

*Scenario-Based Executive Level Training (S-BELT)*

**Hosted by: Lower Paxton Township Police Department**

**Class:** S-BELT (Scenario-Based Executive Level Training)  
**Date:** September 20-21, 2010  
**Time:** 8:00 AM to 5:00 PM  
**Where:** Lower Paxton Township Police Department  
425 Prince Street, Harrisburg, PA 17109

**What is this training about?** This course is created to expand and sustain homeland security leadership across the country. Developed by the Western Community Policing Institute and the Virginia Center for Policing Innovation, the course is designed to be challenge and scenario-based, requiring active participation and problem-solving. Participants, as leaders of their communities, will learn about leadership theories and traits that will assist them in planning and preparing for a National or domestic all hazards catastrophic event. This course will use historical figures and a pandemic influenza case study to examine and discuss how leaders, at critical times, can do the right thing, at the right time, in the right way, and for the right reasons.

The course consists of topics including: Carrying Out the Homeland Security Mission: Defining and Understanding Leadership and Management Roles; Successfully Integrating and Synchronizing the Homeland Security Mission through Leadership: Situational Leadership; Homeland Security Executive leadership Skills: Primal Leadership and Emotional Intelligence (EI); Comprehensive Application of Homeland Security Strategies: Transformational Leadership; and, using case studies to assess leadership characteristics.

**Who should attend?** The target audiences for this program are executive leaders representing a broad spectrum of public and private organizations that have official responsibility in implementing a capabilities-based approach to preparedness during a time of a community crisis. This would include representatives from any of the following disciplines and any other executives who have direct involvement in emergency management operations:

- Law enforcement
- Fire service
- Public works & public utilities
- Public safety
- Education
- Emergency medical services
- Communications
- Government administration
- Health care & Private sector executives
- Emergency Managers

**Cost:** This **no-cost** training is provided by Western Oregon University and is supported by the U.S. Department of Homeland Security.
