- VI. Funds Proposals
  - a. Talk Sex with Big Lex – Lexington Martin
    1. Overview of Program: Provide education about sex and be a social program. There will be games and a guest speaker.
    2. Asking for \$150 for 200 cookies from WOU catering.
    3. Q and A: After getting funding will try to create a committee of Hall government members. Only food there will be cookies. So far, have only approached Hall Gov about helping out with program but am planning to approach more people. Already have posters. Will also create a facebook event. On-campus students will be free, off-campus will be charged two dollars. The money collected from the program will go back to Landers, unless there is a larger sum of money, then it will be divided evenly between the Hall Governments. Will not have drinks with the cookies. Last year we had 60-75 people at the program but more wanted to come, there was just no room. Think that 200 cookies will be enough because don't think everyone who comes will get a cookie.

4. Mike moves to allocated 150 to WUC catering for talk sex with big Lex
5. Rachel seconds
6. Discussion: Sex Education is important and I'm glad that Lex is able to do that. Evelyn went last year and had a great time. Won some prizes. People are excited for this program, if we get the word out even off-campus students would want to come.
