FORMAT
- Write neatly and clearly on white paper (lined or unlined)
- Attach a POW cover sheet to the front of your work for turn in

Before starting your problem solving process:
✓ Refer to your POW directions (linked to your Math 212 home page)
✓ Read all of the directions given here

   
   First: Read the instructions for the Racing Game in question 1 of Math Activity 8.2.
   
   Second: Solve question #2 in detail. You can use Polya’s four steps, but you don’t have to. Be sure to explain your problem solving path and solution clearly.
