

PASSPORT BLOCK

Western Oregon University

Overview

- The Passport Block is a Learning Outcomes based interstate transfer module sponsored by the Western Interstate Commission on Higher Education (WICHE), and supported by the Oregon Higher Education Coordinating Commission.
- If students receive a Passport from WOU, they can transfer to other Passport schools with all general education requirements satisfied; likewise, students who gain their Passport at Passport schools can transfer to WOU with all general education requirements satisfied.
- The goals of the Passport are to 1) simplify the intrastate and interstate transfer process for students; 2) eliminate the need to repeat classes because of unclear articulation; and 3) encourage student graduation in a timely manner.
- The Passport covers lower division general education requirements only; any degree specific requirements (such as the foreign language requirement in the B.A., Math/Computer Science requirements for the B.S., or specific requirements for Education majors) are not covered by the Passport.
- Additionally, any classes required as prerequisites for specific degree programs would still be required to satisfy the specific degrees.
- WOU's Passport is the classes that *our* students are required to take in order to obtain a Passport to another institution. The Passport is built on interinstitutional trust, and we trust that students transferring to WOU from Passport institutions have met the Learning Outcomes in each of the nine areas.
