

## e-series: home-schooled students

Western Oregon University welcomes students who have been either partially or entirely home-schooled as high school students. Because home-schooled students have a more customized academic experience and since home schooled curriculums and teachers are not reviewed in the same manner as public high schools or accredited private high schools, WOU like all other public universities in Oregon, has a set a admission criteria specifically for students who graduated from a home school or from a private high school that is not regionally accredited. These requirements allow the admissions office at WOU to make a more informed decision regarding overall academic preparation for success at WOU.

### admission requirements

1. Receive a minimum combined score of 1000 on the Math and Critical Reading sections of the SAT Reasoning Exam or a composite score of 21 on the ACT. Applicants must submit scores from the SAT Reasoning or ACT which include a standardized writing examination.
2. Receive a combined score of 940 (average of 470) on two SAT subject tests. (Math Level I or IIC, and a second test of student's choice. Students who do not take an SAT Subject test in a second language must prove language proficiency through another approved process.)
3. Meet the foreign language requirement (see foreign language requirement section).
4. Have a minimum GPA of 2.75
