ZIP

WOU records indicate that you may be enrolling in one or more Fire Service Administration (FSA) courses for the 2011-2012 school year or you have declared Fire Service Administration or Pre-Fire Service Administration as your major. The Fire Service Administration Program courses do not follow the traditional term-based calendar used for all other WOU majors. As a result of this different calendar and the correspondence course delivery method, the financial aid eligibility for this program differs from other WOU majors. We need additional information from you before we can determine your financial aid eligibility for the academic year.

Please see the enclosed sheet that lists some of the information about the financial aid specifics for the FSA program. Please complete the information below and on the back of this form, if applicable, and return the form to the Financial Aid Office. Your financial aid application for 2011-12 will remain in an incomplete status until this information is received.

Mark one of the two selections below

Mark here if you no longer plan to pursue FSA as your major or you do not plan to take any FSA courses during the 2011-2012 academic year. Return this worksheet to the Financial Aid Office without completing the course request information on the back of the form.

Mark here if you do plan to pursue the FSA major during the 2011-2012 academic year and plan to take one or more FSA courses. If you mark this box, complete the course information on the other side of this document. Incomplete forms will be returned.

My signature below certifies that the information on this worksheet is accurate to the best of my knowledge. I understand that if my course plans change during the year, I need to notify the Financial Aid Office in writing.

Fire Service Administration (FSA) Planned Course Schedule

The Financial Aid Office needs your completed course schedule to determine your financial aid eligibility. Please complete the information below to the best of your ability. Once your financial aid file is complete, your information will be reviewed and you will be sent a financial aid award letter. You will be able to update this information with our office later in the year if your course plans change. If your course plans change during the year, you need to update our office on those changes so we may determine if your financial aid eligibility has changed as well. Include all FSA courses and any regular WOU and Chemeketa Community College (if you are dually enrolled) courses you are planning to attend. Include the course department and prefix and university offering the class (e.g. FSA 336 - WOU).

Fall Term 2011 (regular WOU term running from 9/26 - 12/09 and FSA term running from 10/15 – 1/31)

Winter Term 2012 (regular WOU term running from 1/9 - 3/23 and FSA term running from 2/15 – 5/31)

Spring Term 2012 (regular WOU term only running from 4/2 - 6/15)

Summer Term 2012 (WOU Summer session and FSA term running from 6/15 – 9/30)

My signature below certifies that the information on this worksheet is accurate to the best of my knowledge. I understand that if my course plans change during the year, I need to notify the Financial Aid Office in writing.
