course examines the four managerial functions of planning, organizing, leading and controlling. Students apply management theory to current topics.

BA 391 Human Resource Management (3)
An introduction to personnel functions. Topics include personnel planning, recruitment, promotion and personnel development, employee compensation and motivation, job analysis and design, supplemental benefits, labor relations and occupational health and safety. Prerequisite: BA 361 or BA 390

BA 392 Management of Diversity (3)
Focuses on managing diversity within organizations by addressing topics such as: development and management of multicultural work teams, cross-cultural communication and performance evaluation. Prerequisite: BA 361 or BA 390

BA 398 Personal Investment Analysis (3)
Provides student with an exposure to budgeting, investing, taxes and tax planning, estate planning, financial leverage, and stocks and bonds. Prerequisite: BA 315

BA 399 Special Studies (1-12)
Terms and hours to be arranged.

BA 406 Special Individual Studies (1-12)
Terms and hours to be arranged. A specialized or individualized course of study within the business area, developed in consultation with the instructor.

BA 407 Seminar (1-12)
Terms and hours to be arranged. Special seminar topic offerings in business.

BA 409 Internship/Practicum (1-12)
Practical application of business theory and/or collection of data for theoretical interpretation.

BA 410 Marketing Research (3)
Includes the definition of marketing research, the process of marketing research, classifications of marketing research and the stages in the research process. Prerequisites: BA 316 and MTH 243

BA 411 Marketing Strategy (3)
Students learn the process of creating strategic marketing plans using (1) a situational analysis which is based on research of a company's external and internal environments and (2) tactical decisions regarding product strategies, pricing, distribution channels and communications for a product, idea, goods or service. Prerequisites: BA 213 and BA 310

BA 415 Advertising and Promotion (3)
Introduces advertising as one variable in the overall marketing program. Covers advertising management, research, creative development and media planning. Also addresses the economic and social consequences of advertising in society. Prerequisite: BA 310

BA 416 Government Regulation (4)
Student will review the philosophy of regulation in the marketplace, evaluate the impact of regulation on business practices and study the cost/benefit ratio of regulation for selected sectors of the American economy. Special emphasis will be placed on the cost of regulation as it impacts small businesses. Prerequisites: EC 201, EC 202

BA 420 Securities Analysis (3)
Develops the theory and the requisite tools of securities analysis using computer modeling and portfolio applications. Prerequisite: BA 325
BA 421 Cost Accounting (4)
The study of cost accounting concepts and procedures as a managerial tool for implementing and monitoring business strategy, including accounting for cost inputs, assigning responsibility, analysis of cost behavior, capital budgeting and actual versus standard cost systems. Prerequisite: BA 213

BA 424 Capital Budgeting (3)
Suggests a logical framework for analysis of how much a firm should invest in plant and equipment, how the funds invested should be allocated to specific assets and how these expenditures should be financed. Prerequisite: BA 315

BA 427 Small Business Finance (3)
Utilizes the basic processes, principles, tools and concepts of finance within the parameters of a small business. The course centers around a project to develop a complete financial plan that projects the future flow of funds by analyzing and integrating the impact of investment decisions and financing decisions. Prerequisite: BA 315

BA 430 Business Taxation (3)
Philosophy of the tax system and required reporting under tax law; emphasis on small business; impact of taxes on investments and capital expenditures; introduction to estate and gift taxes; tax planning techniques.

BA 431 Federal Income Tax I (4)
Study of individual income tax, gains and losses, dividends, business and personal deductions and tax computations. Prerequisite: BA 213 or consent of instructor

BA 432 Federal Income Tax II (4)
Philosophy of the tax system and required reporting under federal tax law for corporations, partnerships, estates and trusts, estate and gift taxes; installment sales; cash and accrual basis taxation. Prerequisite: BA 431 or consent of instructor

BA 438 Real Estate Investment (3)
Comprehensive overview of real estate finance. Factors affecting real estate investment are emphasized. Specific topics covered include: valuation, market analysis, ownership forms, financing, development and portfolio effect. Prerequisite: BA 315

BA 441 Advanced Accounting (4)
Study of business combinations and consolidated financial statements and introduction to fund accounting. Prerequisite: BA 319

BA 450 State and Local Government Finance (3)
Economics and policy analysis of government expenditures, taxes, and intergovernmental fiscal relations; the role of government in the economy and policy analysis; the division of functions and revenues between state and local governments; revenues, expenditures and indebtedness of these governments; analysis of state and local tax structures; application to study of the Oregon system. Prerequisite: BA 315 or consent of instructor

BA 451 Auditing (4)
Role of auditor, ethics, legal liability of CPA profession; internal controls, analysis of clients’ accounting system; evidence statistics sampling techniques; audit work papers. Prerequisite: BA 318 or consent of instructor

BA 455 Advertising Writing (3)
Involves the formal planning and creation of persuasive communications with an emphasis on advertising. Written plans and advertising copy drafts are translated into finished print advertisements, press releases, broadcast commercials and Web sites; hence, the course touches on design issues through the development of Web text and graphics, add layouts, scripts, story boards and rudimentary electronic film production. Prerequisites: BA 310 and business or economics majors

BA 467 Economic Development and Policy Analysis of Government (3)
Economics and policy analysis of government activities. Prerequisite: BA 210

BA 475 Sales Management (3)
The management of personal selling through the organization, forecasting, budgeting, recruiting and selection, training, compensation, motivation, evaluation and control concepts, theory and ethics. Prerequisites: BA 310 and BA 390

BA 476 Topics in Management (3)
Topics may include at different times: strategic planning and implementation; productivity; computer applications; women in management; and other topics of special interest. May be repeated under different subtitles. Prerequisite: BA 361 or BA 390

BA 477 Topics in Marketing (3)
Focus on marketing topics of special interest to students and faculty such as retail marketing, services marketing, consumer behavior or social marketing. May be repeated for different topics. Prerequisite: BA 319

BA 478 Topics in Finance (3)
These varied courses in finance would allow the student to investigate topics of special interest such as long term stock market expectations, risk on the equity markets and advanced concepts in financial management. May be repeated under different subtitles. Prerequisite: BA 315

BA 484 International Management (3)
A study of the political, social, cultural, economic and legal environment for engaging in trade between countries. Emphasis will be on management strategies for small business as participants in international business operations. Prerequisite: BA 361 or BA 390

BA 485 International Finance (3)
A study of international finance and investing. Emphasis will be on currency, working capital management, sources of funds and investigation of investment products. Prerequisite: BA 315

BA 486 International Marketing (3)
A study of the influence of foreign markets, competition and government policy in creating and penetrating markets. Emphasis will be on marketing strategies developed in the U.S. for implementation in foreign markets. Prerequisite: BA 213 and BA 310

BA 487 International Law (3)
A study of law as it applies to businesses participating in international business operations. Prerequisite: BA 230

BA 490 Operations Management (3)
An introductory investigation into managerial processes pertinent to internal operations of task related enterprises. Subjects related to operations planning and control, locations, capacity decisions, systems reliability, facility layout, program scheduling and inventory management are the focus of this course. Prerequisite: MTH 243

BA 491 Strategic Management (3)
An integrative, capstone course that explores how firms can build competitive advantage. The focus is the strategic planning process, including analyzing the external environment, assessing internal strengths and weaknesses, establishing objectives and strategies and implementing strategic plans. Prerequisites: senior standing, BA 310, BA 315, and BA 361 or BA 390

BA 492 Total Quality Management (3)
This course will focus on using quality practices within organizations by addressing topics such as: team development, statistical process control, problem solving and organizational design. Prerequisite: BA 361 or BA 390

BA 494 Business Ethics (3)
Explores ways to think through ethical issues in business. The course applies frameworks for moral reasoning to business issues, including whistle-blowing, privacy in the workplace, employment at will, product safety and international ethics. Prerequisite: BA 361 or BA 390

BA 495 Organization Design (3)
An analysis of the structure and behavior of the organization as a whole. The course examines the design of different types of organizations, including bureaucracies and nontraditional forms, in both the public and private sector. Topics include departmentalizing and coordination, the effect of environment and technology on structure and organizational growth, change and decline. Prerequisite: BA 361 or BA 390

Chemistry

CH 104, 105, 106 Introductory Chemistry (4 each)
An introduction to the fundamental concepts of general chemistry. During the winter and spring terms emphasis will be placed on organic and biological chemistry. Three lectures and one two-hour laboratory. Prerequisites: high school algebra; for CH 105, a passing grade of C or better in CH 104 is required; for CH 106, a passing grade of C or better in CH 105 is required

CH 221, 222, 223 General Chemistry (4 each)
An introduction to inorganic chemistry covering atomic and molecular structure, chemical reactions, states of matter, equilibrium, and thermodynamics. Three lectures and one three-hour laboratory. Prerequisite: MTH 111 equivalency, high school
CHEMISTRY

CHEM 220 Physical Chemistry I (3)
A study of the laws of thermodynamics with emphasis on their application to chemical systems. Topics considered include: thermo-chemistry, equation of states, kinetic-molecular theory, free energy and chemical equilibrium. Prerequisite: CHEM 223, MTH 254, PH 213

CHEM 221 Physical Chemistry II (3)
A study of solutions, heterogenous equilibria, electrochemistry, chemical kinetics, elementary quantum and statistical mechanics. Prerequisite: CH 440

CHEM 222 Physical Chemistry III (3)
A study of molecular structure and bonding, electronic structure of atoms and molecules, rotational, vibration and electronic spectra of molecules. Prerequisite: CH 441

CHEM 223 Introduction to Forensic Science (3)
An introduction into the theory and practice of physical evidence analysis. Topics include the recognition, identification and evaluation of physical evidence such as hairs, fibers, drugs, blood, semen, glass, soil, fingerprints, documents. Three lectures. Prerequisite: one year of college chemistry

CHEM 310 Geochemistry (3)
An application of the principles of chemistry to geological processes such as phase equilibria, isotope fractionation, weathering and supergene enrichment of ore deposits, volcanism, crystal morphology, and chemical processes on the sea floor. Three lectures. Prerequisite: one year of college chemistry, G 351 or equivalent or consent of instructor

CHEM 312 Quantitative Analysis (4)
A study of the fundamental principles of analytical chemistry. Laboratory work consists of standard analysis utilizing titrations, UV-Vis spectroscopy, atomic absorption spectrometry, and chromatography. Three lectures and one three-hour lab. Prerequisite: CH 223

CHEM 313 Instrumental Analysis (4)
A study of the use of instrumental methods for quantitative determinations of unknown chemical samples. Three lectures and one three-hour lab. Prerequisites: PH 213 or PH 203 and MTH 251

CHEM 320 Introduction to Forensic Science (3)
An introduction into the theory and practice of physical evidence analysis. Topics include the recognition, identification and evaluation of physical evidence such as hairs, fibers, drugs, blood, semen, glass, soil, fingerprints, documents. Three lectures. Prerequisite: one year of college chemistry

CHEM 334, 335, 336 Organic Chemistry (4 each)
A study of the chemistry of carbon compounds including their structure, reactions and syntheses. Three lectures and one laboratory. Prerequisite: CH 223 or consent of instructor; for CH 335 a passing grade in CH 334 is required; for CH 336 a passing grade in CH 335 is required

CHEM 340 Elementary Physical Chemistry (4)
Fundamental principles of physical chemistry with applications in engineering, biological systems and medicine. This course will count for chemistry major credit only for students in the Forensic option. Prerequisite: CH 223, PH 213 or PH 203, or consent of instructor

CHEM 350 Chemical Literature (1)
A study of the methods of searching the chemical literature. One class meeting per week. Prerequisite: CH 335 or consent of instructor

CHEM 354 Computational Chemistry (2)
A study of statistical and graphical methods of data analysis, numerical methods of common importance in chemistry, problem solving, information handling and retrieval and simulation techniques. Prerequisite: two years of college chemistry or consent of instructor

CHEM 360 Nuclear Chemistry (3)
Emphasis will be placed on the atomic nucleus, nuclear properties, nuclear models, radioactivity, nuclear reactions, fission, nuclear reactors and applications of radioactivity. Prerequisites: CH 223, PH 213 or consent of instructor

CHEM 370 Selected Topics in Chemistry (1-3)
An introduction to contemporary topics in chemistry. Prerequisite: consent of instructor

CHEM 371 Environmental Chemistry (3)
A study of current environmental problems such as stratospheric ozone, greenhouse effect, smog, acid rain, pollution, oil spills and pesticides. Prerequisites: CH 104, CH 105, CH 106 or consent of instructor

CHEM 401 Research (1-3)
Terms and hours to be arranged. May be repeated for credit.

CHEM 405 Seminar (1)
Group study and discussions concerning frontiers of chemistry, current research problems and interaction of chemistry with other disciplines. Students will be required to present a seminar. Prerequisite: CH 350

CHEM 409 Practicum (1-9)
Terms and hours to be arranged.

CHEM 411 Advanced Inorganic Chemistry (3)
An introduction to quantum mechanics covering atomic theory, periodic table, symmetry, group theory, molecular orbitals, ionic/covalent bondings, solid state and the molecular structure. Not sequential with CH 412. Prerequisites: CH 223, MTH 252, PH 213 or consent of instructor

CHEM 412 Advanced Inorganic Chemistry (3)
A study of the basic principles of inorganic chemistry and the main properties and reaction chemistry of inorganic elements and compounds within the framework of the periodic table. Not sequential with CH 411. Prerequisites: CH 223, MTH 252, PH 213 or consent of instructor

CHEM 420 Forensic Chemistry (4)
The applications of chemistry to the analysis of physical evidence. Included among the topics will be serology, analysis of arson debris, drugs, explosive residues, gunshot residues, papers and inks, paint chips and DNA. Laboratory techniques will include gas chromatography, mass spectroscopy, atomic absorption spectroscopy, electrophoresis, infrared spectroscopy, liquid and thin-layer chromatography. Two lectures and two laboratory periods per week. Prerequisite: CH 313 or consent of instructor

CHEM 430, 431, 432 Applications of Forensic Science (2 each)
An in-depth examination of subjects in modern forensic science as presented by experts in the field. Topics may be chosen from the following: fingerprinting, forensic serology, hair and fiber analysis, arson accelerant and explosives residues, glass comparisons, drug analysis, bullet and cartridge analysis, serial number restoration, document examination, voiceprint identification, polygraphy, DNA analysis, forensic botany, forensic meteorology, forensic toxicology, photography and forensic psychology. The courses will be taught as topic modules incorporating both lecture and laboratory practice as appropriate. Prerequisite: CH 320 or consent of instructor

CHEM 440 Physical Chemistry I (3)
A study of the laws of thermodynamics with emphasis on their application to chemical systems. Topics considered include: thermo-chemistry, equation of states, kinetic-molecular theory, free energy and chemical equilibrium. Prerequisite: CHEM 223, MTH 254, PH 213

CHEM 441 Physical Chemistry II (3)
A study of solutions, heterogenous equilibria, electrochemistry, chemical kinetics, elementary quantum and statistical mechanics. Prerequisite: CH 440

CHEM 442 Physical Chemistry III (3)
A study of molecular structure and bonding, electronic structure of atoms and molecules, rotational, vibration and electronic spectra of molecules. Prerequisite: CH 441

CHEM 450/550 Biochemistry I (3)
A study of the chemistry of the individual subunits used to construct biological macromolecules and the chemical bonding within the macromolecules. Emphasis will be placed on the structures of carbohydrates, nucleic acids and proteins. Prerequisite: CH 336 or consent of instructor

CHEM 451 Biochemistry II (3)
The study of the function of biological macromolecules with emphasis on the mechanisms of protein-ligand binding, metabolic pathways and regulatory enzyme mechanisms. Prerequisite: CH 450

CHEM 452/552 Biochemistry Lab (3)
An introduction to the basic laboratory techniques used in biochemistry. Topics will include electrophoresis, spectrophotometry, chromatography, centrifugation techniques and protein purification. One hour lecture and one four hour lab. A research project will be required for graduate credit. Prerequisite: CH 336, CH 450, MTH 251 equivalent or consent of instructor

CHEM 461, 462, 463 Experimental Chemistry (2 each)
An advanced laboratory course devoted to experimental techniques of analytical, inorganic and physical chemistry. Prerequisite or co-requisite: CH 313, CH 350, CH 440 or consent of instructor

CHEM 471 Chemical Instrumentation (4)
Theory and operation of instrumentation, including the applications of computer technology, used in modern chemical laboratories. Three lectures and one laboratory. Prerequisite: CH 313

CHEM 508M Workshop (1-15)
Terms and hours to be arranged.

CHEM 570M Selected Topics in Chemistry (1-3)
In-depth coverage of selected current problems in chemistry research: analytical, biological, inorganic, organic or physical chemistry. Prerequisite: consent of instructor
Computer Science

CS 101 Computers and Society (3)
This course provides an introduction to the
computer’s role in society. The student will become
familiar with current computer terminology and
will use applications software, including a word
processor. Prerequisite: CS 101L must be completed
currently.

CS 121 Computer Applications (2)
Class covers standard office applications for
a personal computer. Currently the class uses
the Microsoft Office suite of applications and includes
intermediate Microsoft Word, basic and intermediate
Microsoft Excel and basic Microsoft Access. As time
permits, presentation software (Microsoft Power
Point) and Web page editing software (Microsoft
FrontPage) will be covered as well.

CS 122 Introduction to Computer Science
for Non-Majors (3)
History and overview of fundamental concepts of
computer science. Topics include: introduction to
computer hardware and the role of an operating
system; data communications and networks; the
history and future of the internet and the world wide
Web; issues in computer privacy, computer security,
computer ethics and computer crime; buying and
upgrading a personal computer system; and careers
in computing. This course not open to students who
have already taken CS 121 for 5 credit hours.

CS 161 Survey of Computer Science (4)
Introduction to the study of computer science.
Topics will include: binary and hexadecimal number
systems; data representation in binary, including
signed and unsigned fixed and floating point values;
pseudocode and algorithm representation using
pseudocode; use of a simple machine simulator to
understand basic operation of a machine; and an
introduction to data structures and object-oriented
design using pseudocode. A term paper or project
will be required.

CS 162 Computer Science I (5)
Formulation of problem specifications, development of
algorithms, program design, structured
programming concepts, program execution and
documentation. Three hours of laboratory is required
in addition to the lectures. Prerequisite: CS 161
recommended.

CS 199 Computer Science Topics (1-6)
Course content will vary. Topics are selected
relative to new subject areas in Computer Science
appropriate to freshman level.

CS 221 Advanced Computer Application in
Business (2)
An introduction to integration of software
applications, advanced spreadsheets, macros, and
relational databases. Course will improve students’
understanding of DOS commands, introduce disk
management techniques and increase students’
ability to use a microcomputer efficiently.
Supplemental topics may include desktop publishing
and presentation graphics. Prerequisite: CS 121

CS 222 Computer Systems Management (3)
Provides hands-on experience in assembling,
installing and maintaining computer hardware and
software systems.

CS 260 Computer Science II (5)
Course covers algorithms for external file processing
and concepts associated with data abstraction.
Examples will include linked lists, stacks, queues
and trees. Three hours of laboratory is required in
addition to the lectures. Prerequisite: CS 162

CS 262 Programming Languages (2)
Computer applications using the language
designated. Prerequisite: CS 162 or previous
programming instruction.

CS 271 Computer Organization (4)
Logical organization, computer hardware,
introduction to assembly and machine language
programming. Prerequisite: CS 260

CS 272 Low Level Programming (3)
Programming techniques that require programmer
to be aware of the computer’s hardware
organization. Approximately one-half of the class
will be devoted to an introduction to assembly
language programming, and the remainder of the
class will consider aspects of the C programming
language such as: pointers, dynamic memory
allocation, the address operators and the bitwise
operators. Prerequisite: CS 260

CS 299 Topics in Computer Science (1-6)
Course content will vary. Topics are selected
relative to new subject areas in computer science
appropriate to sophomore level.

CS 311 Data Structures I (3)
Course studies the merging of abstract data types
and the algorithms which manipulate them. Topics
could include: the study of the elementary searching
and sorting algorithms, the use of abstract data
types such as stacks, queues and trees, and an
introduction to complexity analysis. Prerequisite:
CS 260

CS 313 Data Structures II (3)
A continuation of CS 311, where topics could
include advanced searching and sorting algorithms,
a further treatment of the data type trees into AVL
trees, B-Trees and B+-Trees, the inclusion of external
file manipulation algorithms, graph structures and
further study of complexity analysis and classes.
Prerequisite: CS 311

CS 315 Theory of Programming Languages
(3)
Programming language paradigms and
implementation issues form the major content
of this course. Paradigms studied include at least
imperative, functional, logic and object oriented
languages. Students will learn how to approach
problems from the viewpoint of each of the
paradigms. Implementation issues studied may
include language evaluation criteria, forms of
abstraction, scoping rules, parameter types, control
structures, data typing, static vs. dynamic issues.
Prerequisite: CS 312

CS 340 Ethics and Information Management
(3)
Acquaints students with the contemporary or
possible future moral problem that arises due
to computerization. Gives students a deeper
understanding of the nature of morality or the
nature of society. Help students understand
the relationship between deep human needs,
socioeconomic institutions and technology.
Prerequisite: CS 161 and junior standing

CS 344 Discrete Structures (3)
Designed for students in computer science. Topics
include: mathematical reasoning and methods of
proof, sets, relations, functions, partially ordered sets
and lattices, groups, boolean algebra, propositional
and predicate calculus, recurrence relations and
graph theory. Prerequisite: MTH 231

CS 345 Theory of Computation I (3)
Introduction to the theoretical models of computing,
i.e. finite automata, pushdown automata and Turing
machines are covered, along with a basic discussion
on the classification of algorithms. Prerequisite: CS
311

CS 350 Network Administration (3)
Course provides an understanding of local area
networks using the OSI model. Topics include
network hardware, software and protocols.
Students will gain hands-on experience with
network administration tasks for popular network
environments.

CS 355 UNIX Fundamentals (3)
Introduction to the UNIX operating system.
Emphasis on using a UNIX-based or a Linux-based
computer and some basic system administration
tasks. Covers fundamental UNIX commands and
utilities, including the use of a text editor and a
mail handler, configuring a shell, the UNIX file
system organization, managing processes in a
multiprocessing system and writing simple shell
scripts. Other topics that may be covered: the
X window system, C programming in a UNIX
environment and UNIX pattern matching utilities
such as awk. This class assumes no previous
experience with the UNIX operating system.
Prerequisite: CS 260

CS 372 Operating Systems (3)
Introduction to Operating Systems as managers of
systems resources. Management of tasks,
memory and peripheral devices is explored. Topics
include task synchronization, message handling,
file management, demand paging, scheduling and
dispatching. Prerequisites: CS 271, CS 311

CS 399 Topics in Computer Science (1-6)
Course content will vary. Topics are selected
relative to new subject areas in Computer Science
appropriate to junior level.

CS 406 Special Topics (1-4)
Course is to be offered on an individual student
basis. It is designed to support students in
investigating the application of programming
methods to problems related to their declared major.
CS 407 Seminar (1-4)  
Terms and hours to be arranged.

CS 408 Workshop (1-4)  
Terms and hours to be arranged.

CS 409 Practicum (1-9)  
Offers practical experience working in a computer science department for area businesses and industries.

CS 420 Database Management Systems (3)  
Database system architecture; relational, hierarchical and network approaches. Security and integrity of data bases. Prerequisite: CS 311 or IS 320

CS 424 Expert Systems (3)  
This course will provide an introduction to both the construction of knowledge-based systems and the study of the underlying inference mechanisms. Both diagnostic and constructive systems will be studied. Additional topics may include the study of the development of expertise, the testing and maintenance of knowledge-based systems and their potential impact upon organizations. Prerequisite: CS 313 and CS 315

CS 425 System Analysis and Design (3)  
This course requires students to work as a group for the solution of a large scale project. An interactive approach of design and analysis is used while prototyping and other alternative strategies are discussed. This term is devoted to the thorough design and documentation of a software product. Current software tools are integrated into the course, e.g. dataflow systems, version control systems, etc. Prerequisite: CS 311 or IS 320

CS 430 Software Implementation and Testing (3)  
A continuation of the CS 425 course where the students, in groups, perform implementation of a designed software product. The emphasis is on unit testing, integration of the system and final testing of the product. Documentation and testing are the emphases. Prerequisite: CS 425

CS 440 Analysis of Algorithms (3)  
A variety of algorithms are examined in terms of their demands on the resources of space and time. The trade-offs between space and time utilization are weighed so that the appropriate algorithm will be used for a particular situation. The techniques for doing a detailed algorithm analysis are covered. A theoretical component on the classes of algorithms is included. Prerequisite: CS 313

CS 445 Theory of Computation II (3)  
This course explores the mathematical foundation of computer science. The various levels of automata theory are covered (finite automata, pushdown automata, Turing machine) along with their deterministic and non-deterministic counterparts. Emphasis is on identifying the gain in “power” as each new machine is introduced and the implications of the class of problems each is able to solve. Finally, a tie is established between the theoretical models and the modern day algorithms which can be described by these models. Prerequisites: CS 345 and CS 313

CS 447 Compiler Design (3)  
This course includes the theoretical discussion of the complexities of a modern compiler, along with the examination of the algorithms necessary to implement the same. Programming tools such as LEX and YACC are used. All phases of a compiler are implemented. Prerequisites: CS 345 and CS 313

CS 449 Topics in Computational Theory (4)  
This course covers topics of special or current interest in the area of computational theory that are not covered in other courses.

CS 450 Network Programming (3)  
Introduction to networking software and protocols. Students will learn about the design and implementation of common network protocols such as TCP/IP and HTTP. Programming assignments may include developing client and server software using sockets, RMI or CORBA, Web services and message oriented middleware.

CS 451 Management of Information Systems (3)  
In today’s business environment, information resources are increasingly Web-based. This course examines current methods for creating a Web application. Unlike a static Web site, a Web application contains dynamic pages, which receive their contents from databases connected to a Web server. This course includes programming techniques used on various platforms appropriate for the creation of a Web application. Prerequisite: CS 311

CS 452 Internet Communications (3)  
Comparing different network models. Focus on wide area networks and communication with routers, and switches. Management of Web servers will also be covered. Prerequisite: CS 450

CS 453 Data Mining & Data Warehousing (3)  
Develop the essential information and guidance on designing and building effective data warehousing systems. Data warehousing will develop the tools, concepts and approaches to organize vast stores of information. This course explains what data warehousing is, how it works and why the survival of many businesses in the twenty-first century will depend on leading-edge information architectures. Prerequisite: CS 420

CS 459 Topics in System Management (3)  
This course covers topics of special or current interest in the area of system management that are not covered in other courses.

CS 470 Human Machine Interfaces (3)  
Course focuses on developing understanding of the structure and use of GUI operating system services. Exploration of several key ideas: 1) classical vs. event-driven programming; 2) structures common to all GUI systems; 3) direct system call level programming vs. Class library level programming; 4) Internet GUI systems (Active X and Java). Student will gain hands on experience programming GUI’s using Visual C++ and the Microsoft Foundation Classes, Win32 api (C code) and Java AWT & Swing class libraries. Prerequisite: CS 313

CS 471 Metrics and Testing (3)  
Course covers principles of systematic testing of software systems, software verification, symbolic execution, software debugging, quality assurance, measurement and prediction of software reliability, project management, software maintenance, software reuse, reverse engineering. Emphasizes the process of software testing and different testing techniques and methodologies used in the industry. Also covers topics related to the management of a testing project. Prerequisite: CS 430
CS 472 Operating Systems - Advanced Topics (3)
Project-oriented course for senior computer science majors who wish to explore advanced program development techniques utilizing operating system services. Students will develop an understanding of the structure and purpose of distributed operating systems including process control, file systems, input/output systems, and memory management. Hands-on experience in advanced development of applications focusing on the development of distributed and client/server applications. Prerequisite: CS 372

CS 474 Concurrent Systems (3)
Study of parallel architecture and parallel programming paradigms. A comparison of large grain and fine grain programming methods. Topics also include: process creation and termination, shared and private data, scheduling algorithms and interprocess communication. Prerequisite: CS 313

CS 475 Applied Computational Intelligence (3)
Introduction to the field of artificial intelligence, including symbolic reasoning, first order logic, heuristic search, game playing, intelligent agents, planning and machine learning. Major successes and failures of the past plus current predictions of the future of AI will be discussed. Students will complete short programming assignments that apply A.I. concepts. Prerequisite: CS 315

CS 479 Topics in Software Engineering (3)
Course covers topics of special or current interest in the area of software engineering that are not covered in other courses.

CS 481 Computer Graphics (3)
Basic principles for the design, use and understanding of computer graphics. Algorithms for creating and manipulating graphic displays using a graphics kernel system are examined. Also examines hardware and software components of graphics systems. Prerequisite: CS 311

CS 482 Modeling and Simulation (3)
Design and construction of computer models. Use of these models will be used to simulate the behavior of the modeled system 1) to better understand the system, 2) predict how it might behave under different circumstances 3) find ways to improve the “performance” of the system. Covers both discrete and continuous system models. Study of the process of “translating” one’s mental models into a computer modeling language in order to perform simulations. Prerequisite: CS 311

CS 483 Systems Administration (3)
Prepares student to be a system administrator for an enterprise level server. Operating system and server to be studied will be chosen from among the currently available systems. Prerequisite: CS 450

CS 484 Neural Networks (3)
Explores computation in massively interconnected networks of simple, autonomous processing elements. Examines the ideas motivating connectionist computation, how neural nets have been successfully applied to engineering tasks and cognitive modeling. Students will complete individual projects exploring the computational properties of neural networks. Students are expected to be comfortable with calculus and simple matrix operations. Prerequisite: CS 313

CS 500M Fundamentals of Computer and Information Systems (4)
Explores the history, current and future role of information systems. Topics include systems theory, computing systems components and systems development.

CS 506M Special Topics (1-4)
Course is to be offered on an individual student basis. It is designed to support students who need to investigate topics not covered in existing courses. Prerequisites: CS 500M and CS 510M

CS 507M Special Topics (1-4)
Special course offerings. Prerequisites: CS 500M and CS 510M

CS 509M Practicum (1-9)
Offers credit for a practical work experience where advanced computer science skills are developed and/or utilized. Course must be managed by a computer science faculty member. Prerequisites: CS 500M and CS 510M

CS 510M Programming Languages (4)
Become familiar with high level programming languages and develop competency in an object-oriented programming language.

CS 520M Database and Information Systems (4)
Covers database theory and applications of databases. Focus on data modeling and data design. Relational databases and object-oriented databases will be examined. Students will construct an information system using current database tools. Prerequisites: CS 500M and CS 510M

CS 530M Software Engineering (4)
Techniques and methods for successful project analysis/design. Tools used to measure and track stages of the project life cycle are examined. Prerequisites: CS 500M and CS 510M or equivalent

CS 550M Networks and Communications (4)
Current and future role of the networked work place will be explored. Communication protocols will be explained and examined. Prerequisites: CS 500M and CS 510M

CS 560M Algorithms and Computational Theory (4)
Examines the foundational tools of computer science. Specific topics include what is possible to compute, and if possible, how reasonable is it to compute in terms of time and space. Examples will be described through the use of abstract mathematical models and machines. Prerequisites: CS 500M and CS 510M

CS 570M Computer Architecture and Operating Systems (4)
A survey course covering various aspects of operating systems and computer architecture. Students will develop an understanding of the structures and purpose of operating systems including process control, file systems, input/output systems and memory management. Students will also study the components of a general-purpose computer system—CPU, memory and peripherals— and how they connect to each other by means of buses. Prerequisites: CS 500M and CS 510M

CS 580M Knowledge Based Systems (4)
Theoretical and practical aspects of decision support and artificial intelligence. Provides a detailed understanding of the broad issues in artificial intelligence and a survey of current AI technology. Broad coverage of innovative representational techniques, including neural networks, image processing and probabilistic reasoning, alongside traditional methods of symbolic reasoning. Prerequisites: CS 500M and CS 510M

CS 590M Modeling and Simulation (4)
A study of both discrete and continuous system simulation. Model design and model life-cycles will be explored. Students will build models using current simulation packages. Prerequisites: CS 500M and CS 510M

Computer Science Education

CSE 406 Special Individual Studies (3)
Terms and hours to be arranged.

CSE 407/507 Seminar (1-6), variable Terms and hours to be arranged.

CSE 408/508 Workshop (1-9) Terms and hours to be arranged.

CSE 409 Practicum (3-9)
Field placement in a setting where computer education applications may be encountered under guidance and supervision.

CSE 415/515 Designing Information (3)
A look at how ideas are organized in a variety of media. Explores how information is encoded in text, graphics, audio and motion media. Effectively choosing and designing appropriate media for the communication of ideas.

CSE 430/530 Desktop Publishing and Presentations (3)
Application of the computer to create, organize and display text and graphics in print and non-print media. Training on a graphics program, page layout program and a slide transparency generating program.

CSE 436/536 LOGO as a Learning Tool (3)
An exploration of the LOGO philosophy and how it relates to developmental learning theories with application in varying curricular areas. Extensive opportunity for hands-on experience.

CSE 440/540 Multimedia Authoring (3)
Application of the principles of instructional design to the creation of computer based lessons using Hypermedia. Courseware developed will stress developmental techniques and validation.
COURSE DESCRIPTIONS

CSE 450/550  Electronic Portfolio Creation (3)
Deals with the aesthetic/technical aspects of selection, evaluation and employment of various "authoring" tools for designing electronic portfolios. Prerequisite: CSE 440/540

CSE 454/554  Authoring Systems (3)
The selection, evaluation and use of authoring systems to develop an instructional unit.

CSE 506M  Special Individualized Study (1-3)
Designed for individual or special studies in a limited area of interest, under the guidance of a designated faculty member.

CSE 510M  Computers in Education (3)
Course follows two distinct strands of activity: a theoretical/philosophical analysis of the underpinnings of technology-use; and hands-on skill development in the use of hardware and software.

CSE 520M  Computer as a Management Tool (3)
Theoretical and practical aspects of computer aided tool-use. Explores ways in which perceptions of education may be altered when implementing computer-based technologies. Cultural implications will also be explored. Students will explore a range of computer management applications from simple record keeping to more sophisticated planning and forecasting techniques, utilizing a variety of computer-based management programs.

CSE 524M  Internet for Educators (3)
Course will relate to a number of topics/issues germane to the use of Internet technologies in schools/classrooms/media centers. Students will become knowledgeable about the practical, theoretical and philosophical implications of using the Internet in education.

CSE 525M  Creating an Internet Website (3)
Technical and theoretical aspects of designing and creating a Web site. Concentrates on development software and protocols associated with site design. Examines educational and cultural issues related to the use of the Internet and issues related to development of Web sites in educational settings. Students will create their own Internet Web site.

CSE 560M  Computer Interactive Video Systems (3)
Principles and practices of interfacing and utilizing audio and video systems with microcomputers in instructional environments. Prerequisite: ED 526 and ED 541

CSE 580M  Integrating Computers into the Curriculum (3)
Integration of computers into an instructional program. A curriculum guide including goal statements, scope and sequence of objectives, identification of resources and program evaluation is developed. Activities will include identifying, planning, evaluating and implementing a curriculum to both teach with and about computers. Prerequisite: consent of instructor

Creative Arts

CA 101H, 102H, 103H  A Correlated Study of the Arts (3 each)
This writing-intensive sequence addresses the conceptual language used in the visual arts, music and theatre. Significant emphasis is placed on historical developments in European-American arts. Each term will include some examination of representative examples of the arts from non-Western cultures.

CA 199  Special Studies
Terms and hours to be arranged.

CA 399  Special Studies (1-3)

CA 401/501  Teaching Creatively and Collaboratively in the Arts (9)
Integrates art, music, theatre and dance with other subject areas to demonstrate creative and collaborative teaching strategies for classroom teachers. Prerequisite: minimum of 9 hrs in one creative art area (music, art, theatre or dance) or consent of instructor

CA 406  Special Individual Studies (1-3)
CA 407  Seminar (1-3)
CA 408  Workshop (1-3)
CA 409  Practicum (1-3)

Criminal Justice

CJ 199  Special Studies (4)
Prerequisite: Consent of instructor

CJ 213  Introduction to Criminal Justice (4)
A multidisciplinary approach to administration, procedures, and policies of agencies of government charged with the enforcement of law; the adjudication of criminal behavior and the correction/ punishment of criminal and deviant behavior. Includes an overview of criminal justice models and explanations of adult and juvenile crime and responses of the adult and juvenile justice systems within respective social, political and economic contexts.

CJ 241  Introduction to Community Crime Prevention (4)
Opportunity to explore the history, philosophy, theory and application of community crime prevention programs. Students will examine research and programs in law enforcement, the courts, corrections, higher education and community-based organizations. Prerequisite: CJ 213 or consent of instructor

CJ 313  History and Development of American Law Enforcement (4)
Course surveys the historical development of American law enforcement, focusing on the social, political and organizational dynamics that helped to shape this critical institution. The course covers the four major models of American policing: colonial, political, reform, professional and service models. Course provides a historical foundation for other courses in the law enforcement major (i.e., CJ 331, CJ 351, CJ 432, and CJ 456). Prerequisite: CJ 213 or consent of instructor

CJ 319  Ethics and Leadership in Criminal Justice (4)
Major ethical theories relevant to criminal justice and social service institutions are examined. Emphasis is placed on ethical practices and dilemmas that affect practitioners as they endeavor to provide public services. Prerequisite: CJ 213 or consent of instructor

CJ 321  Principles of Forensic Investigations (4)
Course is designed for students studying forensic science and non-criminal justice majors. A study of the history, philosophy and theory of the use of physical evidence in the US criminal justice system. Focus on the legal requirements for handling and processing forensic evidence and includes the study of the exclusionary rule and other relevant legal processes. Crime scene procedures, including the recognition, collection, processing and preservation of physical evidence.

CJ 327  Research Methods in Criminal Justice (4)
Opportunity to learn, understand and apply social research methods to issues germane to the discipline of criminal justice. Emphasis on the relationships of theory to research, measurement, research design, hypothesis testing, sampling and implications of research for social policy. Prerequisite: CJ 213

CJ 331  Police and Community: Policy Perspective (4)
Broad review of contemporary American crime control policies and their relationship to community needs and citizen expectations. Emphasis on the influences that politics (i.e. minority groups, advocacy groups, etc.), culture, economics and bureaucracy have on policy development. Prerequisite: CJ 213 and CJ 331 or consent of instructor

CJ 351  Police Organization and Administration (4)
Organizational and management principles; the administrative process in law enforcement agencies; the relationship of theoretical administrative concepts to the practical police environment. Prerequisite: CJ 213, CJ 313, and CJ 331, or consent of instructor

CJ 403  Field Study (4)
Terms and hours to be arranged. Prerequisite: consent of instructor

CJ 406  Independent Studies (1-4)
Terms and hours to be arranged. Prerequisite: consent of instructor

CJ 407/507  Seminar (1-4)
Terms and hours to be arranged. Prerequisite: consent of instructor

CJ 408  Workshop (1-15)
Term and hours to be arranged. Prerequisite: consent of instructor
CJ 409 Practicum (4-12)  
Terms and hours to be arranged. Prerequisite: consent of instructor

CJ 423/523 Management of Law Enforcement Organizations (4)  
Managerial concepts, administrative principles and supervisory practices for the middle command officer. Law enforcement leadership, policy formulation and application of sound management practices. Prerequisite: upper-division standing and completion of WR 135 with a GPA of 3.0 or higher

CJ 424/524 Law Enforcement Planning (4)  
Planning techniques, development of criminal justice planning, identification of problem areas, causative factors, solutions and alternative strategies, using resources to effect change. Prerequisite: CJ 351 or consent of instructor

CJ 435/535 Gender, Crime and Justice (4)  
Course examines the differences in the commission of offenses and victimization by gender and addresses gender specific differences in criminality, societal reactions and criminal justice responses by gender. Course also addresses the relationships of gender, race, social class, crime and social control.

CJ 436/536 Minorities, Crime, Social Policy, and Social Control (4)  
The involvement of minorities, especially African Americans, Hispanics and Native Americans, in crime and the criminal justice system. Special attention is devoted to the role of racism in theories of crime and in American law and to the treatment of minorities by various factions of the criminal justice system.

CJ 440/540 Community Crime Prevention Studies (4)  
Multidisciplinary approach to theoretical foundations of issues related to crimes committed in the community and theoretical orientations of various community crime prevention strategies and the implications associated with social policies. Prerequisite: CJ 213, CJ 241 or consent of instructor

CJ 450/550 Criminology (4)  
A description and analysis of types of crimes, types of criminals and the major theories of crime causation. An examination of past and present incidence rates of crimes; the socioeconomic, cultural and psychological variables related to criminal behavior; and a review of possible solutions to the crime problem. Prerequisite: upper-division standing

CJ 451/551 Youth, Crime and Society (4)  
Offers a review of the nature, distribution and explanations of youth crime, with particular attention given to the historical context of youth crime and the topic of youth gangs. Gender, race, political and official responses to youth crime will be emphasized. Prerequisite: CJ 213 or consent of instructor

CJ 452/552 Criminal Procedure (4)  
The concepts of due process and application of the Bill of Rights in criminal law are reviewed in the light of U.S. Supreme Court decisions. State and federal procedural law is reviewed as well as relevant new legislation. Prerequisites: CJ 213, CJ 313, CJ 315, and CJ 331

CJ 453/553 Penology (4)  
Considers the evolution of punishment, penological theories, survey of prison development and administration; education, labor and rehabilitation processes; social groups in the prison community. Prerequisite: upper-division standing

CJ 454/554 Parole and Probation (4)  
History of parole and probation; review of contemporary parole and probation theories, practices, processes, and research; the future of parole and probation. Prerequisite: upper-division standing

CJ 455/555 Correctional Casework and Counseling (4)  
History, development and contemporary practices, theories, and techniques of juvenile and adult correctional casework, counseling and treatment. Prerequisite: upper-division standing

CJ 456 Contemporary Issues in Criminal Justice (4)  
A study of contemporary issues in criminal justice. Prerequisite: consent of instructor

CJ 458/558 Integrated Services in Community Crime Prevention (4)  
Surveys a broad spectrum of national and local programs and services that can be applied to various community crime prevention environments. The hallmark of this course lies in the evaluation and integration of these programs and services into existing community resources and support units. Ethnic/racial and gender issues will be addressed as they apply to a variety of community crime prevention topical areas. Prerequisites: CJ 213, CJ 241, CJ 440/540, or consent of instructor

CJ 463/563 Juvenile Issues (4)  
This course focuses on contemporary juvenile issues (such as child abuse) and other current issues and trends that involve the juvenile, family, school, social agencies and the court. Prerequisite: upper-division standing

CJ 499/599 Special Studies in Community Crime Prevention (4)  
Advanced study on special topics proposed by faculty at large grounded in the discipline of the faculty member. The focus is on youth and family, problem solving, team building, organizational behavior, and program development and evaluation. A committee of two criminal justice faculty and two faculty from other disciplines will select from proposals solicited from all university faculty. Enrollment is open to students in other disciplines at the discretion of instructor

CJ 503M Thesis/Field Study (1-9)  
Terms and hours to be arranged

CJ 506M Special Individual Studies (1-15)  
Term and hours to be arranged

CJ 508M Workshop (1-15)  
Term and hours to be arranged

CJ 509M Practicum (1-12)  
Term and hours to be arranged. Students must obtain signature from community service supervisor prior to registration

CJ 512M Research in Criminal Justice (4)  
Course examines research techniques and methods necessary for a comprehensive understanding of crime, criminal justice, and their relationship to policy construction and implementation. Course will explore quantitative and qualitative social research methodologies, and examine their application in the study of crime and criminal justice in a variety of geographic environments (e.g. rural and/or urban settings).

CJ 516M Community-Based Corrections (4)  
Inventory, assessment and impact of community based programs implemented for treatment and care of the juvenile and adult offenders.

CJ 517M Criminal Justice Administration and Organizational Behavior (4)  
Review of theories of organization and administration, the application of these theories to criminal justice system organizations; review of research on criminal justice administration and organization.

CJ 518M Theory of Criminal Law (4)  
Development and application of criminal law in America. Focus on a variety of issues germane to the history and implementation of criminal law. Course will address philosophical, sociological, psychological, and biological contributions to criminal law, and the implications of these contributions on social policies will be explored.

CJ 519M Ethics and Leadership in Criminal Justice Organizations (4)  
Course examines major theories of leadership and ethics relevant to criminal justice and social service institutions. Emphasis is placed on leadership and its relationship to ethics. Various models of leadership and research relevant to the criminal justice setting are discussed.

CJ 520M Offender Treatment (4)  
Exploration of various offender treatment programs. Students will examine the theoretical foundation for those programs, as well as the social, economic and political implications associated with adult and juvenile offender treatment programs.

CJ 521M Human Resource Management in Criminal Justice (4)  
Students will explore the recruiting, selection, training, assignment, discipline and promotion of personnel in criminal justice. Emphasis is on the philosophy, theory and practice of human resource management in the contemporary public safety agency.

CJ 522M Strategic Planning in Criminal Justice (4)  
Students will explore the development and design of strategic planning to provide the competence to develop a strategic plan for a criminal justice agency. Strategic planning will be contrasted to tactical planning and intuitive planning. The strategies
Dance

**D 170, 171, 172  World Dance I - III (1 each)**
An introduction to the performance of traditional and popular dance styles from a selection of world dance perspectives. Emphasizing practice and performance, the course examines dance forms in relation to their specific cultural contexts.

**D 177, 178, 179  Beginning Hip Hop (1 each)**
An introduction to the performance of selected contemporary dance styles from urban-American street dance. Emphasizing practice and performance, the course examines a variety of dance forms from break dancing to voguing. To be taken in sequence.

**D 180, 181, 182  Beginning Modern Dance I - III (1 each)**
Modern dance technique heightens awareness of the expressive use of the body, builds physical, aesthetic and performance skills, and develops appreciation for the art form of dance. Creative expression is developed as rhythm, movement patterns and dynamics are explored. An introduction to choreographic ideas may also be introduced. To be taken in sequence.

**D 185, 186, 187  Beginning Ballet I - III (1 each)**
Introduction to the basic concepts of body alignment, the technical movement vocabulary in traditional ballet, the accompanying French terminology and the basic movement sequences that will develop strength and flexibility. To be taken in sequence.

**D 188, 189, 190  Beginning Jazz Dance I - III (1 each)**
Introduction to the varied styles of contemporary jazz technique with an emphasis on the uses of rhythm, syncopation, isolation of the various body parts and varied rhythmic accompaniment. To be taken in sequence.

**D 196, 197, 198  Beginning Tap I - III (1 each)**
Introduction to the basic elements of tap dancing steps and techniques in a variety of styles from military to rhythm or jazz tap to waltz clog. Improvisation will also be introduced. To be taken in sequence.

**D 199  Special Studies (1-15)**
Terms and hours to be arranged.

**D 251  Introduction to Dance (3)**
This course is designed to introduce the origins of the various forms of dance, such as ballet, modern, musical theatre, jazz, tap, folk and popular dance forms. Also examined will be how and why people dance as well as how and why people watch dance, with concern for becoming more conscious and informed viewers.

**D 260  Dance Improvisation (1)**
Explorations to foster movement invention and spontaneity. Structures and open improvisations incorporating other media such as music, text and props. Class participation informal discussion. Concurrent registration in a dance technique class is strongly advised.

**D 280, 281, 282  Intermediate Modern Dance I - III (2 each)**
Introduction to the elements of an intermediate level of modern dance movement with emphasis on developing technique, expanding movement vocabulary, improvisational work and personal expression. Individual compositional studies will also be included. Prerequisite: Beginning Modern Dance sequence or consent of instructor.

**D 285, 286, 287  Intermediate Ballet I - III (2 each)**
Introduction of an intermediate level of adagio, barre, petite and grande allegro. Emphasis will be placed on work in the center and across-the-floor combinations. Prerequisite: Beginning Ballet sequence or consent of instructor.

**D 288, 289, 290  Intermediate Jazz Dance I - III (2 each)**
Intermediate level of contemporary jazz dance styles. Includes an introduction to a more advanced level of technique focusing on rhythm, syncopation and body isolations. Some emphasis will be placed on improvisatory jazz dance and compositional applications. Prerequisite: Beginning Jazz Dance sequence or consent of instructor.

**D 300  Human Movement Notation (3)**
A survey of notation methods used for the recording and analysis of basic movements of the human body. The methods will include: Labanotation, computer generated notation and video notation. These methods are applicable to those fields in which there is a need to record human motion: dance, athletics, anthropology and physiotherapy.

**D 301, 302, 303  Pointe Technique I - III (1 each)**
This course will introduce basic classical ballet vocabulary and pointe technique, historical perspectives, anatomy, as well as pointe related injuries and their prevention. Prerequisite: Intermediate Ballet sequence or consent of instructor.

**D 310  Women in Dance (3)**
Women’s contributions to the art of dance from the Renaissance to the present. Performers, choreographers and arts supporters will be emphasized.

**D 330  Rhythmic Awareness (3)**
An exploration of the musical components of rhythm in relation to dance. Elements such as beat, meter and form are studied and developed in the context of movement and choreography. Also explored is the potential for collaboration between dancers and musicians and basic elements of rhythmic notation.

**D 351  Dance Composition I (3)**
This course will explore choreographic concepts as they relate to the elements of space, time and force. Emphasis will be placed on solo compositions. Prerequisite: Beginning Modern Dance sequence or consent of instructor.

**D 352  Dance Composition II (3)**
This course will explore choreographic concepts as they relate to the elements of spatial design, musical form, character study and textural differences. Prerequisite: D 351 or consent of instructor.

**D 357  Dance in Musical Theatre (3)**
Examines the development of musical theatre dance from the 19th century to present. Includes selected choreographers, their works and the role they played in the development of American musical theatre.

**D 360, 361, 362  Intermediate Modern Dance IV, V, VI (2 each)**
For intermediate level students taking the intermediate modern sequence for a second year. A continuation of the work outlined under intermediate modern D 280, 281, 282 with emphasis on a higher level of technical, improvisational and expressive skills. Prerequisites: D 280, D 281, D 282.

**D 363, 364, 365  Intermediate Ballet IV, V, VI (2 each)**
For intermediate level students taking the intermediate ballet sequence for a second year. A continuation of training the ballet student in traditional ballet and the accompanying technical movement vocabulary. Prerequisites: D 285, D 286, D 287.

**D 370, 371, 372  Intermediate Modern Dance VII, VIII, IX (2 each)**
For intermediate level students taking the intermediate modern sequence for a third year. A continuation of the work outlined for intermediate modern with emphasis on an advanced level of technical, improvisational and expressive skills. Prerequisites: D 360, D 367, D 362.

**D 373, 374, 375  Intermediate Ballet VII, VIII, IX (2 each)**
For intermediate level students taking the intermediate ballet sequence for a third year. A continuation of the training outlined for Intermediate Ballet with emphasis on an advanced level of training. Prerequisites: D 363, D 364, D 365.
D 376, 377, 378 Advanced Ballet I, II, III (2 each)
Further development and mastery of advanced barre, adagio, petit and Grand allegro technique. Emphasis will be placed on an advanced pre-professional level of technical and performance skills. Prerequisite: Intermediate Ballet sequence or consent of instructor

D 380, 381, 382 Advanced Modern Dance I - III (2 each)
Further develops the technical level of the student through advanced study in past and contemporary dance trends. Included will be individual and group improvisational explorations, focus on exploring personal expression through movement, as well as an emphasis on performance. Prerequisite: Intermediate Modern Dance sequence or consent of instructor

D 383, 384, 385 Advanced Modern Dance IV, V, VI (2 each)
For advanced level students taking the Advanced Modern sequence for a second year. A continuation of the work outlined under Advanced Modern D 380, 381, 382 with emphasis on a higher level of technical, improvisational, personal expression and performance skills.

D 386, 387, 388 Advanced Modern Dance VII, VIII, IX (2 each)
For advanced level students taking the Advanced Modern sequence for a third year. A continuation of the previous advanced level work with emphasis on an advanced, pre-professional level of technical, improvisational, personal expression and performance skills.

D 390 Kinesiology for Dance (3)
Survey of kinesiology principles as related to basic movement. The areas stressed are anatomy, physiology, biomechanics, movement behavior, and various alignment and conditionary techniques. Students become aware of their personal movement behavior and investigate ways of becoming movement efficient.

D 391, 392, 393 Advanced Ballet IV, V, VI (2 each)
For advanced level students taking the advanced ballet sequence for a second year. A continuation of the previous advanced level work with emphasis on an advanced, pre-professional level of technical and performance skills. Prerequisites: D 376, D 377, D 378

D 394, 395, 396 Advanced Ballet VII, VIII, IX (2 each)
For advanced level students taking the advanced ballet sequence for a third year. A continuation of previous advanced level work with emphasis on an advanced, pre-professional level of technical and performance skills. Prerequisites: D 391, D 392, D 393

D 399 Special Studies: Dance Concert and/or Musical (1-3)
Participation, by performing or crewing, in a dance concert or musical theatre production. By audition only.

D 405 Senior Project (2)
Each graduating senior with a B.A./B.S. in dance or a BA/BS in the arts with a dance emphasis will complete a final capstone experience on a selected topic in the field of dance. Students are responsible for the creation, rehearsal, research and the presentation of the project. Prerequisite: senior standing in dance

D 406 Independent Studies in Dance (1-3)
For students who wish to study in depth selected topics in dance history, theory, education or criticism. Only 3 credit hours of D 406 and D 408, singly or combined, count as electives in the dance minor. Prerequisites: intermediate level dance study and consent of instructor

D 407 Seminar (1-15)
Terms and hours to be arranged.

D 408 Workshop (1-15)
Terms and hours to be arranged. (To allow for various workshops in dance, i.e., Pas de Deux, men’s techniques, African dance, etc.)

D 409 Internship (1-6)
Terms and hours to be arranged. Supervised practical experience in a professional dance field. Such experiences may include performing in a dance company, teaching at a dance studio/school and choreographing for studios or companies or schools.

D 450 Repertory Company (1-3)
The Repertory Company is the resident student performing company. Repertory works may include faculty and student choreography as well as a lecture demonstration showcasing the WOU dance department technical offerings. Students will have an opportunity to be involved in all aspects of the repertory company, including performance, choreography and administrative tasks, overseen and guided by a faculty artistic director.

D 451 Dance Production (3)
Provides the practical and theoretical knowledge of the various areas of dance production. Included will be practical experience in sound production, lighting, costume, makeup, management and publicity.

D 453 Ballet History (3)
Covers development of ballet from its roots in the Renaissance Courts through the Romantic and Classical eras to the late 20th century.

D 454 Evolution of Modern Dance (3)
Covers the development of modern dance and the philosophies of the leading modern dancers of the decade from Duncan to the present.

D 455 Group Choreography (3)
Examines the use of groups of dancers as they relate to design, shape, focus, space and balance. Introduction to and experience with formal dance structure will be included as well as analysis and evaluation of well known choreographic works. Other special considerations of group choreography will also be addressed. Prerequisites: D 351, D 352 or consent of instructor

D 460 Dance and Technology (3)
Introduction to the use of desktop multimedia applications and peripherals applied specifically to dance production and the creative process.

D 491 Creative Dance for Children (3)
Course explores dance concepts and expressive movement. Included will be how these areas apply to foster creativity, and how they may be used both as a format for understanding other cultures and as a tool for teaching other subject areas at an elementary education level. Prerequisite: A beginning level dance technique

D 493/593 Dance for the Classroom from Around the World (3)
Study and experience ethnic dances from various geographical and cultural areas of the world. These dances will be examined in relationship to their cultural context and relevance within the given society.

D 494 Dance Pedagogy (3)
Study and evaluation of methods and materials for teaching dance in a studio setting. The topics examined include: how to build a dance class, what to teach and methodology involved. Practical application of the methods will be emphasized.

D 496 Creativity (3)
Investigates why creativity is important to us personally and globally. How creativity works and how culture evolves as domains are transformed by creative individuals will be examined. Included will be experimentation with different ways to develop and enhance our own creativity, with a focus on how creativity can benefit our artistic expression as well as every other area of our lives.

Earth Science
ES 104, 105, 106 Earth System Science (5 each)
This three-term sequence of courses integrates the critical concepts of chemistry, physics and geology in the context of the Earth as a system. ES 104: Focus on the Solar System, the processes driven by the interior of Earth, including plate tectonics, earthquakes, volcanism and introduction to study of Earth materials. ES 105: Focus on physical and chemical processes occurring at the surface of Earth with an emphasis on energy in the Earth system. ES 106: Focus on human impacts to the Earth system, including chemical and physical aspects of water pollution, oceanography, air pollution, meteorology and global climate change. Not open to students who have taken more advanced course in the corresponding subject matter. All three courses require three hours of lecture and one two-hour laboratory per week.

ES 201, 202, 203 Principles of Geology (4 each)
Introductory geology sequence focuses on physical and historical geology. ES 201 emphasizes Earth’s internal processes with topics including plate tectonics, minerals, igneous rocks and processes, volcanism, metamorphism and metamorphic rocks, rock deformation, geologic structures and earthquakes. ES 202 emphasizes Earth surface processes with topics including sedimentary rocks, sedimentary processes, rock weathering, mass wasting, river systems, groundwater, glaciers, deserts and coastal processes. ES 203 explores the origin and dynamics of Earth’s interior, surface, ocean, atmospheric and
biological systems and critically evaluates topics including the age of the earth and the origin of life. Three lectures and one two-hour lab.

ES 301 GeoTechniques: Quantitative Applications (1)
Focus on quantitative techniques in geology, applied mathematics, basic statistics, software applications and field technology. One three hour session per week. Additional field trips outside of scheduled class time may be required. Prerequisite: Introductory Geology course, or consent of instructor. May be taken concurrently with introductory geology course.

ES 302 GeoTechniques: Geology in the Field (1)
Introduction to the methods and techniques of geological observation and interpretation, with an emphasis on understanding earth processes in the field and reconstructing the physical history of the earth; the stratigraphic, petrologic and structural relations of rocks; geological illustration and report writing. One three hour lab; required weekend field trips. Prerequisite: ES 203 (may be taken concurrently) or consent of instructor.

ES 303 GeoTechniques: Petrographic Microscopy (1)
Introduction to the basic techniques for using a petrographic microscope to describe, identify and interpret Earth materials in thin section. Course integrates field observations, microscopic investigations of rocks and minerals and digital image analysis to solve geologic problems. One three hour lab per week. Additional field trips outside of scheduled class time may be required. Prerequisite: ES 201, or consent of instructor.

ES 321 Structural Geology (4)
Introduction to mapping, analysis and interpretation of folds, faults, lineations, foliations and other structures exhibited by rocks. Emphasis is on the basic techniques of analyzing geologic structures associated in space and time and interpreting the structural history of the lithosphere. Four hours of lecture and active learning per week; required field trip. Prerequisite: ES 201 or consent of instructor.

ES 322 Geomorphology and Aerial Photo Interpretation (4)
Study of the physical and chemical processes operating at the earth’s surface and their resulting landforms. Topics include weathering processes, soils, mass wasting, river systems, glacial phenomena, tectonic landscapes, volcanic areas and coastal regions. Analytical techniques include interpretation of aerial photographs, map analysis and quantitative approaches to geologic problem solving. Four hours of lecture and active learning per week. Suplemental field trips are incorporated as needed. Prerequisites: ES 201, ES 202 or consent of instructor.

ES 331 Introduction to Oceanography (3)
Introduction to physical oceanography with topics including sea floor tectonics, ocean basin physiography, sediment production and transport, physical properties of sea water, chemistry of sea water, air-sea interaction, ocean circulation, tides, waves and coastal processes. Concepts of physics, chemistry, geology and mathematics (through algebra) are incorporated to supplement topical discussions of ocean processes. Three hours of lecture and active learning per week.

ES 351 Geology for Educators (3)
Lab intensive course emphasizing fundamental principles of geology, including topics in rocks and minerals, plate tectonics, constructive and destructive earth surface processes, geological hazards and hydrology, which form the Oregon Science Benchmark Standards in earth science. Two hours of lecture and one two-hour laboratory per week. Cannot be used as an upper-division elective for students majoring in Earth Science.

ES 390 Basic Meteorology (3)
An introductory study of atmospheric processes and meteorologic phenomena. Topics include structure of the atmosphere, heat transfer, air pressure, precipitation, circulation, data collection and weather forecasting. Three hours of lecture and active learning per week.

ES 392 Sedimentary Geology (4)
Description and interpretation of sedimentary lithology, textures and structures, primarily at the hand sample and outcrop scale; the principles of transport/depositional processes; sedimentary environments; and use of facies models. Four hours of lecture and active learning per week. One required weekend field trip. Prerequisites: ES 202, ES 302 or consent of instructor.

ES 401 Research (1-15)
Terms and hours to be arranged.

ES 406 Special Individual Studies (1-15)
Terms and hours to be arranged.

ES 407 Senior Seminar (1)
Students will conduct in-depth study and research on a broad-ranging topic in the Earth Sciences. Assessment will be based primarily on a formal presentation, which each student will give on their sub-topic, and on student participation in weekly meetings in which the class will discuss the Earth Science topic/issue. Two hours of lecture. Prerequisite: senior standing in Earth Sciences.

ES 408/508 Workshop (1-15)
Terms and hours to be arranged.

ES 431/531 Paleobiology (4)
The evolution of terrestrial and marine ecosystems interpreted from the fossil record; the application of palaeontological data to resolving problems in earth history. Four hours of lecture and active learning. Offered alternate years. Prerequisite: A beginning biology course or consent of instructor; recommended: ES 203.

ES 450/550 Introduction to Petrology (4)
Focus on the textures, compositions and genetic associations of diverse suites of rock types. Study of the structure, chemistry, physical properties and occurrences of rock-forming minerals augment the rock study. Emphasis is on the integration of hand sample study, petrographic microscopy and digital image analysis to solve geologic problems. Four hours of lecture and active learning per week.

ES 453/553 Geology of the Pacific Northwest (4)
An introduction to geology, geological history, tectonic evolution, geological resources and landscape development of western North America, with an emphasis on the geology of Oregon. Four hours of lecture and active learning per week. Prerequisite: A general geology course or consent of instructor.

ES 454/554 Volcanology (3)
Study of the processes and products of volcanism. Focus will be on rock types, structures, field relations, tectonic settings, conditions of origin and geologic history of volcanism with specific emphasis on the Pacific Northwest. Three hours of lecture and active learning per week; supplemental field trips will be incorporated as needed. Offered alternate years. Prerequisite: introductory geology course or consent of instructor.

ES 458/558 Field Studies in Geology (1-9)
Field excursions to study geology at classic localities in the Pacific Northwest and beyond. Terms and hours to be arranged.

ES 460/560 Energy and Mineral Resources (3)
Focus on the geology of energy and mineral resources in terms of their description, occurrence, origin and distribution. Also considers extraction, treatment, uses, and reserves of mineral and energy resources; the historical, economic and social issues involved with certain resources; and the environmental implications of the use and exploitation of resources. Three hours of lecture and active learning per week. Offered alternate years. Prerequisite: introductory geology course or consent of instructor.

ES 473/573 Environmental Geology (4)
Study of contemporary environmental issues as related to geologic systems. Topics include geologic hazards, land use, groundwater/surface water-soil contamination, remediation technologies, environmental planning, habitat restoration, applied analytical techniques and consulting practice. Four hours of lecture and active learning per week. Supplemental field trips will be incorporated as needed. Prerequisites: ES 201, ES 202, or consent of instructor.

ES 476/576 Hydrology (3)
Investigation of near-surface hydrologic systems of the Earth. Topics include the hydrologic cycle, water budgets, introductory fluid dynamics, groundwater systems, watershed analysis, water quality and water resource evaluation. Three hours of lecture and active learning per week. Supplemental field trips will be incorporated as needed. Offered alternate years. Prerequisites: ES 201, ES 202, or consent of instructor.

ES 491/591 Stratigraphy and Depositional Systems (3)
Course designed for both Earth Science majors and general interest audiences. Course offers an overview of clastic depositional environments and sequences, including continental, marine
marginal and deep marine settings. Concepts and applications of facies and stratigraphic modeling will be explored, with an emphasis on natural resource exploration and recovery. Examination of tectonic controls on the nature and distribution of facies and paleoenvironments of sedimentary basins in tectonically active settings. Offered alternate years. Three hours of lecture and active learning. Prerequisite: a general geology course or consent of instructor; recommended ES 392

ES 492/592 GIS Applications in Earth Science (3)
Focus on the application of Geographic Information Systems to relevant problems in the Earth Sciences. Emphasis is placed on the use of computer technology in analyzing spatial and temporal relationships of geologic systems. Students will learn techniques in digital map compilation, digital image processing and analysis of complex data sets. Three hours of lecture and active learning per week. Offered alternate years. Prerequisites: ES 201 or ES 202 and CS 161, or consent of instructor

ES 501M Research (1-15)
Terms and hours to be arranged.

ES 503M Thesis or Field Study (1-15)
Terms and hours to be arranged.

ES 506M Special Individual Studies (1-15 hours)
Terms and hours to be arranged.

ES 555M Glacial Geology (3)
A study of glacial processes and products including those associated with alpine, continental and periglacial settings. Work with topographic maps, aerial photographs and examples of glaciation in the Pacific Northwest. Appropriate term paper or project required.

ES 556M Geology of North America (3)
Study of the geologic structure, evolution and geomorphology of the North American continent. Two lectures and one two-hour laboratory. Prerequisite: consent of instructor; offered summers only

Economics

EC 199 Special Studies (1-6)
Terms and hours to be arranged. A means by which students may earn lower-division credit for such learning activities as intern programs and writing research reports on small business firms and international conglomerates.

EC 200 Introduction to Economic Perspectives (4)
An issues-oriented introduction to economics that covers markets, unemployment, inflation, market power, the environment, crime, discrimination, health care, education, poverty, social security, international trade and economic development. Includes intensive writing.

EC 201 Introduction to Microeconomics (4)
Introduction to consumer and producer behavior and the market process. Theories of production, cost and perfectly and imperfectly competitive market structures will be covered as well as the role of the public sector, input markets and contemporary economic issues such as health care and the environment.

EC 202 Introduction to Macroeconomics (4)
Introduction to the macroeconomic behavior of the economy. Includes national income accounting, business cycles, growth, recession, inflation, unemployment and monetary-fiscal policies. Current issues in international trade and international finance are covered. Prerequisite: EC 201

EC 311 Intermediate Microeconomics (4)
Provides the student with a rigorous grounding in the methods and techniques of modern microeconomic analysis. The course develops the standard neoclassical theories of consumption, exchange and production under the assumption of perfect competition and full information. Situations in which information and markets are imperfect, including price discrimination, monopolistic competition, oligopoly, monopoly and cartels are also covered. Prerequisites: EC 202, MTH 111 and sophomore standing

EC 313 Intermediate Macroeconomics (4)
Focuses upon the behavior of the economy as a whole. Emphasizes the forces and interactions that naturally determine the levels of - and changes in the levels of employment, aggregate output, interest rates and prices in a market economy; policy instruments for manipulating those levels; and policy problems. Prerequisite: EC 201, 202, MTH 111, EC 311, and sophomore standing

EC 315 Economic Analysis and Report Writing (4)
Basic methods of economic analysis; data sources, collection and presentation; report writing; projects to develop these skills.

EC 318 Money and Banking (4)
In-depth coverage of money, its forms, how it is created by banks and the Treasury, how its supply is regulated by the Federal Reserve System and its vital role in the functioning of the macroeconomy. Prerequisite: EC 201, 202 or consent of instructor

EC 319 Public Finance (4)
Economic analysis of revenue collection and expenditure by federal, state and local governments. Deals with the effect of income taxes, corporate taxes, excise taxes, property taxes, fees and other sources of public revenue on personal income, employment and production; incidence and shifting of taxes. Prerequisites: EC 201, 202 or consent of instructor

EC 321 Public Choice Theory (4)
Overview of the development in public choice theory. Application of economic tools to traditional problems of political science. Positive analysis of collective decision-making and evaluation of outcomes.

EC 333 Economics of Professional Sports (4)
Applies economic analysis to professional sports. Topics include: public financing of arenas and stadiums; the impact of professional sports on local, regional and national economies; labor issues such as free agency, salary caps, discrimination and "superstars"; competitive balance, revenue sharing and market structure. Prerequisite: EC 201, 202 or consent of instructor

EC 334 Economics of Collegiate Sports (4)
Applies economic analysis to collegiate sports. Topics include: history and function of the National Collegiate Athletic Association, compensation for collegiate athletes and coaches, academic standards for athletes, corporate sponsorships and the financing of collegiate sports, collegiate sports and the media, gender equity for coaches and athletes, and the impact of Title IX legislation. Prerequisite: EC 201, 202 or consent of instructor

EC 360 Industry Studies (4)
An examination of the causes and consequences of market power using a case study approach. The structure-conduct-performance model will be used to explain strategic decisions by firms and regulatory decisions by government. Prerequisite: EC 201, 202

EC 395 Managerial Economics (4)
Applies microeconomic concepts to managerial decision-making. Topics include the analysis of: demand, revenue and cost functions, forecasting models and techniques, market structures, pricing, technology, and government regulation. Prerequisite: EC 311

EC 396 Game Theory (4)
Introduction to strategic way of thinking and primer on game theory with applications likely to be encountered by business. Topics covered include: the prisoner’s dilemma; dominant and mixed strategies; sequential and simultaneous moves; Nash equilibrium; bargaining and collective action; uncertainty and information; threats, promises and negotiated games; and evolution of cooperation. Prerequisite: EC 311

EC 399 Special Studies (1-4)
Terms and hours to be arranged.

EC 406 Special Individual Studies (1-9)
Terms and hours to be arranged. A specialized or individualized course of study within the Economics discipline developed in consultation with the instructor

EC 407 Seminar (1-4)
Terms and hours to be arranged.

EC 409 Practicum (3-12)
Practical application of economic theory and/or collection of data for theoretical interpretation.

EC 417 Development Economics (4)
Focuses upon the prospects and problems facing more than 100 poverty-stricken countries in Latin America, Africa and Asia that are striving to attain standards of living approaching those of countries in Europe and North America.

EC 432 Urban Economics (4)
Economic analysis of spatially oriented problems, with emphasis on the problems and techniques related to the understanding of economic base and the comparative economic growth of regions. Prerequisite: EC 201, 202 or consent of instructor
EC 436 Environmental Economics and Public Policy (4)
An economic study of environmental problems with special reference to social welfare and economic efficiency criteria in evaluating the alternative uses of natural resources. Prerequisite: EC 201, 202 or consent of instructor

EC 440 International Trade (4)
Analyzes the causes and consequences of international trade. Topics covered include: the theory of comparative advantage, models of international trade under perfect and imperfect competition, strategic trade policy, the impact of trade on welfare, protectionism, trade and the environment, the role of trade in developing countries, the effects of free trade agreements and the role of multinational institutions in facilitating trade. Prerequisite: EC 201, 202 or consent of instructor

EC 441 International Monetary Economics (4)
Examines the macroeconomic linkages between countries. Topics include: institutions of flexible and fixed exchange rates, the balance of payments, the choice of an exchange rate regime, international money markets, currency crises, international policy coordination, and international debt and direct investment. Prerequisite: EC 201, 202 or consent of instructor

EC 444 Labor Economics (4)
This course applies microeconomic theory to understand the behavior of labor market dynamics in the U.S. and in other industrialized countries. Topics include: the demand and supply of labor, human capital, compensation and risk differentials, minimum wage/living wage legislation, unemployment, collective bargaining and unions and discrimination. Prerequisite: EC 201, EC 202

EC 445 Industrial Relations (4)
Theories of the labor movement plus history, aims, methods and policies of trade unions. The mechanics and functioning of collective bargaining will be explored. Prerequisite: EC 201, EC 202 or consent of instructor

EC 450 Comparative Economic Systems (4)
Theory, practice and reform of economic systems other than capitalism. Emphasizes socialized economies, the economies of the former Soviet Union, East Central Europe and China. Examines the origins of the socialist economy, how it is supposed to work, how it actually works and how it can and cannot be reformed. Prerequisite: EC 201, EC 202 or consent of instructor

EC 451 Economic Systems in Transition (4)
Focuses on economies in transition, primarily the post-socialist economies in East Central Europe, the former Soviet Union and China. Topics covered include: privatization and enterprise restructuring, labor markets and social insurance policies, household welfare, public finance, trade policy and regional integration, crime and corruption, entrepreneurship, environmental degradation and macroeconomic issues. Prerequisite: EC 201, EC 202 and EC 450

EC 460 Industrial Organization (4)
This course will examine the relationship between market structure, the conduct of individual firms, and industry performance in the presence and absence of government regulation. Competitive, oligopolistic and monopolistic market structures will be analyzed for their effects on the pricing, marketing and investment behavior of representative firms. The course also studies the relationship between government and business through interactions such as regulatory and antitrust policy. Prerequisites: EC 201, EC 202 and EC 311

EC 470 History of Economic Thought (4)
Traces the development of economic thought from ancient times to the present. Contributions of individual writers and schools of thought are examined in their historical settings and as they influenced economic thought and policy. Major contributions to economic thought in the 20th century are examined in greater detail.

EC 480 Mathematical Economics (4)
A review of relevant mathematical tools currently utilized in the economics profession and the application of these tools to economic issues utilizing problem-solving procedures. Prerequisites: EC 201, EC 202, and MTH 111 or consent of instructor

EC 495 Econometrics (4)
Use of statistical methods to estimate and test economic models. Theory and application of multiple regression techniques, with an emphasis on the problems arising in the analysis of economic data. Prerequisite: EC 311

Education

ED 200 Multiculturalism in the College Experience (3)
Designed to assist students from diverse socioeconomic, cultural and experiential backgrounds in addressing personal, social, academic, financial and campus climate issues within a multicultural context. Students will be provided with opportunities to reflect on the culture of the institution as well as their own heritage. Instructional efforts will focus on increasing the awareness of cultural differences within the college community, self-assessment of possible prejudices and desirable behavioral changes in becoming a confident multicultural person.

ED 302 Students, Teachers, Schools, and Society (3)
Evaluate one’s commitment to becoming a professional educator. Prepare to be a reflective teacher who will be able to make informed decisions to improve and enhance the environment for children and youth. Includes historical foundations of education; education policy and practice; the system alternatives to public education; legal rights and responsibilities of teachers and students; professional development of teachers; student pluralism (bilingual/multicultural, talented and gifted, handicapping conditions, disadvantaged); and current issues and effective schools.

ED 407 Seminar (1-15)
Terms and hours to be arranged.

ED 408 Workshop (1-15)
Terms and hours to be arranged.

ED 409 Practicum (1-12)
Students must obtain a signature from Director of Field Services one term prior to registering for the following:
  - Bilingual Education/ESL
  - Early Childhood Education
  - Educational Media
  - Elementary
  - Middle Level
  - High School

ED 411 Field Experience I (1)
Experience within all four levels of teaching license authorization in one school district or region. Case study documenting the development and learning patterns of one student is required. School based observational data will be gathered and integrated with concurrent course work.

ED 412 Field Experience II (2)
Experience within the preservice teacher’s selected second level of teaching license authorization. Instruction will be provided to small groups of students. A “service to the school” project will be developed to be completed the following term at the same site.
ED 413 Field Experience III (4)
Experience within the preservice teacher’s selected second level of teaching license authorization.
Full teaching day experience and experience with exceptional learners will be provided. The first work sample will be completed.

ED 417/517 Cooperative Learning (3)
Materials from Johnson and Johnson, Dishon and Wilson-O’Leary, Samples, Huggins, Schmuck and Schmuck and Stanford and others are presented, modeled and integrated into a personal frame of reference. Cooperative learning strategies are modeled in all elementary curriculum areas.

ED 418 Assessment, Planning, and Instruction I (3)
Enable students to apply assessment and instructional strategies in the planning, designing and implementation of instruction within various classroom settings and in different subject areas. Will provide opportunities for students to work with others seeking the same authorization licensure. The work sample methodology is integrated within the content of the course.

ED 421 Technology Integration I (2)
Introduces operations and concepts of basic technology equipment, applications of technology to enhance productivity, personal and professional growth and integration of technology into classroom planning, instruction and assessment.

ED 422 Technology Integration II (1)
Continues exploration of operations and concepts of basic technology equipment, applications of technology to enhance personal and professional growth and productivity, and integration of technology into classroom planning, instruction and assessment. Integration project: A student generated project illustrating their understanding of the interrelationships between all courses taken during this third term and the field experience. The term three integration project will be reviewed by College of Education and Liberal Arts faculty.

ED 426 Professional Development I (1)
Focuses on individual professional development in the context of the teaching profession. Students will be evaluated on their progress toward the proficiencies, will analyze their individual strengths and weaknesses and will prepare and plan for professional development. Students will select one area of specialized interest for professional development.

ED 427 Professional Development II (1)
A continuation of the course on individual professional development in the context of the teaching profession. Students will be evaluated on their progress toward the proficiencies, will analyze their individual strengths and weaknesses and will prepare and plan for professional development. Students will also continue to work on one area of specialized interest for professional development.

ED 428 Professional Development III (1)
Continued work with faculty guidance on individual professional development in the context of the teaching profession. Students will be evaluated on their progress toward the proficiencies, will analyze their individual strengths and weaknesses and will prepare and plan for professional development.

ED 429 Professional Development IV (2)
A student generated summary of the four term experience including documentation of their proficiencies, samples of their work as a teacher, a reflection on their work as they enter the profession, a description of their special area of expertise, and a plan for professional development during their first year(s) of teaching. Capstone projects will be reviewed by faculty, cooperating teachers and school administrators. A performance review will be conducted by faculty as a preview toward licensure. Includes on-campus seminars.

ED 432 Human Development and Classroom Learning (3)
Enables the preservice teacher to apply theories of human development from birth to adulthood and theories of learning to a variety of classroom settings.

ED 433 Human Development and Classroom Learning (3)
Includes on-campus seminars.

ED 434 Content Pedagogy I (2)
Course is designed to introduce experimentation with teaching strategies within content areas (social studies, math, science, health, physical education, language arts and foreign language) and to promote interaction among students, discussions regarding methodology, professionalism and research in their content areas. Throughout the course, there will be an attempt to keep teacher’s formal presentations to a minimum. The emphasis will be on active class participation and modeling of strategies being taught.

ED 435 Content Pedagogy II (2)
Course focuses on continued application and practice of teaching strategies within content areas (social studies, math, science, health, physical education, language arts and foreign language) with an increasing emphasis on integration across content areas. Throughout the course, there will be an attempt to keep teacher’s formal presentations to a minimum. The emphasis will be on active class participation and modeling of strategies being taught.

ED 436 Content Pedagogy III (2)
Course is designed for all authorization levels and focuses on continued application and practice of teaching strategies within content areas (social studies, math, science, health, physical education, language arts, and foreign language) and integration across content areas. It will also focus on the integration of literacy, technology, special needs and multicultural perspectives. The course will provide opportunities for students to work with others seeking the same authorization licensure. Throughout the course, there will be an attempt to keep teacher’s formal presentations to a minimum. The emphasis will be on active class participation and modeling of strategies being taught.

ED 437/537 Literacy: Inquiry, Theory and Informed Practice (3)
The integration of speaking, listening, writing and reading is the focus. Students will learn to plan and develop units of instruction utilizing strategies for implementing Big Books, songs and chants and quality children’s literature. Skills and information from other curricular areas will be incorporated into these units.

ED 438 Foundations of Education (2)
Enables the preservice teacher to explore the basic historical, philosophical and societal foundations of education. Current legal, financial and governing aspects as well as future economic and political influences on education are explored.

ED 441/541 Video Production (3)
Explores the fundamentals of the camera system, illumination, electronic video recording, audio recording and set design. Each student will produce two short video projects outside the studio and will participate in at least one group studio color production.

ED 442 Emerging Literacy (2)
Major theories of language and reading will be examined as they apply to emergent and developing readers in preschool through the elementary grades. The interrelationship and integration of listening, speaking, reading and writing will be a major focus, as will be the utilization of quality literature for
Children. An important component of this course will be an introduction to the relationship between assessment and instructional decision-making.

**ED 443 Developing Literacy (2)**
Course will focus on content area literacy for students from early childhood through high school. In-depth examination and application of a standards-based approach to instruction and assessment will be a major focus. Refined of specific reading, writing, listening and speaking strategies will be applied to lesson planning and implementation in field experience teaching. The utilization of quality literature for children and young adults will be expected.

**ED 444 Fluency in Literacy (3)**
Methods for developing strategic readers and writers for students in preschool through middle school will be a major focus. Content area literacy will be introduced. The integration of listening, speaking, reading and writing, along with the utilization of quality literature for children and young adults will be stressed. Various means of formal and informal assessment as well as national, state and subject area standards will be included in the preparation and implementation of lesson planning.

**ED 446 Environments for Diverse Learners (3)**
Enables the preservice teacher to increase awareness of special needs students, of cultural diversity and of English language learners; to apply theories and models to provide appropriate instruction and services.

**ED 447/547 The Developing Child and the Environment (3)**
Studies the developing child's behaviors, attitudes and abilities; integrates the contexts in which a child develops, including the relationships and interactions of the people in the environment; emphasizes skills to help children adapt optimally to the varied cultures in our changing world.

**ED 448/548 Developmentally Appropriate Practices (3)**
Exploration of the unique approach necessary to successfully teach children aged 3-8. Emphasis will be on matching teaching to the learning abilities of the young children, including non-English speakers.

**ED 450 Authorization Specialty and Classroom Management (3)**
This comprehensive course of study focuses on best practices that address age level educational issues. Topics covered will enable early childhood, elementary, middle and high school teachers to better serve the academic, social and emotional needs of their students. Course components reflect the current consensus of educational leaders and the professional organizations that address the issues of classroom climate, management and developmentally appropriate practices for each authorization level.

**ED 455/555 Foundations of Literacy, K-Adult (3)**
A study of concepts and processes related to developmental instruction in elementary school, middle school, secondary school and adult education. Will provide opportunity to acquire knowledge about reading and the variables and procedures related to the process of learning to read in the above settings. Prerequisite: a developmental reading course or consent of instructor.

**ED 457/557 The Parent-Educator Partnership (3)**
Explores the role of the parent in the educational process, the special needs which may affect the family and models of parenting and parent involvement. Simulation techniques will be used to develop interaction skills.

**ED 462/562 Encouraging Discouraged Children (3)**
An eclectic approach to working with children is presented. Ideas from Dreikurs, Adler, Ellis, Glasser, and other theorists are examined with a goal of applying these ideas in the classroom and/or home. The concept of discouragement and how discouragement influences the teacher, student and parent constitute the primary focus of this class.

**ED 467/567 Language Development and Reading (3)**
Introduces the student to the concept that language development is a continuous, sequential process of learning at every level from kindergarten through adulthood. Language development is the basis for learning to read and to develop the realization that communication is the base goal of language. The student will analyze the interrelationship between language development, reading and communication skills.

**ED 481/581 Introduction to Educational Linguistics (3)**
Methodology in the development of English skills in limited English proficiency students will be the main focus, with emphasis on speaking and listening. Various approaches and techniques for second language teaching will be explored, as well as resources, language proficiency assessment, second language scope and sequence.

**ED 482/582 Bilingual/ESL Education—Principles and Practices (3)**
Surveys the historical development of bilingual education both nationally and internationally. It will provide the student with insight into government policy and legal aspects of bilingual education as well as theory and research in the field. Emphasis will be placed on the history and philosophy of bilingual education in a cross-cultural context.

**ED 483/583 Cultural and Community Needs of LEP Students in the Instructional Process (3)**
Cultural differences and their impact in the classroom will be explored. Focus will be placed on the educational system and its need to provide cultural support and community involvement in the educational process. Emphasis will be placed on the LEP students’ motivation, learning styles, and strategies which result from cultural differences. Strategies to maximize learning using cultural and community resources will be addressed.

**ED 484/584 First and Second Language Acquisition in the Bilingual/ESL Program (3)**
Students will understand the differences in first and second language acquisition and the relationship to learning in the first language while the second language is acquired. Theory and research will be studied and applications to the bilingual classroom setting will be emphasized.

**ED 485/585 The Early Childhood Educator (3)**

**ED 486/586 First and Second Language Approaches to Teaching Subject Matter in Secondary Schools (3)**
Focuses on planning for instruction bilingually or by language groups. Assessment of student need as well as strategies and approaches for managing bilingual/multicultural instruction will be explored.

**ED 487/587 Alternative Secondary Curricula and Materials for Second Language Learners (3)**
Places emphasis on the study of alternative curriculum patterns and materials which are conducive to the second language learner’s achieving expected learner outcomes needed for course completion and high school graduation.

**ED 491/591 Curriculum Models and Instructional Strategies of Bilingual Classrooms (3)**
Various curriculum organizational models and exploration and application of a variety of instructional and management strategies will be addressed. Emphasis will be placed on problem solving given a variety of school and classroom situations and environments.

**ED 492/592 Classroom Strategies in First and Second Language Reading and Language Arts (3)**
Examines language arts materials as well as instructional strategies for native language development and second language development. A language continuum will be identified and its relationship to approaches in first and second language development will be studied. Students will learn how to adapt commercially available materials and develop supplementary language activities.

**ED 493/593 Bilingual/Multicultural Teaching Methods in Content Area Instruction (3)**
Focuses on teaching of content area in dual language mode. Instructional language grouping and dual language content activities will be presented. The development of lesson plans and materials based on multicultural and bilingual content will be explored.

**ED 494 Diagnosis and Prescription in Native Language Instruction—Elementary (3)**
Assessment, instructional programming and materials in providing native language reading instruction to the non and limited English proficient students will be addressed. Emphasis will be placed on interdependence of first and second language reading and instructional decision-making of transitional reading programs.
ED 495 Diagnosis and Prescription in Basic Skills for LEP Students (3)
Assessment, instructional techniques and materials in basic skills in a bilingual classroom setting. Emphasis on individualizing instruction and monitoring procedures to determine student progress.

ED 498 Student Teaching (10)
A teaching experience within a public school setting in the preservice teacher’s selected primary level of teaching license authorization. The second work sample will be completed, as will a capstone project and professional portfolio including goal setting for the first year of teaching.

ED 503M Thesis, Professional Project, or Field Study (3-9)
Terms and hours to be arranged.

ED 507M Seminar (1-6)
Terms and hours to be arranged.

ED 508M Workshop (1-15)
Terms and hours to be arranged.

ED 509M Practicum (1-15)
Need signature from Director of Field Services prior to registration. Terms and hours to be arranged.

ED 509M M.A.T.: Preservice Practicum (3)
A practicum comprised of 90 hours in a public school site. Prerequisite: Admission to M.A.T.: Initial Licensure Program.

ED 509M M.A.T.: Field Based Practicum (3)
Allows students the opportunity to observe the work of a public school by interviewing school personnel, attending faculty meetings and extracurricular activities and participating in the mentor’s assigned duties. In addition to individual and/or small group tutoring, the preservice teacher will teach at least one formally planned lesson. The preservice teacher will also have the opportunity to visit an elementary and a middle school.

ED 510M Skills and Techniques of Supervision (3)
The supervisory process; group and individual processes and techniques; analysis of supervisory problems.

ED 512M Quantitative Research in Education (3)
Methods, techniques and tools of research. Development of a proposal for a study and development of the criteria and methods for reading and evaluating research.

ED 513M Evaluation of Classroom Instruction (3)
Analysis and evaluation of classroom instruction primarily by means of behavioral and enabling objectives; use of appropriate instruments to collect evaluative data; analysis of research relating to evaluation, supervision, teaching methods and group dynamics. Program evaluation as well as teacher evaluation will be considered.

ED 514M Children With Learning Difficulties (3)
A course for elementary teachers focusing on the characteristics of children with learning problems, strategies for teaching these children and resources available to the teacher.

ED 515M Foundations of Education: Critical Theory (3)
A study of the historical, philosophical and societal foundations of education. Current legal, financial and governing aspects as they relate to education are also explored from a historical and philosophical perspective. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 516M M.A.T. Student Teaching (5)
Students will continue their field work from the previous term. During this extended student teaching practicum, a work sample will be produced. The work sample will be comprised of, but not limited to, 15 hours of teaching. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 518M Multiple Intelligences and Multicultural Education (3)
Howard Gardner’s multiple intelligences (MI) paradigm will be used as a foundation for studying multicultural issues in public schools. Students will study the impact of changing demographics and how that impacts curriculum and the classroom. Major topics include: understanding one’s cultural patterns and the needs of culturally diverse students, equity pedagogy, content integration with culturally appropriate materials, prejudice reduction and social reconstructionist theory. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 519M Contemporary Developments in Early Childhood Education (3)
An examination of recent research and developments in the area of early childhood education and the application of these developments in a variety of programs for young children. Includes studies of how children learn, curriculum development, method and administrative organization.

ED 520M Application of Learning and Developmental Theories to Early Childhood Education (3)
Focuses on the application of developmental theory and learning theory to planning instructional experiences for young children in the areas of motor and perceptual development, language and cognitive development and social-emotional, as well as affective development.

ED 521M Teacher as Researcher: Action Research (3)
An introduction to the basic philosophy and methods of action research in schools. Students will learn how to conduct action research to help them make effective decisions about their teaching. Special emphasis will be placed on having students design a research project, i.e., leadership project, which will be conducted during the following term. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 522M Secondary School Curriculum (3)
Overview of the secondary school curriculum, with emphasis on the various subject fields; organization of the school for curriculum development; educational objectives; the course of study; and evaluation of the secondary school curriculum.

ED 524M Special Populations Seminar (2)
In-depth study of main streamed, multicultural, TAG and at-risk students. Teaching strategies for meeting the needs of these students within the context of the regular classroom’s curriculum will be considered. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 525M Classroom Discipline and Management (3)
Design, implementation and evaluation of all phases of effective classroom management. Special attention will be devoted to student motivations in a variety of settings and inclusive of all students. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 526M Instructional Design (3)
The application of the instructional design approach to the preparation of multimedia instructional products. The student will be guided through the development of instructional materials, including the application of the ID approach to the preparation of computer assisted instruction.

ED 527M Assessment of Teaching and Learning (3)
Development, administration and interpretation of curriculum aligned tests in the work sample methodology. Also, acquired knowledge in test construction, standardized testing and the use of data in formative/summative assessment design. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 529M The Classroom Teacher-Counselor (3)
Focuses on the classroom teacher’s obligations and opportunities for guiding and counseling students in academic and personal areas. It acquaints the teacher with the varied needs and characteristics of children and adolescents, basic concepts and techniques of group and individual counseling and guidance, and means of incorporating these factors in a practical, functional classroom program. Particular emphasis is placed on the interrelationships of the classroom counselor with staff associates, parents and other specialized resource personnel.

ED 530M Culturally and Linguistically Different Students in the Schools (3)
Surveys bilingualism and its treatment in schools, both nationally and internationally. It will provide insight into the relationship between culture and education. Students will be introduced to school and community program models along with a brief overview of materials and methodology. Prerequisite: ED 481 and consent of instructor

ED 531M Methodology: Language/Second Language Learning and Content for the Language Minority Student (3)
Focuses on methodology of developing language arts in both the first and second language of language minority students. Second language teaching methodology (English as a Second Language, or ESL) involving speaking, listening, reading and writing will be stressed. The course will also provide for ESOL methods to content teaching. Prerequisite: ED 481
ED 534M Qualitative Research in Education (3)
Prepares the student to conduct qualitative research in education. Emphasis is placed on the design, execution, and analysis of qualitative research studies.

ED 538M Identification and Assessment of Talented and Gifted Students: 1-3, 4-8, High School (4)
Assists Oregon school personnel in gaining knowledge necessary to identify typical and nontypical talented and gifted students in accordance with current legal requirements. Law, policies, test issues, instruments, procedures, assessment guidelines, placement issues, student records, and parental involvement will be addressed.

ED 539M Curriculum and Planning: Work Sample Methodology (3)
Study of current curriculum and governing practice; in instruction planning and design of courses; and work sample methodology. Prerequisite: M.A.T.: Initial Licensure Program

ED 542M Methods and Research Materials (1-6)
Problems and methods in selecting and organizing materials for teaching in any one of the following fields: art, music, sociology, science, language arts, mathematics, reading, and physical and health education. Emphasis for graduate students will be placed upon current research and literature dealing with instructional materials, methods, and facilities, including the completion of a special project.

ED 543M Contemporary Teaching Strategies (3)
Graduate course in educational psychology that focuses on learning. The various attributes of society, the classroom, and the child that influence the child’s learning will be examined. The intent is to use general theories of learning to describe the full range of exceptionality in children.

ED 546M Philosophy of Education (3)
A study of philosophical assumptions and their implications on the fundamental issues and practices of American education.

ED 549M Observation and Assessment of the Young Child (3)
Covers developmental screening in physical, perceptual-motor, cognition, speech, language, and social-emotional areas; focus on informal observation of children in the pre-primary and primary learning environments.

ED 550M Curriculum in Early Childhood Education (3)
A detailed examination of developmentally appropriate early childhood curricula and how to develop such curricula.

ED 551M Critical Literacy & Metacognition Across Content Areas (3)
A research-based course on the use of language for thinking, problem solving and communicating across subject areas. Includes best-practice teaching strategies that will enable all students to become independent learners. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 554M Personalizing Classroom Climate (3)
Students will make and justify decisions related to establishing a classroom climate based on effective communication, clearly articulated expectations and equitable treatment of all pupils. Strategies will be learned for responding to individual needs, monitoring and encouraging appropriate behavior, understanding conflicts, dealing with stress, and utilizing support personnel and materials to address student and teacher needs.

ED 560M Contemporary Foundations of Education (3)
A study of how historical, sociological, philosophical, and critical issues, applying their knowledge to their own research plans.

ED 566M Middle Level Literacy (3)
Focus is on cross-disciplinary, team teaching strategies. Simulated group processes will enable the participants to develop standard-based curricula for 21st Century schools. Prerequisite: completion of Chapter 1 program.

ED 569M Content Pedagogy (2)
Provides students with a discipline specific methods course taught by subject area specialists. Research-based and best practice within an academic discipline will be the focus. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 572M Curriculum and Material Designs (3)
Focus is on cross-disciplinary, team teaching strategies. Simulated group processes will enable the participants to develop standard-based curricula for 21st Century schools. Prerequisite: completion of Chapter 1 program.

ED 575M Critical Literacy and Metacognition Across Content Areas (3)
A research-based course on the use of language for thinking, problem solving and communicating across subject areas. Includes best-practice teaching strategies that will enable all students to become independent learners. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 577M Integrating and Differentiating Instruction (3)
An advanced course in the teaching of reading. Fundamental nature of the reading process and the causes of difficulty in learning to read. An examination of current issues in teaching children to read.

ED 580M Psychology of Reading Instruction (3)
A study of current releases and award winners. Current issues and trends will also be examined. The use of new materials in language-based curriculums will be explored.

ED 589M Contemporary Issues in Literature (3)
A study of current releases and award winners. Current issues and trends will also be examined. The use of new materials in language-based curriculums will be explored.

ED 590M Reading and Composition in the Secondary School (3)
This research-based course in reading/composition and learning at the secondary level will emphasize the application of reading, writing and learning principles in content areas. Specifically, students will be guided in the prescription of reading methods and materials to meet the needs of all students in secondary schools including the developmental, handicapped, multiculturally/linguistically different, reluctant and gifted. It is assumed that students enrolled in this course have a basic understanding of reading at the secondary level and have teaching experience. Prerequisite: consent of instructor

ED 594M Assessment of Limited English Proficient Students (3)
Assessment, instructional programming and materials in providing native language reading instruction to the non and limited English proficient student will be addressed. Assessment, instructional techniques and materials to be used in basic skills in a bilingual classroom setting will also be considered. Emphasis will be placed on interdependence of first and second language reading and instructional decision making of transitional reading programs as well as individualizing instruction and monitoring procedures to determine student progress.
ED 595M Applied Research Seminar: Leadership Project (2)
Student will complete the final edits on their respective leadership project. Three large group sessions will be held during the term to inform students on career placement and interviewing for a job, application for initial licensure, continuing licensure, liability and the teacher and other special topics. Prerequisite: admission to M.A.T.: Initial Licensure Program

ED 597M Student Teaching (10)
An extended preservice teaching experience within a public school setting in the student's primary level of authorization. A second work sample will be completed as well as the final requirements for licensure. Prerequisite: admission to M.A.T.: Initial Licensure Program

English
ENG 104, 105, 106 Introduction to Literature (4 each)
A sequence in literary genres involving works in English and translation. 104, fiction; 105, drama; 106, poetry. Any two fulfill liberal arts core curriculum literature requirement. Not recommended for English majors and Language Arts Secondary Teaching majors.

ENG 107H, 108H Survey of Western Literature (4 each)
For students admitted to WOU's Honors Program. Courses examine Western literary masterpieces; 107H focuses on Greek and Roman works, 108H on medieval through Enlightenment. All honors courses are writing-intensive. Enrollment requires permission of Honors Program Director.

ENG 107, 108, 109 Literature of the Western World (4 each)
A chronological survey of masterpieces of Western literature from ancient times to the present. 107, Greco - Roman; 108, Medieval and Renaissance; 109, 18th century to the present. Any two fulfill liberal arts core curriculum literature requirement. English majors and Language Arts Secondary Teaching majors should take ENG 107 and ENG 108; ENG 109 is also highly recommended.

ENG 199 Special Studies
Terms and hours to be arranged.

ENG 204 Survey of British Literature (4)
A survey of British literature from Beowulf to 1660. Prerequisites: completion of WR 135 (or equivalent) and either LACC literature or sophomore standing

ENG 205 Survey of British Literature (4)
A survey of British literature from 1660 to 1832. Prerequisites: completion of WR 135 (or equivalent) and either LACC literature or sophomore standing

ENG 206 Survey of British Literature (4)
A survey of British literature from 1832 to the present. Prerequisites: LACC Literature sequence and WR 135, or sophomore standing

ENG 223 Introduction to Literary Study (4)
An introduction to basic literary concepts, emphasizing contemporary critical approaches, basic research techniques and proper use and documentation of sources. English and language arts majors and minors should take this course before enrolling in upper-division literature courses. Prerequisites: LACC Literature sequence and WR 135 completed

ENG 253 Survey of American Literature (4)
A survey of American literature from the beginnings to 1865

ENG 254 Survey of American Literature (4)
A survey of American literature from 1865 to the present.

ENG 301 Shakespeare (4)
A study of selected major works of Shakespeare. Prerequisite: LACC Literature and WR 135

ENG 320 Medieval British Literature (4)
An in-depth study of selected writers, forms and themes in Medieval British literature. Prerequisites: ENG 204, ENG 223 or consent of instructor

ENG 321 Renaissance British Literature (4)
An in-depth study of selected writers, forms and themes in Renaissance British literature. Prerequisites: ENG 204, ENG 223 or consent of instructor

ENG 322 British Literature 1660-1832 (4)
An in-depth study of selected writers, forms and themes in British literature from Restoration, Augustan or Romantic British literature. Prerequisite: ENG 205, ENG 223 or consent of instructor

ENG 323 Victorian British Literature (4)
An in-depth study of selected writers, forms and themes in British literature during the Victorian era. Prerequisite: ENG 205, ENG 223, or consent of instructor

ENG 324 Victorian British Literature (4)
An in-depth study of selected writers, forms and themes in 20th century British literature. Prerequisite: ENG 206, ENG 223 or consent of instructor

ENG 325 20th Century British Literature (4)
An in-depth study of selected writers, forms and themes in 20th century British literature. Prerequisite: ENG 206, ENG 223 or consent of instructor

ENG 331 Period Studies in American Literature to 1865 (4)
An in-depth study of selected writers, forms and/or themes in American literature from the beginnings through Romanticism. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223, ENG 253 or consent of instructor

ENG 332 Period Studies in American Literature since 1865 (4)
An in-depth study of selected writers, forms, and/or themes in American literature since 1865. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223, ENG 254, or consent of instructor

ENG 340 Period Studies in World Literature Before 1700 (4)
An in-depth study of selected writers, forms and/or themes in world literature before 1700. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223 or consent of instructor

ENG 341 Period Studies in World Literature After 1700 (4)
An in-depth study of selected writers, forms and/or themes in world literature since 1700. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 108 or 109, or consent of instructor

ENG 380 The Bible as Literature (4)
A study of the representative literary forms, events and figures of the English Bible, either Old and/or New Testaments, with emphasis on the Bible’s importance to the subsequent development of the literary and philosophical traditions of the Western world. Prerequisite: WR 135

ENG 385 Folklore (4)
An examination of folklore and folklore techniques in a specific context, such as ballad, legend, etc., or of a specific approach, such as children’s folklore, folklore of the Pacific NW, etc., emphasizing the role of folklore in the total study of culture. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: WR 135

ENG 386 Form and Meaning in Film (4)
A study of the distinctive aspects of film as an art and communication form, as embodied in the theory and practice of filmmakers and scholars. Prerequisite: WR 135

ENG 387 Mythology (4)
An examination of myth and myth techniques in a specific context, such as Greco-Roman, Arthurian, etc., or of a recurrent myth in several mythologies. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: WR 135

ENG 389 Minority Literature (4)
An examination of minority literature through the study of a specific minority or ethnic literature, such as Afro/American, Chicano/a, etc. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: WR 135

ENG 399 Special Studies (4)
An in-depth study of a special topic in literature as identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: WR 135

ENG 40 6 Special Individual Studies (1-12)
Terms and hours to be arranged. Individual or special studies in a limited area of interest under the guidance of a designated faculty member. Prerequisite: consent of instructor required

ENG 407/507 Seminar (4)
A regularly scheduled special topics course. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223 or consent of instructor
EN 415/515 Topics in Theory and Criticism (4)
Concentrated study of a school or schools of criticism or of a theoretical problem. Readings will include theoretical and practical criticism. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223 and one 300-level literature course or consent of instructor.

EN 421/521 Studies in British Literature (4)
A study of special issues and topics in British literature. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223 and one 300-level literature course or consent of instructor.

EN 432/532 Studies in American Literature (4)
A study of special issues and topics in American literature. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223 and one 300-level literature course or consent of instructor.

EN 441/541 Studies in World Literatures (4)
A study of special issues and topics in world literature, such as continental, francophone, etc. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223 and one 300-level literature course or consent of instructor.

EN 447/547 Major Figures (4)
An in-depth study of a major figure in literature or of two closely related figures. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: ENG 223 and one 300-level literature course or consent of instructor.

EN 506M Special Individual Studies (1-15)
Terms and hours to be arranged. Provides graduate students the opportunity to study a special or individual area of interest under the guidance of a designated faculty member. Prerequisite: consent of instructor required.

EN 520M Studies in Literary Eras (3)
A study of a significant literary era in European, British and American literature, such as Classical, Medieval, Renaissance, Augustan, Romantic, Realistic, Modern and Contemporary. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated.

EN 524M British Literature (3)
A study of a period, literary movement or theme in British literature. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated.

EN 526M American Literature (3)
A study of a period, literary movement or theme in American literature. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated.

EN 528M Continental Literature (3)
A study of a period, literary movement or theme in European continental literature. Specific focus will be identified in each year’s schedule of classes. May be taken twice if content is not repeated.

EN 531M Major Theories of Literary Criticism (3)
The history, principles and practice of various aspects of literary criticism. Prerequisite: 15 hours of literature or consent of instructor.

Entrepreneurship
ENT 320 Accounting and Finance for Entrepreneurs (3)
Finance and accounting issues involved in starting and operating a business. Topics include sources and forms of financing, financial management of a business and financial reporting.

ENT 330 Planning and Creating New Ventures (3)
How to start a business, with emphasis on the assessment of business opportunities and the concepts, skills, information and attitudes required to successfully create a new venture. Students will prepare a business plan. Prerequisites: BA 271 (or ENT 320), and BA 310.

ENT 350 Small Business Management (3)
Understanding the process of managing one’s own business. Includes organizational controls, strategic planning and human resource management in small firms. Prerequisite: ENT 320 or consent of instructor.

ENT 380 Entrepreneurs Today (1)
Through attendance at national or regional conferences, or one-on-one interviews, students will explore the entrepreneurial process from the viewpoint of successful entrepreneurs.

ENT 381 Creativity and Entrepreneurs (1)
Interactive workshop designed to introduce students to the creative process, how ideas are generated, what blocks creative thinking and how to establish an environment that fosters creativity.

ENT 382 Innovation and Strategy (1)
Interactive workshop exploring how to take a new idea to fruition, the barriers faced in the implementation stage and how to overcome them.

ENT 383 Entrepreneurs and Society (1)
Interactive workshop exploring how entrepreneurs face ethical issues and the role of personal values in the development and operation of a small business.

ENT 460 Entrepreneurship in Action (3)
Students will gain practical experience of entrepreneurship by working on a consulting project for a business, performing an internship, writing a business plan for their own business idea, or through other projects approved by the instructor. Prerequisite: ENT 320 or consent of instructor.

Field Services
FS 199 Special Individual Studies (1-3)
Terms and hours to be arranged. Individual projects, practicum on special studies in a limited area of interest, under the guidance of a designated staff member. Note: All students must attend an orientation meeting prior to registration to set up placement in a school for this practicum. Information on the time and place will be posted in the Education Building and Academic Advising Office approximately two weeks prior to registration.

FS 303 September Experience (1-3)
One to three week pre-student teaching program required of all education students, who will select or be assigned to a school in the weeks prior to its opening in the fall. A one-day seminar will be held at or near the conclusion of this experience. Note: All students must attend an orientation meeting prior to registration to set up placement in a school for this practicum. Information on the time and place will be posted in the Education Building and Academic Advising Office approximately two weeks prior to registration.

FS 358 Winter Experience (1)
A practicum experience providing an opportunity for students to spend a week in a school during the winter holiday. Students participate in the school and community activities. Note: All students must attend an orientation meeting prior to registration to set up placement in a school for this practicum. Information on the time and place will be posted in the Education Building and Academic Advising Office approximately two weeks prior to registration.

FS 399 Special Studies (1-3)
Designed for an individual or group in a special interest area under the instruction and guidance of a designated staff member. This course may also be used for a field experience placement. Note: All students must attend an orientation meeting prior to registration to set up placement in a school for this practicum. Information on the time and place will be posted in the Education Building and Academic Advising Office approximately two weeks prior to registration.

FS 402 Early Student Teaching (2)
Orientation to student teaching and an extension of the total experience.

FS 406 Special Individual Studies (1-6)
Terms and hours to be arranged. Designed for individual or special studies in a limited area of interest, under the guidance of a designated staff member.

FS 409/509 Practicum (1-3)
Terms and hours to be arranged.

FS 501M Advanced Proficiency Documentation (1-3)
A campus and field based course designed to be completed in not less than a one year period. This course is required for the Continuing Teaching License. Students will complete a series of activities with the aid of a collegial mentor from a school site and faculty advisor to demonstrate advanced professional knowledge in teaching. Course requirements will include: cohort or on-campus
seminars, training for collegial mentors, and presentation of research to peers. Grading will be on a Pass or No-credit (P/NC) bases. A Pass grade will be equal to at least a "B" grade. This course may be repeated up to a maximum of six credit hours. Prerequisite: Successful completion of the M.S. in Ed; Continuing License Education Core (18 credits); successful completion of at least 15 credits within content area; and admission to graduate candidacy or admission to graduate study; or completion of Initial Teaching License requirements and holding a master's degree.

FS 506M Special Individual Studies (1-15)
Terms and hours to be arranged. Individual surveys, evaluative studies and special studies in a limited area of interest, under the guidance of a designated staff member.

**Film Studies**

FLM 406 Special Individual Studies (1-4)
Term, hours and topics to be arranged with Film Studies faculty.

FLM 409 Practicum (1-4)
Terms and hours to be arranged with Film Studies faculty. Students will arrange for practical experience in film or video production, or in the application of film theory and criticism.

**Fire Services Administration**

Students must have completed a minimum of 24 hours of lower-division fire science core curriculum courses prior to enrolling in upper-division courses.

FSA 307 Emergency Service Delivery of Fire and EMS (3)
Focuses upon management theory and practices of multi-agency planning, deployment and operations as they are related to multi-alarm incidents, target hazards and major disasters.

FSA 309 Fire Inspection and Investigation (3)
Focuses upon management theory and practices of the fire prevention, fire inspection, code enforcement, arson investigation and public education functions of a comprehensive fire department delivery system.

FSA 311 Principles of Fire Protection Management (3)
An investigation of management and supervisory responsibilities, including motivation, discipline, human relations, training, communications, followership, planning, leadership, management-employee relations. A pre- or post-session project will be assigned as part of this course.

FSA 313 Fire Personnel Management (3)
Develops a perspective on specific personnel functions, including planning personnel needs and human resource development, job description and analysis, employment recruitment, selection and placement, promotions, transfers, separations, wage and salary administration, labor-management negotiations and contracts. A pre- or post-session project will be assigned as part of this course.

FSA 315 Organization for Fire Protection (3)
Develops an understanding of fire department organization, including fire defenses and insurance ratings, organization of fire suppression and prevention, the fire department and the municipality, inter-municipality for fire services. A pre- or post-session project will be assigned as part of this course.

FSA 317 Fiscal Management in Fire Protection (3)
The budget process; taxation and assessments; operations planning; financial aid and grant programs; allotment of resources; analysis of expenditures and productivity; management information systems. A pre- or post-session project will be assigned as part of this course.

FSA 319 Legal Aspects of Fire Protection (3)
Federal and state laws, codes and ordinances; legal responsibilities of fire service agencies; liabilities and civil law; enforcement procedures and police powers. A pre- or post-session project will be assigned as part of this course.

FSA 321 Analytic Approaches to Public Fire Protection (5)
The systems approach to public fire protection services, including fire suppression and prevention systems. Information gathering, analysis, presentation, and interpretation; simulation; resource allocation; planning; evaluation; writing objectives. Illustrative case studies and models.

FSA 323 Fire Administration (5)
Organization and management of fire services, including new technologies and changing organizational structures. Blending personnel and equipment; municipal fire protection planning; fire department functions; manpower and training; statistics and reporting systems; managing finances and other resources; communications, dispatching and facilities management; labor relations and personnel policies; productivity and systems; codes and legislation; coordinating with the community and with local, state and Federal governments; community relations and public information.

FSA 324 Analytic Approaches to Public Fire Protection (5)
The systems approach to public fire protection services, including fire suppression and prevention systems. Information gathering, analysis, presentation, and interpretation; simulation; resource allocation; planning; evaluation; writing objectives. Illustrative case studies and models.

FSA 325 Personnel Management for the Fire Service (5)
Examines personnel practices and management procedures. Investigates collective bargaining, binding arbitration, applicable legislative procedures and administrative and supervisory procedures. Other topics include promotion, personnel development, career, and incentive systems and the validation of physical and mental requirements.

FSA 326 Fire Prevention Organization and Management (5)
Examination and evaluation of the techniques, procedures, programs and agencies involved with fire prevention. Consideration of related governmental inspection/education procedures. Interaction within the fire service department between protection, inspection, education and prevention procedures. Licenses and permits, zoning, legal aspects, inspections and investigations.

FSA 327 Fire Related Human Behavior (5)
Dynamics of human behavior in fire incidents related to fire prevention practices, programs, codes and ordinances. Understanding of the concepts of role, personal invulnerability, risk and group dynamics, as related to design aspects of buildings and the mitigation of the effects of fire in the modern society. The psychological effects of communications during emergencies and the conduct of post-fire interviews.

FSA 328 Disaster and Fire Defense Planning (5)
Concept and principles of community risk assessment. Regional and cooperative procedures and plans. Relationship of structural, climatic and topographical variables to group fires, conflagrations and natural disasters. Pre- and post-occurrence factors, communications, planning, organizing, coordination, command and logistics.

FSA 329 Political and Legal Foundations of Fire Protection (5)
The legal basis for the police power of government related to public safety. Legal limitations and responsibility. Liability of fire prevention organizations and personnel. Review of judicial decisions. Implications of product liability cases in fire prevention.

FSA 330 Fire Protection Structure and Systems Design (5)
The design principles involved in protecting a structure from fire spread. Empirical tests and prediction procedures. Detection and suppression system design. Fundamentals of the hydraulic design of sprinkler and water spray systems with recent innovations.

FSA 331 The Community and the Fire Threat (5)
The sociological, economic and political characteristics of communities and their impact on the fire problem. Review of the urban studies related to housing, structural abandonment, rent control, crime, false alarm, incendiary fire rates and the fire problem. The role of the fire department and fire prevention programs. Community and fire service role conflicts.

FSA 332 Incendiary Fire Analysis and Investigation (5)
Procedures and techniques for collection, comparison and analysis of the physical evidence relative to the area of fire origin. Principles of evidence, of ignition phenomenon and propagation variables. Legislative, economic, psychological and sociological variables of the incendiary fire. The role of insurance and government programs. Data analysis and prediction techniques, including pattern analysis.

FSA 333 Applications of Fire Research (5)
The understanding of fire research and its application. The transfer and implications of available research results for fire prevention and protection programs. National and international studies.
FSA 334 Fire Dynamics (5)  
Study of fire propagation phenomenon in both fuel and air regulated phases. Variables in pre- and post-flashover fire development. Study of geometric, material, gaseous, fluid flow and thermodynamic parameters. Compartment and building fire models.

FSA 335 Emergency Medical Services Administration (3)  
An overview of the management of emergency medical services, including organization, budget determination, purchasing and communication. Emphasis on directing and delegation of decision-making including managing stress. Prerequisite: EMT-1 or equivalent

FSA 336 Managerial Issues of Hazardous Materials (5)  
Examines federal and state regulations concerning hazardous materials. Topics include: health and safety; the hazardous materials management system; the incident command system; politics of incident management; site management and control; hazard and risk evaluation; personal protective clothing and equipment; information management and resource coordination.

FSA 403 Field Study (1-3)  
FSA 407 Seminar (2)

FSA 419 Advanced Legal Aspects of Fire Protection (3)  
This course will involve the analysis of recent court decisions affecting fire service agencies; legal responsibilities and liability; civil liberties; general constitutional issues affecting public agencies; the criminal justice system; courtroom demeanor; cross examination techniques. Prerequisite: completion of FSA 319

FSA 421 Master Planning for Emergency Services (3)  
Major emergency planning: defining problems and problem areas; involving other municipalities or district agencies; the planning process; implementation of plan objectives; review of programs. A pre- or post-session project will be assigned as part of this course.

French

All courses conducted in French except FR 110.

FR 101, 102, 103 First Year French (4 each)  
Open to any student who wishes to begin the study of French or has had less than one year of high school French or its equivalent. Focuses on real-life language use, the integration of culture and language, and the four skills of reading, writing, speaking, and listening. The acquired language skills are reinforced through active participation in group and pair work as well as the use of videos, audio tapes and computer assisted learning.

FR 110 Introduction to French Literature in Translation (4)  
A survey of French literary genres involving works in English translation. The study may include works of medieval through contemporary literature. Specific focus will be identified in each year’s schedule of classes.

FR 199 Special Studies (1-15)  
Terms and hours to be arranged.

FR 201, 202, 203 Second Year French (4 each)  
Focuses on deepening and broadening students’ abilities to understand written and spoken French and to speak and write French, and provides students the opportunity to round out their knowledge of the basics of the French language. Grammar review and exercises are supplemented by situational dialogues, oral presentations, written essays, and readings of authentic texts to provide comprehensive preparation in French language skills. By the end of this course sequence, students will have acquired sufficient knowledge in reading, writing, speaking, and understanding French to move on to the third-year level at Western Oregon University or participate in a study abroad program in France. Prerequisite: one year of college-level French or equivalent or consent of instructor

FR 301, 302, 303 Intermediate French Composition and Conversation (4 each)  
Refinement of writing and speaking skills in French. Literary excerpts provide models of writing styles as well as an opportunity for students to become acquainted with a variety of French authors. Exercises following each excerpt prepare students to be astute readers in French literature courses. Written assignments and oral presentations based on these excerpts and on French films provide students the opportunity to actively apply the techniques and vocabulary learned in class. Prerequisite: two years of college-level French or equivalent or consent of instructor

FR 311, 312, 313 Introduction to French Literature (3 each)  
An initiation to the study of French literature in its various genres. Each of the courses in the series presents the basic concepts and development of a specific literary text type: FR 311 deals with prose fiction, FR 312 with drama, and FR 313 with poetry. Excerpts from famous French authors and works are used to illustrate the structure and evolution of each of these individual genres. Prerequisite: completion of or concurrent enrollment in the series FR 301, 302, 303, or consent of instructor

FR 320 Business French (3)  
Instruction will concentrate on various forms of written communication in business and vocabulary used in commercial exchanges. Introduction to the French business systems. Prerequisite: completion of second year French

FR 331 French Pronunciation and Phonetics (3)  
A thorough study of the sound system of French, with individual attention to each student’s difficulties. Prerequisite: two years of college level French or equivalent; second-year students admitted with consent of instructor

FR 340 Topics in French Fine Arts (3)  
Focused study of various topics in the French fine arts. May follow any one of the following formats: a historical survey of one of the French fine arts, concentrated study of a single French artistic period or movement, study of a theme or concept through multiple periods and movements. Specific focus will be identified in the schedule of classes. The course may be taken twice (for a total of 6 credits) if content is not repeated. Prerequisite: two years of college-level French or equivalent or consent of instructor

FR 399 Special Studies (3)  
FR 401, 402, 403 Advanced French Composition and Conversation (3 each)  
Discovery of different aspects of French culture and society through listening, speaking, reading, and writing activities that revolve around cultural themes. Students also learn to reflect on their own culture so that they can better appreciate and understand the cultural similarities and differences that exist between France and the United States. Through the use of articles from the textbook and other sources, various audio recordings of French people, and occasional broadcasts of French news and TV productions, students acquire select vocabulary, idiomatic expressions and stylistic devices that help them express their ideas on specific cultural themes in debates, discussions, oral presentations and written compositions. Prerequisite: three years of college-level French or equivalent or consent of instructor

FR 405 Reading and Conference (1-6)  
Terms and hours to be arranged. Credit for FR 405 and 407, singly or combined, may not exceed six hours.

FR 407 Seminar (1-6)  
Terms and hours to be arranged. Credit for FR 405 and 407, singly or combined, may not exceed six hours.

FR 411 French Literature: Prose Fiction (3)  
An advanced study of French literature in its various genres. Each of the courses in the series explores a specific literary text type. Complete works illustrate the author’s mastery of these genres.

FR 412 French Literature: Drama (3)  
An advanced study of French literature in its various genres. Each of the courses in the series explores a specific literary text type. Complete works illustrate the author’s mastery of these genres.

FR 413 French Literature: Poetry (3)  
An advanced study of French literature in its various genres. Each of the courses in the series explores a specific literary text type. Complete works illustrate the author’s mastery of these genres.

FR 416 Language Teaching Practicum (2 each)  
Practice as a teaching assistant in the instructional processes and the administration of the first-year French courses. This course will give students an early beginning in their careers as professional educators and provide an opportunity to work as assistants in a regularly scheduled language classroom. Maximum of 6 hours. Prerequisite: consent of instructor
FR 423 Studies in French Literature: Medieval to Renaissance (3)
Major writers of the period, including study of the three principal medieval narrative genres: epic, romance, and allegory of love. Introduction to Renaissance and Baroque poetry. Analysis of works from the perspective of modern criticism. Prerequisite: three years of college-level French or equivalent

FR 424 Studies in French Literature: Classical to Age of Enlightenment (3)
Study of selected novels and plays of 17th and 18th centuries, including Corneille, Racine, Moliere, Voltaire, Diderot, and Rousseau. Special attention to the evolution of literary genres of novel and theatre. Analysis of works from the perspective of modern criticism. Prerequisite: three years of college-level French or consent of instructor

FR 421/531 French Culture and Civilization: From la Gaule through the French Revolution (3)
A survey of the historical, intellectual, philosophical, literary, and artistic developments that took place in France from the time of what is known as la Gaule through the period of the French Revolution. The goal of this class is to present a general overview of the evolution of France from prehistoric times through the late 18th century. Prerequisite: three years of college-level French or consent of instructor

FR 432/532 French Culture and Civilization: The Making of Modern France (19th & 20th Centuries) (3)
Examines the origins, development and consequences of key events and trends in 19th and 20th century France that were largely responsible for shaping modern French society and culture. Rather than focusing on the memorization of historical names, places and dates, this class emphasizes the evolution of ideas and movements within their historical context. Prerequisite: three years of college-level French or consent of instructor

FR 433/533 French Culture and Civilization: Contemporary France (3)
A survey of contemporary French society. Offers insights into the geographical, political, economic, religious, cultural, and social elements that make up modern France. For those students hoping to study abroad, the material presented in this course also provides basic preparation for life in French society. Prerequisite: three years of college-level French or consent of instructor

FR 480 History and Structure of the French Language (3)
A study of the historical development and present day structure of the French language. Emphasis on comparing and contrasting the grammars of English and French.

FR 506M Special Individual Studies (1-15)
Terms and hours to be arranged.

FR 523M Studies in French Literature: The Early Periods (3)
A study of a period, narrative genre, or major figure in Medieval or Renaissance French literature. Analysis of the works from the perspective of modern criticism. May be taken twice if subject matter is not repeated.

FR 524M Studies in French Literature: The Modern Periods (3)
A study of a period, genre, or major figure from the end of the Ancient Regime to the present. Analysis of the works from the perspective of modern criticism. May be taken twice if content is not repeated.

General Science

GS 107 Seminar (1-3)

GS 114, 115, 116 Essentials of Physical Science (4 each)
An examination of the basic scientific concepts underlying familiar physical phenomena; topics may include motion, energy, optics, electromagnetism, nature of matter, atomic theory, chemical bonding, and chemical reactions. Three lectures and one laboratory period per week. Prerequisite: MTH 111

GS 161 Technical Photography (2)
For students interested in the scientific applications of photography. Students will gain experience with 35 mm, polaroid and digital cameras. Particular attention will be focused on forensic and environmental applications. One lecture and one laboratory period. Prerequisite: consent of instructor

GS 201H, 202H, 203H Natural Science: Search for Order (5 each)
A study of major themes from the natural sciences selected to develop understanding of historical perspectives, current interactions and future potentials of earth, physical and biological sciences.

GS 211 Biological Science for Elementary Schools (3)
Concepts, experiences and materials from the biological sciences adaptable to the elementary school. Lecture and laboratory combined in two 3-hour sessions. Prerequisite: Introductory biology course or consent of instructor

GS 312 Physical Science for Elementary Schools (3)
Concepts, experiences and materials from the physical sciences adaptable to the elementary school. One lecture, two 2-hour laboratories.

GS 313 Earth Science for Elementary Schools (3)
Concepts, experiences and materials from the earth sciences adaptable to the elementary school. One lecture, two 2-hour laboratories.

GS 314 Technical Photography (2)
An examination of the basic scientific concepts underlying familiar physical phenomena; topics may include motion, energy, optics, electromagnetism, nature of matter, atomic theory, chemical bonding, and chemical reactions. Three lectures and one laboratory period per week. Prerequisite: MTH 111

GS 321 Musical Acoustics (4)
An integrated lecture-demonstration-laboratory approach to the nature of sound and music with direct student involvement. Topics to include the nature and perception of sound, acoustical characteristics of music instruments, applications of electronics, and architectural acoustics. Three lectures and one two-hour laboratory. Prerequisite: MTH 105 or equivalent

GS 342 Coastal Oceanography (3)
Coastal oceanography of Oregon is studied in detail with emphasis on circulation in estuaries, the tides and coastal erosion and deposition. Students will undertake supervised research projects. Three lectures and weekend field trips. Prerequisite: ES 104 or ES 331

GS 351 Elements of Astronomy (3)
A study of the structure and evolution of the universe from an observational perspective. Topics to include the night sky, observational techniques, the solar system, stellar and galactic structure, and cosmology. One three-hour lecture. Prerequisite: MTH 105 or equivalent

GS 361 Energy and Resources in Perspective (3)
A study of the current development and utilization of energy and power, implications of the finite resources, impact on the environment and alternatives. Three lectures.

GS 401 Research (1-15)
Terms and hours to be arranged.

GS 406 Special Individual Studies (1-15)
Terms and hours to be arranged.

GS 407/507 Seminar (1-15)
Terms and hours to be arranged.

GS 408 Workshop (1-15)
Terms and hours to be arranged.

GS 409 Practicum (1-9)
Provides the preprofessional experience desired by such professional schools as medicine and physical therapy.

GS 411/511 History of Science (3)
A brief history of the development of the natural sciences up to the 19th century, their social implications, and the growth of scientific philosophy. Three lectures. Prerequisite: two sequences in natural sciences or mathematics or consent of instructor

GS 420 Selected Field Investigations (1-6)
Field expeditions to unique geological and/or biological areas of western North America. In these undertakings, the students will plan and undertake studies of the areas selected for exploration.

GS 424/524 Astronomy (3)
A study of the solar system, stars, stellar systems, and galaxies including the application of some of the important concepts of physics, chemistry and mathematics to the field of astronomy. Three lectures. Prerequisite: one year each of college physical science and mathematics

GS 501M Research (1-15)
Terms and hours to be arranged.
Prerequisite: GEOG 107 or consent of instructor

GEOG 306 Global Economic Geography (4)
Location theory and its application to the study of the distribution of various economic activities, international and interregional changes in the spatial structure of economic activities and the role of these changes in international and regional development.

GEOG 307 Canadian Identity Through Film (4)
Explores the construction of Canadian identity and difference as expressed through Canadian films and cinema.

GEOG 310 World Regional (4)
A thematic examination of the principal characteristics of the major geographical regions of the world. Interpretation of present and past patterns of relationships between humans and the natural environment.

GEOG 313 The Pacific Northwest (4)
Physical and human resources of the Pacific Northwest. Interpretation of the present pattern of human use of the Pacific Northwest with special emphasis on Oregon.

GEOG 314 The Pacific Rim (4)
The lands and peoples of the Pacific Rim countries, with particular attention to their economic and cultural geographies. Spatial interaction among the Pacific Rim countries, and with the rest of the world.

GEOG 321 Field Geography (4)
Methods for collecting and analyzing geographic data. Emphasis on physical or human topics and specific methods will depend upon instructor. Prerequisite: GEOG 105, GEOG 240 or consent of instructor

GEOG 340 Cartography (4)
This course emphasizes the design and creation of maps. The underlying theme is communication of geographic information combining cartographic design with user perception. Prerequisite: CS 161 or consent of instructor

GEOG 370 Human Migration (4)
International and internal migration since World War II. Factors important in the initiation and continuation of migration. Special focus on Mexico-U.S. migration and settlement.

GEOG 385 Quantitative Methods in Geography (4)
An introduction to basic quantitative techniques in geography. Topics include descriptive statistics, hypothesis testing, simple correlation and regression, analysis of variance, and non-parametric statistics.

GEOG 391 Biogeography (4)
This course combines both historical and ecological perspectives in analyzing plant and animal distributions. Topics include: speciation, extinction, dispersal, biodiversity, and human impacts or biotic distributions. Prerequisite: consent of instructor

GEOG 392 Soils Geography (4)
Soils are examined from both a pedologic (genesis and morphology) and edaphic (growth medium) perspective. Their geographic distribution, classification and use as stratigraphic units are considered. Their geographic distribution, classification and use as stratigraphic units are considered. Perspectives in analyzing plant and animal distributions. Prerequisite: consent of instructor

GEOG 392M Geological Oceanography for Teachers (3)
The course will identify basic concepts common to all disciplines of science, explain their various applications to individual sciences, and expand their application beyond science to a global, interdisciplinary understanding of the concepts.

GEOG 393 Soils Geography (4)
Soils are examined from both a pedologic (genesis and morphology) and edaphic (growth medium) perspective. Their geographic distribution, classification and use as stratigraphic units are examined in detail. The course includes a 2 hour lab that meets once a week. Prerequisite: consent of instructor

GEOG 399 Special Studies (1-3)
Terms and hours to be arranged.
GEOG 406/506 Special Individual Studies
(1-6)
Terms and hours to be arranged. A specialized or individualized course of study within geography developed in consultation with the instructor.

GEOG 407/507 Seminar (4)
Terms and hours to be arranged. Intended for non-teaching majors.

GEOG 409/509 Practicum (3-12)
Terms and hours to be arranged. Practical application of geographical theory and/or collection of data for theoretical interpretation, customarily in a public agency.

GEOG 410/510 Global Issues (4)
A study of selected and current international issues and problems within the geographical context in which they are observed. Issues to be discussed depend on the instructor.

GEOG 411/511 Cultural Geography (4)
Advanced inquiry into the subfield of cultural geography with a focus on contemporary theoretical debates.

GEOG 412/512 Selected Topics (4)
Advanced analysis of traditional and contemporary topics in geography.

GEOG 413/513 Urban Geography (4)
Urban settlements in the United States and the rest of the world, in terms of patterns, forms and functions; systems of urban land classification and geographic dimensions of urban land use.

GEOG 418/518 International Trade and Transportation (4)
Analysis of the origins, routes, destinations of the flows of major commodities, goods, services, and people across national boundaries. Global perspective will include theories and case studies of contemporary and evolutionary patterns.

GEOG 420/520 The West and the American Imagination (4)
Looks at the special position of the West in American culture with particular focus on alternate and evolving representations of “the Old West”.

GEOG 421/521 The Changing American West (4)
Examines contemporary conflicts over regional identity in the American West. Particular attention will be paid to the interpretation of cultural and economic change such as the decline of resource industries and rural areas and the growth of services, cities and suburbs.

GEOG 425 Urban Planning and Policy (4)
Analysis of the processes related to planning, regulating, and policy making in the contexts of urban land use; will be analyzed with respect to all the levels of government - national, state, regional and local.

GEOG 426/526 Geography of Europe (4)
Individual European societies’ landscape organization and how each attempts to alleviate cultural problems: international migrations, scarcity of land for agriculture and urban development, economic development, and European nationalism.

GEOG 432/532 Geography of Africa (4)
The African continent, its nations and colonies; the physical and cultural geography of the regions of the continent and their implications.

GEOG 433/533 Political Geography (4)
An advanced survey of political geography as a field of study, including special attention to geopolitics and the interpretation of contemporary political events from a geographic perspective.

GEOG 435/535 U.S. and Canadian Geopolitics (4)
Examines U.S. and Canadian relations at multiple scales and in various political contexts from border enforcement to the United Nations.

GEOG 440 Geographic Information Systems (4)
The mapping, monitoring and modeling of geographic data using computer technology. This is the culminating course for the techniques sequence in Geography. Class meets twice a week for lab and lecture.

GEOG 451 South Asia (4)
A survey of the physical and human geography of South Asia. While the entire realm of South Asia will be surveyed, the emphasis is on India; major geographical patterns, processes, issues, and problems related with religious, ethnic and linguistic diversity, the modernization process, economic development, and interrelationships between South Asian nations.

GEOG 461 South America (4)
Regional patterns of environment, technology, culture and development are examined within the context of geographical diversity and unity. Topics include both historical and contemporary issues.

GEOG 463 Mexico and Central America (4)
Contemporary physical and human landscapes and their genesis. Areas of focus include human migration, environmental change and social dynamics.

GEOG 482 South America (4)
The interrelationship of soil, vegetation, landforms, and climate in the physiographic regions of North America as they have played a role in the cultural and economic development of the continent. Prerequisite: GEOG 392 or G 322

GEOG 495 History and Philosophy of Geography (4)
The nature of geographic thought is examined from a historical perspective. The goal of the course is to seek out the origins of contemporary geographic theory and research and to provide insights as to the discipline’s future.

GEOG 501M Research (1-3)
Terms and hours to be arranged.

GEOG 503M Thesis (3-9)
Terms and hours to be arranged.

GEOG 508M Workshop (1-3)
Terms and hours to be arranged.

GEOG 520M Physical Geography and Field Methods for Teachers (3)
On-line placement tests are available at www.wou.edu/germanweb.

German Studies

GL 101, 102, 103 First Year German (4 each)
Acquisition of listening, speaking, reading and writing skills. Emphasis on communication. GL 101 is for beginners and offered fall term; GL 102 is next in the sequence and offered spring term; GL 103 is final course in sequence and offered spring term. For proper placement, students should consult instructor. On-line placement tests are available at www.wou.edu/germanweb.

GL 110 Introduction to German Literature in Translation (4)
A survey of German literary genres involving works in English translation. The study may include works of medieval through contemporary literature. Specific focus will be identified in each year’s schedule of classes.

GL 199 Special Studies (1-15)
Terms and hours to be arranged.

GL 201, 202, 203 Second Year German (4 ea.)
Emphasis on developing oral fluency and progressive development of writing skill. Complete grammar review. Prerequisite: GL 103 or equivalent, or consent of instructor.

GL 299 Special Studies (1-6)
Terms and hours to be arranged.

GL 301, 302, 303 Intermediate German Composition and Conversation (4 each)
Intensive practice in writing and speaking German. Oral and written reports based on a variety of original texts. Prerequisite: GL 203 or equivalent or consent of instructor.

GL 310 German Film and Conversation (3)
Class will be watching, discussing and writing about films and filmmakers from former East and West Germany, and the unified Germany. The goal is to
familiarize students with German cinema, and to improve written and oral language skills in German while learning more about German culture.

**GL 320 Business German (3)**
Description and analysis of business terminology in German. Study of business organization, operation and management. Introduction to the language of accounting, marketing and economic matters in German-speaking countries. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 331 German Pronunciation and Phonetics (3)**
A thorough study of the sound system of German. With individual attention to each student’s difficulties. Distinguish between German and English sounds and practice with IPA. Prerequisite: GL 201 or equivalent or consent of instructor

**GL 340 German Culture and Civilization I: From the Romans to the Enlightenment (3)**
Historical and cultural study of central Europe from its Roman occupation to the Enlightenment. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 341 German Culture and Civilization II: From Classicism to Reunification (3)**
Historical and cultural study of Germany from the mid 1700's to 1990. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 342 Studies in German Culture & Literature to 1900 (3)**
Focus on cultural aspects of modern Germany and Austria, their people, customs and institutions. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 343 Studies in German Culture & Literature to 1945 (3)**
In-depth study of selected writers, forms and/or themes in German-speaking countries up to 1945 (i.e. Nazi Resistance). Prerequisite: GL 203 or consent of instructor

**GL 344 Studies in German Culture & Literature to 1990's (3)**
In-depth study of selected writers, forms and/or themes in German-speaking countries up to 1990's (i.e. Jewish/Holocaust studies).

**GL 350 Methods in Translation (3)**
Examination of written and oral, structured and free translations. Materials come from a variety of sources. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 399 Special Studies (1-3)**
Terms and hours to be arranged.

**GL 401, 402, 403 Advanced German Composition and Conversation (3 each)**
Systematic review of grammar, composition and conversation. Prerequisite: GL 303 or equivalent or consent of instructor

**GL 406 Special Individual Studies (1-6)**
Terms and hours to be arranged.

**GL 411 German Literature I: Medieval to Classical (3)**
Readings from representative German authors within major genres and periods. Prerequisite: ENG 223 and GL 203 or equivalent or consent of instructor

**GL 412 German Literature II: Naturalism to Present (3)**
Readings from representative German-speaking authors from Naturalism to the present. Prerequisite: ENG 223 and GL 203 or equivalent or consent of instructor

**GL 416 Language Teaching Practicum (1-2)**
Practice as a teaching assistant particularly for teachers in training. Course may be repeated to a maximum of 6 hours. Prerequisite: consent of instructor

**GL 423/523 Studies in German Language and Literature (2-6)**
In-depth study of a literary figure, genre, or other topic related to the study of German language, literature and culture. Course can be repeated when content is different. Prerequisite: GL 301 or equivalent or consent of instructor

**GL 440 19th Century German Drama (3)**
In-depth study of drama by 19th century Austrian, German and Swiss authors within its historical, cultural and intellectual context. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 441 20th Century German Drama (3)**
In-depth study of drama by 20th century German-speaking authors within its historical, cultural and intellectual context. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 442 German Drama - Performance (3)**
Students read and memorize roles of a selected German play and give two performances to the community at the end of the term. Students analyze the author, text, and roles. Students are involved in all aspects of play production: lighting, set-design, costumes, publicity, and choreography. Course is open to students at the 300 and 400 level.

**GL 481 History and Structure of German Language (3)**
A study of the historical development and modern structure of the German language. Emphasis on comparing and contrasting the grammars of English and German. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 507M Seminar (1-6)**
An in-depth study of a literary figure, genre or other topic related to German. Prerequisite: GL 203 or equivalent or consent of instructor

**GL 524M, 525M German Stylistics (3)**
A study of oral and written German, with special emphasis on syntax, style, structure and elements that characterize the style of a writer, a period or a movement. Prerequisite: GL 303 or equivalent or consent of instructor

**HE 199 Special Studies (1-15)**
Terms and hours to be arranged.

**HE 211 Techniques of Relaxation (3)**
A survey of the prime stressors in modern society with emphasis on personal sources and vulnerability to stress. Each person will design a personalized relaxation strategy.

**HE 250 Personal Health (3)**
Basic scientific knowledge for healthful living; relation of the health of individuals to family and community welfare and to national vitality and progress; fundamental factors involved in intelligent living.

**HE 252 First Aid, CPR and Safety (3)**
Overview of emergency treatment of injuries and sudden illness in a variety of situations. It also presents methods of prevention to reduce or eliminate potentially dangerous situations. Major topics include medical legal liability, injury evaluation, standard first aid and cardiopulmonary resuscitation procedures. Students who demonstrate skill proficiency and pass the written tests pertaining to the skills, will receive a First Aid and CPR certificate through the National Safety Council (This includes standard first aid skills as well as CPR skills for the adult, child and infant.) Must also sign up for HE 252L. Note: Admission to some upper-division classes may be limited to students who have been formally admitted to the Division. Admission to the Division is determined by a formal process and is selective.

**HE 325 Nutrition (3)**
The relationship of food and its components to health, with emphasis on the young adult; current national and international nutritional concerns are discussed.

**HE 327 Community and Public Health (3)**
Nature, principles and growth of community health; vital statistics; consumer health; functions of voluntary and governmental health organizations in Oregon.

**HE 350 Introduction to Health Careers (3)**
Initiates the student into the professional preparation programs for students who are interested in health careers and majoring in one of the Health Education curriculums. Students will review a variety of career options and the professional preparation needed for success and employment. Students will explore who they are, where are they going, and how will they get there.

**HE 351 School Health Program: Elementary (3)**
Teaching of health education with emphasis on health knowledge, attitudes and habits of school children, and the development of a health service program. Special study of the state health education program.

**HE 352 First Aid and CPR Instructor (3)**
Trains instructor candidates to teach Community CPR and First Aid courses. Covers the following topics: applying information from the instructor course to teaching First Aid and CPR; techniques in ensuring participant’s health and safety (including instruction
in manikin decontamination); conducting practice sessions; evaluating participant’s performance; and explaining operational policies and procedures. Students who demonstrate instructor skill proficiency and pass the written tests (80%) pertaining to Instructor Certification will receive a First Aid and CPR Instructor Certificate through the National Safety Council. Hour and a half lecture and an hour and a half lab. Prerequisite: Each student must pass standard First Aid and CPR certification requirements at the beginning of the course.

HE 367 Human Sexuality (3)
An examination of the various dimensions of human sexual expression with particular emphasis on implications for human health; includes biomedical, psychosocial and cultural aspects. There will be a focus on sex education.

HE 399 Special Studies (1-15)
Terms and hours to be arranged.

HE 406 Special Individual Studies (1-15)
Terms and hours to be arranged. Credit for HE 406 and 407, singly or combined, may not exceed six credit hours.

HE 407 Seminar (1-15)
Terms and hours to be arranged. Credit for HE 406 and 407, singly or combined, may not exceed six credit hours.

HE 409 Practicum (1-12)
Terms and hours to be arranged.

HE 410/510 Violence, Trauma and Grief in Children and Adolescents (3)
Designed for anyone who works with youth. It will address multiple aspects of violence, trauma, and grief and how they impact the overall health and well-being of children and adolescents. Preventive measures as well as actions to assist in coping with such incidents will be included.

HE 415/515 Child and Adolescent Health (3)
A study of the physical, emotional, social and environmental health issues affecting children from pre-school through adolescence. Emphasis will be on the impact of these health problems on learning and the role of the school in their prevention, discovery and referral for treatment.

HE 420/520 Healthy Relationships (3)
Increases awareness of the important role that relationships have on one’s health. Opportunities to assess, analyze, and enhance personal and professional relationships will be explored. Educators will learn how to model and promote healthy relationships for both students and colleagues.

HE 421/521 AIDS and Sexually Transmitted Diseases (3)
Provides students with a fundamental understanding of HIV/AIDS and sexually transmitted diseases and the evolution of epidemics from a global perspective. The history, etiology, epidemiology, and prevention strategies of HIV/AIDS and STD’s will be studied. Comparative analysis of how societies and cultures around the world are managing the HIV/AIDS epidemic from an economic, political, legal and ethical perspective will be explored.

HE 425/525 Current Issues in Nutrition (3)
Provides a critical examination of current issues and controversies in nutrition. The course will focus on the relationship between prudent dietary habits and disease prevention as well as the relationship between specific nutrients and chronic disease. There will be an emphasis on cross-cultural analysis throughout the course.

HE 426/526 Sports & Exercise Nutrition (3)
Examination of nutrition as it relates to the demands of exercise and competitive sport. Special emphasis on the differing needs of population groups and the relationship of diet and exercise to optimal health.

HE 429/529 Health and Social Services (3)
An analysis of potential solutions to human problems offered through health and social service agencies and programs.

HE 433 School Health Programs K-12 (3)
Provides skills and competencies in administration of the health program and services, and curriculum design.

HE 434 Diseases (3)
Modern concepts of diseases, prevention and control of diseases; characteristics of common communicable diseases; chronic disease control; special chronic diseases and programs of prevention and control. Prerequisite: BI 334 and 335

HE 462/562 Contemporary Health Issues (3)
An analysis of current health issues, including drug education; an understanding of man’s ecology and man’s interaction to society; and the impact of political, psychological, sociological, and economic factors on human health.

HE 465/565 International Health (3)
Provides students with an overview of international health issues, policies, and interventions. Students will explore relationships between political, economic, educational, cultural, and demographic conditions of developing countries and the impact on health and health services. A major focus of the course will be on developing countries access to information and biomedical technology, their urgent health problems, and the development of primary health care. Other topics to be addressed include rational political structures that promote public health, international health organizations, infectious diseases, maternal and child health, countries in transition and the double burden of disease, and the public health impact of war and terrorism.

HE 466/566 Study of Drugs and Alcohol (3)
A study of the historical, cultural, economic, legal, medical and health factors involved in the use of various drugs, including alcohol, in contemporary society.

HE 471/571 Program Planning, Methods and Evaluation (3)
An overview of the process for designing, presenting and evaluating health education programs.

HE 475/575 Epidemiology (3)
Students will understand the foundation of epidemiology and why it is important in the context of society, in the context of health education and health planning, and in the context of everyday life.

HE 480/580 Eastern Minds/Western Ways (3)
This course will examine a more traditional approach to health and wellness which promotes and incorporates alternative concepts, methods and philosophy from Eastern cultures (mainly Asian), into a modern contemporary Western society.

HE 481/581 Mind/Body Health (3)
This course is designed to introduce students to the concept of the mind, body, spirit connection, and that connection’s implications for good health. The course will examine the evidence that supports this connection. It will also examine the impact that negative and positive emotions, attitudes and relationships have on health.

HE 484/584 Mindfulness: The Art of Mindful Living (3)
The study of mindfulness will be explored from an interdisciplinary understanding utilizing history, psychology, philosophy, Eastern religions, and education with modern application in the field of health and medicine. Students will explore theoretical concepts ways to apply mindfulness to enhance their personal and professional lives.

HE 485/585 Bioethics and Public Health (3)
The course considers dilemmas of moral reasoning relating to issues raised by medical treatments, technologies, and the life sciences. This field of study is now referred to as “Bioethics”. Examines the moral dimensions of often-controversial perspectives in bioethical decision making and the short and long-term individual and social implications of those decisions. Students will explore, major questions of medical technology, biological and chemical warfare, abortion, reproductive technology, population control, organ transplantation, stem cell research, the allocation of health-care resources, genetic engineering, cloning, and all the ethical problems associated with dying as a matter of ensuring public health.

HE 491/591 Stress Management (3)
An examination and application of accepted stress management strategies with emphasis on helping others to eliminate, reduce or mediate stress.

HE 496 Methods and Materials in Health Education K-12 (3)
An in-depth and comprehensive methods and materials class, teaching skills and competencies in administration of the health program and services, philosophy and goals. Prerequisite: senior standing
History

HST 101, 102, 103  History of Western Civilizations (4 each)
Systematic study, through texts and printed documents, of the political, social, economic, and cultural developments of the Western world (including the Mediterranean region in ancient times) from the dawn of civilization through the present. Emphasis will be given on major changes in social structures, economic and political institutions, and in value systems.

HST 104, 105, 106  World History (4 each)
A thematic as well as chronological approach to world history. Course content is derived from a study of several of the formative civilizations of the past and present.

HST 201, 202, 203  History of the United States (4 each)
Examines the origins and evolution of the United States in three eras: 201- from pre-contact era through the early Jacksonian era; 201- from Jacksonian era through the era of Progressive reform; 201- from the Progressive era through the present. Examines, in each era, the diverse origins and cultures of people migrating into and within what is now the United States, with attention to changing priorities and patterns of community, government, and economic development.

HST 211, 212  American History Survey (4 each)
This two-semester course examines the evolution of the United States from pre-contact period to the Civil War and from Reconstruction to the present. In each era the course will examine the diverse origins and cultures of people migrating into and within what is now the United States, with attention to changing priorities, patterns of community and diversity, government, and economic development.

HST 304, 305, 306  English History (4 each)
From ancient Albion to modern Great Britain, this three-part course charts the evolution of English civilization from the dim beginning of British culture through its maturity into Anglo-Saxon and Anglo-Norman England culminating in Great Britain as the empire-builder in the 19th century and a struggling European nation in the post-Cold War and post-industrial world. This course places a special emphasis on personalities as well as on constitutional and institutional themes.

HST 315  Ancient Near East and Egypt (4)
Examining the archaeological and historical evidence for the growth of culture in Mesopotamia and the Nile valley.

HST 316  Ancient Greece (4)
Survey of the cultural and political development of the Greek world from the Mycenaean period to the end of the Peloponnesian war (404 B.C.).

HST 317  Ancient Rome (4)
Study of the cultural and political evolution of the Roman world from its inception to the break-up of the empire in the fifth century A.D.

HST 318  Women in the Greco-Roman World (4)
Survey of the artistic, historical and archaeological evidence for the role of women in the society of the ancient world.

HST 319  Aristophanes' Athens (4)
This course examines the social and political structure of Athenian democracy through the medium of the plays of the Athenian comic, Aristophanes.

HST 320  Cicero and the Politics of the Late Republic (4)
This course examines the turbulent period of the first century B.C. through the medium of the speeches and letters of Cicero.

HST 321  Biography and Empire (4)
A critical analysis of the period of the "Twelve Caesars" and the differing approaches and concept of history as seen in ancient biography and historical writing. Readings will centre upon Tacitus, Suetonius, Dio Cassius and Plutarch.

HST 322  Cities of Vesuvius: Pompeii, Herculanum and Stabiae (4)
This course will consider the archaeological and literary evidence that these unique sites offer us for life in the ancient world. Topics to be covered will include urbanism, family life, social and cultural life of the community, and the economy.

HST 325  Archaeology of the Biblical World (4)
This course examines the archaeological and historical context of Judaism and its relationship to the cultures of the classical world. As well as surveying the archaeological and biblical material, students will also be expected to study historical texts: in particular the works of Flavius Josephus.

HST 330  The Early Middle Ages (4)
A study of the origins and early development of medieval European culture and institutions, 450-850 AD, focusing particularly on the Greco-Roman cultural heritage, the role of the Christian church and the contribution of the Germanic tribes.

HST 331  The High Middle Ages (4)
A study of Europe, 850-1200 AD, focusing on the economic, political, social, religious, and intellectual revival of the 9th and 12th centuries, and culminating in the crusading movement of the 12th century.

HST 332  The Late Middle Ages (4)
Examining the crisis of medieval society in the 14th century and the impact of the Hundred Years' War.

HST 333  Women and Family in the Middle Ages (4)
Examines the position of women and the family in the Medieval period through the medium of artistic, archaeological and historical sources.

HST 334  Byzantine Empire (4)
This course will focus on 'grandeur' social and political themes examining the political fortunes of Byzantium, its role in preserving the classical heritage and culminating in its impact on the Renaissance.

HST 335  The Crusades (4)
Focuses on the religious and cultural inspiration for the crusading movement as well as its impact in the Middle East and their legacy both in the medieval and modern worlds.

HST 350  Pre-Columbian and Colonial Latin America (4)
A survey of Latin American Indian cultures and civilizations, their discovery and conquest by the Spanish and Portuguese, and the development of Iberian empires in America. Examination of the colonial systems and their cultures.

HST 351  Mexico and the Caribbean Since Independence (4)

HST 352  South America Since Independence (3)
A study of national revolutions, political and economic problems of the new republics, and cultural trends. In the 20th century the themes of militarism, industrialization and social revolution are emphasized.

HST 391  History of East Asia: Traditional China (4)
To survey Chinese civilization from the earliest times to the mid-17th century, this course focuses on the aspects of history and culture that define the character of Chinese civilization. Special emphasis will be placed on the development of enduring institutions, intellectual and religious traditions, major change in demographic, social, economic, and political patterns during the Tang-Sung and Ming-Qing transitions.

HST 392  History of East Asia: Traditional Japan (4)
A general picture of Japanese history in the hope of furthering students' understanding of present-day Japan through the study of her past. The lecture and discussion will provide facts as well as analyses of significant events, conditions, and accomplishments of Japanese people.

HST 393  Modern East Asia (4)
Focuses on the historical process which witnessed the modernization of the major Asian civilization of China and Japan. Attention will be given to the different paths each of these countries has taken and the different problems each has faced in the attempt to build a modern state.

HST 394  Southeast Asia: Imperialism to Independence (4)
An introduction to the region's period of transition caused by Western colonialism and indigenous responses to it. European colonial history is examined through Southeast Asian ideas and reaction to Western expansion and intrusion.
HST 395 Southeast Asia: World War II to Cold War (4)
Surveys developments in the region's troubled era of war, rebellion, and revolution following independence after World War II. Highlights a comparative analysis of Southeast Asia's contemporary experience from indigenous point of view.

HST 396 Southeast Asia: Cold War to the Present (4)
Surveys Southeast Asia's attempts at political integration and economic recovery in the 1980s through the end of the century—period generally recognized as the prelude to the 21st or the Pacific Century.

HST 399 Special Studies (1-6)
Provides a means by which students may earn upper-division credit for research, writing, reporting, discussion, and career-related and/or participatory skills.

HST 401 History and the Internet (4)
This course will provide students with a critical foundation and research experience in the use of the Internet for the study of history. Students will learn about the history of the Internet and will analyze its use in the academy and for scholarly research, communication, and publication. Students will consider and evaluate the scholarly content of listservs, electronic texts and journals, and history links and Web sites and will conduct research leading to a course project.

HST 405 Reading and Conference (4-6)

HST 407/507 Seminar (4)
Special seminar topic offerings in the history discipline.

HST 409 Practicum (1-6)
Students will be placed with private and/or governmental agencies where they will work in their capacity as an historian and become familiar with the requirements and the possibilities of applying their skills in the public sector.

HST 410 Gender Issues in History, Part I (4)
In this first course in the sequence students will consider the history of women, men and gender relations to the 19th century. The course will introduce students to themes and methodologies for the study of gender in history and will focus on comparative cultural ideas about gender and sexuality and how these shaped social roles. Students will use gender as a category of analysis to study the period of colonization, revolutions and the impact of industrialization. Students will consider the way in which race, ethnicity and class intersect with gender to shape women's and men's lives.

HST 411 Gender Issues in History, Part II (4)
Second course in the sequence. Students will consider the history of women, men and gender relations in the 19th and 20th centuries. Emphasis on cultural ideas about gender and gender roles, families, communities, and the state, and the way in which race, class, ethnicity, and sexuality intersect with gender to shape women's and men's lives. Major processes such as suffrage, labor reform, the women's movement, the gay and lesbian liberation movement, and study gender and politics, war and the economy, and the social and intellectual history of gender issues in this period will be covered.

HST 416 Archival Science (4)
An introduction to the methods and philosophy of conserving and collecting archival records and professional standards of organizing, indexing, and controlling access to printed materials of historical significance. Includes an overview of the archivist's responsibilities for acquiring, securing and providing access to materials according to ethical and professional standards of stewardship.

HST 417 Oral History (4)
An introduction to the methods and philosophy of conducting and developing oral interviews with primary actors as a source for historical research and analysis. Includes an overview of the evolving standards of the oral interview as a primary source, historiographic traditions in the use and analysis of such interviews, comparative readings in oral history, and practical application of the method in consultation with the instructor and in collaboration with other students.

HST 418 Historical Editing (4)
An introduction to the methods and philosophy of editing and annotating historical documents and manuscripts with an emphasis on organizing and preparing primary sources to facilitate their later use by the professional and lay public. Includes hands-on experience with primary collections and project-oriented training in providing context while preserving the integrity and spirit of the original, unedited source.

HST 419 Introduction to Public History (4)
This course begins with a review of the special skills of the historians craft. Then students are introduced to the sectors of public history such as business related opportunities, government service, archival and museum work, and historical editing.

HST 420/520 Philosophies of History (4)
The evolution of the discipline of history as portrayed through the writings of the major historians. Prerequisite: consent of instructor

HST 423 The Renaissance (4)
An examination of the origins and development of the Renaissance in Italy from the early 14th to the mid 16th centuries, noticing in particular the economic, social, political, intellectual, and artistic manifestations of this movement. Another focus is on the effects of the Italian Renaissance in northern Europe in the 16th century, including the relationship between Renaissance Humanism and religious reform.

HST 424 The Reformation (4)
A close look at the origins and development of the Protestant Reformation in Europe from the 14th through the 15th and 16th centuries and the relationship between the Reformation and the rise of nation states. The religious wars of the 16th and 17th centuries and the Catholic Reformation will also be examined.

HST 425 Early Modern Europe (4)
Movements and events of the 17th and 18th centuries; the Enlightenment; the Old Regime; the classical age in art, architecture and literature; the development of modern science, society and nation states.

HST 426/526 West Africa: Democracy and Dictatorships (4)
This course focuses on the developmental programs and problems of select West African nations, especially Ghana and Nigeria.

HST 427/527 East Africa: Democracy and Dictatorships (4)
History of Ethiopia (from Emperor Haile Selassie's reign in the 1960's thru the socialist regime of Mengistu Haile Mariam), Tanzania under Julius Nyere, Somalia under Mohammed Said Barre, Uganda (from Milton Obote to Idi Amin), Kenya under Jomo Kenyatta, and Zambia under Kenneth Kaunda.

HST 431/531 England Under the Tudors and Stuarts (4)
Critical overview of the evolution of English government, society, and economy toward modernity. Students will be exposed to the rich historical and historiographical literature and examine the various developments that were to transform early modern England from a third-rate European country into the first truly modern and powerful state of the Western World in the course of two hundred years.

HST 436 Mexico Since Independence (4)
An overview of the Indian and Spanish background of Mexico with emphasis on 19th century liberalism, foreign intervention, the Mexican Revolution, and modernization.

HST 437 History of Modern Germany (4)
A survey of the key issues influencing the construction and early history of a unified German state founded under Prussian dominance in 1871. The changing faces of liberalism, nationalism, conservatism and socialism will be analyzed, as they evolved following the aborted revolution of 1848 up to the outbreak of World War I.

HST 438 History of Modern Germany (4)
A survey of the nature and evolution of German society, culture and politics with an emphasis on World War I, the Revolution of 1918-1919, the Weimar Republic, and the Nazi state. At the heart of this course lies the question of the rise of Hitler to power and the reasons for the string of successes experienced by the Nazi regime prior to its eventual downfall.

HST 439 History of Modern Germany (4)
Beginning with the post-World War II division of Germany, the politics and economics of East Germany, the remarkable economic recovery starting in the 1950's and the impact of new social movements of the 1960's, 1970's, and 1980's in the West are some key developments that will receive prominent attention. The revolution of 1989 and the conflicts engendered by reunification will serve as the conclusion to this course.
HST 440 Modern France: Revolution and Napoleon (4)
The structure of the Ancient Regime, its
demolition by the Revolution, the anatomy and
the achievements of the Revolution, and its
transformation by Napoleon.

HST 441 Modern France: 19th Century (4)
The political, economic and social development
of France in the 19th century, her changing
governments and her attempts to achieve the
ideals of liberty, equality and fraternity, which had
been set forth in her 1789 revolution; her changing
international position.

HST 442 Modern France: 20th Century (4)
France in two world wars with an interwar
depression and the rise of Nazi Germany; her
developments and readjustments since 1945.

HST 443/543 19th Century Europe (4)
Europe from the Congress of Vienna to the Treaty
of Versailles, including the rise of liberalism,
conservatism, nationalism, socialism, industrialism,
imperialism, irrationism, and militarism
culminating in World War I.

HST 444/544 20th Century Europe: The Two
World Wars (4)
The impact of World War I, the interwar adjustment
and conflict between democracy and the totalitarian
powers; World War II.

HST 445/545 20th Century Europe: Postwar
Period (4)
Problems of reconstruction in postwar Europe; the
birth and demise of the Cold War; disintegration
of Communist Europe and its aftermath; European
intellectual culture in the second half of the 20th
Century.

HST 446 Arab World in Transition (4)
A critical examination of the history of the Middle
East from the First World War to the Gulf War,
based on a critique of the theory of modernization,
emphasizing the political dimensions of human
choices in "traditional settings." These dimensions
are explored through a study of social, cultural,
and political history of the Arab world.

HST 447/547 History of Russia/Eastern
Europe (4)
History of Russia and Eastern Europe from the time
of the rise of the Medieval monarchies in the 9th
century to 1700. Course is designed to discuss the
development of the eastern European monarchies,
the impact of Mongol and Ottoman conquests and
to convey an understanding of the reasons for the
relative underdevelopment of this geographic area
compared to Western Europe.

HST 448/548 History of Russia/Eastern
Europe (4)
The History of Russia and Eastern Europe from the
end of the 17th century to the First World
War. Focus points of this course will be various
attempts to 'modernize' the regimes and societies
of the Russian, Habsburg, and Ottoman empires
and the Polish-Lithuanian Commonwealth; the
development of nationalism; the development of
labor movements; and the survival of absolutist
monarchies into the 20th century.

HST 449/549 History of Russia/Eastern
Europe (4)
The History of Russia and Eastern Europe from the
Russian Revolutions of 1917 to the Present.
Emphasis will be placed on understanding the
origins and the nature of Bolshevism, Stalinism, and
Soviet society; the rise of right-wing authoritarian
regimes in Eastern Europe between the First and
Second World Wars; the mechanisms of inclusion
of Eastern Europe into the Soviet sphere of
influence after 1945; the reasons for the ultimate
disintegration of Eastern bloc societies and
economies; and the nature of the revolutions of
1989.

HST 450/550 Popular Culture in China (4)
A survey on Chinese culture. Included are social
relationships, religions and philosophies, sciences
and medicines, geomancy and cosmology, food
and health, arts and cinema from traditional to
modern time period. It is to provide students with
an understanding of Chinese culture, assessment of
their unique thoughts and systems of values.

HST 451/551 Popular Culture in Japan (4)
A survey on Japanese culture. Included are patterns
of behavior, popular morality, philosophies and
religions, folk tales, arts, music, theater, also the
taste of nature shown in the daily diet, flower
arrangement, and gardens. It is to provide students
with an understanding of the traditional Japanese
way of life. Specific emphasis will be placed on how
these customs have been practiced in Japanese
society.

HST 452/552 History of Spain & Portugal (4)
Starting with a description of the Pre-Roman
societies of the Iberian Peninsula, this course
traces the evolution of the cultures and states
that developed in the Iberian Peninsula through
1700. The Islamic civilization in medieval Iberia,
gradual reconquest of Arab Spain by Christian
armies, the emergence of the regional monarchies,
the foundations of global empires by Spain and
Portugal, and the cultural achievements of early
modern Spain and Portugal will be some of the
crucial issues structuring this course.

HST 453/553 History of Spain & Portugal (4)
This course will analyze the 18th century reforms,
the French occupation (1807-1813), and the
turbulent interrelationship between liberalism and
conservatism characterizing much of the
19th century. In the 20th century the course
will concentrate on the loss of the empires, the
development of positivism, nationalism, socialism,
and anarchism. The nature of the Portuguese and
Spanish Republics, the origins of the Spanish Civil
War, the Franco and Salazar dictatorships, and the
transition to democracy in the 1970s will be some of
the issues addressed.

HST 454/554 History of Modern Italy (4)
This course will cover the history of modern Italy
from the era of Habsburg dominance to the present.

Emphasis will be placed on the 19th and 20th
centuries; the Liberal era prior to 1914; the rise of
fascism, the transition from fascism to democracy;
and the politics, culture and society of the post-1945
Italian Republic.

HST 455 Colonial America (4)
Colonial background of North American history from
the Age of Discovery to the Revolution. Emphasis on
broad, unifying themes of the colonial period.

HST 457 Jacksonian America (4)
The United States, 1815-1850. Westward expansion
and the roots of intersectional conflicts; growth of
a native American culture: party struggles of the age
of Jackson.

HST 458 Civil War and Reconstruction (4)
The critical decade before the Civil War; the war to
preserve the Union; efforts to reconstruct southern
society after the war, and the resulting turmoil.
Emphasis on changing interpretations of Civil War
history.

HST 459 Business America and Progressivism
(4)
An examination of urban-industrial development in
the years following Reconstruction to the turn of
the century. The course will also deal with intellectual,
social and cultural change as well as American
foreign policy.

HST 460, 461 Multicultural America in
Historical Perspective (4 each)
The history of ethnicity, race and multicultural issues
in the United States from the period of colonization
to the present. HST 460 presents these themes from
indigenous cultures prior to European colonization
to the mid-nineteenth century. HST 461 considers
the period from the late 19th century to the present.

HST 462 American Voices: Autobiography,
Biography, and Memoir in American History
(4)
This course will provide students with a critical
foundation in the analysis of autobiography and
biography as sources for the study of the American
past. Students will consider a variety of texts, will
study theory and methodologies for using these
sources in scholarly analysis, and will consider
gender, race, ethnicity, and class as categories of
analysis for the course.

HST 463 America and the World Wars (4)
Examines the impact of World War I and World
War II had on Americans and American society. Students
will consider such issues as gender and war, the
home front, national and international policy, labor
issues, race and ethnicity, and the transformation
of American culture through mechanization,
bureaucratization, and wartime shifts in production.

HST 464 Cold War America (4)
This course will examine the impact of the Cold
War on Americans and American society. Students
will consider such issues as national and international
policy, McCarthyism, the Vietnam conflict, and the
military-industrial complex.
HST 465 Health, Medicine and Gender in Historical Perspective (4)
This course presents three key areas of analysis for the study of health, medicine and gender in historical perspective. The first concerns gendered ideas about sexuality and gender roles and how these relate to health care in history. The second is a comparative examination of women and men as health care providers in different cultures. The third is a focus on women and men as recipients of health care and as health care activists. Students will consider the ways in which difference—in race, ethnicity, class, sexuality, age, abilities, and other categories—has affected women’s and men’s experiences of health and healing in historical and contemporary terms.

An overview of Mexican history and culture from the invention of civilization to the creation of the modern Mexican state. Pre-Columbian themes include agriculture, trade, religion, art, architecture, and political expansion. Colonial themes include the conquest and fusion of Spanish and Native American cultures. Nineteenth century themes include independence, foreign invasion, civil war, and modernization. Emphasis of relevance to Chicanoa/ Latino/a heritage.

HST 467 Chicanoa/a History (4)
A history of people of Mexican descent in the United States with emphasis on the origins of their constitutional status as citizens of the United States. The course explores the implications of various reinterpretations of that status for a people confronted with the Anglo-American culture of colonization from the early 19th century through the emergence of a culturally and politically self-conscious Chicanx/a movement in the late 20th century, with attention to the implications of immigration trends in the late 20th century.

HST 468 Canada to Confederation - 1867 (4)
Examines the history of Canada from the pre-contact era through confederation in 1867 with attention to nationalist trends at the provincial and regional levels, and with particular emphasis on comparative colonial cultures within the region of North America now included as part of Canada. Explores issues of racial and cultural interaction among various immigrant groups and First Nations peoples in Canada in the context of imperial struggles for power and conflict with the nationalist interests of the United States.

HST 469 Canada Since Confederation (4)
Examines the history of modern Canada from confederation (1867) through the present with attention to nationalist trends at the provincial and regional levels and federal efforts to secure a sense of Canadian nationalism, in the context of counter-national movements and interpretive themes of particular relevance in the study of comparative North American cultures, including First Nations movement and immigration trends of the late 19th and 20th centuries.

HST 470 Environmental History (4)
Examines the history of ecological transformations associated with historical patterns of community organization, population movements, agricultural production, scientific inquiry, industrial development, urban growth, and systems of trade and commerce from ancient times to the present with particular attention to North America and global trends of the 19th and 20th centuries.

HST 476/576 U.S. West to 1900 (4)
Examines the origins, traditions and cultural interaction within the North American, trans-Mississippi West of peoples living in the region from the pre-contact era through the late 19th century with particular attention to comparative colonial cultures in the region, and the integration of the region into the industrial, political and social framework of the United States as an emerging imperial power. Explores issues of natural resource identification and allocation in relation to nationalist expansion and cultural conflict.

HST 477/577 U.S. West in the 20th Century (4)
Examines the transformation of the trans-Mississippi West in the 20th century with particular attention to the market networks, community traditions, and historical myths that have shaped the ways in which the diverse peoples of the West have viewed themselves in relation to their surroundings, with particular attention to economic growth and industrialization in the context of federal power and regional resistance.

HST 478/578 Pacific Northwest History (4)
Explores how various events in the past shaped emerging traditions of community and government in the Pacific Northwest. Course surveys some pre-contact communities and traces evolving relations between local communities and various incarnations of imperial power, immigration and industry through the late 20th century. Introduces students to historical methods, primary sources and professional resources suitable for teaching, community service or graduate work.

HST 485 British Constitutional History (4)
Historical roots of the concept of constitutional law and its application and evolution from the Magna Carta through the Glorious Revolution. Explores comparative aspects of British constitutional theory in relation to the center of the empire (Great Britain) and in British colonies.

HST 486 North American Constitutional History (4)
A comparative study of constitutional history in Canada and the United States, with attention to colonial North America and emerging nationalist movements in the United States and Canada. Explores the evolving concepts of constitutional law and constitutional theory at the state, provincial and national levels, with an emphasis on regional perceptions of legitimate authority. This course is the second quarter of a three-quarter sequence that includes HST 485, HST 486 & HST 487/PS 479.

HST 490/590 20th-Century Latin America (4)

HST 491/591 History of Inter-American Relations (4)
A diplomatic history from 1810 to the present with emphasis on relations between the United States and Latin America.

HST 492/592 World Problems (4)
Selected historical issues which are both contemporary and significant. Attention given to the political, economic and social aspects of these global issues.

HST 493/593 Modern China I: Fragmentation and Reform Movements in Late Imperial China (4)
Course discusses the clash between China and the West, and the response of China’s scholars.

HST 494/594 Modern China II: The Republic of China in the 20th Century (4)
Course explores the issues of envisioning state and society, the experiments in democracy, war and revolution, as well as political reform and economic miracle in Taiwan.

HST 495/595 Modern China III: People Republic of China, Confucianism and Socialism (4)
Course examines the birth of the Chinese Communist Party and the people of democratic China, and how Chinese socialism adjusted to live in the world. The history of modern China can connect students to present world issues in which the United States is involved, in particular in the Pacific basin.

HST 496/596 Women in Indian Society (4)
Course provides insights into Indian women’s lives, and how they are influenced by religions and philosophies (Hinduism and Buddhism), caste system, marriage and family systems. Special attention will be given to the ideals of femininity influenced by the religious practices in classical Hinduism, such as apotheosis, henotheism, sacrifice and yoda; the ideal life cycle of the normative Hindu women; the alternative images of the feminine; the criticisms of the feminine ideal at the modern period regarding women’s position in the Constitution and the new secular state, and the development of women’s legal status, property rights, and liberation struggle.

HST 497/597 Women in Japanese Society (4)
Course discusses the clash between China and the West, and the response of China’s scholars.

HST 498/598 Women in Chinese Society (4)
Course explores the lives of various groups of women (wife, concubines, courtesans, singer girls, and maids), including their activities in public and domestic dichotomy. In addition, specific topics to introduce traditional Chinese culture, such as foot binding, gender and sexuality in religion and literature, as well as gender in gynecology and pathology.
HST 499 Senior Seminar (4)
Research and writing of a seminar paper showing the variety of sources, knowledge of the literature, and the development of historical style.

HST 501M Research (1-6)
Terms and hours to be arranged.

HST 503M Thesis (1-6)
Terms and hours to be arranged.

HST 505M Reading and Conference (1-6)
Terms and hours to be arranged.

HST 507M Seminar (3)

HST 508M Workshop (1-6)
Terms and hours to be arranged.

HST 509M Practicum (1-9)
Terms and hours to be arranged.

HST 521M United States Before 1865: Topic (4)
Reading, discussion and research of the historical literature relevant to the United States prior to 1865

HST 522M United States After 1865: Topic (4)
Reading, discussion and research of the historical literature relevant to the United States since 1865

HST 523M Latin America: Topic (4)
Reading, discussion and research of the historical literature relevant to Latin America.

HST 524M Europe: Topic (4)
Reading, discussion and research of the historical literature relevant to Europe.

HST 525M Asia: Topic (4)
Reading, discussion and research of the historical literature relevant to Asia.

HST 526M Africa: Topic (4)
Reading, discussion and research of the historical literature relevant to Africa.

HST 401 Senior Honors (2-3)
Individual research or original writing with scheduled seminars in approved areas of work. Enrollment is limited to selected students of superior academic achievement. Limit of six credit hours. Enrollment limited to students in Honors or Honors Associate programs.

H 403 Senior Honors Thesis (3)
Individual research or original writing with scheduled seminars in approved areas of work. Enrollment limited to students in Honors or Honors Associate programs.

H 407 Honors Seminar (3)

Humanities
HUM 199 Special Studies (1-15)
Terms and hours to be arranged.

HUM 306 Special Studies in Humanities (3)
One of a variety of topics in the humanities as announced in the schedule of classes. The course may be taken twice if content is not repeated.

HUM 325 Studies in German Culture & Literature to 1900 (3)
Focus on cultural aspects of modern Germany and Austria, their people, customs and institutions.

HUM 328 Introduction to Chicano/a Literature (3)
Introduction to texts representative of the Chicano/a literary heritage. Sampling of genres, historical and geographical settings and perspectives, characteristic of work written by Chicano/as during the 20th century. Prerequisite: When conducted in English with a HUM prefix, no requirements necessary, but will not count for the Spanish major.

HUM 340 Civilization & Culture of Mexico (3)
A cultural survey of Mexico from the pre-Hispanic times to the present, including history, anthropology, literature, art, geography, politics, economics, and religion. Conducted in English.

HUM 342 Introduction to Chicano/a Life & Culture (3)
A cultural survey of the Chicano/a presence in the Southwest, including art, geography, history, folklore, politics, and current trends in the contemporary period. Students will acquire an understanding of experiences and preoccupations pertinent to Chicanos from the 1960s to the contemporary period. Prerequisite: When conducted in English with a HUM prefix, no requirements necessary, but will not count for the Spanish major.

HUM 343 Studies in German Culture and Literature to 1945 (3)
In-depth study of selected writers, forms and/or themes in German-speaking countries up to 1945 (i.e. Nazi Resistance).

HUM 344 Studies in German Culture and Literature to 1990’s (3)
In-depth study of selected writers, forms and/or themes in German-speaking countries up to 1990’s (i.e. Jewish/Holocaust studies).

HUM 399 Special Studies (3-4)

HUM 406 Special Individual Studies (1-6)
Terms and hours to be arranged. Designed for individual or special studies in a limited area of interest, under the guidance of a designated faculty member.

HUM 407 Seminar (1-15)
Terms and hours to be arranged.

HUM 408 Workshop (2-3)

HUM 409/509 Internship (1-12)
Terms and hours to be arranged. Supervised practical experience in a Humanities discipline, with supervision from a Humanities faculty member as appropriate (e.g., in the "Philosophy for Children" program, as a writer for an ad agency, as a master of ceremonies for a club’s program).

HUM 450 Senior Portfolio (1)
Provides guidance in producing and assembling the senior portfolio required of all students in the B.A. in English and B.A./B.S. in Humanities degrees.

HUM 503M Thesis (3-9)

HUM 506M Special Individual Studies (1-6)
Terms and hours to be arranged. Designed for individual or special studies in a limited area of interest, under the guidance of a designated faculty member.

HUM 507M Seminar (1-15)
Terms and hours to be arranged.

HUM 508M Workshop (2-3)

HUM 533M Philosophy in the Classroom (1-6)
Theory and pedagogy of developing reasoning skills and rational dispositions in the school classroom through guided philosophical discussions. Participants are involved in apprenticeship-type experiences in the conduct of such discussions. Content of course will vary, depending on chosen focus as to grade level(s) and subject area(s) of the curriculum. Course may be repeated up to a maximum of 8 hours if content is not repeated.

HUM 534M Project in Philosophy in the Classroom (1-3)
Follow-up project to HUM 533, to be taken in conjunction with that course or with special permission of the instructor.
Information Systems

IS 270 Applied Operating Systems (3)
Students will develop an understanding of how operating systems work and develop the necessary skills to interact with current operating systems. Includes laboratory assignments. Prerequisite: CS 162

IS 320 Data Structures (3)
Develops the ability to work with the classical abstract data structures. Students will work with the time complexity when applied to sorting and searching various data structures. Students will work with algorithms that apply to graphs. Prerequisite: CS 260

IS 409 Internship (3-6)
Offers practical experience working within a business or industry. Prerequisite: IS 421 or IS 483

IS 421 Database Administration (3)
Fundamentals of database administration, including installation, configuration, physical storage allocation and management, security, auditing, backup and recovery, and troubleshooting. Upon successful completion of course, students will know how to install and configure SQL servers; create and manage user logins and privileges; establish backup and recovery procedures; manage devices, databases and other disk storage; establish auditing procedures; and solve problems which arise during SQL server operations. Prerequisite: CS 420

IS 431 Web Based Application Development (3)
An introduction to the implementation of common business applications for electronic commerce using Internet related technologies. The basics of Hyper-Text Markup Language (HTML), Common Gateway Interfaces (CGI), Java, and other current technologies will be covered in the context of electronic commerce applications on the Internet. Prerequisite: CS 350, CS 420 and CS 425

IS 452 Internet (3)
Course focuses on networking hardware, software, and protocols related to the Internet beyond a LAN. Topics may include routing protocols, HTTP, network security, and Web server configuration and operation. Prerequisite: CS 350

IS 483 Systems Administration (3)
Students will gain knowledge so they can be well prepared as server administrators. Prerequisite: CS 350

International students

INTL 199 Reading/Writing/Research for International Students (6)
English course for non-native English speakers focusing on writing, reading and research paper writing skills for academic purposes. This is a required course for international students in the ESL Bridge Program/Conditional Admission Program. Other non-native speakers are also welcome.

INTL 199 Listening/Speaking for International Students (3)
English course for non-native English speakers focusing on academic note taking, lectures and interpersonal communication skills. This is a required course for international students in the ESL Bridge Program/Conditional Admission Program. Other non-native speakers are also welcome.

INTL 199 International Student Orientation (1)
Orientation course to prepare international students for academic success through the use and introduction to campus resources. This is a required course for international students in the ESL Bridge Program/Conditional Admission Program. Other non-native speakers are also welcome.

Library Science

LIB 405 Special Individual Studies (1-9)
Terms and hours to be arranged.

LIB 407 Seminar (1-6), variable terms and hours to be arranged.

LIB 409 Practicum (3-9)
Terms and hours to be arranged.

LIB 410/510 Library Management (3)
Analysis of library systems such as acquisitions, technical processes, cataloging, and classification, and circulation. An exploration of record keeping, planning and forecasting techniques applied to library management needs.

LIB 420/520 Organization of Library Collections (3)
Analysis of the organization and management of library collections and operations to accomplish their various functions effectively. A study of the concepts of multiple access, descriptive cataloging, L.C. Dewey and other classification systems, and L.C. Sears and other subject heading lists. Survey of commercial vendors cataloging services and on-line cataloging systems.

LIB 430/530 Literature for Children and Young Adults (3)
Literacy theory appropriate to literature for children and young adults. Information about selection processes, authors, illustrators, and books for pupils from pre-school through high school is included.

LIB 436/536 Information Design and Production (3)
Librarians, media specialists, classroom teachers, and trainers can create instructional graphic materials to meet specific local needs. Develop various skills in creation of graphics and lettering by a variety of methods, techniques of preservation and presentation of graphic audio and video materials, and opportunity to demonstrate skills acquired in materials production and use. Prerequisite: ED 435/535 or consent of instructor

LIB 440/540 Information Service and Sources (3)
Examination of the fundamental concepts of reference service in the school media center and of the use and evaluation of appropriate basic reference materials for school media center users.

LIB 450/550 Collection Development (3)
Concepts of collection assessment and development. Examination and use of selection tools and criteria for all types of print and non-print materials and equipment. Development of selection policies for both materials and equipment as well as philosophical viewpoints and current issues in censorship and intellectual freedom.

LIB 470/570 Teaching Information Skills (3)
Exploration of curriculum developments, currently available materials, programs and techniques used to teach information skills. Examination of state and national standards and guidelines for library media programs.
Linguistics

LING 210 Introduction to Linguistics (4)
An examination of similarities and differences in languages of the world (phonetics, phonology, morphology, syntax, and semantics), as well as issues in applied linguistics, child language acquisition, literacy, and dialect diversity.

LING 215 Structure of English I (4)
Overview of the linguistic structure of English including the sound system, word structure, and the grammar of simple and complex clauses.

LING 312 Language and Society (4)
A study of the relationship between language and society, including linguistic diversity, bilingualism, multilingualism, ethnography of speaking, and social bases for language change. Prerequisite: LING 210 and 215, or consent of instructor

LING 370 Discourse and Text (4)
The study of linguistic structure and function in context, including the analysis of style, genre, register and dialect. Prerequisite: LING 210 or LING 215 or consent of instructor

LING 370/570 Seminar (4)
Prerequisite: LING 210 or consent of instructor

LING 490 History of the English Language (4)
A study of the historical origins and development of the English language, including the principles and processes of language change. Prerequisite: LING 210 and LING 215, or consent of instructor.

LING 492 Structure of English II (4)
Advanced study of English syntax and semantics from a variety of theoretical perspectives. Prerequisite: LING 215 or consent of instructor

LING 496/596 Special Topics in Linguistics (4)
An exploration of selected topics in linguistics. Specific focus will be identified in each year’s schedule of classes. Prerequisite: consent of instructor

LING 506M Special Individual Studies (1-15)
Terms and hours to be arranged. Opportunity to study a special or individual area of interest under the guidance of a designated faculty member. Prerequisite: consent of instructor

LING 510M Theories of Grammar (3)
A survey of the theories of grammar as applied to the management needs of a library. A study of the preparation of a library for large scale automation; vendor selection process; and an overview of major products in automated acquisitions, catalog, and circulation systems.

LING 546M Information Transfer (3)
A survey of theories of sociology of knowledge and creation, diffusion and utilization of information in society, application of these theories to the creation and use of information services and sources, and the role of libraries in this process. Prerequisite: LING 540 or consent of instructor

LING 596M/M 597M Special Individual Studies (1-9)
Terms and hours to be arranged.

LIB 506M Special Individual Studies (1-9)
Terms and hours to be arranged.

LIB 507M Seminar (1-6), variable
Terms and hours to be arranged.

LIB 508M Workshop (1-9)
Terms and hours to be arranged.

LIB 509M Practicum (3-9)
Terms and hours to be arranged.

LIB 526M Computer in Library Management (3)
Performance of needs analysis of library management tasks. Practical experience with spreadsheet, graphing, and database programs provided.

LIB 546M Information Transfer (3)
A survey of theories of sociology of knowledge and creation, diffusion and utilization of information in society, application of these theories to the creation and use of information services and sources, and the role of libraries in this process. Prerequisite: LING 540 or consent of instructor

LIB 560M Library Automation (3)
An examination of planning, forecasting and record keeping techniques leading to a task analysis applied to the management needs of a library. A study of the preparation of a library for large scale automation; vendor selection process; and an overview of major products in automated acquisitions, catalog, and circulation systems.

LIB 580M Communication Theory (3)
Examination of theoretical models of communication and their application to various technologies of communication (e.g., print, video, motion picture film, etc.) to enhance training and instruction.

LIB 584M Organizational Theory (3)
The study of organizational theory and management principles as applied to library and instructional settings, with emphasis on the impact of instructional technology on organizational environments and the development of leadership skills.

LIB 586M Emerging Information Technology (3)
A study of current and emerging information systems from a philosophical and practical perspective. The origins, storage, transmission and retrieval of information will be explored, as well as the technologies which assist these activities.

Mathematics

The department offers two calculus sequences to meet students’ needs. MTH 251, 252 is the standard sequence recommended to most students in the physical sciences and mathematics. MTH 241, 242 is designed to serve the mathematical needs of students in the business, managerial, and social sciences. The choice between these two sequences is an important one; the choice of MTH 241, 242 effectively closes the door to most advanced mathematics courses.

MTH 099 Pre-college Algebra (4)
Basics of algebra, including arithmetic of signed numbers, order of operations, arithmetic of polynomials, linear equations, problem solving, factoring techniques, graphing lines, exponents, radicals, quadratic equations. Credits earned apply for enrollment (eligibility) but do not apply toward a degree; satisfy no university or college requirement. Additional fee applies.

MTH 105 Introduction to Contemporary Mathematics (4)
Use of mathematical problem solving activities from real world situations designed to convey the application of mathematics. Extensive use of computer and graphics calculator required. The class is intended only for those students obtaining a B.A. degree.

MTH 111 College Algebra (4)
Polynomial equations and inequalities, functions and graphs, inverse functions, rational functions, exponential and logarithmic functions. Prerequisite: MTH 095 or MTH 099 with grade C- or better, satisfactory score on WOU’s math placement test, or consent of instructor

MTH 112 Elementary Functions (4)
Triangle trigonometry, trigonometric equations and identities, circular functions and graphs, complex numbers, polar coordinates. Prerequisite: MTH 111 with grade C- or better or consent of instructor

MTH 199 Special Studies: Mathematics (1-6)

MTH 211 Foundations of Elementary Mathematics I (4)
Intended for prospective elementary or middle school teachers. Introduction to problem solving, set theory, whole number operations, number theory, integer operations, 3 hours lecture plus 2 hours lab. Prerequisite: Satisfactory score on math placement test taken at WOU or MTH 095 with a grade of C- or better or MTH 099 with a grade of C- or better. Does not apply toward a math major.

MTH 212 Foundations of Elementary Mathematics II (4)
Intended for prospective elementary or middle school teachers. Operations with fractions and decimals, percents, ratio and proportion, real numbers. Introduction to probability and statistics. 3 hours lecture plus 2 hours lab. Prerequisite: MTH 211 with a grade of C- or better. Does not apply toward a math major.
MTH 213 Foundations of Elementary Mathematics III (4)
Intended for prospective elementary or middle school teachers. Introduction to geometric figures, congruence and similarity, measurement (area, perimeter, volume and surface area), 3 hours lecture plus 2 hours lab. Prerequisite: MTH 212 with a grade of C- or better; does not apply toward a math major or minor.

MTH 231 Elements of Discrete Mathematics (3)
Includes sets, set operations, sequences, elementary symbolic logic, induction, division in integers, matrices, functions, order of growth, relations. Prerequisite: MTH 111 with grade C- or better, or consent of instructor; does not apply toward a math major/minor.

MTH 241 Calculus for Social Science I (4)
Differential calculus with emphasis on applications and model building in business and social science. Prerequisite: MTH 111 with grade C- or better; does not apply toward a math major/minor.

MTH 242 Calculus for Social Sciences II (4)
Integral and multivariate calculus with emphasis on applications and model building in business and social science. Prerequisite: MTH 241 with grade C- or better. Does not apply toward a math major/minor.

MTH 243 Introduction to Probability and Statistics (4)
Descriptive statistics, discrete and continuous probability models including binomial and normal distributions, sampling distributions; hypothesis testing, point and interval estimation. Prerequisite: MTH 111 with grade C- or better; does not apply toward a math major/minor.

MTH 251 Calculus I (5)
Differential calculus of functions of a single variable, including transcendental functions. Prerequisite: MTH 112 with grade C- or better or consent of instructor

MTH 252 Calculus II (5)
Integral calculus of functions of a single variable. The Fundamental Theorem of Calculus. Prerequisite: MTH 251 with grade C- or better or consent of instructor

MTH 253 Calculus III: Sequences and Series (3)
Convergence and divergence of sequences, L'Hopital's rule, improper integrals, infinite series, convergence tests, Taylor's Theorem with remainder, power series. Prerequisite: MTH 252 with grade C- or better

MTH 254 Multivariate Calculus (5)
Elementary vector algebra. Curves in space. Differential and integral calculus of functions of several variables and applications. Line integrals, Green's Theorem. Prerequisite: MTH 252 with grade C- or better

MTH 280 Introduction to Proof (3)
An introduction to basic proof strategies and elementary logic. Elementary set and function theory. Prerequisite: MTH 252 with grade C- or better

MTH 311 Advanced Calculus I (4)
A rigorous introduction to analysis. The topology of Euclidean spaces. Completeness, compactness. The Bolzano-Weierstrass Theorem, limits of sequences and functions. Continuity, uniform continuity. Uniform convergence. Prerequisite: MTH 253 and MTH 254 with grade C- or better. Concurrent enrollment in MTH 341; recommended: MTH 280

MTH 312 Advanced Calculus II (4)
A rigorous introduction to differential and integral analysis of functions of one variable. The Mean Value Theorem, Taylor's Theorem, The Riemann integral. The Fundamental Theorem of Calculus. Prerequisite: MTH 311 with grade C- or better

MTH 313 Advanced Calculus III (4)
A rigorous treatment of the differential and integral calculus of functions of several variables. The Inverse Function Theorem, the Implicit Function Theorem, Lagrange's method of constrained optimization. Representation of functions by infinite series, power series and integrals. Prerequisite: MTH 312 with grade C- or better

MTH 314 Differential Equations I (3)
Introduction to methods of solutions of first and second order differential equations. Linear and nonlinear equations, series solutions, applications. Prerequisite: MTH 253 or MTH 254 with grade C- or better or consent of instructor

MTH 337 Geometry (3)
Selected topics from advanced plane or solid Euclidean, analytic, transformational, spherical geometry. Prerequisite: MTH 254 with grade C- or better; recommended: MTH 280

MTH 338 Axiomatic Geometry (3)
A formal development of Euclidean and non-Euclidean geometry from axioms. History of geometry. Prerequisite: MTH 280 and either MTH 341 or MTH 337 with grade C- or better

MTH 341 Linear Algebra I (4)
Vector algebra and geometry of 3-space; systems of linear equations; Gaussian elimination; real vector spaces; determinants; linear transformations. Prerequisite: concurrent enrollment in MTH 254; recommended: MTH 280

MTH 344 Group Theory (3)
An introduction to the theory of groups. Lagrange's Theorem, normal subgroups, homomorphisms, the isomorphism theorems. Prerequisite: MTH 280 and MTH 341 with grade C- or better

MTH 345 Ring Theory (3)
An introduction to the theory of rings and fields. Prerequisite: MTH 344 with grade C- or better

MTH 346 Number Theory (3)
Properties of integers. The division and Euclidean algorithms, Diophantine equations, prime numbers, congruencies and residues. Prerequisite: MTH 253 or MTH 254 with grade C- or better; recommended: MTH 280

MTH 351 Introduction to Numerical Analysis (3)
Computer representation of numbers, error analysis, rootfinding, interpolation, approximation of functions, numerical integration and differentiation. Prerequisite: MTH 341 with grade C- or better

MTH 354 Discrete Mathematics for Computer Science (3)
Enumeration relations, digraphs, trees, graph theory, and related topics for computer science students. Prerequisite: MTH 231; does not apply toward a math major/minor.

MTH 355 Discrete Mathematics (3)
Sets, relations, functions, enumeration, mathematical induction, graph theory. Prerequisite: MTH 253 with grade C- or better; recommended: MTH 280

MTH 363 Linear Programming and Games (3)
Optimization of functions with linear constraints, convex sets, the simplex method and applications, duality; two person matrix games. Prerequisite: MTH 341 with grade C- or better

MTH 365 Mathematical Probability (3)
Probability theory developed through moment generating functions. Random variables, classical probability distributions. Prerequisite: MTH 253 or MTH 254 with grade C- or better

MTH 366 Mathematical Statistics (3)
Theory of point and interval estimation, hypothesis and significance testing. Prerequisite: MTH 365 with grade C- or better

MTH 391 Manipulatives in Mathematics (3)
Using concrete models to teach mathematics. Learning theory from concrete to abstract. Models include Cuisenaire rods, bean sticks, 2 cm. cubes, geoboards, and multi-base blocks. Two hours of lecture plus two hours of lab. Prerequisite: MTH 213 with a grade of C- or better in MTH 211, 212 and 213 or consent of instructor. Does not apply toward math major/minor.

MTH 392 College Algebra for Elementary Teachers (3)
Enhancement of algebraic skills via problem solving and the visual representation and use of algebraic methods. Integer arrays, algebraic patterns, linear equations, quadratic equations, and graphing. Two hours lecture plus two hours lab. Prerequisite: MTH 213 with grade C- or better in MTH 211, 212, 213 or consent of instructor. Does not apply toward a math major.

MTH 393 Probability and Statistics for Elementary Teachers (3)
Using basic elements of probability and statistics to solve problems involving the organization, description and interpretation of data. Concrete application will be explored. Two hours lecture plus two hours lab. Prerequisite: MTH 213 with a grade of C- or better in MTH 211, 212 and 213 or consent of instructor. Does not apply toward a math major/minor.

<td>MTH 441/541</td>
<td>Linear Algebra II (3)</td>
<td>Complex vector spaces, linear transformations, canonical forms, the spectral theorem and eigenvalue problems, applications. Students enrolled in MTH 541 will be expected to complete a graduate project. Prerequisite: MTH 341.</td>
</tr>
<tr>
<td>MTH 446</td>
<td>Abstract Algebra (3)</td>
<td>A rigorous treatment of group theory. Examples from many branches of mathematics. Normal subgroups, quotient groups, the homomorphism and isomorphism theorems. Prerequisite: MTH 345 or consent of instructor.</td>
</tr>
<tr>
<td>MTH 451</td>
<td>Numerical Analysis (3)</td>
<td>Introduction to numerical linear algebra, elements of approximation theory including data fitting. Theoretical foundations of numerical analysis. Prerequisite: MTH 311 and MTH 351.</td>
</tr>
<tr>
<td>MTH 460</td>
<td>Advanced Topics: Probability and Statistics (3)</td>
<td>Topics in probability and statistics for advanced undergraduate students. Prerequisite: consent of instructor.</td>
</tr>
<tr>
<td>MTH 472</td>
<td>History of Mathematics (3)</td>
<td>The history of mathematics from ancient to modern times. The effect of mathematics on the development of science. The interaction of mathematics with other fields of human endeavor such as philosophy, arts and social values. Prerequisite: Consent of instructor.</td>
</tr>
<tr>
<td>MTH 482</td>
<td>Foundations of Mathematics (3)</td>
<td>Selected topics from: Axiomatic systems, consistency, completeness, set theory, cardinality. Construction of number systems. Prerequisite: consent of instructor.</td>
</tr>
<tr>
<td>MTH 492</td>
<td>Abstract Algebra for Middle School Teachers (3)</td>
<td>An introduction to abstract mathematics as a structured mathematical systems. This course will explore number sets and properties, and beginning group theory with concrete applications for the elementary and middle school classroom. Two hours lecture plus two hours of lab. Prerequisite: MTH 396 with a grade of C- or better, or consent of instructor. Does not apply toward math major.</td>
</tr>
<tr>
<td>MTH 493/593</td>
<td>Experimental Probability and Statistics for Middle School Teachers (3)</td>
<td>The study of data collection and hypothesis testing through laboratory experiments, simulations and applications. The use of technology will be an important part of the data collection and analysis. Does not apply toward a math major/minor. Prerequisite: MTH 212 with a grade of C- or better in MTH 211 and MTH 212, or consent of instructor.</td>
</tr>
<tr>
<td>MTH 494/594</td>
<td>Geometry for Middle School Teachers (3)</td>
<td>Selected topics in informal geometry through the use of discovery and technology. The studies in how students learn geometry will be used in the development of geometric ideas. Students may not take both MTH 394 and MTH 494 for their undergraduate program. Does not apply toward a math major/minor. Prerequisite: MTH 213 with a grade of C- or better in MTH 211, 212 and 213, or consent of instructor.</td>
</tr>
<tr>
<td>MTH 495/595</td>
<td>Calculus Concepts for Middle School Teachers (3)</td>
<td>An introduction to the theory of functions of one real variable, the derivative and its applications to optimization, integration theory and its applications to areas and volumes, the Fundamental Theorem of Calculus and infinite series. A hands on approach with applications to the middle school curriculum. Two hour lecture plus two hour lab. Prerequisite: MTH 111 or MTH 392 with a grade of C- or better, or consent of instructor. Does not apply toward a math major.</td>
</tr>
<tr>
<td>MTH 498/598</td>
<td>Computer Applications in Math (3)</td>
<td>Integration of the computer into mathematics as a tool in problem solving and traditional mathematical computations at all levels. Commercial and student-</td>
</tr>
</tbody>
</table>
written programs will be used. Students enrolled in MTH 598 will be expected to complete a graduate project. Prerequisite: CS 211, MTH 252, or consent of instructor

MTH 501M Research (1-9)
Terms and hours to be arranged.

MTH 502M Independent Study (1-3)
Terms and hours to be arranged.

MTH 503M Thesis (1-9)
Terms and hours to be arranged.

MTH 504M Work Experience Internship (1-9)
Terms and hours to be arranged.

MTH 505M Reading and Conference (1-6)
Terms and hours to be arranged.

MTH 506M Special Problems/Projects (1-3)
Terms and hours to be arranged.

MTH 508M Workshop (1-9)
Terms and hours to be arranged.

MTH 509M Practicum (1-4)
Terms and hours to be arranged.

MTH 517M Complex Analysis (3)
The analysis of functions of a single complex variable. Conformal mappings, Cauchy’s Theorem, Cauchy’s integral formula, power series expansion of analytic functions. Prerequisite: consent of instructor

MTH 538M Transformational Geometry (3)
A study of transformations of the plane. Classification of the plane isometries. Crystallographic and frieze groups. Prerequisite: consent of instructor

MTH 547M Abstract Algebra (3)
Advanced group theory or ring and field theory. Prerequisite: consent of instructor

MTH 552M Numerical Analysis (3)
Introduction to numerical linear algebra, elements of approximation theory including data fitting. Theoretical foundations of numerical analysis. Prerequisite: consent of instructor

MTH 573M History of Mathematics (3)
The history of mathematics from ancient to modern times. The effect of mathematics on the development of science. The interaction of mathematics with other fields of human endeavor such as philosophy, arts and social values. Prerequisite: consent of instructor

MTH 581M Foundations of Mathematics (3)
Selected topics from: axiomatic systems, consistency, completeness, set theory, cardinality. Construction of number systems. Prerequisite: consent of instructor

MTH 590M Advanced Topics: Mathematics Education (3)
A study of selected topics in the teaching of mathematics. Prerequisite: consent of instructor

Military Science (ROTC)

MS 111 Adventure Training (1)
Introduction to ROTC, its relationship to the U.S. Army. Role of the Army officer, including leadership and management fundamentals. Types of jobs available to Army officers.

MS 112 Adventure Training (1)
Basic rifle marksmanship; military first aid; customs and traditions of the U.S. Army; unit organization and missions.

MS 113 Adventure Training (1)
How to read a topographic map and use a magnetic compass; includes practical exercises.

MS 211 Military Science II: Effective Team Building (2)
An examination of effective leadership. Military Leadership: styles, methods and techniques. Development of interpersonal skills using practical exercises and case studies.

MS 212 Military Science II: Fundamentals of Military Operations I (2)
Introduction to battle drills, battle focus and situational training exercises. Basic U.S. Army tactics at the individual, team and squad levels. Integration of military skills in offensive and defensive operations.

MS 213 Military Science II: Fundamentals of Military Operations II (2)
Introduction to troop leading procedures, the commander’s estimate and military orders. Application of leadership concepts in offensive and defensive operations at the squad level.

MS 214 Basic Summer Camp: Camp Challenge (6)
Six weeks of leadership training at Fort Knox, Kentucky. Substitute for the first two years of the ROTC program. Summer only.

MS 215 Fundamentals of Military Science (3)
Leadership and management fundamentals; role of the Army ROTC and the Army officer. Individual military skills and their incorporation into tactical operations at the squad level. Land navigation using map and compass.

MS 216 Basic Military Science (6)
Introduction to leadership and management. Organization of the Army and ROTC. The Army as a profession. Map reading and land navigation. Military tactics. Role of the Army officer. Summer only.

MS 311, 312, 313 Military Science III: Leadership and Management of Military Organizations (3 each)
The study of military leadership, management, and theory and dynamics of the military team. Apply principles to advanced military operations. Includes: leadership, management, and organizational theory, group dynamics, functions of staff organizations, development of the commander’s estimate, combat orders and plans, troop leading procedures, application of leadership concepts in offensive and defensive operations at the squad, platoon, and company level, and fundamentals of small unit tactics/patrolling.

MS 314 Advanced Summer Camp: Camp Adventure (6)
Practical and theoretical instruction for six weeks at Fort Lewis, Washington. Practical leadership application and experience in a military environment. Prerequisite: MS 311, 312, 313

Modern Languages

ML 199 First Year Foreign Language: Topic (4-12)
Offers students studying foreign languages which are not currently offered at the university the opportunity to earn credit for their efforts.

ML 299 Second Year Foreign Language: Topic (4-12)
Offers students studying foreign languages which are not currently offered at the university the opportunity to earn credit for their efforts.

ML 496 Strategies in Modern Language Teaching (3)
Future public and private school teachers of a modern or second language will have an opportunity to learn about the process of language learning and the various methods of language teaching.

Music

A maximum of 12 hours of music ensemble may be counted toward graduation. Courses include MUS 101/301 to MUS109/309.

MUS 100/300 Pep Band (1)
Participation in the pep band during football and basketball season. Offered fall and winter terms only. No audition required. Students at the freshman or sophomore level register for MUS 100. Students at the junior or senior level register for MUS 300.

MUS 101/301 Concert Choir (1)
Participation in concert choir. Students at the freshman or sophomore level register for MUS 101. Students at the junior or senior level register for MUS 301.
MUS 102/302 Chamber Singers (1)
Participation in chamber singers. Auditions are required for participation in this ensemble. Students at the freshman or sophomore level register for MUS 102. Students at the junior or senior level register for MUS 302.

MUS 103/303 Vocal Jazz Ensemble (1)
Participation in vocal jazz ensemble. Auditions are required for participation in this ensemble. Students at the freshman or sophomore level register for MUS 103. Students at the junior or senior level register for MUS 303.

MUS 105/305 Symphony Orchestra (1)
Participation in the symphony orchestra. Auditions are required for participation in this ensemble. Students at the freshman or sophomore level register for MUS 105. Students at the junior or senior level register for MUS 305.

MUS 106/306 Instrumental Chamber Ensembles (1)
Participation in various woodwind, brass and string chamber ensembles. These ensembles may require auditions for participation. Students at the freshman or sophomore level register for MUS 106. Students at the junior or senior level register for MUS 306.

MUS 107/307 Percussion Ensemble (1)
Participation in the percussion ensemble. This ensemble may require auditions for participation.

MUS 108/308 Jazz Ensemble (1)
Participation in the jazz ensemble. This ensemble may require auditions for participation. Students at the freshman or sophomore level register for MUS 108. Students at the junior or senior level register for MUS 308.

MUS 109/309 Wind Ensemble (1)
The wind ensemble is a large ensemble that performs literature for symphonic band, wind ensemble and wind symphony. Featuring woodwinds, brass and percussion performers, the wind ensemble rehearses three times a week and performs a concert at the end of each term. Students at the freshman or sophomore level register for MUS 109. Students at the junior or senior level register for MUS 309.

MUS 111 Beginning Musicianship (3)
Introduction to the elements of musical composition, including chords, scales, rhythm, and notation. No previous musical experience required. Recommended for students who wish to take MUE 318 or MUE 320.

MUS 153/353 Musical Theatre: Vocal (1-3)
Participation in the vocal cast of a musical. Auditions required. Freshmen and sophomores register for MUS 153, juniors and seniors register for MUS 353.

MUS 154/354 Musical Theatre: Instrumental (1)
Participation in the pit orchestra of a musical. Auditions may be required. Freshmen and sophomore register for MUS 154, juniors and seniors register for MUS 354.

MUS 181, 182, 183 Voice Class (2 each)
Essentials of singing, including tone production, diction, style and interpretation.

MUS 189, 190, 191 Piano Proficiency (2 each)
Elementary piano course including rhythm, notation, transposition, harmonization, performance of easy repertoire and sight reading. First three terms of a six-term sequence specially designed for the music major who is preparing for the piano proficiency examination. Prerequisite: Must be declared music major or minor.

MUS 199 Special Studies (1-15)
Terms and hours to be arranged.

MUS 201 Introduction to Music and Its Literature (3)
An introduction to music literature through the study of elements and organizing principles as they relate to music of all periods. Stress is placed on listening to music that is popular in the concert hall.

MUS 202 Music of Broadway (3)
An introduction to the elements and organizing principles of music as they relate to the music of Broadway. Stress is placed on developing fundamental listening skills with this music. An historical overview of Broadway music is included.

MUS 203 Jazz History (3)
An historical and analytical view of America’s first indigenous musical art form. Focus on major figures and stylistic periods from Dixieland to post-fusion.

MUS 204 Music of the World (3)
Investigation of music in culture. A comparative view, with emphasis on musics of Africa, Indonesia, South America, India, and Japan.

MUS 205 Music of the Black Heritage (3)
Survey of roots, influences and development of the music of Black composers and performers in America from pre-Civil War to the present.

MUS 206 Introduction to Music and MIDI (3)
A historical survey of electroacoustic music and the evolution of music technology, including an introduction to MIDI-based instruments, computer-music application, sound design, and basic electroacoustic composition techniques.

MUS 207 Song Writing (3)
Students will study examples of successful popular songs and fundamentals of music theory and notation. Using music writing and playback software, students will compose and record original songs.

MUS 208 Popular Music in America (3)
Survey of popular music in America from 1840 to the present. Satisfies LACC in music.

MUS 209 Rock Music: A Social History (3)
A three decade overview of rock music history (1950-1980) and how the music both reflected and influenced societal attitudes and behaviors regarding: sexuality, human rights movements, utopian and counter-culture perspectives, and the influence of mass media in these areas.

MUS 211, 212, 213 Music Theory I, II, III (3 each)
The study of music through performance, listening, analysis, and composing. Ear training and keyboard work included. Meter, rhythm, scale materials, melody, counterpoint (two and three voice texture), and formal aspects are studied.

Students must achieve a grade of "C" or higher in MUS 212 to proceed to the next term of the sequence, and all subsequent terms of the Musicianship core.

MUS 211L, 212L, 213L Aural Skills I, II, III (2 each)
Study of sight singing, ear training and temporal acuity products. Taken concurrently with MUS 211, 212, 213.

MUS 250 Concert Attendance (0)
Concert attendance for music majors. Available P/F only.

MUS 289, 290, 291 Piano Proficiency (2 each)
The study of solo repertoire and technical studies. Second three terms of a six-term sequence specially designed for the music major who is preparing for the piano proficiency examination. Prerequisite: MUS 191 or consent of instructor.
MUS 310 Women in Music (3)
Women’s contributions to music from 1800 to the present will be presented from a variety of perspectives. Performers, composers, conductors, and arts supporters will be central to the material.

MUS 311, 312, 313 Music Theory IV, V, VI (3 each)
The study of music through performance, listening, analysis and composing. Ear training and keyboard work included. Topical emphases: counterpoint, harmony, arranging and form. Prerequisite: MUS 213

MUS 311L, 312L, 313L Aural Skills IV, V, VI (1 each)
development of ear training, singing and keyboard skills relating to music studies. Taken concurrently with MUS 311,312,313.

MUS 320 Basic Conducting (3)
Techniques of conducting, vocal and instrumental, including analysis of composition conducted. The class serves as a laboratory for conducting and singing compositions conducted. Prerequisite: MUS 213, or consent of instructor

MUS 321 Instrumental Conducting (3)
Continued study of techniques in conducting instrumental music including analysis of compositions conducted, work with transpositions and full scores. Opportunity to conduct instrumental ensemble. Prerequisite: MUS 320

MUS 322 Choral Conducting (3)
Problems and techniques in choral conducting, together with harmonic and structural analysis of musical scores. Students will be involved with the preparation of repertoire and proper interpretation of music of all periods, with special emphasis on problems and solutions in contemporary music.

MUS 330 Rhythmic Awareness (3)
An exploration of the musical components of rhythm in relation to dance. Elements such as beat, meter and form are studied and developed in the context of movement and choreography. Also explored is the potential for collaboration between dancers and musicians, and basic elements of rhythmic notation.

MUS 331 Improvisation I (2)
The study of major and minor keys and chord-scale relationships, and analysis and performance of jazz standards with a strong tonal center. Emphasis on melodic fluency. Prerequisite: MUS 211

MUS 332 Improvisation II (2)
The advanced study of functional tonality from a jazz perspective, including tonal gravity, secondary dominants, substitute chords and scales, multi-level analysis, and performance of jazz standards with multiple tonal centers. Emphasis on repertoire from Tin-Pan Alley and the Bebop era. Prerequisite: MUS 331

MUS 333 Improvisation III (2)
The study and practice of varied improvisatory idioms and materials, including free and structured improvisation and nonfunctional tonality. Emphasis on performance of original compositions in a small group setting. Prerequisite: MUS 332

MUS 341 Pedagogy Studies—Piano (2)
Study and evaluation of various methods of piano pedagogy for beginners through advanced students. Practical application of the methods is required.

MUS 342 Vocal Pedagogy (3)
Introduction of methods and materials for teaching singing in a studio or small class. Attention is given to all elements of vocal production: respiration, phonation, resonance and articulation. Practical application of the methods is required. Prerequisite: 3 terms of voice

MUS 345 The Business of Music (3)
Topics concerning legal aspects of professional musicians in the marketplace, including performance rights, copyright laws, royalties, contracts, and affiliations with publishers, agents, and arts organizations.

MUS 351 Accompanying (2)
Study of skills required for successful accompanying of instrumentalists and vocalists. Practical application of the techniques is required.

MUS 360 Music from the Ancient World through the Renaissance (3)
A historical survey of the music of the Western World, beginning with Ancient Greece and concluding in the late 16th century.

MUS 361 17th and 18th Century Music (3)
A historical survey of Western European art music from the early modern period through the enlightenment, covering composers from Monteverdi through Mozart.

MUS 362 19th and 20th Century Music (3)
A historical survey of Western European and American art music of the last two centuries, covering composers from Beethoven through today’s active artists.

MUS 363 Ethnomusicology I (3)
Introduction to the discipline of ethnomusicology. Course focuses on the relationships of music and cultures. Will include specific study of selected world cultures. Prerequisite: MUS 213 or consent of instructor

MUS 364 Ethnomusicology II (3)
In depth study of music and lifestyle of selected world cultures will be followed by field research in local musical subcultures. Prerequisite: MUS 363

MUS 365 Jazz Styles and Analysis (3)
An analytical, historical and theoretical view of America’s first indigenous musical art form, with a focus on major jazz figures and stylistic periods from Dixieland to post-fusion. This course is designed for music majors. Prerequisite: MUS 213 or consent of instructor

MUS 366 Music Since 1950 (3)
Historical investigation of the major compositional styles developed by late 20th century composers, as well as a consideration of cross influences among classical, popular and folk genres worldwide. Prerequisite: MUS 362, 364, and 365

MUS 398 Opera Workshop (2)
Study, analysis, rehearsal, performance of operas, operettas and musicals from classics to modern works. Small works and excerpts from longer operas may be used. May be repeated to a maximum of six hours toward graduation. Prerequisite: consent of instructor

MUS 399 Special Studies (1-3)

MUS 405 Senior Seminar and Project (3)
Overview of contemporary music worldwide and selected topics for focused study. Selection, development, and presentation of a senior project. Prerequisite: senior standing in music; may be repeated for credit

MUS 406 Special Individual Studies (1-15)
Terms and hours to be arranged. Designed for individual or special studies in a limited area of interest under the guidance of a designated faculty member.

MUS 407 Seminar (1-15)
Terms and hours to be arranged.

MUS 408 Workshops (1-15)
Terms and hours to be arranged.

MUS 409 Practicum (1-12)
Terms and hours to be arranged. Field experience in areas other than public school teaching. Maximum of 12 hours.

MUS 414 Jazz Theory (2)
An introduction to the fundamentals of jazz theory and jazz composition, including harmony, scales, modes, rhythms, instrumentation, orchestration, nomenclature, and manuscript. Compositions for jazz combo will be performed and critiqued. Prerequisite: MUS 213 or consent of instructor

MUS 415 Jazz Arranging I (2)
Arranging for jazz combo and large ensemble: Harmonizing melodic lines, writing for rhythm section, developing original ideas. Students will produce parts and scores, and hear their music performed. Prerequisite: MUS 414 or consent of instructor

MUS 416 Jazz Arranging II (2)
Advanced arranging and composition techniques for the jazz orchestra with emphasis on counterpoint, 5-part voicing, extended forms, and advanced orchestration and instrumentation techniques. Compositions and arrangements will be performed and critiqued. Prerequisite: MUS 415

MUS 417 Counterpoint (3)
Study of and experience in writing in various imitative and non-imitative contrapuntal styles, with emphasis on 16th century counterpoint. Prerequisite: MUS 313

MUS 418 Contemporary Composition Techniques (3)
Twentieth-century strategies, systems, methods, and techniques of composing music for various genre and mediums. Compositions will be performed and critiqued. Prerequisite: MUS 313, MUS 362 or consent of instructor
MUS 419 Music and Technology (4)
An introduction to computers and music technology, emphasizing algorithmic programming, sequencing, digital sound design, and multimedia authoring tools. Includes weekly studio times. Prerequisite: MTH 111, CS 161, and MUS 213

MUS 421 Electronic Music I (3)
A composition-based course in basic digital music production techniques with emphasis on MIDI sequencing and notation. Includes weekly studio times in the MIDI lab. Prerequisite: MUS 206

MUS 422 Electronic Music II (3)
A composition-based course in digital music production techniques with emphasis on hard disk recording, digital audio recording, studio recording techniques, and CD mastering. Includes weekly studio times in the digital music production studio. Prerequisite: MUS 421

MUS 423 Scoring for Film and Television (3)
Composing music for film and television with emphasis on the industry, synchronization and timings, spotting, dramatic conceptualization, orchestration, recording techniques, styles, and genres. Underscoring projects will be performed, recorded, and critiqued. Includes weekly studio times in the digital music production studio. Prerequisite: MUS 422

MUS 424 Vocal Literature (3)
Study of classical vocal solo literature from Renaissance lute songs through the twentieth century. Activities include listening, performing, analysis of styles and performance practices.

MUS 425 Keyboard Literature (2)
An overview of keyboard literature from Baroque, Classical, Romantic and Twentieth Century periods. Activities include listening, study of style, performance practices and score identification.

MUS 455 Lyric Diction (3)
Essentials of diction for singers in English, Italian, German and French using I.P.A. symbols.

MUS 460 Special Topics in Music History (3)
A cultural study on a historical, artistic, literary, cultural, or philosophical movement using the role of music in that movement as a catalyst or point of departure with which to explore it. The central topic will change with each offering in order to address the diverse interests and needs of the student body.

MUS 506M Special Individual Studies (1-3)
This course is designed for graduate advanced individual study under the guidance of a designated faculty member.

MUS 507M Seminar (1-15)
Terms and hours to be arranged.

MUS 508M Workshop (1-15)
Terms and hours to be arranged.

MUS 515M Arranging (2)
Independent study of texts on choral arranging, with analysis of vocal and instrumental scores. Students will make sample arrangements for the various media studied. Insofar as possible, arrangements will be performed and critiqued on the basis of their practicability and accuracy.

MUS 520M Arranging and Compositional Studies (3)
Students will develop skills in arranging and composing music. Compositions and arrangements will be analyzed. Students demonstrate a grasp of the styles studied through their own assigned and contracted compositions and arrangements. Reading and reports of texts and articles relating to the writing techniques of traditional, 20th-century and avant garde are encouraged. All compositions and arrangements will be performed and critiqued based on their performance ability, musicality and accuracy of notation.

MUS 521M Analytical and Compositional Studies (2)
Students will examine and analyze musical literature illustrating stylistic techniques. Grasp of style demonstrated by sample compositions. Reading and reports on texts and articles relating to writing techniques of traditional, 20th-century and avant garde music are included.

MUS 527M Computer Applications in Music (3)
Exploration and use of the microcomputer for CAI and management in music, word processing, database, spreadsheets, MIDI and music software, including music sequencing on a digital keyboard computer.

MUS 550M Music History and Literature (3)
Study projects of selected representative composers from different musical eras. Emphasis on acquisition of competency in identifying stylistic traits peculiar to each style studied and their relationship to other periods, and on developing a sensitivity for aesthetic values and a basis for value judgments. (Specific content determined by placement examination.)

MUS 551M Music History and Literature (2)
Individual projects in Music History/Musicology. Prerequisite: MUS 350 or consent of instructor

MUS 570M Advanced Conducting and Literature (3)

MUS 571M Conducting (2)
Problems and techniques in choral or instrumental conducting. Preparation of repertoire and proper interpretation of music from various periods. Emphasis on problems of contemporary music. (Specific content determined by placement examination.)

Music Education

MUE 318 Music for the Classroom Teacher (3)
Music activities, materials and curriculum for the early childhood and elementary classroom teacher. No previous musical training is required; however, skills such as those developed in musicanship (MUS 111 or 211), class piano, or class voice will enable students to gain greater insight into the processes discussed and practiced in this class. Prerequisite: 2.6 GPA and declared education major

MUE 320 Introduction to Orff-Schulwerk (3)
An introduction to teaching music to children using ideas and instruments developed by composer Carl Orff. This comprehensive approach is useful for classroom teachers as well as music specialists, and focuses on experiential learning. Previous music experience is helpful but not required.

MUE 399 Special Studies (1-3)

MUE 425/525 Orff Schulwerk Level I (6)
Intensive two-week course offered summers only, exploring a comprehensive approach to teaching music and movement to children. The first of three levels leading to certification by the American Orff-Schulwerk Association (AOSA). Recommended for elementary education students with an emphasis area in music and for M.S. in Education students with a content area in creative arts or interdisciplinary studies. Prerequisite: MUS 111, 211, or the ability to read music notation.

MUE 430/530 Technology in Music Education (2)
MIDI as a tool for delivering music instruction. Includes software analysis and curriculum development. Prerequisite: MUS 211

MUE 451/551 Woodwind Pedagogy (3)
Learning how to teach woodwind instruments at the beginning and intermediate level. Topics will include proper embouchure, basic fingerings, published teaching materials, and rehearsal techniques. Prerequisite: successful completion of three terms of MUP at the 200-level on any instrument, or equivalent skill.
Music Performance

Students who register for private lessons will be required to attend a 50 minute seminar every other Tuesday at 11 a.m. in addition to their regular lesson time. See instructor for further details.

MUP 171-199 Performance Studies (2-4 each term)
Individual instruction in voice, keyboard, wind, string and percussion instruments; composition; and conducting. First level of lower-division study.
Prerequisite: consent of instructor

MUP 171 Piano
MUP 172 Harpsichord
MUP 173 Organ
MUP 174 Voice
MUP 175 Violin
MUP 176 Viola
MUP 177 Cello
MUP 178 Bass
MUP 179 Jazz Piano
MUP 180 Guitar
MUP 181 Flute
MUP 182 Oboe
MUP 183 Clarinet
MUP 184 Saxophone
MUP 185 Bassoon
MUP 186 Trumpet
MUP 187 Horn
MUP 188 Trombone
MUP 189 Euphonium
MUP 190 Tuba
MUP 191 Percussion
MUP 192 Composition
MUP 193 Jazz Guitar
MUP 194 Jazz Bass
MUP 195 Conducting
MUP 199 Miscellaneous

MUP 271-299 Performance Studies (2-4 each term)
Second level of lower-division study. For details see MUP 171-199. Prerequisite: three terms of MUP 171-199, successful audition and consent of instructor

MUP 341-369 Performance Studies (2-4 each term)
Upper-division study for students who have not passed the jury audition required for MUP 371-399. Prerequisite: consent of instructor required

MUP 341 Piano
MUP 342 Harpsichord
MUP 343 Organ
MUP 344 Voice
MUP 345 Violin
MUP 346 Viola
MUP 347 Cello
MUP 348 Bass
MUP 349 Jazz Piano
MUP 350 Guitar
MUP 351 Flute
MUP 352 Oboe
MUP 353 Clarinet
MUP 354 Saxophone
MUP 355 Bassoon
MUP 356 Trumpet
MUP 357 Horn
MUP 358 Trombone
MUP 359 Euphonium

MUP 360 Tuba
MUP 361 Percussion
MUP 362 Composition
MUP 363 Jazz Guitar
MUP 364 Jazz Bass
MUP 369 Miscellaneous

MUP 371-399 Performance Studies (2-4 each)
First level of upper-division study. For details, see MUP 171-199. Prerequisite: three terms of MUP 271-299, successful audition, and consent of instructor

MUP 471-499 Performance Studies (2-4 each)
Second level of upper-division study. For details, see MUP 171-199. Prerequisite: three terms of MUP 371-399, successful audition, and consent of instructor

MUP 541M-563M Performance Studies (1-2 each)
Individual instruction at the graduate level. For details, see MUP 341-369. Prerequisite: consent of instructor required

MUP 592M Music Performance: Composition (1-2)
Weekly private lessons in composition. Composition of large forms, investigation of contemporary musical style and technique, instrumentation and orchestration. Weekly seminar. Performance of student’s works. Prerequisite: post-baccalaureate standing, successful completion of level-change jury requirements from MUP 492

Philosophy

PHL 10 1 Introduction to Philosophy: Knowledge and Reality (3)
An introduction to philosophical reflection on the fundamental nature of reality, on our knowledge of it and on the justification of that knowledge.

PHL 102 Introduction to Philosophy: Personal Morality and Social Justice (3)
An introduction to philosophical reflection on the nature of morality and justice and to basic principles of practical moral reasoning in private and public life, business, medicine, etc.

PHL 103 Introduction to Logic (3)
Introduction to both informal and formal logic. Informal topics include analysis and evaluation of techniques of reasoning, problem solving, and judgment and decision-making. Formal logic will examine techniques of deductive reasoning.

PHL 199 Philosophy Discussion (1)
Weekly philosophy discussion group meeting: Terms and hours to be arranged. Repeatable for up to 15 credits. P/NC.

PHL 207H, 208H, 209H Philosophy in the Western World (3 each)
A chronological survey of major philosophers, ideas, and world views in the Western world. PHL 207H: Ancient to Medieval. PHL 208H: Medieval to Enlightenment. PHL 209H: Enlightenment to present. Prerequisite: participation in Western’s Honor’s Program

PHL 251 Ethics (3)
This course will cover major classical and contemporary theories in normative ethics. It will include a careful study of virtue ethics, natural law, utilitarianism and deontology. It will also compare the justification of moral judgments with that of scientific judgments.

PHL 252 Issues in Applied Ethics (3)
In-depth study of selected issues in applied ethics. Possible issues may include biomedical ethics, business ethics, ethics in the helping professions, sexual ethics. May be taken twice for credit if content is not repeated.

PHL 253 Social and Political Philosophy (3)
Philosophical exploration of basic topics and problems of social, political and economic life, together with theories that indicate how these topics and problems should be understood and handled. Special attention given to principles involved in criticism and justification of institutionalized distributions of power and resources.

PHL 261 Metaphysics: Theory of Being (3)
Survey of representative issues and theories regarding the fundamental principles and structure of reality, including such topics as mind-body relation, mind-brain relation, nature of life, nature of matter, reality as a whole, etc.

PHL 262 Epistemology: Theory of Knowledge (3)
Survey of representative issues and theories in the philosophical study of human knowledge and its foundations.

PHL 263 Philosophy of Mind (3)
Exploration of philosophical questions about the mind, mental states and its relation of mind and brain. Main topics are dualism and various forms of materialism, behaviorism, mind-body identity theories, and functionalism; the nature and content of mental states (e.g. belief, desire, meaning).

PHL 282 Philosophy of Art (3)
Introduction to theories of beauty and art and interpretations of the meaning and value of aesthetic experience.

PHL 283 Philosophy of Religion (3)
Introduction to theories of religion and basic philosophical issues relating to religion, such as the nature and existence of an ultimate reality, the problem of evil, the interpretation of religious language and symbols, and the nature of mystical experience.

Note: 3 to 6 hours of lower-division philosophy recommended as background for upper-division courses.

PHL 311 Ancient Philosophy (3)
History of philosophical thought of the ancient Greek and Roman periods. May be taken twice for credit if content is not repeated.

PHL 312 Medieval and Renaissance Philosophy (3)
History of European philosophy of the Medieval and Renaissance periods.
PHL 314 Modern European Philosophy (3)
History of European philosophy from the dawn of modern science through the 19th century. Emphasis given to different philosophers on alternate years offered. May be taken twice for credit if content is not repeated.

PHL 316 Contemporary Philosophy (3)
Principal philosophical figures and movements of 20th century philosophy in America and Europe. May include pragmatism, analytic philosophy, existentialism, phenomenology, structuralism, Marxism. May be taken twice for credit if content is not repeated.

PHL 360 Philosophy of Education (3)
A philosophical exploration of the educational process, both in general and in relation to its contemporary institutional setting, drawing upon a variety of philosophical perspectives both ancient and modern. Three hours of introductory philosophy recommended but not required as prerequisite.

PHL 370 Philosophy of Science (3)
Philosophical investigation of theoretical issues of science and scientific methodology, such as scientific explanation, the structure of theories, nature of scientific laws, revolutions in science, and the distinction between observation and theory.

PHL 380 Philosophy of Law (3)
Philosophical examination of major issues and concepts in law. Covers theories of jurisprudence such as natural law theory, legal positivism, and critical legal studies, and also covers areas of criminal and constitutional law such as self-defense, insanity defense, civil liberties, etc.

PHL 398 Special Studies A (1-6)
This is an open-ended course covering areas in ethics, value theory, aesthetics, and related areas. It is offered from time to time as a regular 3 hour course with a special topic. It may also include study of the work of a specific philosopher or school. Terms and hours to be arranged. Course may be taken up to 9 hours without repeating a topic.

PHL 399 Special Studies B (1-6)
Course covering areas of metaphysics, epistemology, language, science, logic, and related areas. It is offered from time to time as a regular 3 hour course with a special topic. May include study of the work of a specific philosopher or school. Terms and hours to be arranged. May take up to 9 hours if content is not repeated.

PHL 405 Senior Tutorial in Philosophy (3)
Capstone of undergraduate course work in philosophy: research, senior essay, presentation, critique, and response to critique. For seniors with either a minor in philosophy or a major in humanities with a concentration in philosophy.

PHL 406 Special Individual Studies (1-15)
Terms and hours to be arranged. Individual or special studies in a specific area of interest, under the guidance of a designated faculty member.

PHL 407 Seminar (1-15)
Terms and hours to be arranged.

PHL 433/533 Philosophy for Children (3)
Introduction to the teaching of higher level thinking and reasoning skills at elementary, intermediate and secondary levels, making use of curricula such as those developed by the Institute for the Advancement of Philosophy for Children. Prerequisite: consent of instructor; course may be retaken up to a maximum of 9 hours if content is not repeated. Limit of 20 students.

PHL 507M Seminar (3)
One of a variety of topics in philosophy as announced in the schedule of classes.

PHL 399 Special Studies A (1-6)
This is an open-ended course covering areas in ethics, value theory, aesthetics, and related areas. It is offered from time to time as a regular 3 hour course with a special topic. It may also include study of the work of a specific philosopher or school. Terms and hours to be arranged. Course may be taken up to 9 hours without repeating a topic.

PHL 399 Special Studies B (1-6)
Course covering areas of metaphysics, epistemology, language, science, logic, and related areas. It is offered from time to time as a regular 3 hour course with a special topic. May include study of the work of a specific philosopher or school. Terms and hours to be arranged. May take up to 9 hours if content is not repeated.

PHL 405 Senior Tutorial in Philosophy (3)
Capstone of undergraduate course work in philosophy: research, senior essay, presentation, critique, and response to critique. For seniors with either a minor in philosophy or a major in humanities with a concentration in philosophy.

PHL 406 Special Individual Studies (1-15)
Terms and hours to be arranged. Individual or special studies in a specific area of interest, under the guidance of a designated faculty member.

PHL 407 Seminar (1-15)
Terms and hours to be arranged.

PHL 433/533 Philosophy for Children (3)
Introduction to the teaching of higher level thinking and reasoning skills at elementary, intermediate and secondary levels, making use of curricula such as those developed by the Institute for the Advancement of Philosophy for Children. Prerequisite: consent of instructor; course may be retaken up to a maximum of 9 hours if content is not repeated. Limit of 20 students.

PHL 507M Seminar (3)
One of a variety of topics in philosophy as announced in the schedule of classes.

Physical Education

PE 100-119 Conditioning Activities (1)
Sports (baseball, basketball, etc.), weight training and conditioning, jogging and aerobic dance.

PE 120-129 Rhythms and Dance (1)
Folk and square dance, social dance, and basic rhythms.

PE 131 Individual Health and Fitness (2)
Health values of physical fitness, components and measurements of physical fitness, conditioning programs, designing an individual fitness program, weight control and exercise, nutrition and exercise, disease and exercise, adapted fitness activities, community resources. Lab activities will include an exposure to various conditioning programs and completion of an individualized fitness program. Students will be able to assess their own fitness levels and design an appropriate individualized program. One hour of lecture and two hours of lab per week.

PE 130-149 Individual Sports (1)
Badminton, tennis, archery, handball, racquetball, self-defense, wrestling, backpacking, bowling, golf, gymnastics, fishing.

PE 135 Intermediate Golf (1)
Provides intermediate golfers the opportunity to develop their abilities through instruction, assignments and practice. Students will be responsible for establishing proper practice routines, developing greater understanding of the rules of golf, and improving their skill beyond the basic elements of the game. Prerequisite: PE 134 or instructor approval

PE 142 Backpacking (2)
Backpacking will provide the student exposure to the fundamental concepts and guidelines of hiking and backpacking. Course will discuss minimizing the impact on the environment, safety and orienteering to make the experience a safe and enjoyable one.

PE 143 Yoga (1)
Students will be gaining knowledge and practicing various yoga stretches and poses. Yoga consists of the practice of breathing, performing poses and relaxation. This practice of controlled movement and postures has many health benefits. It provides a workout for the mind and body.

PE 144 Energy Yoga (1)
A multi-level (begin/inter/adv) course focused in the energy arts of Eastern Yoga and Asian Qigong. Introduces student to basic philosophy, concepts, principles and physical forms associated with the practice of Ashtanga (Hatha) Yoga and Badaunjin Chi Kung.

PE 145 Tai Chi (1)
Beginning level course in the ancient Chinese art of Taiji Quan. Introduces participant to the basic physical movements and principles associated with the five major styles of Taiji Quan currently being practiced throughout the world today. The Yang style, twenty-four posture form (also called simplified form), will be promoted here.

PE 146 Intermediate Tai Chi (1)
Course content will build on previous course work, reinforcing the fundamental principles of Tai Chi practice, along with the basic physical movements and concepts associated with the five major styles of Tai Chi currently being practiced throughout the world today.

PE 147 Karate (1)
Beginning level course in the Korean martial art of Tang Soo Do karate. Introduces student to the basic philosophy, concepts, physical forms, and principles associated with, and common to, all major Asian styles of karate.

PE 150-159 Team Sports (1)
Basketball, field sports, field hockey, recreational games, soccer, softball, volleyball.

PE 160-169 Aquatics (1)

PE 162 Fitness Swim (1)
Students will learn and practice competitive swim strokes and participate in water aerobic workouts. Student will also learn personal water safety skills in order to develop confidence, coordination and relaxation in the water.

PE 170 Teaching Games and Physical Activities to Children (1)
Content, methods and materials for teaching games to children (K-6). Emphasis on learning how to analyze, modify, adapt, design, and teach developmentally appropriate, purposeful and inclusive games and game-related activities to children as well as teach children how to create their own games.

PE 171 Teaching Educational Gymnastics (K-12) (1)

PE 172 Teaching Dance and Rhythmic Activities to Children (1)
Skill development, methods and materials for teaching dance and rhythmic activities to children (K-6). Emphasis on developmentally appropriate dance and rhythmic activities, movement progressions, teaching methods and organizational formats, and assessment/evaluation techniques.
PE 199 Special Studies (1-15)
Terms and hours to be arranged.

PE 200-229 Professional Activities (1)
For PE majors and specialists.

PE 217 Teaching Weight Training and Conditioning (2)
Exposes student to a variety of training methodologies, philosophies, and applications. Emphasis is to prepare the student with an adequate knowledge base in the area of resistive exercise so they may write prescriptive training regimens for specific performance areas.

PE 218 Teaching Aerobic Fitness (2)
Methods and materials for teaching aerobic fitness and related conditioning activities to middle and high school students (grades 6-12) and the general population. Activities include aerobic dance-exercise, step aerobics, resistance training, flexibility training, and a variety of fitness games and physical activities used in physical education and fitness environments.

PE 230 Foundations of Exercise Science (3)
Introduction to the field of exercise science and its various professional applications. An overview of the sub-disciplines of exercise science will be provided as well as career tracks and opportunities and related professional organizations. From this study, students are motivated to develop their own philosophies and select a program/career track.

PE 240 Teaching Dance in Secondary Schools (3)
Methods and materials for teaching recreational forms of dance to middle and high school students (grades 6-12). Emphasis will be placed on analysis of developmentally appropriate dance skills, techniques and movement progressions; organizational and instructional strategies; and assessment/evaluation techniques.

PE 241 Teaching Court Sports in Secondary Schools (3)
Basic components of teaching volleyball, basketball, badminton, and other court sports including pickleball, team handball, gym hockey, etc. Emphasis on teaching skills, strategies and rules as well as appropriate drills, progressions and games.

PE 242 Teaching Field Sports in Secondary Schools (3)
Basic components of teaching track and field, softball, soccer, and/or the other field sports. Emphasis on teaching skills, strategies, and rules as well as appropriate drills, progressions, and games.

PE 243 Teaching Lifetime Activities in Secondary Schools (3)
Methods and materials for teaching recreational forms of “lifetime activities” to middle and high school students (grades 6-12). Emphasis on analysis of developmentally appropriate activities, skills, techniques, and movement progressions; organizational and instructional strategies; and assessment/evaluation techniques. Lifetime activities will include bowling, tennis, racquetball, and golf. Other activities may be included.

PE 246 Teaching Movement Concepts and Skills to Children (1)
Activity and theory designed to examine, experience and develop progressions in the fundamental or basic skills associated with human performance. Body mechanics, locomotor, non-locomotor, manipulative, and perceptual motor skills included.

PE 250-269 Intercollegiate Athletics (1)
PE 256 Advanced Soccer (1)
This course creates an environment for students to be involved with high level instruction and competition in the sport of soccer. This course is limited to female students who are members of our women’s soccer team.

PE 291 Life Guard Training (2)
PE 292 Water Safety Instructor (2)

Note: Admission to some upper-division classes may be limited to students who have been formally admitted to the division. Admission to the division is determined by a formal process and is selective.

PE 301 Basic Exercise Sciences (3)
Designed to provide basic exercise information in the areas of kinesiology and physiology of exercise. No scientific background is prerequisite.

PE 302 Motor Learning (3)
An examination of the processes underlying skilled human performance, how skilled performance is learned, and how to apply the principles governing motor performance and learning in teaching, coaching and rehabilitation settings.

PE 308 Teaching Movement Concepts and Skills to Children (1)
Activity and theory designed to examine, experience and develop progressions in the fundamental or basic skills associated with human performance. Body mechanics, locomotor, non-locomotor, manipulative, and perceptual motor skills included.

PE 320 Fitness and Recreation Programs for the General Population (3)
A developmental and practical application of fitness and recreation activities that would effectively apply to all age groups of the general population. Incorporates scientific knowledge into programs for health clubs, recreation and community centers, and private or public corporations.

PE 337, 338, 339 Officiating Sports (1 each)
Rules, techniques and game practice in men’s and women’s sports.

PE 343 Organization and Administration of Physical Education (3)
Policies and procedures, facilities, staff, budget, scheduling and equipment.

PE 359 Care and Prevention of Athletic Injuries (4)
Examination of the techniques used in the prevention of athletic injuries, including taping, bandaging and strapping along with how to recognize and evaluate basic signs and symptoms associated with common injuries. Establishing a plan of care which includes rehabilitative exercise will also be studied. Three lectures and one two-hour lab each week.

PE 361 Coaching Youth Sports (2)
Examination of the practices and philosophies involved in coaching and administering youth sports with emphasis on developing practical materials and philosophical goals and strategies.

PE 365 Football Coaching (2)
Demonstration and discussion of the fundamentals, individual skills, methods of instruction, systems of play, philosophy of coaching, and management of games.

PE 366 Basketball Coaching (2)
Demonstration and discussion of the fundamentals, individual skills, methods of instruction, systems of play, philosophy of coaching, and management of games. Prerequisite: activity course in basketball

PE 367 Baseball Coaching (2)
Demonstration and discussion of the fundamentals, individual skills, methods of instruction, systems of play, philosophy of coaching, and management of games.

PE 368 Track and Field Coaching (2)
Demonstration and discussion of the fundamentals, individual skills, methods of instruction, systems of play, philosophy of coaching, and management of meets. Prerequisite: activity course in track and field

PE 369 Wrestling Coaching (2)
Demonstration and discussion of the fundamentals, individual skills, methods of instruction, philosophy of coaching, and management of matches. Prerequisite: activity course in wrestling

PE 370 Volleyball Coaching (2)
Demonstration and discussion of the fundamentals, individual skills, methods of instruction, philosophy of coaching, and management of contests and tournaments. Prerequisite: activity course in volleyball
**COURSE DESCRIPTIONS**

**PE 371 Kinesiology (4)**
Anatomical kinesiology addresses the interactions among joint structure and muscle function. Biomechanical concepts to be addressed include vector representation of muscle force, Newton’s Laws, and calculations of work, power, and energy in the context of human movement. **Prerequisite:** BI 334

**PE 373 Recreational Sports Management (3)**
Introduces students into sports program development and management in the service oriented professions of community recreation agencies; private or commercial recreation programs; youth agencies; and/or educational settings.

**PE 375 Athletics: Coaching and Administration (3)**
An examination of the dynamics of personal interaction in athletics; guidance in practice and game organization and conduct; and knowledge of the scope and function of athletic governing bodies as well as current trends and problems in athletics.

**PE 399 Special Studies**
Terms and hours to be arranged.

**PE 406 Special Individual Studies (1-4)**
Credit for PE 406, 407 and 408, singly or combined, may not exceed 9 credit hours.

**PE 407 Seminar (1-4)**
Credit for PE 406, 407 and 408, singly or combined, may not exceed 9 credit hours.

**PE 408 Workshop (1-4)**
Credit for PE 406, 407 and 408, singly or combined, may not exceed 9 credit hours.

**PE 409 Practicum (1-12)**
Terms and hours to be arranged.

**PE 410/510 Sport Ethics (3)**
Examines the ethics branch of philosophy and then applies this branch of philosophy to a variety of issues in athletics. Examples of these issues include: racism, performance enhancement drugs, gender equity, sportsmanship, commercialization in college athletics, and violence in sports.

**PE 415 Lifespan Motor Development (3)**
Provides students of physical education and exercise science with a knowledge base in the study of changes in motor behavior across the lifespan, the processes that underlie these changes and the factors that affect them.

**PE 433 Physical Education in the Elementary School (3)**
Theory and practice in rhythm; group and folk dancing; stunts, games, self-testing activities, tumbling; materials; planning and evaluation programs with reference to basic principles of physical education for elementary teachers. **Prerequisite:** Junior or senior standing

**PE 434 Elementary Physical Education Teaching Practicum (1)**
Course involves students teaching small groups of local home schooled children (pre-K through grade 6) a series of elementary physical education content and activities. Instructor lectures; demonstrations; active participation and discussion of sample activities and how to teach them; and videos of exemplary teachers will be used. Students will design lesson plans and assist teaching physical education lessons; observe and evaluate their own and peers’ lesson content and effectiveness. Emphasis will be placed on application of previously learned teaching and organizational methods. Content areas will include: fitness activities; movement concepts; fundamental motor skills; manipulative activities; dance and rhythm activities; educational gymnastics; and educational games. **Prerequisite:** PE 246 and PE 433

**PE 440 Legal Issues in PE and Sport (3)**
Familiarizes the students with legal aspects relating to physical education and sport. Included will be discussions regarding ways to provide a safe environment for students/individuals by providing proper instruction, using proper methodology and insuring proper and adequate supervision. Student’s constitutional right’s in the public school setting, as they relate to physical education and sport, with specific attention given to the First, Fourth and Fourteenth Amendments. Federal and state legislation relating to health, physical education, interscholastic and intercollegiate athletics, and school activity programs will be reviewed. Title IX, Gender Equity and the Americans with Disabilities Act will be discussed. **Prerequisite:** junior, senior, or post-bac standing

**PE 444 Adaptive Physical Activity (3)**
Programs, methods and facilities necessary for the physical education of those students who, because of disability, need remedial instruction.

**PE 445/545 Physical Education Curriculum (3)**
Construction of physical education curricula on the basis of accepted principles, criteria, functions, and evaluations; emphasis on integration with the total school program. **Prerequisite:** senior, post-baccalaureate, or graduate standing

**PE 446 Measurement and Evaluation (3)**
The use of tests and measurements in physical education; evaluation of objectives, programs and student achievement through measurement techniques. **Prerequisite:** junior or senior standing

**PE 447/547 Principles of Physical Education (3)**
History, philosophy and trends; scientific bases; place of physical education in the general education program; practical problems. **Prerequisite:** senior standing or consent of instructor

**PE 459 Recognition and Evaluation of Athletic Injuries (2)**
Study in the basic principles involved with the prevention, recognition, evaluation, treatment, and rehabilitation of athletic injuries. **Prerequisite:** PE 359

**PE 460 Therapeutic Exercise: Foundations and Techniques (2)**
Advanced study in the development and application of appropriate exercise principles and techniques used in the care and treatment of muscular skeletal injuries. **Prerequisite:** PE 359

**PE 461 Evaluation and Treatment of Athletic Injuries (3)**
Advanced study in the recognition of signs, symptoms, interpretation and application of functional stress tests used to evaluate common athletic injuries. Study will also include the application of appropriate exercise principles and techniques as part of the treatment plan of care. **Prerequisite:** PE 359

**PE 463 Computer Applications in PE and Health (3)**
Current software applications in physical education and health. Students will select programs relative to their interest areas to investigate and evaluate. Hardware modifications and the use of interactive devices will be demonstrated. **Prerequisite:** senior standing

**PE 470 Social and Psychological Aspects of Physical Activity and Sport (3)**
This course will focus on social and psychological factors associated with physical activity and sport experiences across the lifespan.

**PE 473 Physiology of Exercise (4)**
Physiological effects of muscular exercise, physical conditioning and training. The significance of these effects for health and for performance in activity programs. **Prerequisite:** BI 334 and 335

**PE 483 Biomechanical Analysis (4)**
The application of principles from motor learning and kinesiology to the analysis of complex human movement. In the context of a major term project, students will apply conceptual and technological analysis tools in evaluating human movement, addressing various aspects of performance enhancement and injury risk assessment. **Prerequisite:** PE 310 and 371

**PE 496 Secondary Teaching Methods (3)**
Development of teaching strategies in physical education, grades 7-12. (For PE majors and specialists.) **Prerequisite:** Junior or senior standing

**PE 506M Special Individual Studies (1-9)**
Terms and hours to be arranged.

**PE 507M Seminar (1-9)**
Terms and hours to be arranged.

**PE 508M Workshop (1-9)**
Terms and hours to be arranged.

**PE 509M Practicum (1-9)**
Terms and hours to be arranged.

**PE 550M Musculoskeletal Health (4)**
Students will examine the impact certain health conditions have on the musculoskeletal system, and the role of movement and exercise in prevention and intervention programs. Topics may include osteoporosis, child and adult obesity, arthritis, workplace issues, congenital and injury based disability issues, and certain athletic and training practices.
PE 559M School Sports Medicine (2)
Study in the management, treatment and disposition of athletic injuries; includes emergency procedures, sports nutrition, therapeutic exercises, and assessment of common athletic injuries that occur to participants of school sponsored athletics.

Physics

PH 201, 202, 203 General Physics (4 each)
The study of mechanics, heat, sound, optics, electricity, magnetism, and topics in modern physics. Three lectures and one two-hour laboratory per week. Prerequisite: MTH 112 or above; a grade of C or better in PH 201 for admittance into PH 202; a grade of C or better in PH 202 for admittance into PH 203

PH 211, 212, 213 General Physics with Calculus (4)
Fundamental principles and applications of classical mechanics, heat, electricity and magnetism, wave motion, and optics. For students in pre-engineering and the natural sciences. Three lectures and one three-hour laboratory period. Prerequisite: MTH 251 (can be taken concurrently)

PH 311, 312 Introduction to Modern Physics (4 each)
Physical theories and research of the 20th century, including theories of relativity and quantum-wave mechanics, electrons and X rays, atomic spectra and structure, solid-state physics, low temperature physics, nuclear physics, and fundamental particle physics. Three lectures and one three-hour laboratory period. Prerequisite: PH 213

PH 470 Selected Topics in Physics (1-3)
Topics of special interest such as cosmology, relativity, medical, and radiation physics, and biophysics.

PH 581M, 582M Modern Physics (3 each)
A survey of the developments in physics since 1895. Topics include relativity and quantum mechanics, solid-state and low temperature physics, cosmology, and fundamental particles and forces. Three lectures. Prerequisite: one year each of college mathematics and physics; offered during summer session

Political Science

PS 199 Special Studies (1-6)
Terms and hours to be arranged. Special studies designed to develop research, writing, career-related or participatory skills at a basic level in a variety of political science/public policy and administration areas, such as Model United Nations, Great Decisions in U.S. Foreign Policy, government or campaign experiences.

PS 201 American National Government (3)
An introduction to the study of political institutions, public policy and public opinion in the United States.

PS 202 State and Local Government (3)
A survey of government operations, political processes, contemporary issues, problems, and recent reforms relating to the state and local levels, with emphasis on Oregon.

PS 203 International Relations (3)
An introduction to the analysis of relations among nations, international organizations, global problems and possibilities.

PS 325 Democracy: Theory and Practice (3)
This course integrates political philosophy and modern social science research to examine the nature and relationship between democratic ideals and practices.

PS 350 Introduction to Public Policy (3)
An investigation of the political processes and substantive content of American public policy, patterns of problem identification, policy creation, approval, implementation, and evaluation. Consideration of selected contemporary national, state and local policies.

PS 351 Introduction to Public Administration (3)
An investigation of the role of public administration in the political process; administrative organization; basic problems of management; personnel and financial administration. An analysis of the continuing role of bureaucracy in the solution of public problems.

PS 352 Introduction to Comparative Politics (3)
An introduction to the comparative method of analysis of different political systems, and to political concepts such as formal government institutions, political participation and socialization, ideologies, power and authority and democratization.

PS 399 Special Studies (1-3)
Special studies designed to develop research, writing, career-related or participatory skills at an advanced level in a variety of political science/public policy and administration areas. Prerequisite: PS 199 or consent of instructor

PS 406 Special Individual Studies (1-6)
Terms and hours to be arranged. A specialized or individualized course of study within political science/public policy and administration developed in consultation with the instructor. Prerequisite: consent of instructor

PS 407 Seminar (1-3)
Terms and hours to be arranged. Special seminar topic offerings in the political science/public policy and administration discipline.

PS 409 Practicum: Administrative Internship (3-12)
Terms and hours to be arranged. This course provides opportunities for practical experience in the administrative processes of federal, state and local government agencies and public or nonprofit organizations. Prerequisite: consent of instructor and at least 3.0 GPA

PS 410 Political Science Internship (3-12)
Provides opportunities for practical experience with the Oregon State Legislature, city councils, legal offices, political campaign or interest group activities. Prerequisite: consent of instructor and at least 3.0 GPA

PS 414 Political Parties, Pressure Groups and Elections (3)
An analysis of the nature, organization and operation of political parties, pressure groups and elections with special attention to their functions in the American political process. Consideration of current problems and reforms in the area. Prerequisite: PS 201 or consent of instructor

PS 415 Politics and Psychology (3)
An analysis of the motivations for various forms of political behavior (apathy, voting, revolution) and the creation of political beliefs and behaviors with emphasis on psychological theories and the socialization process. Consideration of the impact of various beliefs and behaviors on political systems. Prerequisite: PS 201 or consent of instructor

PS 416 Politics and Communication (3)
An examination of the relationship between politics and communication and how it affects American society. Emphasis is on the politics of mass media, particularly television, help create, advance and reinforce public opinion and political agendas. Prerequisite: PS 201 or consent of instructor

PS 419 American Presidential Elections (3)
Examination of the processes and outcomes of American presidential elections with emphasis on the period from 1952 to the present. Considers impact of political parties, groups, issues, candidates, and process. Prerequisite: PS 201 or consent of instructor

PS 423 Issues in National Policy (3)
A detailed analysis of the functions and policies of American national government with emphasis on selected contemporary problems and issues. Prerequisite: PS 201 or consent of instructor

PS 424 Policy-making in the States (3)
An examination and analysis of selected key issues and characteristics of contemporary state government. Prerequisite: PS 201 or consent of instructor

PS 426 Federalism and Intergovernmental Relations (3)
An investigation of the constitutional, political, financial, and administrative relationships among national, state and local governments within the American Federal system. Prerequisite: PS 201, PS 202 or consent of instructor

PS 430 The Aging Society (3)
Analyzes the demographic, economic, social, and political dimensions of our aging population. The unique nature, needs and policy implications of the growing elderly population receive particular attention.
PS 435 Women and Politics (3)
A survey and analysis of the socioeconomic and political status of women, the structures and concerns of the feminist movement, public policy issues relevant to the status of women and roles women play in the political arena. Prerequisite: PS 201, PS 202 or consent of instructor

PS 436 Gender and Public Policy (3)
Examines public policy, the policy process and policy-making institutions through a "gender lens." It deals with how gender differences affect the identification of public policy problems, their perceived importance and their potential solutions, the differences between male and female policymakers, and the differential gender impact of policies.

PS 445 Introduction to Policy Analysis (3)
A study of the process and problem of policy analysis with a focus on the limitations and proper use of analytical techniques. Prerequisite: PS 201, or consent of instructor

PS 446 Land Resource Politics and Policy (3)
A broad examination of the development and present nature of land use policies, particularly the management of national lands.

PS 447 Environmental Politics and Policy (3)
An analysis of the history, politics and implementation of national environmental policy and the most important environmental laws and organizations.

PS 449 Environmental Values and Political Action (3)
Surveys the values and philosophies which influence the level and nature of political activism in environmental and natural resource issues. Analysis focuses on "classic" and contemporary writings ranging from ecocentrism to the wise use and market-oriented perspectives and their practical influence.

PS 454 Public Personnel Administration (3)
A study of governmental personnel systems. Topics include the underlying values of public personnel administration, classification, pay, and benefits, evaluation, recruitment, training, affirmative action, and collective bargaining. Prerequisite: PS 350, PS 351 or consent of instructor

PS 460 Governments and Politics of Asia (3)
A comparative study of political cultures, ideologies, governments and contemporary issues in selected Asian nations. Prerequisite: PS 203, PS 352 or consent of instructor

PS 461 Politics and Governments of Post-Communist States (3)
A comparative study of political cultures, ideologies, governments and contemporary issues in selected post-communist nations. Prerequisite: PS 203, PS 352 or consent of instructor

PS 462 Politics and Governments of Europe (3)
A comparative study of political cultures, ideologies, governments, and contemporary issues in selected European nations. A consideration of the problems and possibilities of regional integration. Prerequisite: PS 352 or consent of instructor

PS 463 Governments and Politics of Developing Nations (3)
A comparative study of political cultures, ideologies, governments and contemporary issues in selected developing nations. Prerequisite: PS 203, PS 352 or consent of instructor

PS 466 Governmental Budgeting (3)
A study of the political, fiscal, policy and management aspects of budget formation and implementation in American state and national governments. Prerequisite: PS 350, PS 351 or consent of instructor

PS 469 Congress and the Presidency (3)
An investigation of the structures, powers, operations, politics, and problems of the American Congress and the Presidency with emphasis on the functioning of Separation of Powers. Prerequisite: PS 201 or consent of instructor

PS 477 International Environmental Politics (3)
An introduction to the issues, processes and actors of international environmental politics. Issues to be covered will be the creation and evolution of international environmental actions including domestic and international processes and in-depth examinations of cases.

PS 478 Political Fiction and Film (3)
A study of political belief systems, behaviors, relationships, and concepts (justice, moral choice, liberty) in various cultures and time periods through the medium of the political novel and film.

PS 479 American Constitutional Law (3)
An introduction to the study of American constitutional law that involves a detailed case-study approach in which the students prepare briefs on case law. Focuses on the application of the concepts of federalism and separation of powers; the evolving relationship between the states and the national government; between the three institutions of the Presidency, Congress and the Courts; and between government and the individual.

PS 480 Administrative Law (3)
An advanced review of the legal context of public administration. The legal process within the bureaucracy and the duties and responsibilities of the individual administrator receive particular attention. Prerequisite: PS 350, PS 351 or consent of instructor

PS 481 International Law (3)
An introduction to the principles, sources, and basic concepts of international law. Issues to be covered will be the creation and evolution of international law, its nature and sources, and its relation with states, individuals and international organizations. Prerequisite: PS 203 or consent of instructor

PS 484 American Jurisprudence (3)
This course is intended to improve understanding of how the law works and of legal reasoning through reading and discussion of cases and essays. It covers both concrete legal principles and more abstract reflection on the sources and functions of the law. Prerequisite: PS 201 or consent of instructor and at least junior standing

PS 485 Legal Reasoning and Writing (3)
This course is designed for those considering a career in the law. It consists of training in the use of legal research sources, briefing cases, writing legal briefs and arguing cases in topical areas in both civil and criminal law. Prerequisite: PS 201 or consent of instructor and at least junior standing

PS 490 Community Politics (3)
An analysis of political processes, institutions, problems, and issues at the local level with emphasis on metropolitan areas, city management and federal/state/urban relations. Prerequisite: PS 202 or consent of instructor

PS 492 Ideologies of the 21st Century (3)
Capitalism, liberalism, conservatism, communism, socialism, and fascism considered as world views and politico-economic systems in various cultures, with emphasis on comparative values and methods. Prerequisite: PS 203 or consent of instructor

PS 493 International Organizations (3)
An advanced study of global problems (wax human rights, economic development) and organizations designed to alleviate them. Consideration and assessment of various cultural views of such problems and of the successes/failures of the United Nations, European Union and collective security arrangements. Prerequisite: PS 203 or consent of instructor

PS 495 Public Sector Labor Relations (3)
Introduction to labor relations in the public sector. Topics include the historical background and legal environment of public sector unions, the fundamentals of collective bargaining, including processes, politics, and methods of resolving impasses, the implementation of collective bargaining agreements, including grievance procedures, and the impact of unions on public personnel policies.

PS 497 American Foreign Relations (3)
A consideration of the origin, character and consequences of American foreign policy with an emphasis on policy-making and issues since 1945. Prerequisite: PS 201, PS 203 or consent of instructor

PS 501M Research (1-6)
Terms and hours to be arranged.

PS 503M Thesis or Field Study (1-6)
Terms and hours to be arranged.

PS 505M Reading and Conference (1-6)
Terms and hours to be arranged.

PS 507M Seminar (3)
PS 508M Workshop (1-6)
PS 509M Practicum: Internship (1-9)
PS 515M Social Policy Case Studies (3)
This course provides opportunities for experience in social problem analysis and solution. Students will consider case studies in teams, devise problem solutions and implementation plans and compare their results with those of others. Students pursuing the M.S. in Social Policy are especially encouraged to take this course.

PS 530 The Aging Society (3)
Analyzes the demographic, economic, social, and political dimensions of our aging population. The unique nature, needs and policy implications of the growing elderly population receive particular attention.

PS 536 Gender and Public Policy (3)
This course examines public policy, the policy process and policy-making institutions through a "gender lens." It deals with how gender differences affect the identification of public policy problems, their perceived importance and their potential solutions, the differences between male and female policy-makers and the differential gender impact of policies.

PS 540M Policy Implementation (3)
Graduate level examination of the factors that influence the social impacts of policies. The impacts of legislative design, administrative structure and social context of policy are central concerns.

PS 554 Public Personnel Administration (3)
A study of governmental personnel systems. Topics include the underlying values of public personnel administration, classification, pay and benefits, evaluation, recruitment, training, affirmative action, and collective bargaining.

PS 566 Governmental Budgeting (3)
A study of the political, fiscal, policy, and management aspects of budget formation and implementation in American state and national governments.

PS 575M Policy Issues and the Law (3)
A reading and research seminar focused on legal issues associated with social policy. These issues concern free speech, religion, press, and privacy, the rights of the criminally accused, and issues relating to race and gender based discrimination. Students will write and present a research paper related to social policy legal issues.

PS 579 Constitutional Law (3)
An introduction to the study of American constitutional law that involves a detailed case-study approach in which the students prepare briefs on case law. Focuses on the application of the concepts of federalism and separation of powers; the evolving relationship between the states and the national government; between the three institutions of the presidency, congress, and the courts; and between government and the individual. Prerequisite: PS 201 or consent of instructor

PS 580 Administrative Law (3)
An advanced review of the legal context of public administration. The legal process within the bureaucracy and the duties and responsibilities of the individual administrator receive particular attention.

Psychology
PSY 199 Special Studies (1-3)
Terms and hours to be arranged.

PSY 201 General Psychology (4)
A study of the science of human behavior and experience. Areas covered may include: biological bases of behavior, learning, memory, motivation, perception, cognition, and development.

PSY 202 General Psychology (4)
A study of the science of human behavior and experience. Areas covered may include: consciousness, personality, health psychology, abnormal behavior, psychotherapy, and social psychology.

PSY 218 Psychological Foundations of Education (3)
A survey of psychological topics relevant to educational settings. These topics may include child and adolescent development, learning, memory, cognitive processes, motivation, assessment, and behavioral management. This class is not intended for psychology majors.

PSY 301 Introduction to Research Methods (4)
An exploration of psychological research including topics of design, methodology, statistical analysis, and report writing. Student will design and conduct research and prepare a formal paper on this original research. Prerequisite: PSY 201 and 202 or equivalent

PSY 311 Developmental Psychology (4)
The psychological study of human development from conception to death. Stages and issues of development throughout the life-span are identified and examined. Developmental theories, research and methods are studied and applied to the various stages and issues. Prerequisite: PSY 201 or PSY 218 or equivalent

PSY 328 Mental Health (4)
A survey of theories of adequate and optimal psychological functioning. A study of processes which may lead to the development of adaptive functioning and its maintenance and how these processes may be brought into play in the individual’s environment or community. Prerequisite: PSY 201 and 202 or equivalent

PSY 334 Social Psychology (4)
The psychological study of how people think about, influence and relate to one another. Theoretical and research bases will be utilized to explore the nature and content of this field and its applications to social issues and every day events. Prerequisite: PSY 201 or PSY 218 or equivalent

PSY 349 Introduction to Behavior Modification (4)
A survey of behavior modification topics including principles of learning and relevant methodology. An exploration of practical applications. Prerequisite: PSY 201 or PSY 218 or equivalent

PSY 360 Cognitive Psychology (4)
This class provides an overview of basic topics in cognitive psychology including learning, memory, attention, sensation, perception, language, phonology, and problem solving. Prerequisite: PSY 201 and 202 or equivalent

PSY 373 Sensation and Perception (4)
Principles and theories relating to sensory stimulation and perceptual processes will be explored. Psychophysical methods will be used to demonstrate human visual and auditory processes. Prerequisite: PSY 201 and 202 or equivalent

PSY 390 Theories of Learning (4)
Survey of fundamental concepts of conditioning, rate learning, discrimination, theories of reinforcement, extinction and avoidance learning. Major theories of learning, and related experimental literature. Prerequisite: PSY 201 or PSY 218 or equivalent

PSY 398 Professional Issues in Psychology (4)
Exploration of the roles and functions of persons employed in occupations for which the study of psychology prepares students. Survey and practice of specific and non-specific skills of helping and interpersonal influence such as interviewing and small group dynamics. Ethics and other professional issues will be considered. Prerequisite: PSY 201 and 202 or equivalent

PSY 399 Special Studies (1-4)
Terms and hours to be arranged.

PSY 406 Special Individual Studies (1-6)
Designed for individual or special studies in a defined area of interest under the guidance of a designated faculty member.

PSY 407 Seminar (1-15)
Terms and hours to be arranged.

PSY 408 Workshop (1-15)
Terms and hours to be arranged.

PSY 409 Practicum (1-9)
Field experience in applied psychology. Prerequisite: consent of instructor

PSY 410 Mentoring I (1-4)
Student will serve as a mentor for an "at risk" middle school or high school student. Mentors help students develop skills for academic success, emotional and social growth, and provide a forum for developing problem solving approaches to concerns and issues. Students receive training on the mentoring process, goal setting, and communication. Prerequisite: consent of instructor

PSY 411 Mentoring II (1-4)
Students continue to mentor, collect, analyze and present data on mentoring progress towards goals. Prerequisite: PSY 410

PSY 415/515 Psychology of Sports (4)
This course will survey the current state of the psychology of sports. Psychological theory and research findings will provide the basis for suggestions about applications to sport situations. A central focus will be on the critical and empirical evaluation of the common knowledge in this area. Prerequisite: PSY 201 and 202 or equivalent
PSY 423 Interviewing and Appraisal (4)
Exploration of the interview as a method of information gathering and social influence. Topics include the uses of interviews, the strengths and weaknesses of the interview as a methodology, training in specific interviewing skills, and the relation of the interview to other methods of appraisal of human behavior. Applications will be drawn from many areas of human interaction including the helping professions and business. Prerequisite: PSY 201 and 202 or equivalent

PSY 426 History of Psychology (4)
Historical study of psychologists, basic psychological concepts and theories. Prerequisite: minimum of 15 hours upper-division psychology courses

PSY 435/535 Theories of Personality (4)
Major historical and contemporary theories of personality development and function and their relation to current issues in psychology. Prerequisite: 300-level course in psychology

PSY 437/537 Advanced Social Psychology (4)
An in-depth study of several social-psychological theories and their application to social issues and interactions. Topics may include small group interaction and functioning, social cognition, attitudes and persuasion, social influence, and social relations. Prerequisite: PSY 334 or equivalent

PSY 440/540 Small Group Theory (3)
Survey of major social-psychological theories and research related to small groups; application of theory and research to development, organization and functioning of small groups. Prerequisite: six or more hours of upper-division psychology courses

PSY 443/543 Group Processes (4)
An analysis of the basic psychological processes of group interactions. Principles, techniques, and characteristics of productive groups in business, education and the community will be discussed. Prerequisite: PSY 201 or PSY 218, and PSY 334 or equivalent

PSY 445/545 Introduction to Industrial/Organizational Psychology (4)
A study of psychology as applied to work settings in industry, business, government, and social service. Topics include trends in organizational design, personnel selection and placement, human resource management, work motivation, job satisfaction, and leadership. Prerequisite: PSY 201, PSY 202 and PSY 334

PSY 446/546 Applying Psychology to Human Resource Management (4)
Investigation of human resource needs including manpower planning systems; concepts of adult learning and development; long- and short-range planning models; and employee training programs. Prerequisite: PSY 445/545

PSY 447/547 Organizational Development (4)
An advanced course in organizational psychology integrating processes and principles in organizational settings. Prerequisite: PSY 445/545

PSY 448/548 Topics in Organizational Psychology (4)
Topics may include at different times: strategic planning and implementation; productivity issues; career development with organizations; managerial participative management programs; negotiation, mediation and arbitration processes; and other topics of special interest. May be repeated under different subtitles. Prerequisite: PSY 445/545

PSY 450/550 Abnormal Psychology (4)
The nature, causes and treatment of various forms of unusual behavior and emotional disturbance. The full range of abnormality will be examined from extreme reactions to stressful events to psychotic breaks with reality as defined by the Diagnostic and Statistical Manual of the American Psychiatric Association. The course will integrate perspectives generated from psychological theory, research and physiological findings. Prerequisite: a 300-level course in psychology

PSY 451/551 Biopsychology (4)
A study of the ways that the physiology of the body is related to behavior. Sub-topics may include sleep and dreaming, learning and memory, pain, sexual behavior, disordered emotional states, and psychopharmacologic agents. Prerequisite: PSY 201 and 202 or equivalent

PSY 460 Cognitive Neuroscience Seminar (1-4)
This class covers advanced topics in cognitive science including cognitive development, cerebral localization of function, hemispheric interactions, differences, individual differences in cognition, object recognition, face recognition, spatial perception, and neuropsychological disorders. Prerequisite: PSY 360 or PSY 451

PSY 463/563 Maladjusted Child (4)
Examination of the nature, causes and treatment of emotional and social maladjustments in children and adolescents. A broad range of disturbances will be examined from minor problems in living to psychotic breaks with reality and self-destructiveness. The home, school and cultural environments will be examined as well as possible genetic and biological determinations of the mental health of children and youth. Prerequisite: PSY 201 or PSY 218, and PSY 311 or equivalent

PSY 465/565 Motivation (4)
Deals primarily with human motivation. Topics such as stress, conflict, learned motives, arousal, and unconscious determinants will be considered. Prerequisite: 3 or more hours of 300-level psychology

PSY 467 Quantitative Methods (4)
Methods which psychologists use to describe, summarize and make inferences about measurements made on people, things or events. Prerequisite: PSY 201, 202, 301, and MTH 105 or MTH 111 or equivalent

PSY 468 Research Methods in Psychology (4)
An introduction to the experimental, correlational and survey methods employed in psychological research. Prerequisite: PSY 467 with a grade of C- or better

PSY 471/571 Computers in Psychology (4)
Survey of computer applications in psychology with emphasis on microcomputers. Topics include computer testing: methods and ethics, computer-aided instruction, artificial intelligence, networking and research applications. Prerequisite: PSY 201, 202 and CS 101 or equivalent

PSY 472/572 Psychological Assessment (4)
The use of psychological assessment approaches to developing understanding of individuals and groups. Basic principles of test theory and interpretation of test scores will provide a framework for test evaluation. Interviewing and non-quantitative assessment approaches will also be examined. Research and theoretical issues involving major constructs such as intelligence, aptitude, interest and personality will be addressed. Prerequisite: a 300-level psychology course

PSY 480/580 Infancy and Childhood (4)
Theory and research related to prenatal, infancy, and early childhood phases. Includes study of the motor, emotional, cognitive, social, and linguistic domains with emphasis on applications for professionals offering services to young children and their families. Prerequisite: PSY 201 or PSY 218, and PSY 311 or equivalent

PSY 481/581 Middle and Late Childhood (3)
Theory and research related to children who are between school age and adolescence. Emphasis on socialization, cognitive development, and deviations from typical development. Prerequisite: PSY 201 or PSY 218, and PSY 311 or equivalent

PSY 482/582 Adolescence (4)
Study of the transitions and issues of adolescence. Includes an overview of theory and research with an emphasis on applications for parents, teachers and professionals offering services to adolescents and youth. Prerequisite: PSY 201 or PSY 218, and PSY 311, or equivalent

PSY 483/583 Adulthood and Aging (4)
Examination of current models of aging. Includes theory and research relevant to early, middle and late adulthood. Emphasis on applications of information concerning the issues of adulthood. Prerequisite: PSY 201, 202 and 311 or equivalent

PSY 484/584 Death, Dying and Grief (4)
Focuses on numerous topics related to the developmental processes of death, dying and grief throughout the life-span. Prerequisite: PSY 201, 202 and 311 or equivalent

PSY 487/587 Cross-Cultural Development (4)
Study of the relationship between culture and psychological functioning with an emphasis on developmental processes. Prerequisite: PSY 201, 202 and 311 or equivalent

PSY 488/588 Theories of Development (4)
Theories of human development across the life-span are examined, integrated and compared. Assumptions of major, contemporary theories of development are studied including a review of related research findings, and consideration of practical applications. Prerequisite: PSY 201, 202 and 311 or equivalent
PSY 489/589 Special Topics in Developmental Psychology (1-9)
Each quarter this course is offered, a single special topic in development will be studied in depth. Topics may include the development of sex roles, moral development, or social skills training. May be repeated under different subtitles. Prerequisite: PSY 201, 202 and 311 or equivalent

PSY 492/592 Psychology of Women (4)
Application of psychological methods to the study of women’s roles and behavior. Sub-topics may include development, sexuality, achievement, attitudes, and work. Prerequisite: PSY 201 and 202 or equivalent

PSY 496/596 Program Evaluation (3)
An introduction to the purposes, models and methods of quantitative and qualitative evaluation of programs in agencies, schools, businesses, and organizations.

PSY 498/598 Advanced General Psychology (3)
A survey of the latest and most important research findings in the major areas of psychology including human development, physiological, social, learning, memory, motivation, personality, abnormal, health, thinking, and perception. Prerequisite: minimum 15 hours of upper-division psychology courses

PSY 506M Special Individual Studies (1-6)
Terms and hours to be arranged.

PSY 507M Seminar (1-15)
Terms and hours to be arranged.

PSY 508M Workshop (1-15)
Terms and hours to be arranged.

PSY 509M Practicum (1-15)
Terms and hours to be arranged.

PSY 519M Research Methods in Human Development (3)
A survey of methods for observing, recording, analyzing, and interpreting changes in the physical, cognitive, affective, and social behavior of children and adults.

PSY 520M Learning and Memory for Instruction (3)
A survey of contemporary theories of learning and memory. An emphasis will be placed on research involving cognitive, social, motivational, and biological aspects of learning and memory. Applications will focus on instructional settings.

PSY 521M Developmental Psychology: Concepts and Applications (3)
An overview of developmental psychology with an emphasis on theories and classroom applications. Assumptions of major contemporary theories of development are studied, including a review of related research findings and consideration of practical applications.

PSY 522M Adolescent Development for Educators (3)
A course focusing on transitions and issues of normative development from early to late adolescence. Includes an overview of theory and research with an emphasis on applications for middle school and high school teachers.

PSY 523M Intelligence Testing and Reporting (3)
Course objectives are to train individuals to administer and score individual intelligence scales competently and accurately and to learn initial aspects of test interpretation and reporting. Social, cultural, and socioeconomic factors that affect test results will also be discussed.

PSY 524M Individual Intelligence Testing (3)
Selection, administration and interpretation of individual tests. Problems in testing of exceptional children and the integration of referral and history assessment data into a case study report, including an individual educational program. Prerequisite: PSY 523M

PSY 527M Identification and Assessment of the Talented and Gifted (3)
An introduction to the measures and procedures used to identify talented and gifted individuals. Differential assessment procedures for identifying the wide range of gifted individuals will be evaluated and new concepts in assessing talent and giftedness will be explored.

PSY 528M Advanced Behavior Modification (3)
Experimental and theoretical foundations of a variety of behavior modification techniques such as operant conditioning, contingency contracting, systematic desensitization, modeling, self-management, aversive therapy, token economics, and others. In addition, opportunity will be available for practical applications of such techniques. A study of the role of cognitive variables in behavior modification will be included. Prerequisite: 12-15 hours of psychology, including learning or behavior modification

PSY 549M Psychology of Organizations (3)
A study of psychology as applied to organizations such as for-profit, non-profit, and government entities. Topics may include theory of organizations, organizational design, structure, and essential functions. Examination of functions such as personnel processes, motivation, leadership, organizational development, job satisfaction, and productivity will be examined.

RC 422/522 Medical and Functional Aspects of Disability in Rehabilitation (3)
Overview of medical and functional aspects of disability in rehabilitation; most common illnesses and disabilities encountered for case management in rehabilitation-related settings; environmental/attitudinal barriers of various disabling conditions, focusing on young adult through mature adult populations; basic medical terminology, etiology, symptoms, diagnosis and treatment of various diseases and health issues resulting in disability, and medical information needed to facilitate service delivery for persons with disabilities. Students will be introduced to the functional aspects of disability and possible resources for an individual who may need rehabilitation engineering and/or technology services.

RC 423/533 Psychosocial and Environmental Aspects of Disability (3)
Analysis of the psychological and social impact of disability from an individual, family, community, and environmental perspective. Developmental issues (e.g. childhood to adulthood lifespan) related to disability will be explored. Influence of the family and helping professions will also be presented. Rehabilitation services and resources available to both professional and lay public are noted.

RC 475/575 Hearing Loss and Assistive Technology (1)
Provides students with an understanding of the impact of hearing loss on access to both oral/aural communication and environmental cues/alarms. Students are exposed to technology that can improve communication access for individuals experiencing hearing loss across a variety of settings. Samples of assistive listening, telecommunication, and alerting devices will be demonstrated.

RC 476/576 Professional Identity in Rehabilitation Counseling (1)
Provides an overall orientation to graduate studies in the rehabilitation counseling education (RCE) program at WOU. Students will have opportunity to learn about both state and national professional organizations as well as counselor licensure and certification programs.

RC 490/590 Professional Issues: Rehabilitation Counseling with Deaf Clients (3)
An examination of the social and vocational implications of hearing loss on individuals who are hard of hearing and Deaf. Also, an extensive review of the social services that respond to the unique needs of this population with an emphasis on the state vocational rehabilitation agency.

RC 506M Special Projects (1-9)
Terms and hours to be arranged.

RC 507M Seminar (1-9)
Terms and hours to be arranged.

RC 508M Workshop (1-6)
Terms and hours to be arranged.

RC 509M Practicum (1-9)
Opportunity to apply basic counseling skills in a relatively safe environment. Students will have opportunity to participate in weekly consultation with a practicum supervisor to promote personal growth and introduction to a variety of counseling approaches and rehabilitation issues. First year practicum classes will meet weekly and are taken concurrent with RC 511M, RC 512M and RC 513M. A fourth practicum course will allow students to practice career counseling theory and...
techniques in a rehabilitation counseling setting prior to beginning their internship (RC 510M). Prerequisite: consent of program coordinator.

**RC 510M Internship (18 minimum)**

Students perform two full-terms (18 credit hours) of on-site placement with a state or community rehabilitation counseling agency or social service agency charged with meeting the specific rehabilitation needs of clients. Total internship will consist of a minimum of 18 credit hours which includes 600 hours of counselor-in-training experience. Prerequisite: successful completion of RC 509M, RC 511M, RC 512M, RC 513M, RC 520M, RC 521M, RC 530M, RC 531, RC 532, RC 533, RC 550, RC 560, Ed S12M or TPD S40M, and SPED 572M. Student cannot begin RC 510M internship with an incomplete grade (I) in any RC class unless they have petitioned the faculty of the Rehabilitation Counselor Education program for a waiver.

**RC 511M Introduction to the Helping Profession (3)**

First in a series of three courses. Designed to provide an in-depth study of problem-management counseling approach when working with clients who are Deaf or who have disabilities. Formation of general interpersonal skills and basic helping relationships is stressed. Two major counseling theories will be introduced.

**RC 512M Theory and Techniques of Counseling (3)**

Overview of a variety of contrasting theoretical counseling models underlying both individual and group practice in counseling. Second of three courses that present theories and techniques used in effective rehabilitation counseling. Emphasis is placed on the appropriateness of selected theories when counseling persons with disabilities. Prerequisite: concurrent enrollment in RC 509M.

**RC 513M Lifestyle and Career Development (3)**

Explores the foundational issues of work, principles of human and career development (early childhood to senior adult), and major career counseling theories as applied to different stages in life. Ethnic, racial, social and gender issues related to career development will be considered. Prerequisite: concurrent enrollment in RC 509M.

**RC 520M Professional Orientation to Rehabilitation Services and Resources (3)**

Overview of the rehabilitation profession. Explores issues ranging from philosophical and service models to personal dilemmas faced by rehabilitation counselors. Students will be exposed to issues that challenge various groups who identify themselves as people with disabilities. Prerequisite: consent of program coordinator.

**RC 521M Job Development, Placement and Retention (3)**

Examines theory, role, techniques, and issues related to job development, placement, and retention as they lead to competitive employment for persons with disabilities. Prerequisite: consent of program coordinator.

**RC 530M Group Work (3)**

Objective is to increase student knowledge of background, counseling theory and processes in groups. Student will experience practical application of group theory and techniques by participating as a member for six group sessions. Prerequisite: consent of program coordinator.

**RC 531 Family, Disability and Life Span Development (3)**

Provides an understanding of the nature and needs of individuals at all developmental levels, from birth to old age. Topics will include a general overview of the expanded family life cycle; introduction of family counseling theories and clinical application; use of genograms to track family history; and understanding of how diverse characteristics impact the family throughout the life span. Prerequisite: consent of program coordinator.

**RC 533 Social and Cultural Diversity Issues in Rehabilitation Counseling (3)**

Intended to increase student’s understanding of issues and dynamics when providing rehabilitation counseling across social, cultural and community lines. Emphasis on the student’s examining his/her own cultural identity, attitudes and biases. Attention will be given to developing understanding of gender, class, race, ethnicity, disability, family structure, roles and values, and various lifestyles.

**RC 550M Ethics and Issues in Rehabilitation Counseling (3)**

Provides an awareness of professional and ethical principals applied to rehabilitation casework, organization policy, and disability law. Will discuss legalities and provide an awareness of responsibilities and duties in regard to rehabilitation related counseling activities. Prerequisite: consent of program coordinator.

**RC 560M Case Management in Rehabilitation Counseling (3)**

Examines strategies for providing effective case management services for persons with disabilities. Contemporary issues faced by the rehabilitation counselor will be discussed. Crisis management tools and conflict resolution strategies will be examined. Prerequisite: consent of program coordinator.

**RC 562M Measurement and Assessment Procedures in Deafness and in Rehabilitation (3)**

Selection, administration and interpretation of various psychological, achievement and interest instruments used with persons who are Deaf, hearing impaired, and persons who have disabilities. Special emphasis will be placed on test interpretation in the client-counselor or teacher-student relationship. Demonstration and practice will be included.

**Religion**

**R 201 Introduction to the World’s Religions: Eastern (3)**

An introduction to the major religions of the Far East: Confucianism, Taoism, Hinduism, and the Buddhism of India, Tibet and Japan (Zen).

**R 204 Introduction to the World’s Religions: Western (3)**

An introduction to the major religions of the West: Judaism, Christianity and Islam.

**R 315 Interpreting Religious Phenomena (3)**

Approaches to interpretation of the meaning of diverse religious phenomena, both theoretical and practical. Of use to persons who seek to handle religion in the public classroom as well as those who wish to understand religion for its own sake. Prerequisite: R 201, R 204 or equivalent, required as background.

**R 399 Special Studies (1-15)**

Terms and hours to be arranged.

**R 460/560 Comparative Religion (3)**

A study and comparison of the great religions of the world. R 201 and R 204 or equivalent recommended as background, preferably both.

**Social Science**

**SSC 199 Special Studies (1-15)**

Terms and hours to be arranged.

**SSC 201 Introduction to Gender Studies (3)**

A survey and critical analysis of the essential issues of feminism. Historical and contemporary texts form the basis for discussion of topics affecting men’s and women’s lives. Clarification of key concepts such as gender as a social construct, patriarchy and the interaction of race, class and gender.

**SSC 401 Research (3-6)**

Terms and hours to be arranged.

**SSC 403 Field Study (1-9)**

Terms and hours to be arranged. Maximum of nine hours. Not intended as practicum for teaching majors.

**SSC 406 Special Individual Studies (1-15)**

Terms and hours to be arranged.

**SSC 407/507 Seminar (1-3)**

Terms and hours to be arranged.

**SSC 408 Workshop (1-15)**

Terms and hours to be arranged.

**SSC 409 Practicum (3-12)**

Terms and hours to be arranged.

**SSC 490, 491 Senior Social Science Seminar (3 each)**

A senior interdisciplinary culminating course designed to help students to integrate social science
around such contemporary concerns as urban studies, minority group studies, environmental studies, and the like.

**SOC 501M Research (3-9)**
Terms and hours to be arranged.

**SOC 503M Thesis or Field Study (3-9)**
Terms and hours to be arranged.

**SOC 506M Special Individual Studies (1-15)**
Terms and hours to be arranged.

**SOC 507M Seminar (1-15)**
Terms and hours to be arranged.

**SOC 509M Practicum/Service Learning (6-9)**
Terms and hours to be arranged.

This course provides opportunities for practical experience or service learning in conjunction with a federal, state or local government agency or a public or nonprofit corporation. It is specifically intended to assist students enrolled in the graduate program in Social Policy to develop a thesis or field study, while also contributing valuable work to the community.

**SOC 511M Contemporary Developments in the Social Sciences (3)**
A study of contemporary literature in the various social science areas for elementary teachers.

**SOC 512M Contemporary Developments in the Social Sciences (3)**
A study of contemporary literature in the various social science areas for junior and senior high school teachers. (Acceptable for secondary certification.)

**SOC 513M Social Problems in American Democracy (3)**
A selected list of problems in the United States such as conservation, health, crime, etc. Designed to give factual and interpretative background for secondary teachers.

**SOC 515M Political Problems in American Democracy (3)**
A study of current domestic political problems.

**Sociology**

**SOC 223 Theoretical Foundations of Sociology (3)**
A broad introduction to the discipline of sociology, synthesizing the contributions of classical authors and applying their insights to contemporary concerns of the discipline. Focus is on the theoretical and historical dimensions of sociology in a multicultural context.

**SOC 224 Empirical Foundations of Sociology (3)**
An introduction to the empirical practice of sociology, emphasizing research methods, applied perspectives, and critical analysis.

**SOC 225 Social Problems (3)**
Critical analysis of contemporary U.S. society and selected social problems such as poverty, racism, sexism, environmental degradation, and globalization. Causes and consequences of problems are examined.

**SOC 290 World Population and Social Structure (3)**
Introduction to the general field of population studies, provided within a sociological framework and analysis of historical, contemporary and anticipated population conditions and trends as these are related to social situations and the organization of society.

**SOC 300 Proseminar (3)**
Advanced (required for majors) introduction to sociology as an academic and professional pursuit. Includes preparation for senior thesis. Prerequisite: sociology major, junior standing

**SOC 309 American Society (3)**
A critical overview of the development of U.S. society. Major changes in American society and selected contemporary problems examined in relation to the historical. Prerequisite: SOC 223 or consent of instructor

**SOC 310 Service Learning and Community Praxis (3)**
Course will develop and examine the use of student volunteer projects in community service activities. Includes class discussions of various concepts of service learning and coordination of a student volunteer project. Prerequisite: SOC 223, 224 and 225 or nine hours sociology credit

**SOC 312 History and Anthropology of the Little Big Horn (3)**
Course explores the causes and consequences of Battle of the Little Big Horn. Course also includes short ethnographies of the Lakota and Cheyenne as well as selected biographies.

**SOC 315 Social Stratification and Inequality (3)**
Introduction to the social bases of stratification and inequality in capitalist societies. Focus on critical examination of the causes and consequences of poverty and the unequal distribution of resources. Concepts of class and status will be given special attention.

**SOC 320 Industrial Sociology (3)**
Introduction to the history and structure of industrial capitalist societies. Focus on development of the labor process and industrial bureaucracies; corporate form; social and political history of labor; and relevance for contemporary economic development.

**SOC 321 Labor Studies (3)**
Introduction to selected topics in labor studies: labor history, unions, labor politics, globalization, and working class cultures. Class will include the participation of union leaders from the area. Films and field trips included.

**SOC 325 Participant Observation and Qualitative Research Methods (3)**
Survey of qualitative research methods with focus on participant observation. Students will be required to conduct field research as a means of developing the following research tools: surveys, interviews and observation. Skill in basic archival work will also be developed.

**SOC 327 Introduction to Social Research (3)**
The development of social research; the nature of scientific inquiry and basic methods and techniques; examination of representative studies from the standpoint of methodology; the utilization of basic skills.

**SOC 328 Introduction to Social Data Analysis (3)**
Introduction to quantitative statistical analysis techniques employed in the social sciences; emphasis on probability theory and the general linear model. Prerequisite: SOC 227 or equivalent

**SOC 330 Urban Sociology (3)**
An introduction to urban development. Includes a historical and contemporary analysis of the rise of the city of change. Tactics and strategies of mobilization, confrontation and resistance are discussed within a practical, contemporary context.

**SOC 334 Self and Society (3)**
A distinctively sociological approach to the study of the individual in the context of larger social structures.

**SOC 338 Sociology of the Family (3)**
An analysis of family in both public and private spheres. This course will emphasize how mechanisms of gender/race/class shape the family as an institution.

**SOC 340 Community Organizing (3)**
A review and analysis of the history and practice of grass roots community organizing, especially labor unions, tenant groups and neighborhood associations. Particular attention is given to community organizations working toward social change. Tactics and strategies of mobilization, confrontation and resistance are discussed within a practical, contemporary context.

**SOC 341 Community Action (3)**
Practical application of community organizing strategies and skills. Requires extensive time outside of classroom working on community project organized for positive social change. Prerequisite: SOC 340

**SOC 350 Food and Hunger (3)**
Analysis of the production and distribution of food on a world scale. Examination of food shortages and famines in the underdeveloped world. Political-economy of agriculture is included. Alternative production and distribution systems are examined.

**SOC 354 Sociology of Deviant Behavior (3)**
Examines the historical, cultural, political, and economic forces that contribute to the social construction of deviance. Particular attention is given to strategies of social control deployed by those with power.

**SOC 360 Sociology of Gender (3)**
Explores the analytic concept of gender from a sociological perspective. Theories and empirical conditions that address gender differences and gender inequalities will be examined within the
institutional structures of the economy, the state, and the family. An exploration of topics concerning the formation of gender identity, the symbolic representation of gender, and the relationship between gender/crime/violence is included.

**SOC 390 Critique of Education and Critical Pedagogy (3)**
Sociological analysis and critique of education in the United States. Special attention given to consideration of education as part of a larger, capitalist society. Critical pedagogy and counter-hegemony are key concepts developed as a means of restructing education and society.

**SOC 400 Globalization and Development (3)**
Introduction to the problems of development and underdevelopment in the world political-economy. Social, economic and political dimensions of the core and periphery are examined. History of colonialism, imperialism and neo-colonialism is reviewed. Theories and concepts of globalization examined.

**SOC 406 Special Individual Studies (3)**

**SOC 407 Seminar: Special Topics in Sociology (3)**

**SOC 409 Practicum: Latino/a Ed Mentor (1-6)**
This class has two goals: 1) reduce the high school dropout rate for Latino/a students at McKay High School; 2) increase the college participation rate for Latino/a graduates from McKay High School. This class will implement these goals by providing personal resources and communication to the Latino/a student, the mentor. The WOU student will act as mentor in providing these goals.

**SOC 410 Historical Sociology: Origins of Capitalism (3)**
Historical and theoretical analysis of the emergence of capitalism in the West. Consideration of the transition from feudalism to capitalism is included. Historical analysis of the Industrial Revolution is also included.

**SOC 420 Political Sociology: Theories of the State (3)**
Critical introduction to theories of power and the state. Versions of elitism, pluralism, Weberianism, Marxism, and Neo-Marxism are presented. Attention is also given to the development of the modern welfare state.

**SOC 427 Revolutionary Social Movements (3)**
Description and analysis of revolutionary movements around the world. Special attention given to the French, Russian and Chinese Revolutions. Forms, causes, and consequences of revolutions are considered as part of an effort to develop a theory of revolution. Course includes the development and critical examination of the concepts of class and class struggle.

**SOC 430 Political-Economy as Social Theory (3)**
Survey of classical political-economy as a form of social (sociological) theory. Writings of Marx, Adam Smith, Ricardo, Weber, and others are introduced and critically evaluated. The relationships between the social structures of the economy and the polity are analyzed.

**SOC 434 African American Studies: Social Issues, Social Movements (3)**
Introduction to the theoretical perspectives and social science research used to analyze the experience of African Americans in the U.S. Special emphasis will be placed on the emergence and consolidation of the Civil Rights Movement. Also examines the specific organizations that provided leadership during this period, such as the NAACP, the Southern Christian Leadership Conference, the Nation of Islam, and the Black Panthers. Social movement perspectives will be applied to evaluate the outcome of these models.

**SOC 435 Chicano/a/Latino/a Studies: Social Issues, Social Movements (3)**
Examines the structural factors that shape socioeconomic conditions for people of Mexican descent living in the U.S. Addresses the grass-roots perspectives in which social movements were constructed. Analysis will include texts that address historical background of U.S./Mexican relations, labor conditions, academic achievement, and identity construction.

**SOC 436 Native American/Asian American Studies: Social Issues, Social Movements (3)**
Overview of structural conditions that define social reality of Native American and Asian American populations in current U.S. society; confrontations at Wounded Knee; and the formation of the American Indian Movement (AIM). A comparative examination of the socioeconomic factors that impact the lives of people of Japanese, Chinese and Vietnamese decent. Special attention is given to the internment experience of Japanese Americans in Oregon.

**SOC 437 Sociology of Race/Ethnic Relations (3)**
Introduction to the history of problems that racial and ethnic groups have confronted in the U.S., including immigration. Analysis will include an overview of the social movements that have emerged to confront forms of oppression and discrimination. The intersection of race and class is considered.

**SOC 440 Women and Development (3)**
Historical and contemporary analysis of women in the development and underdevelopment of the world political economy. Topics include a consideration of women’s household labor and wage labor. The impact of militarization and violence against women will also be addressed.

**SOC 450 Latin American Society (3)**
Analysis of current social issues in Latin America. Topics include economic restructuring, state transformation, gender and family relations.

**SOC 460 Feminist Theory (3)**
Provides an introduction to major themes of feminist thought. A wide range of representative works of theorists from the first and second wave feminist movements will be included.

**SOC 471 Classical Sociological Theory (3)**
An examination of the concepts and theories of some of the most renowned social thinkers of the 19th and early 20th centuries. The focus is on the work of Karl Marx, Max Weber and Emile Durkheim. Key concepts analyzed include alienation, domination and anomie. Prerequisite: SOC 223 and 224

**SOC 472 Contemporary Sociological Theory (3)**
Study of significant sociological theories and concepts from the early 20th century to the present. Prerequisite: SOC 223, 224 and 471

**SOC 492 Senior Seminar I (3)**
A research-oriented seminar.

**SOC 493 Senior Seminar II (3)**
A research-oriented seminar.

**SOC 494 Senior Seminar III (3)**
A research-oriented seminar.

**SOC 507 Seminar in Social Policy (3)**
A topical seminar on current issues in social policy. Special attention will be given to readings and discussion that focuses on social problems and policy evaluation.

**SOC 510M Critical Theory and Public Policy (3)**

**SOC 525M Social Problems and Policy (3)**
An advanced introduction to contemporary social problems and related public policies. The causes and consequences of problems are considered. Selected policies and programs are surveyed in relation to problems such as poverty, racism, sexism, environmental degradation, substance abuse, and various forms of crime.

**SOC 527M Social Movements and Social Policy (3)**
A survey of social movements in the United States. An examination of federal and state policies/programs that resulted from selected social movements is also a consideration. Special attention will be given to the labor movement, civil rights and the feminist movement. Theories of social movements are reviewed and evaluated.

**SOC 528M Social Policy Research Methods (3)**
Introduction to major social science methods of data collection. Considers both qualitative and quantitative strategies in the context of social policy research.

**SOC 529M Policy Evaluation (3)**
Review of research strategies employed to evaluate the effectiveness of social policy interventions. Both study design and techniques of statistical analysis are covered.
SOC 537 Sociology of Race/Ethnic Relations (3)
Introduction to the history and problems that racial and ethnic groups have confronted in the United States. Overview of the social movements that have emerged to confront forms of oppression and discrimination. The impact of racial discrimination on women is given special attention.

SOC 540M Urban Development (3)
A survey of urban development. Focus on "political economy" of the city; the role of government in the development of the "built environment"; urban problems and related government programs; urban planning. The goal of the course is to provide students with a broad understanding of urban development theoretically and historically.

SOC 550M Political Economy (3)
Theoretical, historical and empirical review of the "state" in capitalist societies, with focus on the development of the national government in the U.S. Relations between the economy and polity are explored with special attention given to the development of social programs. Analysis of the New Deal and the rise of the "welfare state".

SOC 554 Sociology of Deviant Behavior (3)
Review of major sociological theories of deviance. Focus on historical patterns of deviance and the relationship between deviance and systems of power and social control. Also includes a critical analysis of dominant psychological and medical models of mental illness.

Spanish (B.A. only)
SPAN 101, 102, 103 First Year Spanish (4 each)
Beginning study of Spanish. Students acquire experience in speaking, reading and writing Spanish, including practice in conversational Spanish in small groups and individual work with cassettes.

SPAN 199 Special Studies (1-15)
Terms and hours to be arranged.

SPAN 201, 202, 203 Second Year Spanish (4 each)
For students who wish to improve their ability to speak, read, understand, and write Spanish. Emphasis is on mastering the skills and grammar introduced in first year, increasing vocabulary and acquiring fluency through practice. Prerequisite: SPAN 103 or two years high school Spanish

SPAN 299 Special Studies in Language (1-15)
Terms and hours to be arranged.

SPAN 301, 302, 303 Intermediate Spanish Composition and Conversation (4 each)
Intensive practice in speaking and writing the language. Oral reports and writing of original compositions. Reading includes selections of newspaper articles, short stories and the like. Conducted in Spanish. Prerequisite: SPAN 203, or equivalent

SPAN 317, 318, 319 Spanish for Bilingual/Heritage Speakers (4 each)
For speakers of Spanish as a first language who can read and write. Improve native speakers' Spanish skills in spelling, grammar, reading, composition, translation, and knowledge of the Hispanic world.

SPAN 320 Business Spanish (3)
Description and analysis of business terminology in Spanish. Study of business organization, operation and management in Spanish speaking cultures, and introduction to the language of accounting, marketing and economic matters in Spanish. Conducted in Spanish. Prerequisite: SPAN 203 or permission of instructor

SPAN 328 Introduction to Chicano/a Literature (3)
Introduction to texts representative of the Chicano/a literary heritage. Sampling of genres, as well as historical and geographical settings and perspectives, characteristic of work written by Chicanos during the 20th century. Prerequisite: When this course is conducted in Spanish, recommended SPAN 203 or consent of instructor. When this course is conducted in English with a HUM prefix, there are no requirements, but it will not count for the Spanish major.

SPAN 338 Hispanic Culture and Civilization: Spain (3)
A cultural survey of Spain, including geography, history, politics, economics, religion and contemporary civilization. Conducted in Spanish. Prerequisite: two years of college Spanish or equivalent. Recommended: SPAN 301, 302, 303

SPAN 339 Hispanic Culture and Civilization: Latin America (3)
A cultural survey of Latin America, including geography, history, politics, economics, religion and contemporary civilization. Conducted in Spanish. Prerequisite: two years of college Spanish or equivalent. Recommended: SPAN 301, 302, 303

SPAN 340 Civilization & Culture of Mexico (3)
A cultural survey of Mexico from the pre-Hispanic times to present; including literature, geography, history, politics, economics, sociolinguistics, and religion. Conducted in Spanish. Prerequisite: two years of college Spanish or equivalent. Recommended: SPAN 301, 302, 303

SPAN 342 Introduction to Chicano/a Life and Culture (3)
A cultural survey of the Chicano/a presence in the Southwest, including art, geography, history, folklore, politics, and current trends in the contemporary period. Students will acquire an understanding of experiences and concerns pertinent to Chicanos from the 1960s to the contemporary period. Prerequisite: recommended SPAN 203 or consent of instructor

SPAN 350 Spanish Pronunciation and Phonetics (3)
Study of the sound system of Spanish, with individual attention to each student's difficulties. Prerequisite: two years college Spanish or equivalent

SPAN 361 Hispanic Poetry (3)
Introduction to careful textual analysis of poetry with attention given to the poetic voice, metric forms and other poetic techniques. Poetry selected may vary but will likely include texts from both Spain and Latin America. Conducted in Spanish. Prerequisite: SPAN 203 or equivalent; highly recommended: SPAN 301, 302, 303 and ENG 223

SPAN 362 Hispanic Drama (3)
Introduction to careful textual analysis of drama with attention given to the dramatic recourses available to the playwright and their effect on the collective consciousness of the audience. Plays selected may vary and will likely include texts from both Spain and Latin America. Conducted in Spanish. Prerequisite: SPAN 203 or equivalent; highly recommended: SPAN 301, 302, 303 and ENG 223

SPAN 363 Hispanic Novel (3)
An introduction to careful textual analysis of the novel with attention given to the narrator, point of view, and other recourses. Novels selected may vary but will likely include texts from both Spain and Latin America. Conducted in Spanish. Prerequisite: SPAN 203 or equivalent; highly recommended: SPAN 301, 302, 303 and ENG 223

SPAN 370, 371 Introduction to Latin American Literature (3 each)
Overview of major currents, voices and concerns of Latin American literature from the Colonial period to the present with the reading of representative literary selections. Conducted in Spanish. Prerequisite: SPAN 203 or equivalent; highly recommended: SPAN 301, 302, 303 and ENG 223

SPAN 380 Applied Linguistics: Spanish (3)
Application of linguistic science in the foreign language classroom. Emphasis on comparing and contrasting sound systems and the grammars of English and Spanish. Recommended: SPAN 350

SPAN 399 Special Studies (1-3)
SPAN 401, 402, 403 Advanced Spanish Composition and Conversation (3 each)
Systematic review of functional grammar and extensive practice in composition and conversation. Special attention given to idioms. Conducted in Spanish. Prerequisite: SPAN 303 or equivalent

SPAN 405 Reading and Conference (1-6)
Terms and hours to be arranged. Credit for SPAN 405 and 407, singly or combined, may not exceed six hours.

SPAN 407 Seminar (3-6)
Terms and hours to be arranged. Credit for SPAN 405 and 407, singly or combined, may not exceed six hours.

SPAN 411 Spanish Literature I: Medieval (3)
An in-depth study of major works of the Spanish Middle Ages within the historical and cultural context. Conducted in Spanish. Prerequisite: SPAN 303. Highly recommended: SPAN 361, 362, and 363
SPAN 412  Spanish Literature II: Golden Age (3)
An in-depth study of major works of the great writers of 16th and 17th century Spain. Conducted in Spanish. Prerequisite: SPAN 303; highly recommended: SPAN 361, 362, and 363

SPAN 413  Spanish Literature III: 18th and 19th Century (3)
An in-depth study of major literary currents of 18th and 19th century Spain, including Romanticism and Realism. Conducted in Spanish. Prerequisite: SPAN 303; highly recommended: SPAN 361, 362, and 363

SPAN 414  Spanish Literature IV: Generation of 1898 (3)
An in-depth study of major literary works of authors of the Generation of '98, focusing on how these authors responded to the philosophical, political and social climate of 1898. Conducted in Spanish. Prerequisite: SPAN 303. Highly recommended: SPAN 361, 362, and 363

SPAN 415  Spanish Literature V: 20th Century (3)
An in-depth study of major literary works of 20th century Spain, including those of the Generation of 1927. Conducted in Spanish. Prerequisite: SPAN 303. Highly recommended: SPAN 361, 362, and 363

SPAN 416  Language Teaching Practicum (2 each term)
Provides students with a supervised classroom experience, either as assistants in a language classroom on campus or in an educational setting in the community. Students will read journal articles and discuss pedagogy regularly with the instructor and other practicum students. Maximum of 6 hours. Prerequisite: consent of instructor

SPAN 441, 442, 443  20th Century Latin American Literature (3 each)
Contemporary Spanish-American literature: prose, poetry and drama. Conducted in Spanish. Prerequisite: SPAN 303. Highly recommended: SPAN 370 and 371

SPAN 445  Hispanic Women Writers (3)
An in-depth study of literary works of various genres written by Spanish and Latin American women. Specific focus on the artistic response of each writer toward cultural and social challenges facing Hispanic women. May be taken twice if subject content is not repeated. Conducted in Spanish.

SPAN 480  History of the Spanish Language (3)
A survey of the linguistic development of the Spanish language from Latin to Old Spanish to Modern Spanish. Conducted in Spanish. Prerequisite: SPAN 303 and 350

SPAN 490  Studies in Spanish Literature (3)
An in-depth study of a significant Spanish literary figure or topic, as identified in each year’s class schedule. Students may repeat the course and accumulate a maximum of 6 credit hours if the subject content is not repeated. Conducted in Spanish. Prerequisite: SPAN 303; highly recommended: SPAN 361, 362, and 363

SPAN 491  Studies in Latin American Literature (3)
An in-depth study of a significant Latin American literary figure or topic, as identified in each year’s class schedule. Students may repeat the course and accumulate a maximum of 6 credit hours if the subject content is not repeated. Conducted in Spanish. Prerequisite: SPAN 303; highly recommended: SPAN 361, 362, and 363

SPAN 499  Special Studies in Language, Culture and Literature (1-15)
Terms and hours to be arranged.

Special Education

SPED 101  American Sign Language I (3)
The first in a related series of courses that focus on the use and study of American Sign Language (ASL), the language that is widely used by Deaf Americans. This course includes basic ASL vocabulary, grammatical structures and conversational behaviors. Students are introduced to the values and beliefs shared by members of Deaf Culture and the behavioral norms of the Deaf Community.

SPED 102  American Sign Language II (3)
Second in a related series of courses that focus on the use and study of American Sign Language (ASL). This course includes intermediate ASL vocabulary, grammatical structures and conversational behaviors. Special focus will be emphasized on developing more awareness of the cultural values and beliefs shared by the Deaf Community.

SPED 103  American Sign Language III (3)
Third in a related series of courses that focus on the use and study of American Sign Language (ASL). Course continues to increase ASL vocabulary, grammatical structures and in depth cultural awareness. Cultural information centers upon the ways in which hearing people can work with Deaf people to establish culturally-appropriate relationships.

SPED 104  ASL Enhancement for Experienced Signers (3)
Intensive ASL course for working interpreters focusing on receptive and expressive development in the use of ASL, including sentence types, advanced vocabulary, grammatical structures, non-manual grammatical markers, conversational behaviors, and cultural appropriateness. Prerequisite: by application only

SPED 105  ASL Enhancement for Fluent Signers (3)
Intensive ASL course for working interpreters focusing on development of advanced ASL communication skills, including complex sentence types, inflection and registers. Emphasis on grammatical sophistication and production fluency. Includes cultural values and beliefs that impact communication and appropriate bilingual/bicultural interaction. Prerequisite: by application only

SPED 200  Introduction to Careers in Special Education and Rehabilitation (3)
Survey of career opportunities in special education and rehabilitation. Content will include examination of educational programs and rehabilitation services which support individuals having disabilities. A special focus will be the various roles of persons employed in special education and rehabilitation.

SPED 201  American Sign Language IV (3)
Provides students with the opportunity to develop and use stories and language activities in both receptive and expressive modes. Nonmanual behavior, ASL structure and fluency will be included to challenge students' ability to increase expressive and receptive skills in ASL. Perspectives on Deaf Culture will be discussed.

SPED 202  American Sign Language V (3)
Provides opportunities to expand expressive and receptive use of the language at an advanced level. Special focus will be placed on increasing sign clarity, fluency and nonmanual behavior. Deaf Culture will be included in class discussions.

SPED 204  American Sign Language VI (3)
Sixth in a related series of courses that focus on the use and study of American Sign Language (ASL). Includes ways in which signers construct meaning and messages in ASL, grammatical variation, and discourse strategies over a variety of topics. Emphasis is on accuracy and fluency.

SPED 206  Introduction to the Process of Interpreting (3)
Introduces students to the profession and process of interpreting. Includes historical and contemporary perspectives of interpreting and bilingual/bicultural interpreting and strategies to accurately receive, analyze, understand, compose and produce interpreted messages. Prerequisite: by application only

SPED 207  Introduction to the Professional Aspects of Interpreting (3)
Introduces students to ethics and professional practices of interpreting, group theory, legal aspects, problem solving, conflict resolution, and educational theory, child placement procedure, and a collaborative approach to service delivery in educational settings. Prerequisite: by application only

SPED 221  Interpreting Practice I (3)
Introduces students to the production aspects of interpretation. Students analyze texts linguistically and functionally, focusing on register, style, affect, and meaning. Introduces pre-interpreting exercises, group translations of ASL and English texts and consecutively-interpreted dialogues and monologues. Students are introduced to team interpreting. Prerequisite: by application only

SPED 222  Interpreting Practice II (3)
Concentrates on production aspects of spontaneous interpreting/transliterating. Students incorporate linguistic and functional analyses into consecutive and simultaneous interpretations/transliterations. Students work with recorded material and with
COURSE DESCRIPTIONS

SPED 250 Introduction to Comparative Linguistics (3)
Students will use a comparative/contrastive approach to the study of English and ASL, and will focus on grammatically-acceptable ASL productions. Students will be introduced to the linguistic and culturally-based communication issues that influence the interpreting process. Prerequisite: by application only

SPED 257 Introduction to Discourse Analysis (3)
Specialized discourse and vocabulary of specific content areas that appear in educational settings, including mathematics, science and computers. Includes sociolinguistic factors that influence communication, strategies for analyzing discourse and the discourse varieties of ethnic minorities. Prerequisite: by application only

SPED 261 Preparation for Mentorship (2)
Skills and knowledge to become mentors and resources for less experienced or entry-level interpreters. Focuses on theoretical models of mentorship and interpretation; materials available for skill and knowledge upgrading, and the tasks of interpretation. Students will explore implications of language acquisition/learning on teaching, tutoring and modeling for working interpreters and interpreting students. Prerequisite: by application only

SPED 262 Preparation for Mentorship II (2)
Second course, in a series of three, prepares experienced interpreters with skills and knowledge to become mentors and resources for less experienced or entry-level interpreters. Focuses on philosophy and methodology of various assessment and evaluation strategies that can be applied to interpretation. Students examine the purpose and value of interpretation assessment, evaluate sample assessment tools, and develop diagnostic instruments that can be used with working interpreters and interpreting students. Prerequisite: by application only

SPED 263 Preparation for Mentorship III (2)
Prepares experienced interpreters with skills and knowledge to become mentors and resources for less experienced or entry-level interpreters. Third course in a series of three, traces history of ASL and English use in educational settings. Students will investigate design and implementation of Signed English systems, theoretical and philosophical roots, use with deaf children, and materials for skill upgrading. Prerequisite: by application only

SPED 270 Educational Interpreting: Classroom Theory and Techniques I (3)
Prepares instructional aides to serve hearing impaired students in both mainstreamed and residential settings. First of a two-term sequence covering adaptation of environmental conditions and classroom activities for students experiencing communication and language related challenges due to a hearing loss. Prerequisite: admission to Educational Interpreting program or consent of instructor

SPED 271 Educational Interpreting Skills I (3)
Skill development course designed to introduce specialized techniques of application to interpreting within the educational setting. Emphasis will be on transliteration, specialized terminology, language assessment/communication skills appropriate for use with deaf and hearing impaired mainstreamed students, and professional considerations. Prerequisite: admission to Educational Interpreting program or consent of instructor

SPED 275 Educational Interpreting: Classroom Theory and Techniques II (3)
Presents information to prepare instructional aides to serve hearing impaired students in both mainstreamed and residential settings. It is the second of a two-term sequence covering adaptation of content-related classroom activities and materials and basic tutoring and classroom management techniques. Prerequisite: SPED 270

SPED 281 Teaching American Sign Language (2)
Introduction to linguistic features of ASL as a base for second language instruction. Students study ASL on the levels of phonology, morphology, syntax, semantics, and discourse. Includes a comparison of visual-gestural and vocal-auditory languages and the implications for teaching ASL to hearing students. Prerequisite: by application only

SPED 282 Teaching American Sign Language II (2)
Second in a series of three, focuses on theories of second language acquisition, the relationship of language to culture, strategies for second language instruction and current approaches to American Sign Language (ASL) teaching. Students will analyze current curriculum and develop teaching strategies based upon a study of second and foreign language teaching methodologies. Prerequisite: by application only

SPED 283 Teaching American Sign Language III (2)
Third in a series of three, focuses on the functions of assessment and evaluation principles in language learning. Students will investigate use and factors involved in designing assessment instruments, current approaches to language assessment, available instruments for the assessment of American Sign Language (ASL) skills, and diagnostic strategies to guide students toward more effective language learning. Prerequisite: by application only

SPED 287 Educational Interpreting: Classroom Theory and Techniques I (3)
Prepares instructional aides to serve hearing impaired students in both mainstreamed and residential settings. First of a two-term sequence covering adaptation of environmental conditions and classroom activities for students experiencing communication and language related challenges due to a hearing loss. Prerequisite: admission to Educational Interpreting program or consent of instructor

SPED 297 Educational Interpreting Skills I (3)
Skill development course designed to introduce specialized techniques of application to interpreting within the educational setting. Emphasis will be on transliteration, specialized terminology, language assessment/communication skills appropriate for use with deaf and hearing impaired mainstreamed students, and professional considerations. Prerequisite: admission to Educational Interpreting program or consent of instructor

SPED 295 Educational Interpreting: Classroom Theory and Techniques II (3)
Presents information to prepare instructional aides to serve hearing impaired students in both mainstreamed and residential settings. It is the second of a two-term sequence covering adaptation of content-related classroom activities and materials and basic tutoring and classroom management techniques. Prerequisite: SPED 290

SPED 296 Teaching American Sign Language (2)
Introduction to linguistic features of ASL as a base for second language instruction. Students study ASL on the levels of phonology, morphology, syntax, semantics, and discourse. Includes a comparison of visual-gestural and vocal-auditory languages and the implications for teaching ASL to hearing students. Prerequisite: by application only

SPED 297 Teaching American Sign Language II (2)
Second in a series of three, focuses on theories of second language acquisition, the relationship of language to culture, strategies for second language instruction and current approaches to American Sign Language (ASL) teaching. Students will analyze current curriculum and develop teaching strategies based upon a study of second and foreign language teaching methodologies. Prerequisite: by application only

SPED 298 Teaching American Sign Language III (2)
Third in a series of three, focuses on the functions of assessment and evaluation principles in language learning. Students will investigate use and factors involved in designing assessment instruments, current approaches to language assessment, available instruments for the assessment of American Sign Language (ASL) skills, and diagnostic strategies to guide students toward more effective language learning. Prerequisite: by application only

SPED 300 Special Individual Studies (1-15)
Terms and hours to be arranged. Designed for individual or special studies in a limited area of interest under the guidance of a designated faculty member. Prerequisite: consent of instructor

SPED 300M Thesis or Field Study (3-9)
Prerequisite: consent of instructor

SPED 306M Special Individual Studies (1-15)
Terms and hours to be arranged. Prerequisite: consent of instructor

SPED 307M Seminar (1-3)

SPED 308M Workshop (1-15)
Terms and hours to be arranged.

SPED 309M Practicum: Field Experience (1-15)
Prerequisite: consent of instructor/advisor/chair and concurrent enrollment in SPED 307M Seminar

SPED 310M Internship (2-12)
Supervised work experience with professional level responsibilities in public school, community college, or higher education. On-site supervision by appropriately trained and certified professionals.
SPED 522M Academic Remediation I (3)
Remedial techniques and strategies in the language arts, particularly reading (decoding skills, word recognition, fluency, comprehension) and written expression (planning, organizing, outlining, sentence & paragraph writing, spelling, and proofing skills), monitoring student progress and making decisions about instruction and curriculum in the language arts for students with learning problems. Prerequisite: SPED 418/518 (or concurrent enrollment) or consent of instructor

SPED 523M Behavior Support (3)
Examines literature and practice in planning and implementing school-wide systems of positive support for K-12 students. Emphasis on effective behavior management strategies for assisting students with special educational needs. State-of-the-art research-based practices for behavior support, such as functional behavior assessment (FBA), behavior intervention plans (BIP), behavioral IEPs/IFSPs, cognitive behavior modification, classroom management, social skills training. Prerequisite: SPED 418/518 (or concurrent enrollment) or consent of instructor

SPED 525M Assessment for Instruction (3)
Basic assessment theory, assessment planning, criterion-referenced testing, curriculum-based assessment, formative and summative assessment, data collection and display, and use of assessment data for instructional decision making. Course addresses special problems in assessment, including assessment of English language learners and adaptations or modifications of assessment for students with disabilities. Prerequisite: SPED 420/520 (or concurrent enrollment), or consent of instructor

SPED 528M Academic Remediation II (3)
Techniques and strategies to remediate deficits in mathematics and content areas, study skills, accommodating students with special educational needs in the general education classroom. Prerequisite: SPED 420/520, SPED 522M and SPED 525M, or consent of instructor

SPED 532M Medical Aspects of Low Incidence Disabilities (3)
Physical and medical aspects of major disabilities and implications for management in educational settings. Prerequisite: SPED 418/518 or consent of instructor

SPED 533M Low Incidence Disabilities Methods (3)
Prepares students to use a variety of assessment and instructional strategies with students who have moderate to severe disabilities. It includes the design and implementation of individualized curricula for students having severe disabilities, identification of instructional priorities, task analysis, instructional strategies, and data systems. Prerequisite: SPED 418/518, and SPED 522M (or concurrent enrollment) or consent of instructor

SPED 536M Managing Communication Systems (3)
Design and implementation of communication systems for individuals with severe disabilities: oral and non-oral techniques including pre-linguistic communication, alternative/ augmentative communication systems focusing on design and implementation, and technical skills necessary for assessment, program design, intervention strategies and data systems. Prerequisite: SPED 533M or SPED 571M or consent of instructor

SPED 539M Final Supervised Field Experience (3-9)
Full-time placement for one term in either an elementary, middle or high school setting. Under the direction of a mentor teacher and a WOU supervisor, the student assumes responsibility for the learning activities of children with disabilities. Student will gain experience and skill in a range of teacher tasks. Prerequisite: SPED 509M Practicum: Academic/ SPED 510M Internship: Academic and SPED 509M Practicum: Low Incidence/SPED 510M Internship: Low Incidence and concurrent enrollment in SPED 571M Seminar: FSFE, or consent of instructor/advisor/chair.

SPED 542M Standardized Assessment (3)
Provides instruction in the selection, administration and scoring of appropriate standardized assessment tools for children with learning problems. The course addresses the use of standardized assessment for determining special education eligibility and for developing IEPs. Prerequisite: SPED 525M or consent of instructor

SPED 546M Law and Special Education (3)
Examines the complex Web of federal and state laws governing special education. Students learn to apply relevant legal principles to hypothetical situations typical of those that occur in schools. Prerequisite: completion of at least 30 credit hours in M.S. program or consent of instructor

SPED 571M Introduction to Early Intervention/Early Childhood Special Education (3)
Introduction to services for infants, toddlers and preschool children with disabilities or at risk, and their families. Historical, philosophical and legal basis of services in early childhood with particular emphasis on family systems theory. Individualized Family Service Plans, family-focused intervention, and multicultural environments. Methods of assessment and delivery of services are discussed along with major issues in the field of Early Intervention/Early Childhood Special Education (IECECSE). Prerequisite: SPED 418/518 or consent of instructor

SPED 572M Transition and Self-Determination (3)

SPED 577M Assessment, Curriculum and Intervention Strategies in Early Intervention/Early Childhood Special Education (3)
Strategies for infant and child assessment to determine eligibility for early intervention and early childhood special education and to plan, implement and monitor services. Development of Individual Family Service Plans, Individual Education Plans and Transition plans. Discussion and practice strategies for designing instruction both in the home and in center based settings for successful transition to kindergarten and for program evaluation. Prerequisites: SPED 418/518 and SPED 571M or consent of instructor

SPED 582M Contemporary Issues in Special Education (3)
Introduces students to policy analysis in special education. Students explore, analyze and synthesize available knowledge and research on a wide range of perplexing or controversial issues relating to disability. Prerequisites: completion of all SPED courses and completion of concurrent registration in ED 512M, ED 546M, and PSY 520M/521M/522M, or consent of instructor

SPED 584M Emotional and Behavioral Disabilities (3)
Theory and application of techniques for managing the classroom environment and behavior problems of students with disabilities, particularly as this applies to students with more severe emotional and behavioral disabilities (E/BD). Current theoretical frameworks and best practice regarding the education of students with E/BD will be presented in the following areas: assessment/evaluation, program planning and implementation, treatment, crisis intervention, and reintegration. Prerequisite: SPED 523M or consent of instructor

SPED 586M Autism: Issues and Strategies (3)
Examines current knowledge and practices in the education of children and youth with autism. Systems for identifying and prioritizing educational goals, design of curriculum, instructional strategies, and communication techniques will be reviewed. Social integration and parent involvement will be addressed.

SPED 590M Intelligence Testing and Reporting (3)
Training for administering and scoring individual intelligence scales and initial aspects of test interpretation and reporting. Social, cultural socioeconomic, and affective factors that can influence test results will be discussed along with the decision-making process regarding appropriateness of testing and test use. Prerequisite: SPED 542M or consent of instructor
Speech Communication

**SP 111 Fundamentals of Speech (3)**
Projects in oral communication to develop skill and confidence in speaking and discussion, with emphasis on content, organization, audience motivation, and language.

**SP 112 Interpersonal Speech Communication (3)**
Practical approaches to developing effective interpersonal speech communication skills: listening, message construction and interpretation, and nonverbal communication in dyadic and small group communication settings.

**SP 120 Communicative Voice and Articulation (3)**
Instruction and practice in the principles of breathing, tone production, formation of speech sounds, and development of vocal effectiveness.

**SP 199 Special Studies (1-15)**
Terms and hours to be arranged.

**SP 211 Introduction to Mass Communication (3)**
Introduction to the elements of modern mass communications, both printed and electronic; history, scope, philosophy, and techniques of the various media, as well as their relevance to modern society.

**SP 236 Contemporary Issues in American Broadcasting (3)**
Developing critical awareness of recent issues in television and radio broadcasting; social criticism, ethical problems, government regulation, minority interests, technological effects of the broadcasting industry on society; methods of criticizing the media.

**SP 239 Oral Interpretation (3)**
Emphasis is placed on the practical values and application of oral reading through the interpretation of prose, poetry and dramatic literature.

**SP 250 Effective Listening (3)**
The study of major theories, purposes and kinds of listening; misconceptions concerning listening; self-assessment of listening ability and practical application on improving listening effectiveness.

**SP 270 Principles of Forensics (1-6)**
Training and participation in debate, oratory and extemporaneous speaking. Limit of 1 hour credit per term, except with consent of instructor. Prerequisite: SP 111 or consent of instructor.

**SP 271 Speech Communication Projects (1-3)**
Training and participation in speech communication activities in the public setting. Terms and hours arranged with consent of instructor.

**SP 280 Environmental Communication (3)**
An overview of the rhetorical, mass mediated, organizational, interpersonal, and political communication dimensions of environmental studies. Critical analysis and practical application of environmental communication concepts and strategies.

**SP 312 Public Relations Communication (3)**
Instruction and practice in the role of communications in American institutions and writing and editing internal and external communications such as news releases, broadcast actualities, electronic communication, brochures, newsletters, annual reports, and speeches. Discussion of the relationship between public relations, advertising and marketing and the role of law and ethics in public relations communications.

**SP 320 Communication in Organizations (3)**
The study of communication processes that occur within the context of organizational life. Traditional and contemporary theories of organization are presented and assessed from a communication perspective. Practical, real life examples of daily organizational life are considered.

**SP 321 Influencing Through Argument (3)**
Concepts and processes of argumentation, cogency in oral communication, systems of logic, critical analysis of contemporary efforts to convince, construction and presentation of cases. Prerequisite: SP 111.

**SP 322 Persuasion (3)**
Practical experience in preparing and communicating persuasive messages. Discussion of major theories of persuasion, audience analysis, message preparation and the ethics of persuasion.

**SP 323 Group Discussion and Leadership (3)**
Dynamics of discussion; group thinking and decision making; interpersonal relations; types of leadership and the application of discussion techniques in the classroom and society.

**SP 324 Business and Professional Speaking (3)**
Investigates the role of communication in business and the professions. Areas of study and performance include developing better listening skills, conducting meetings, preparing and presenting reports, improving interpersonal skills in business, and conducting interviews.

**SP 325 Intercultural Communication (3)**
Defining the links between culture and communication; understanding American cultural patterns and the diversity of other cultural patterns; developing verbal and nonverbal skills necessary for effective intercultural communication.

**SP 326 Communication and Controversy: Freedom of Speech in United States (3)**
Study and critical assessment of major First Amendment issues and cases.

**SP 327 Communication in the Legal Field (3)**
Examines communication principles in the legal setting. These include cross-exam techniques, strategies in opening and closing arguments, interpersonal factors affecting trial participant credibility, and persuasive factors in judicial opinions.

**SP 330 Advanced Forensics (1-3)**
Intensive training in competitive speaking. Limit of 1 hour credit per term, except with consent of instructor. Prerequisite: SP 270 and/or consent of instructor.

**SP 335 Communication and Gender (3)**
An exploration of the intersection of gender and communication examining documented similarities and differences in communication patterns and styles and investigating gender as a communicative enactment.

**SP 340 Conflict Management (3)**
Explores the nature of interpersonal conflict by examining conflict in terms of conflict theories, goals, power, and conflict tactics. Students will learn to identify their personal conflict management and styles as well as those of others, and the skills necessary to effectively adapt or modify their conflict style if they so choose. Prerequisite: SP 112 or consent of instructor.

**SP 342 Media Literacy (3)**
Encourages the development of media literacy by examining the complexity of media industries in the areas of production, economics, audience development, media effects, and institutional effects. Specific topics include the analysis of media products such as news, entertainment and advertising according to their purposes, message parameters and audience reception.

**SP 343 Communication and Information Technology (3)**
A study of the economic and social consequences of the “information age” including analyses of modern communications systems.

**SP 399 Special Studies (3)**

**SP 406 Special Individual Studies (1-3)**
Terms and hours to be arranged.

**SP 407 Seminar (1-6)**
Terms and hours to be arranged. Six hours maximum apply to degree.

**SP 408 Workshop (1-3)**

**SP 409 Internship (1-6)**
This is an internship students design and carry out with a supervisor in a job setting.

**SP 412 The Criticism of Public Discourse (3)**
Analysis and evaluation of speeches in their social settings; critical studies of invention, arrangement and style.

**SP 426 Language of the Mass Media (3)**
Uses of verbal and visual language in the popular media—motion pictures, television, radio, newspapers, and magazines—both by direct study and analysis of the various media and by the study of the relevant scholarship and criticism.

**SP 431 Nonverbal Communication (3)**
Nonverbal aspects of human communication and how they relate to and affect spoken communication; discussion of significant research; students will design and carry out simple research projects.

**SP 432 Rhetoric of Western Thought (3)**
A historical survey of major theories of rhetoric from Aristotle to the present.
SP 435 The Rhetoric of the Women's Movement (3)
Examination of the works of the major speakers of the women's movement from the 18th century to the present.

SP 439 Contemporary American Public Address Communication (3)
Criticism and evaluation of the rhetoric of 20th century American speakers and their relation to political, social and religious movements of their times.

SP 440 Communication Across the Life Span (3)
Examines communication across three developmental stages of the life span: infancy/childhood, young adulthood/adulthood and older adulthood/elderly. The life span approach to communication is adopted, which is an inherently pragmatic approach, to study normative processes in communication across the development of an individual's life span. Prerequisite: SP 112 or consent of instructor

Teacher Preparation: Deaf Education
TPD 407/507 Seminar (1-3)

TPD 456/556 First and Second Language Acquisition: Deaf and Hard of Hearing (3)
Students will be taught the differences in first and second language acquisition of the Deaf or Hard of Hearing student and the relationship to learning in the first language while the second language is acquired. Theory and research will be studied and application to the bilingual classroom setting will be emphasized.

TPD 481/581 Contrastive Linguistic Analysis: ASL/English (3)
Introduction to basic similarities and differences in the linguistic structures and uses of American Sign Language (ASL) and English. Student will examine basic phonological, morphological, syntactic, and semantic features of ASL.

TPD 484/584 Introduction to Deaf and Hard-of-Hearing Studies (3)
Introduction to the cultural, medical, educational and vocational issues of deafness. TPD 584 emphasizes current research on service delivery models.

TPD 503M Thesis or Professional Project (3-9)
Terms and hours to be arranged. Prerequisite: consent of instructor

TPD 507M Seminar (1 - 3)

TPD 509M Practicum: Field Experience Deaf & Hard of Hearing Studies (1-3)

TPD 539 Student Teaching: Deaf & Hard of Hearing (3-15)
Terms and hours to be arranged.

TPD 540M Educational Research and Scholarly Writing (3)
Methods, techniques and tools for both qualitative and quantitative research, particularly relating to topics of interest to teachers and counselors of deaf and hard of hearing individuals. Students will write a research proposal according to APA specifications, and develop criteria and methods for reading and evaluating research. Emphasis will be placed on graduate level scholarly writing.

TPD 541M Diagnostic and Prescriptive Teaching for Deaf and Hard of Hearing Students (3)
Language, reading and vocational assessment, instructional techniques, and materials in basic skills in a classroom setting of the Deaf and Hard of Hearing will be addressed. Emphasis will be placed on individualized instruction and monitoring procedures to determine student progress, and on interdependence of first and second language.

TPD 542M Curriculum Development and Instructional Methods for Deaf and Hard of Hearing Students (3)
Overview of assessment, programming, curriculum, and materials for use with students who are deaf or hard of hearing. Considered are reading, mathematics, science, social studies, and health. The adaptation and development of curriculum and materials is stressed.

TPD 557M American Sign Language and English Teaching Methods: Deaf and Hard of Hearing (3)
Focuses on teaching content area in dual language mode. Students will develop lesson plans, and adapt and implement the teaching methodologies and materials used in ASL/English learning to the needs of the individual Deaf/Hard of Hearing (HH) child. Students will develop a knowledge of various theoretical models of writing, handwriting, signing, spelling, and finger spelling development and instruction.

TPD 558M Bilingual/Multicultural Theory & Application: DHH (3)
Compares and adapts the major theories of Bilingual/Multicultural Education to Deaf Education, which also involves Dual Language (ASL/English) methodology and a variety of cultural perspectives, both Deaf and hearing. Topics covered include bilingual theories, dual language instructional methodologies, second language teaching strategies, cultural inclusion, and assessment, all in the specific context of application to Deaf Education. Prerequisite: TPD 456/556 and TPD 557M

TPD 562M Assessment Procedures: DHH K-12 (3)
Course examines the selection, administration, and interpretation of various psychological instruments used with children/students who are Deaf or hard of hearing. Issues and controversies related to the complexities of evaluating Deaf and hard of hearing children, particularly those with additional disabilities, will be discussed and applications made for the classroom, resource or itinerant teacher working with this population.

TPD 576M Past and Present Issues in Deaf Education (3)
In-depth examination of current issues surrounding education of Deaf and Hard of Hearing students. Course content will vary.

TPD 578M Speech Development in Deaf and Hard of Hearing Students (3)
Specialized systems and differentiating characteristics of vowel and consonant sounds; techniques for developing these sounds; goals and materials for speech development and speech correction for use with students who are hearing impaired. Student will tutor two or more deaf or hard of hearing students in speech. Each hearing impaired student is to receive an hour of therapy per week on the segmentals and suprasegmentals of English speech.

TPD 579M Methods of Teaching Math and Science: Deaf and Hard of Hearing (3)
Students will develop and design materials for teaching math and science using the Teacher Work Sample Methodology components. Students will have the knowledge of theories and techniques for teaching concepts and strategies of the elementary and middle school curricula including math and science methods, materials and experiments.

TPD 580M Language and Literacy: Deaf and Hard of Hearing (3)
Students will examine language arts as well as instructional strategies for first language and second language development. A language continuum will be identified and its relationship to approaches in first and second language development. Students will learn how to adapt commercially available materials and develop supplementary reading/language activities.

TPD 593M Audiological Measurements and Technology (3)
Methods and techniques involved in identification, audiometry, administration of basic pure tone and speech audiological tests and interpretation of results. A study of physics of sound, types and causes of hearing loss and audiological tests and their interpretation.

TPD 594M Working with Hard of Hearing Pupils and Cochlear Implant Users (2)
Provides candidates with practical knowledge and skills needed to maximally facilitate effective listening and spoken communication skills for hard of hearing students and cochlear implant users who will be enrolled in their future classrooms. Collaboration with parents and other professionals will also be emphasized. Prerequisite: TPD 578M and TPD 593M

Theatre Arts
TA 110 Introduction to the Theatre Arts (3)
An introductory study of the theatre arts including general theatre history, play analysis, production evaluation and a basic understanding of the way in which the technical theatre areas are related to production. Field trips to view productions will be encouraged.

TA 112 Introduction to Film (3)
Introductory study of the history and process by which films are made, including general history, production planning, process, and a basic under-
standing of the components that are synthesized to produce films.

TA 165 Production Dynamics (3)
Introduces all the collaborative elements involved in modern theatre production: acting, design, stage management, building, crew, running, house management, directing. Concerned with acquainting majors with the opportunities, expectations and requirements within the theatre program. Required for all freshman theatre majors.

TA 166 Text Analysis (3)
Concentration in the process of reading, understanding, analyzing and interpreting play texts for production: direction, performance, design. Teaches students how to approach and interpret dramatic literature as a unique genre. Focus on illuminating inner meaning and theme through meaningful and accurate analysis. Required for all freshman theatre majors.

TA 167 Play Reading (3)
Students apply critical and analytical methods learned in TA 165 and TA 155 to analyze a vast body of classic and modern dramatic literature from representative historical periods. Required for all freshman theatre majors.

TA 199 Special Studies
Terms and hours to be arranged.

TA 205 Stage Speech I (3)
Understanding basic speech production. Exploration of the essential components of voice and speech with a concentration on the organs of speech and physiological articulators. Detailed concentration on the types of sounds in spoken English, the International Phonetic Alphabet, and mastering standard American stage speech.

TA 210 Oral Expression Through Theatre (3)
Experience in stage diction. Concentrated study of speaking skills for use on the stage.

TA 240 Creative Drama for Teachers (3)
Creative dramatics leadership principles that apply to the classroom. Techniques of employing the child’s native aptitude.

TA 244 Technical Theatre: Scenecraft (3)
Lecture, reading and discussion in the basic principles and process of theatrical scenecraft, with suitable opportunity for practical applications.

TA 245 Technical Theatre: Lighting (3)
Lecture, reading and discussion in the basic principles and process of theatrical lighting, with suitable opportunity for practical application.

TA 246 Technical Theatre: Costuming (3)
Lecture, reading and discussion in the basic principles and process of theatrical costuming and design with suitable opportunity for practical application.

TA 247 Technical Theatre: Sound (3)
Lecture, reading and discussion in the basic principles and process of theatrical sound, with suitable opportunity for practical applications.

TA 250 Basic Movement and Vocal Development for the Theatre (3)
Basic movement and voice training for the actor. Theory and practical application through body and vocal exercises.

TA 251 Elements of Acting (3)
For non-majors and non-performance theatre majors. Exploration of the modern acting technique with a concentration of the basic elements of acting. This course will deal with theory as well as practical performance experiences.

TA 252 Technical Theatre: Makeup (3)
Basic principles and processes of theatrical makeup, including demonstrations and daily practice.

TA 253 Production Workshop (1-3)
Application of principles of acting and dramatic production. Credit available for students working on scheduled theatre productions. Limit of 1 hour credit per term, except with consent of instructor. 6 hours maximum. Prerequisite: consent of instructor

TA 255 Physical Studio I: Movement (3)
Understanding the human body in terms of basic skeletal and muscular anatomy and how it contributes as an expressive instrument in the art and craft of acting. Students will develop dexterity, strength and coordination through basic and advanced movement and stretching exercises, explore the idea of physical center and neutral alignment, and explore relaxation and breathing techniques that increase an actor’s overall physical awareness.

TA 261 Physical Studio II: Movement and Voice (3)
In depth, practical study of voice dynamics and modern techniques of voice and body integration through physical “actions”. Laban, Berry, Linklater, Rodenburg exercises that focus on physical-vocal integration will be explored. A complete vocal/physical warm-up will be developed. A progression of voice, speech, word, text, and action exercises will culminate in a practical approach to rehearsal and performance dynamics. Prerequisite: TA 255

TA 265 Acting I (3)
For majors only. A rigorous study of modern acting technique that explores the basic tools of the actor and introduces the fundamentals of the Stanislavsky system: motivation, super objective, objective, obstacles, stakes, beats, sense memory and basic character development. Introduces textual scoring. Explores modern theories of playing “point-of-view” through improvisation, open scenes and applying all of these ideas to contemporary scene work.

TA 271 Acting II (3)
For majors only. An in-depth application of theories learned in TA 265: scene scoring, beat breakdowns, point-of-view scoring, and character development are explored through rigorous scene and monologue work.

TA 290 Physical Studio III: Advanced Movement and Voice Integration (3)
Advanced exploration of developing physical/vocal skills through a variety of specialized movement techniques and disciplines. Combines script analysis theory with methods and exercises: physicalizing text, animal work, neutral and character mask work. Theories are developed in physical exercises, improvisations, character interviews and open scene work. Prerequisite: TA 261

TA 305 Stage Speech II: Dialects (3)
Students apply theories learned in TA 205 to mastering European and American stage dialects. The International Phonetic Alphabet (IPA) is utilized as a practical tool for exploring differences in sounds of spoken English within America and throughout the world. Mastery of British Stage RP (Received Pronunciation) and several other commonly used stage dialects will be explored. Prerequisite: TA 205

TA 308 History of Fashion (3)
A course in the development of fashion in the clothing of men and women from earliest times to the present with an emphasis on the clothing of the western world and its relationship to the social environment of each era.

TA 310 Elements of Acting II (3)
A continuation of TA 251, with a more advanced concentration and exploration of modern acting technique. This course will deal with advance theory and practical application.

TA 330 Script Writing (3)
Focuses on the basic skills of writing scripts for the theatre: plotting, character development, form and structure; but it will develop the form and skills necessary for writing for other media as well.

TA 334 Stage Management (3)
A practical course in methods and procedures for mounting theatre, music and dance productions. Emphasis will be placed on organization, communication and coordination with the production team. This course is strongly suggested for all students desiring to stage manage departmental productions.

TA 336 Stage Properties (3)
Principles and techniques of stage properties, design and production. Includes script analysis, construction techniques and organizational strategies.

TA 338 History of Architecture and Decor (3)
A study of architecture, furniture and decorative arts from early Greek to modern, focusing on those eras that most commonly influence theatrical production styles.

TA 343 Costume Design (3)
Basic principles and studio practice in costume design. Prerequisite: TA 246 or consent of instructor

TA 344 Costume Crafts (3)
Concentrates on special materials and techniques used in the costume shop, including mold-making/casting, thermoplastics, dyes, paints and printing.

TA 345 Scenic Painting I (3)
Basic principles and studio practice in scene painting.

TA 346 Scenic Design (3)
Basic principles and studio practice in scene design. Prerequisite: TA 244 or consent of instructor
TA 347 Drafting for Theatre (3)
A studio course dealing with basic drafting techniques and practices used for theatrical design, including floor plans, light plots, sectional drawings, front and rear elevations, perspective drawings and detail drawings.

TA 348 Lighting Design (3)
Basic principles and studio practice in lighting design. Prerequisite: TA 245 or consent of instructor

TA 349 Scenic Design Studio (3)
Advanced studio course dealing with design analysis, composition and drawing/rendering techniques. Medium emphasis varies. Prerequisite: TA 346 or consent of instructor

TA 350 Advanced Creative Dramatics: Puppetry (3)
A study of special dramatic techniques and literature for a practical approach to producing puppet plays with children in grades 3-8

TA 353 Advanced Production Workshop (1-3)
Provides students with upper-division credit for participating in acting and technical work for the theatre program. Prerequisite: consent of instructor

TA 354/454 Production Design (1-3)
Scenic, lighting, costume or sound design for main stage or studio theatre productions. Prerequisite: consent of instructor

TA 355/455 Production Management (1-3)
Stage management, shop supervision or other leadership roles in theatre production. Prerequisite: consent of instructor

TA 356 Theory of Acting (3)
Principles and techniques of acting; problems in analysis and interpretation of dramatic literature of various historical periods. An exploration of the various historical styles and theories of acting and how they were affected by the manners of the time. Prerequisite: TA 250 and 251 or consent of instructor

TA 360 Contemporary Audition (3)
Involves the practical study and application of developing modern audition technique; resume development, cold reading skills, prepared sides, prepared monologue, on-camera acting, agents. Students will develop a repertoire of modern audition material from representative modern styles and genres.

TA 364 Play Direction (3)
Introduction to dramatic theories and techniques and their application to play direction. Sources of dramatic materials, choice of plays, casting and rehearsal. Prerequisite: TA 251 and consent of instructor

TA 365 Theatrical Comedy (3)
A course in the concept of comedy as a theatrical form from classical Greece to contemporary theatre. Selected comedies will be read.

TA 366 Theatrical Tragedy (3)
A course in the concept of tragedy as a theatrical form from classical Greece to contemporary theatre. Selected tragedies will be read.

TA 368 Physical Studio IV: Advanced Movement (3)
Intermediate movement dynamics are explored through tumbling and stage combat–armed and unarmed, hand-to-hand, rapier and dagger. Gestic language and psychological gesture and explored in application to modern and classical play texts. Prerequisite: TA 255, TA 261, TA 290

TA 371 Acting III (4)
Intermediate exploration of modern acting technique, focusing on selected theories and approaches to living completely and truthfully on stage, especially in regards to a character's emotional life. Primary exploration--The Sanford Meisner Technique of acting. Prerequisite: TA 265 and TA 271

TA 375 Asian Theatre (3)
A survey of the history and literature of Asiatic Theatre with particular attention to India, Southeast Asia, China, Korea, and Japan.

TA 381 Greek, Roman, and Medieval Theatre (3)
An integrated examination of the history, literature, theory, and criticism of the theatre from the Greeks through the Middle Ages. Special attention will be given to how the theatre is affected by, and responds to, culture and society.

TA 382 Renaissance Theatre (3)
An integrated examination of the history, literature, theory, and criticism of the theatre during the Renaissance. Special attention will be given to how the theatre is affected by, and responds to, culture and society.

TA 383 European Theatre 1660-1875 (3)
An integrated examination of the history, literature, theory, and criticism of the theatre in Europe from 1660 to 1875. Special attention will be given to how the theatre is affected by, and responds to, culture and society.

TA 384 European Theatre 1875-Present (3)
An integrated examination of the history, literature, theory, and criticism of the theatre in Europe from 1875 to the present. Special attention will be given to how the theatre is affected by, and responds to, culture and society

TA 385 American Theatre (3)
An integrated examination of the history, literature, theory, and criticism of the theatre in America from the Revolutionary War to the present. Special attention will be given to how the theatre is affected by, and responds to, culture and society.

TA 386 International Theatre (3)
An integrated examination of the history, literature, theory, and criticism of the theatre around the world. The focus will include theatre from Asian, Latin American, African, and others. Special attention will be given to how the theatre is affected by, and responds to, culture and society.

TA 390 Performance Studies in Acting (3)
Individual study of a character in the context of performing a character in a play before an audience. Prerequisite: TA 250, TA 251, TA 356

TA 395, 396, 397 Special Studies: Plays in Performance (2 each)
BFA students only. The study of plays through performance; viewing, analyzing, critically assessing. Students attend six professional performances per year and complete associated written work assigned by faculty advisor.

TA 399 Special Studies (1-3)
Terms and hours to be arranged.

TA 405 Acting Shakespeare (3)
Concentration in the process of acting Shakespeare for the stage. Students develop a working knowledge of using scansion as a tool for unlocking meaning in the text. Verse speaking, text analysis, antithesis, and a view to the ever-changing world of the Elizabethan acting style.

TA 406 Independent Study (1-15)
Terms and hours to be arranged.

TA 406 Independent Study: Capstone Thesis (3)
Involves preparation and presentation of a theatrical production or appropriate theatre project. B.F.A. candidates only.

TA 407 Seminar (1-15)
Terms and hours to be arranged.

TA 408 Workshop (1-15)
Terms and hours to be arranged.

TA 409 Practicum (1-15)
Terms and hours to be arranged.

TA 412 Portfolio Review (1)
Portfolio and resume refinement, interview skills for technical theatre, and a survey of the job market. Prerequisite: consent of instructor

TA 414 Children's Theatre (3)
The study of aesthetic and technical problems in producing theatre for youth, including the history, philosophy and psychology and literature of children's theatre.

TA 427 Contemporary Theatre (3)
Intensive study of skills required when acting various modern acting styles and traditions. Through practical application and scene work, students explore Becket, Pinter, Ibsen, Checkov, Stringberg, O'Neil and others. Explores the world view of the plays and performance traditions. Prerequisite: TA 371

TA 432 Acting Styles I: Modernism (3)
Intensive study of the skills required when acting various modern acting styles and traditions. Through practical application and scene work, students explore Becket, Pinter, Ibsen, Checkov, Stringberg, O'Neil, and others. Explores the world views of the plays and performance traditions. Prerequisite: TA 371

TA 433 Acting Styles II: Restoration/Manners (3)
Intensive study of the skills required when acting various classical acting styles tradition. Through
practical application and scene work, students explore Restoration Comedy, Commedia el Arte, Commedy of Manners, and others. Explores the world views of the plays and performance traditions. Prerequisite: TA 405

TA 434/534 Advanced Theatre Technology and Design (3)
Advanced work in the area of scenic techniques and processes. Prerequisite: TA 244 and 347 or consent of instructor

TA 436/536 Advanced Theatre Technology and Design (3)
Advanced work in the area of costuming. Prerequisite: TA 246 or consent of instructor

TA 437 Classical Audition (3)
Involves practical study and application of developing classical audition technique. Students generate a repertoire of classical verse monologues and learn how to approach cold reading verse and classical auditions; Greek, Roman, Elizabethan, Neo-Classical. Prerequisite: TA 405

TA 440 Theatre Management (3)
A study of the problems and procedures involved in running the business affairs of a theatre: The box office, house, publicity, ticket sales, supporting funds, budgeting.

TA 442/542 Using Creative Dramatics to Teach Across the Curriculum (3)
Study of and experience in the basic techniques of creative dramatics as these apply to the teaching of most disciplines in the curriculum from Early Childhood/Elementary - High School levels. (K-12). Prerequisite: Upper-division or graduate standing

TA 445 Scenic Painting II (3)
Advanced principles and studio practice in scenic painting. Prerequisite: TA 345 or consent of instructor

TA 446 Advanced Scene Design: CAD (3)
Advanced principles and studio practice in scenic design, using computers for drafting, 3-D modeling, and painting. Prerequisite: TA 346 or consent of instructor

TA 447 Digital Imagery (3)
Advanced studio class dealing with the creation, manipulation and use of digital images in theatre production. Topics include design and production of patterns, slides and video for projection, as well as printed materials for on-stage use. Prerequisite: TA 244 or consent of instructor

TA 448 Advanced Lighting Design (3)
Advanced principles and studio practice in lighting design. Prerequisite: TA 348 or consent of instructor

TA 453 Capstone Experience (1-3)
Capstone independent study to be determined for all majors by faculty adviser.

TA 457/557 Advanced Directing (3)
Study of the practical processes of directing by which plays are produced in the theatre. Students will study the problems of directing by practical application of various theories in rehearsal and production of scenes from a variety of types of plays and styles of performance. Prerequisite: At least one course in acting and directing or consent of instructor

TA 506M Special Individual Studies (1-3)
Designed for graduate advanced individual study in some aspects of the theatre arts. Prerequisite: consent of instructor

TA 507M Seminar (1-15)
Terms and hours to be arranged. Designed for graduate students as a supplemental enrichment course of study in the theatrical literature and history, or production techniques, of a specific nation, culture or the work of a particular theatrical artist of contemporary or historical significance. Prerequisite: consent of instructor

TA 508M Workshop (1-3)
Terms and hours to be arranged.

TA 509M Practicum (1-15)
Terms and hours to be arranged.

Writing
WR 115 College Writing I (4)
A writing course introducing a variety of writing strategies and emphasizing critical reading and thinking. This course helps students prepare for LACC writing requirement, WR 135

WR 135 College Writing II (4)
An intensive writing course focusing on critical analysis, argumentation and documentation. This course meets the LACC writing requirement if passed with a grade of C- or better.

WR 222 Research and Composition (4)
Combines instruction in research skills with the production of essays utilizing research, including traditional library research, internet research, documentation styles, and forms of researched writing. Prerequisite: WR 135 or equivalent

WR 321 Business and Technical Writing (4)
Practice in the forms of written communication and technical writing in business and the professions. Prerequisite: WR 135 or equivalent

WR 323 Intermediate Exposition (4)
Intermediate expository writing. Prerequisite: WR 135

WR 360 Fiction Workshop (4)
First course in fiction writing, emphasizing technique and critical appreciation of fiction writing. Workshop. Prerequisite: WR 135

WR 361 Poetry Workshop (4)
First course in poetry writing, emphasizing technique and critical appreciation of poetry writing. Workshop. Prerequisite: WR 135

WR 362 Topics in Creative Writing (4)
First course in techniques of creative writing in areas other than fiction or poetry. Specific focus will be identified each time course is offered. Workshop. Prerequisite: WR 135

WR 399 Special Studies (4)

WR 406 Special Individual Studies (1-15)
Terms and hours to be arranged. Individual or special studies in a limited area of interest under the guidance of a designated faculty member. Prerequisite: consent of instructor

WR 409 Practicum (1-4)

WR 412/512 Writing Center Internship (1-6)
Supervised practical experience as a Writing Center consultant, diagnosing student texts and suggesting techniques for students’ writing skills improvement. Prerequisite: WR 135, WR 440, additional 400-level writing course, recommendation of WR 440 instructor

WR 414 Advanced Composition (4)
Advanced instruction and practice in the principles of writing. May be taken twice. Prerequisite: 300-level writing course or consent of instructor

WR 430 Historical Issues in Composition (4)
A historical survey of rhetoric and composition theories, focusing on the development of instructional styles relevant to different periods. May be taken twice if content is not repeated. Prerequisite: WR 135 or consent of instructor

WR 440/540 Teaching of Writing (4)
Course dealing with current theories and practices in teaching writing in English Language Arts and other subject areas in the public school. Prerequisite: WR 135 and LING 215 or consent of instructor

WR 450 Writing for Publication (4)
A survey of methods of publication and of markets for various kinds of writing. Theory and practice in manuscript preparation, manuscript form, proofreading, and copyright application. Submission of actual manuscript for publication.

WR 460 Advanced Fiction Workshop (4)
Advanced study of fiction-writing techniques. May be repeated once for credit. Workshop. Prerequisite: WR 360 or consent of instructor

WR 461 Advanced Poetry Workshop (4)
Advanced study of poetry writing technique. May be repeated once for credit. Workshop. Prerequisite: WR 361 or consent of instructor

WR 496/596 Special Topics in Writing (4)
An exploration of selected writing topics, as identified in each year’s schedule of classes. May be taken twice if content is not repeated. Prerequisite: one upper-division writing class or consent of instructor

WR 506M Special Individual Studies (1-6)
Individual or special writing instruction in a specific form of writing under the guidance of a designated faculty member.

WR 510M Forms of Expository Prose (3)
Intensive study and practice in analyzing and writing expository prose. Recommended for secondary teachers.

WR 542M Writing Across the Curriculum (3)
Introduces students to the theories and techniques in teaching writing, and teaching via writing, relevant to content knowledge courses.

B.A. 1989, University of La Verne; M.B.A. 1989, Frostburg State University; M.A. 1992, George Washington University; J.D. 1992, University of Maryland Law School; M.A.P. 1997 Claremont Graduate University; Ph.D. 1999, Claremont Graduate University

Gary L. Dukes (2004), Vice President for Student Affairs. B.S. 1985, Oregon State University; M. Ed. 1987, University of Vermont; Ph.D. 1994, University of Washington

Mark D. Weiss (2005), Vice President for Finance and Administration. B.S. 1974, M.B.A. 1975, Rutgers University

Deans

Tina M. Fuchs (1989), Dean of Students; Instructor. B.A. 1985, Pacific University; M.Ed. 1989, Western Washington University

David McDonald (2005), Interim Dean, Admissions, Retention and Enrollment Management. Double B.S. 1988, University of Oregon; M.P.A. 1990, University of Washington

Hilda Rosselli (2002), Dean, College of Education; Professor. B.S., Florida Southern College; M.A. 1980, Ph.D. 1989, University of South Florida

Robert Turner (1986), Interim Dean, College of Liberal Arts and Sciences; Associate Professor. B.S. 1964, Seattle University; Ph.D. 1971, University of Oregon

Faculty

A

Vivian Amantana (2004), Assistant Professor of Criminal Justice. B.S. 1998, Western Oregon University; M.A. 2000, Ph.D. 2004, Oregon State University

Kit J. Andrews (1993), Associate Professor of English. B.A. 1975, University of California at Santa Cruz; M.A. 1987, Ph.D. 1992, University of Oregon

Margaret Artman (2005), Assistant Professor of English. B.A. 1996, M.A. 1998, University of Dayton; Ph.D. 2005, University of Wisconsin

B

Nick Backus (2002), Assistant Professor of Speech. B.A. 1981, M.A. 1983, University of Georgia; Ph.D. 1999, University of Kansas

Hamid Bahari-Kashani (1988), Professor of Production & Operations Mgmt; Chair, Business and Economics Division. Licentiate In Economics 1974, National University of Iran; M.B.A. 1977, Western Illinois University; Ph.D. 1983, Washington State University

Terry Baumgartner (1994), Instructor of Health and Physical Education/Head Baseball Coach. B.S. 1988, Western Oregon State College; M.S. Ed. 1999, Western Oregon University

Diane R. Baxter (1988), Professor of Music. B.A. 1972, Fort Wright College; M.M. 1974, Boston University; D.M.A. 1985, University of Oregon

Cheryl Beaver (2005), Assistant Professor of Mathematics. B.S. 1991, Pacific Lutheran University; M.S. 1994, Ph.D. 1997, University of Arizona, Tucson

Scott Beaver (2005), Assistant Professor of Mathematics. B.S. 1990, Lehigh University; B.S. 1994 Auburn University; M.S. 1997, University of Arizona, Tucson; Ph.D. 2004, University of California, Davis

Hamid Behmard (1999), Associate Professor of Mathematics. B.A. 1993, Berea College; M.S. 1996, Ph.D. 1999, Oregon State University

Roy Bennett (1982), Electronic Resources Librarian, Assistant Professor. B.A. 1971, Gonzaga University; M.A. 1981, University of Washington

Thomas Bergeron (1990), Professor of Music. B.A., B.M. 1974, University of New Hampshire; M.M. 1978, University of Michigan; D.M.A 1989, University of Oregon

Henry A. (Hank) Bersani (1999), Professor, Special Education. B.A. 1972, St. Michael’s College; M.S. 1973, Syracuse University; Ph.D. 1982, Syracuse University

Timothy Bowman (1996), Assistant Professor of Health and Physical Education. B.A. 1981, Linfield College; M.S. 1988, Idaho State

Dean M. Braa (1990), Associate Professor of Sociology. B.A. 1976, University of Northern Colorado; M.A. 1980, Ph.D. 1991, University of Kansas

Gerald Braza (1995), Professor of Health and Physical Education. B.A. 1967, University of Wisconsin Lacrosse; M.A. 1969, Ohio State University; Ph.D. 1974, University of Utah

Robert R. Broeg (1996), Professor of Computer Science. B.A. 1973, Dominican College; M.S. 1975, Marquette University; M.S. 1979, The Franciscan School of Theology; M.S. 1989, California State University; Ph.D. 1995, Oregon State University

Robert Brownbridge (1998), Associate Professor of Special Education. B.A. 1971, B.Ed. 1975, M.Ed. 1984, University of Saskatchewan; Ph.D. 1995, University of Oregon

Laurie Burton (2000), Associate Professor of Mathematics. B.S. 1989, California State University, Chico; M.S. 1991, Ph.D. 1995, University of Oregon

C

George A. Cabrera (1982), Professor of Teacher Education. B.S. 1968, M.Ed. 1969, M.Ed. 1972, Oregon State University; Ph.D. 1982, Syracuse University

Peter L. Callero (1985), Professor of Sociology. B.A. 1977, Seattle University; M.A. 1979, Western Washington University; Ph.D. 1983, University of Wisconsin

Beverly J. Cannon (1999), Associate Professor of Special Education. B.A. 1974, Occidental College; M.A. 1977, Gallaudet University; M.A. 1985, University of Hawaii at Manoa; Ph.D. 1999, University of California at Los Angeles

Brian L. Caster (1994), Associate Professor of Health and Physical Education. B.A. 1986, Linfield College; M.S. 1989, Ph.D. 1996, University of Oregon

Eric J. Cooley (1976), Professor of Psychology. B.A. 1972, Claremont Men’s College; Ph.D. 1976, University of Texas

Arlene R. Courtney (1988), Professor of Chemistry. B.S. 1975, Grove City College; Ph.D. 1980, Texas A&M University

D

Susan Daniel (1995), Associate Professor of Philosophy. B.A. 1979, Lambuth College; M.A. 1982, Memphis State University; Ph.D. 1994, University of Kansas

Maria Dantas-Whitney (2004), Assistant Professor of Teacher Education. B.A. 1984, Universidade Santa Ursula, Brazil; M.A. 1987, Northern Arizona University; Ph.D. 2003, Oregon State University

Susan C. Dauger (1990), Professor of Teacher Education. B.Ed. 1965, University of Toledo; M.Ed. 1986, Ph.D. 1990, University of Nebraska-Lincoln

Cheryl Davis (1997), Associate Professor of Special Education; Chair, Special Education Division; Director of the Regional Resource Center on Deafness. B.A. 1981, University of Arkansas at Little Rock; M.Ed. 1986, University of Arkansas at Fayetteville; Ph.D. 1992, University of Oregon

David Doellinger (2003), Assistant Professor of History. B.A. 1992, Valparaiso University; M.A. 1997, Ph.D. 2002, University of Pittsburgh

Bryan Dutton (1998), Associate Professor of Biology. B.S. 1982, Oregon College of Education; M.S. 1985, Northeast Louisiana University; Ph.D. 1995, University of Maryland

G

Irja Galvan (1998), Associate Professor of Biology. B.A. 1965, University of California, Berkeley; M.A. 1971, California State University, San Jose; Ph.D. 1994, Oregon State University

M. Wangeci Gatimu (1998), Associate Professor of Teacher Education. B.A. 1975, Makerere University, Kampala, Uganda; M.A. 1991, Lewis and Clark College; Ed.D. 1996, Portland State University

Max G. Geier (1994), Professor of History; Chair, Social Science Division. B.A. 1982, M.A. 1985, California State University, Northridge; Ph.D. 1990, Washington State University

Terry E. Gingerich (2002), Assistant Professor of Criminal Justice. B.S. 1981, University of San Francisco; M.S. 1988, Ph.D. 2002, Washington State University

Mark Giord (2001), Assistant Professor of Education. B.S. 1993, Western Oregon State College; M.S. 1996, Western Oregon University; Ph.D. 2001, Michigan State University

Scott Grim (1998), Associate Professor of Theatre. B.S. 1988, Western Oregon State College; M.F.A. 1990, University of Georgia

Lonnie J. Guralnick (1989), Professor of Biology; Chair, Natural Sciences and Mathematics Division. B.A. 1979, University of California, San Diego; M.S. 1983, San Diego State University; Ph.D. 1987, University of California, Riverside

H

Karen Haberman (1998), Associate Professor of Biology. M.S. 1983, Stanford University; Ph.D. 1998, University of California, Santa Barbara

Joseph Harchano (2005), Assistant Professor of Music. B.M. 1993, Auburn University; M.M. 1997; M.M. 1997, Florida State University; D.M.A. 2002, University of Texas at Austin

Mary Harden (2004), Assistant Professor of Art. B.F.A. 1993, Kansas City Art Institute; M.F.A. 1996, University of Washington

Carol E. Harding (1995), Associate Professor of English; Chair, Humanities Division. B.A. 1974, M.A. 1976, University of Oregon; Ph.D. 1985, Indiana University

Robert Hautala (2004), Assistant Professor of Physical Education. B.S. 1969, Springfield College; M.A. 1974, University of Denver; Ed.D. 1994, University of Northern Colorado

Sandra Hedgepeth (2005), Assistant Professor of Theatre/Dance. B.A. 1986, Furman University; M.F.A. 1992, Florida State University.

Kevin Helpie (1998), Associate Professor of Music. B.A. 1979, Western Washington University; M.M. 1982, Indiana University; D.M.A. 1995, University of Washington

Jessica Wolf Henderson (2003), Assistant Professor of Health Education. B.A., Ball State University; M.S., California Polytechnic State University; Ph.D. 2001, Oregon State University

Mark Henkels (1988), Professor of Public Administration. B.A. 1980, Whitman College; M.A. 1984, University of Virginia; Ph.D. 1988, University of Utah

Ryan Hickerson (2005), Assistant Professor of Philosophy. B.A. 1995, Carleton College; Ph.D. 2003, University of California, San Diego.

Solveig P. Holmquist (1996), Associate Professor of Music. B.Mus. 1963, St. Olaf College; B.S. 1978, Oregon College of Education; M.M.E. 1986, Western Oregon State College; D.M.A. 1995, University of Oregon

Gudrun Hoobler (1994), Associate Professor of German. B.A. 1967, University of California; M.A. 1971, Ph.D. 1995, University of Oregon

Joseph Houck (2005), Head Volleyball Coach; Adjunct Lecturer of Health. B.S. 1987, Portland State University

Bau Hwa Hsieh (1999), Associate Professor of History. B.A. 1976, The National Taiwan University, Taiwan; M.A. 1982 Fu-jen Catholic University, Taiwan; Ph.D. 1992, University of Illinois at Urbana-Champaign

Henry J. Hughes (2002), Assistant Professor of English. B.A. 1987, Dakota Wesleyan University; M.A. 1990, Ph.D. 2002, Purdue University.

J

Elaina Laboda Jamieson (1999), Associate Professor of Art. B.F.A. 1965, Boston University; M.F.A. 1991, University of Oregon

Deborah L. Jones (1996), Professor of Dance. B.A. 1975, University of California, Berkeley; M.F.A. 1986, Mills College
M. Rahim Kazerouni (1986), Associate Professor of Chemistry. B.S. 1972, Pahlavi University, Iran; M.S. 1979, Eastern Michigan University; Ph.D. 1987, Oregon State University

Linda Keller (1998), Associate Professor of Special Education/Program Coordinator of Rehabilitation Counselor Education. B.A. 1977, M.A. 1981, Michigan State University; Ph.D. 1996, Oregon State University

Sriram Khe (2002), Associate Professor of Geography. B.E. 1985, University of Madras; M.Phil. 1990, Ph.D. 1993, University of Southern California

Kurtis C. Kidd (1988), Certified Athletic Trainer; Assistant Professor of Health and Physical Education. B.S. 1982, M.A. 1984, Brigham Young University

Pamela Knox (2002), Head Softball Coach; Adjunct Instructor of Health and Physical Education. B.S. 1985, Cal State Fullerton; M.S. 1993, Central Missouri State University

Klay Kruczek (2004), Assistant Professor of Mathematics. B.S. 1996, Georgia Institute of Technology; M.S. 1998, Virginia Polytechnic and State University; Ph.D. 2004, Rutgers University

L

Marjory Lange (1997), Associate Professor of English. B.Mus. 1977; M.A. 1986; Ph.D. 1993, University of Arizona

John C. Leadley (1991), Professor of Business and Economics. B.S. 1978, Carleton College; M.S. 1981, Ph.D. 1985, University of Wisconsin

Michael P. Lemaster (2004), Assistant Professor of Theatre. B.A. 1991, University of Colorado, Boulder; M. Ed. 1994, University of California; M. Ed. 1998, Lesley College; Ed. D. 2004, University of San Francisco

Matthjs (Mark) Moritz (2004), Assistant Professor of Anthropology. M.A. 1995, Leiden University, Netherlands; Ph.D. 2003, University of California, Los Angeles

Oregon University System

Western Oregon University is a member of the Oregon University System, which was organized in 1932 to provide educational opportunities to the citizens of Oregon.

State board members

The Oregon University System is governed by the state board of higher education whose members are appointed by the governor with confirmation of the state senate. Board terms are four years for regular members and two years for student members. Their terms expire on June 30 of the year shown:

President: Henry Lorenzen, Pendleton 2007
Vice President: Kirby Dyess, Portland 2008
Donald W. Blair, Beaverton 2008
Bridget Burns, Corvallis 2007
Adriana Mendoza, La Grande 2007
Tim Nesbitt, Salem 2008
Geri Richmond, Eugene 2004
Gretchen S. Schuette, Salem 2008
Howard F. Sohn, Roseburg 2009
John E. Von Schlegell, Portland 2009
Tony C. Van Vliet, Corvallis 2009

Administrative staff

The Administrative staff of the state system includes:

George Perneisteiner
Chancellor
Ben Rawlins
General Counsel and Deputy to the Chancellor
Ryan J. Hagemann
Board Secretary
Susan Weeks
Deputy for Planning

Presidents of member institutions

Khosrow Fatemi, Ph.D
Eastern Oregon University, La Grande
Martha Anne Dow, Ph.D
Oregon Institute of Technology, Klamath Falls
Edward John Ray, Ph.D
Oregon State University, Corvallis
Daniel O. Bernstine, Ph.D
Eastern Oregon University, La Grande
Henry Lorenzen, Pendleton 2007
Kirk McVay, Portland 2008
Robert Keyser, Portland 2008
Alison K. White, Portland 2008
Mark Allen, Portland 2008
Leslie C. Upchurch, Portland 2008
Katherine A. Rice, Portland 2008
Tom E. Mortenson, Portland 2008
Barbara J. milk, Portland 2008
William H. Burton, Portland 2008
Debra A. Wells, Portland 2008
John P. Minahan, Ph.D. (interim)
Western Oregon University, Monmouth
