
MATH 232: ELEMENTS OF DISCRETE MATHEMATICS II

Instructor: Breeann Flesch, PhD

Contact Information: office: MNB 126 phone: (503) 838-9489*
email: fleschb@wou.edu* webpage: www.wou.edu/~fleschb

Course Description:

MTH 232 Elements of Discrete Mathematics II (3 credits)

Topics include study of exponential, logarithmic, and discrete functions, analysis of algorithms, sequences and strings, enumeration, matrix algebra and systems of linear equations. Does not apply toward a math major/minor. Prerequisite: MTH 231 with a grade of C or better.

Instructor Office Hours:

Mondays 10:00 - 11:00

Tuesdays 10:00 - 11:00

Wednesdays 10:00 - 12:00

Thursdays 10:00 - 11:00

You do not need to make an appointment to come to office hours. At times other than my listed office hours, you are welcome and encouraged to call or email me with questions about the course. If you have scheduling conflicts with my office hours and would like further help, please let me know.

Course Materials:

- Text: Discrete Mathematics
ISBN-13: 978-0-13-159318-3
Author(s): Richard Johnsonbaugh
Publisher: Prentice Hall
- Access to Moodle: <http://online.wou.edu/>. You should automatically be enrolled in the Moodle course if you successfully enrolled in the course.
- Calculator – A graphing calculator is highly recommended for this course, namely a TI-83 or TI-84. Please see me if you are considering purchasing a new calculator.

Expected Learning Outcomes:

- Students will provide accurate explanations of information presented in mathematical forms
- Students will convert relevant information into various mathematical forms
- Students will understand analysis of algorithms, sequences and strings, enumeration, matrix algebra, and systems of linear equations
- Students will understand and use exponential, logarithmic, and discrete families of functions

Course Policies

ATTENDANCE: Attendance is absolutely important to be successful in this course. If you miss class, you are responsible for the missed material and there will be no opportunities to make-up daily in-class assignments.

CLASSROOM BEHAVIOR: Please refer to the Standards of Conduct in the WOU catalog. In particular, please read http://www.wou.edu/las/natsci_math/math/academicdishonesty.php

GRADING:

- Written Homework – Written homework will be assigned and collected weekly. It is imperative for your success in the class that you work the homework as assigned and keep up with your study of the material. *No late homework will be accepted under any circumstances.* Your lowest score of the approximately 9 assignments will be dropped.
- In-class work – Each day an in-class activities will be assigned. Often these will be due by the end of the class period. At times it will be possible to work in groups, but you should be prepared to work individually. *No late work will be accepted under any circumstances.* It is imperative that you are in class and actively participating to be successful in this class. Your lowest score will be dropped.
- Exams – There will be two midterm exams and a cumulative final exam. Makeup exams are generally not given. If you must miss an exam due to a documented emergency or a documented university sanctioned absence from class please inform me ASAP. Cell phones may not be used as calculators during an exam and must be turned off.
- Grades – The standard grading scale will be used with each component worth approximately:

Component	%
Written Homework	23
In-class work	17
Exam 1	20
Exam 2	20
Final Exam	20

Tentative Schedule

Schedule of Topics (section in text)	
Week 1	Proof by Induction (2.4) Exponential Functions
Week 2	Logarithmic Functions Logarithmic Functions
Week 3	Functions (3.1) Sequences and Strings (3.2)
Week 4	Exam 1 Examples of Algorithms (4.2)
Week 5	Analysis of Algorithms (4.3) Recursive Algorithms (4.4)
Week 6	Basic Principles (6.1) Permutations and Combinations (6.2)
Week 7	Generalized Permutations and Combinations (6.3) The Pigeonhole Principle (6.8)
Week 8	Appendix A: Matrices Exam 2
Week 9	Basics of Matrix Algebra Matrix Multiplication
Week 10	Solving Systems of Equations, by hand Solving Systems of Equations, using technology

RESOURCES:

- TUTORING: Free drop-in tutoring for some material from MTH 232 is available at the Math Center in the library. Please see the schedule at http://www.wou.edu/las/natsci_math/math/tutor/. Tutoring is also available through the Learning Center. Information on available services may be found at <http://www.wou.edu/provost/aalc/learning/procedures.php>.
- WOLF CONNECT SYSTEM (WCS): If the instructor determines your performance in this class is placing you at academic risk, you may be referred to Western's Student Success Specialist. The specialist will offer to work with you to address issues and develop a student success strategy. Regardless of whether a referral has or has not been made, you are ultimately responsible for tracking your own progress in this course.
- INCOMPLETES: An Incomplete can only be granted for a student who is passing a class and has a documented emergency that prevents them from completing the course, after Friday of the seventh week of class, which is the last day for dropping a course with W grade.
- LEARNING DISABILITIES: If you have a documented learning disability, please talk to me during the first few days of class; I will be more than happy to accommodate you in any way that I can. If you have a documented disability that requires academic accommodations or auxiliary aids at Western Oregon University, please contact the Office of Disability Services (ODS). ODS is located in the APSC, Room 405, Phone 503-838-8250 V/TTY or email at ODS@wou.edu.
- VETERANS AND ACTIVE MILITARY PERSONNEL: Veterans and Active Military Personnel with special circumstances are welcome and encouraged to communicate these, in advance if possible, to the instructor.
